If voting machines are used, the voter shall, immediately upon direction by the judges, go alone to a voting machine, close the curtain and vote in substantially the same manner provided in subsection 1 of this section. Rather than placing cross (X) marks on the ballot, however, the voter shall cause the designations to appear on the face of the voting machine, cast any write-in votes and register his votes as directed in the instructions for use of the machine.

4.**]** **2.** If the voter accidentally spoils his ballot or ballot card or makes an error, he may return it to an election judge and receive another. The election judge shall mark "SPOILED" across the ballot or ballot card and place it in an envelope marked "SPOILED BALLOTS". After another ballot has been prepared in the manner provided in section 115.433, the ballot shall be given to the voter for voting.

[5. The election authority may authorize the use of a sticker or other item containing a write-in candidate's name, in lieu of a handwritten name. All such stickers and items used by election authorities shall conform to rules and regulations promulgated by the secretary of state regarding the form of such stickers and items. The secretary of state shall promulgate rules and regulations to prescribe uniform specifications for the form of such stickers and items. If authorized, such sticker or item shall contain a cross (X) mark, or other mark as described in subsection 2 of this section, in the square directly left of the candidate's name and the office for which the candidate is a write-in candidate. A write-in vote that does not meet the requirements

of this subsection which appears on a ballot shall not be counted pursuant to sections 115.447 to 115.525. In those jurisdictions using an electronic voting system which utilizes mark sense or optical scan technology and if the election authority authorizes the use of stickers for write-ins, such system shall be programmed to identify and separate those ballots which contain an office in which write-in candidates are eligible to receive votes, and which contain less votes than a voter is entitled to cast. In addition, such sticker shall be considered "printed matter" as defined in subsection 8 of section 130.031, and as such shall contain the designation required by subsection 8 of section 130.031.

6.**]** **3.** Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

115.449. BALLOTS, WHEN AND HOW COUNTED. — 1. As soon as the polls close in each polling place using paper ballots, the election judges shall begin to count the votes. If earlier counting is begun pursuant to section 115.451, the election judges shall complete the count in the manner provided by this section. Once begun, no count shall be adjourned or postponed until all proper votes have been counted.

2. One counting judge, closely observed by the other counting judge, shall take the ballots out of the ballot box one at a time and, holding each ballot in such a way that the other counting judge may read it, shall read the name of each candidate properly voted for and the office sought by each. As each vote is called out, the recording judges shall each record the vote on a tally sheet. The votes for and against all questions shall likewise be read and recorded. If more than one political subdivision or special district is holding an election on the same day at the same polling place and using separate ballots, the counting judges may separate the ballots of each political subdivision and special district and first read one set, then the next and so on until all proper votes have been counted.

[3. After all of the proper votes on a ballot have been counted, the ballot shall be strung on a wire or string in the order read. After all the ballots have been read and strung and after the recording judges agree on the count, the wire or string shall be tied in a firm knot, and the knot shall be sealed so that it cannot be untied without breaking the seal. Rejected and spoiled ballots shall not be strung but shall be placed in separate containers marked "REJECTED" and "SPOILED".

4.**]** **3.** After the recording of all proper votes, the recording judges shall compare their tallies. When the recording judges agree on the count, they shall sign both of the tally sheets, and one of the recording judges shall announce in a loud voice the total number of votes for each candidate and for and against each question.

[5.**]** **4.** After the announcement of the vote, the election judges shall record the vote totals in the appropriate places on each statement of returns. If any tally sheet or statement of returns contains no heading for any question, the election judges shall write the necessary headings on the tally sheet or statement of returns.

115.455. PROCEDURE FOR COUNTING VOTES ON QUESTIONS. — Election judges shall count votes on each question in the following manner:

(1) If a **[**cross (X)**]** **distinguishing** mark appears **[**in the square**]** immediately beside or below the "YES", the question shall be counted as voted for. If a **[**cross (X)**]** **distinguishing** mark appears **[**in the square**]** immediately beside or below the "NO", the question shall be counted as voted against;

(2) If a **[**cross (X)**]** **distinguishing** mark appears **[**in the square**]** immediately beside or below the "YES" and **[**in the square**]** immediately beside or below the "NO", the question shall neither be counted as voted for nor as voted against.

(3) In jurisdictions using centrally based tabulators, if a ballot is so rejected it shall be reviewed by a bipartisan team using the following criteria:

(a) If a ballot is determined to be damaged, the bipartisan team shall spoil the original ballot and duplicate the voter's intent on the new ballot, provided that there is an undisputed method of matching the duplicate card with its original after it has been placed with the remainder of the ballot cards from such precinct; and

If the name of the candidate as written by the voter is substantially as declared by the candidate it shall be counted, or in those circumstances where the names of candidates are similar, the names of candidates as shown on voter registration records shall be counted; and

(c) The name of the office for which the candidate is to be elected.

(3) Whenever a hand recount of votes of paper ballots is ordered, the provisions of this subsection shall be used to determine voter intent.

[4. When write-in stickers are used, the sticker shall contain the name of a candidate, the office sought, and a distinguishing mark in the square immediately preceding the name of the candidate and shall be approximately one inch by three inches in size with black print on a white background. The sticker shall be placed by the voter on the write-in line designating the office sought or the sticker shall be placed by the voter on the write-in line on the secrecy envelope.

5.**]** **3.** Notwithstanding any other provision of law, a distinguishing mark indicating a general preference for or against the candidates of one political party shall not be considered a vote for or against any specific candidate.

During the time that voted ballots, ballot cards, processed ballot materials in electronic form and write-in forms are kept by the election authority, it shall not open or inspect them or allow anyone else to do so, except upon order of a legislative body trying an election contest, a court or a grand jury. After **[**twelve**]** **twenty-two** months, the ballots, ballot cards, processed ballot materials in electronic form, write-in forms, applications, statements, certificates, affidavits and computer programs relating to each election may be destroyed. If an election contest, grand jury investigation or civil or criminal case relating to the election is pending at the time, however, the materials shall not be destroyed until the contest, investigation or case is finally determined.

115.601. RECOUNT AUTHORIZED WHEN LESS THAN ONE-HALF OF ONE PERCENT DIFFERENCE IN VOTE — RECOUNT, DEFINED. — 1. Any contestant in a primary or other election contest who was defeated by less than one percent of the votes cast for the office and any contestant who received the second highest number of votes cast for that office if two or more are to be elected and who was defeated by less than one percent of the votes cast, or any person whose position on a question was defeated by less than one percent of the votes cast on the question, shall have the right to a recount of the votes cast for the office or on the question.

2. In cases where the candidate filed or the ballot question was originally filed with an election authority as defined in section 115.015, such recount shall be requested in accordance with the provisions of section 115.531 or 115.577 and conducted under the direction of the court or the commissioner representing the court trying the contest according to the provisions of this subchapter.

3. In cases where the candidate filed or the ballot question was originally filed with the secretary of state, the defeated candidate or the person whose position on a question was defeated by less than **one-half of** one percent of the votes cast on the question shall be allowed a recount pursuant to this section by filing with the secretary of state a request for a recount stating that the person or the person's position on a question was defeated by less than **one-half of** one percent of the votes cast. Such request shall be filed not later than seven days after certification of the election. The secretary of state shall notify all concerned parties of the filing of the request for a recount. The secretary of state shall authorize the election authorities to conduct a recount pursuant to this section if the requesting party or his position on a question was defeated by less than **one-half of** one percent of the votes cast. The secretary of state shall conduct and certify the results of the recount as the official results in the election within twenty days of receipt of the aforementioned notice of recount.

Whenever a recount is requested pursuant to subsection 3 of this section, the secretary of state shall determine the number of persons necessary to assist with the recount and shall appoint such persons equally from lists submitted by the contestant and the opponent who received more votes or a person whose position on a question received more votes than the contestant's position on that question. Each person appointed pursuant to this section shall be a disinterested person and a registered voter of the area in which the contested election was held. Each person so appointed shall take the oath prescribed for and receive the same pay as an election judge in the jurisdiction where the person is registered. Each recount shall be completed under the supervision of the secretary of state with the assistance of the election authorities involved, and the persons appointed to assist with the recount shall perform such duties as the secretary of state directs. Upon completion of any duties prescribed by the secretary of state the persons appointed to assist with the recount shall make a written and signed report of their findings. The findings of the persons appointed to assist with the recount shall be prima facie evidence of the facts stated therein, but any person present at the examination of the votes may be a witness to contradict the findings. No one other than the secretary of state, the election authorities involved, the contestant and the other witnesses described in this subsection, their attorneys, and those specifically appointed by the secretary of state to assist with the recount shall be present during any recount conducted pursuant to this section.

Every person storing, using or consuming in this state tangible personal property **subject to the tax in subsection 1 of this section** is liable for the tax imposed by this law, and the liability shall not be extinguished until the tax is paid to this state, but a receipt from a vendor authorized by the director of revenue under the rules and regulations that he prescribes to collect the tax, given to the purchaser in accordance with the provisions of section 144.650, relieves the purchaser from further liability for the tax to which receipt refers.

3. Because this section no longer imposes a Missouri use tax on the storage, use, or consumption of motor vehicles, trailers, motorcycles, mopeds, motortricycles, boats, and outboard motors required to be titled under the laws of the state of Missouri, in that the state sales tax is now imposed on the titling of such property, the local sales tax, rather than the local use tax, applies.

144.613. BOATS AND BOAT MOTORS — TAX TO BE PAID BEFORE REGISTRATION ISSUED. — Notwithstanding the provisions of section 144.655, at the time the owner of any new or used boat or boat motor which was acquired after December 31, 1979, in a transaction subject to **[**use**]** tax under **[**the Missouri use tax law**]** **this chapter** makes application to the director of revenue for the registration of the boat or boat motor, he shall present to the director of revenue evidence satisfactory to the director of revenue showing the purchase price, exclusive of any charge incident to the extension of credit, paid by or charged to the applicant in the acquisition of the boat or boat motor, or that no sales or use tax was incurred in its acquisition, and, if **[**sales or use**]** tax was incurred in its acquisition, that the same has been paid, or the applicant shall pay or cause to be paid to the director of revenue the **[**use**]** tax provided by **[**the Missouri use tax law**]** **this chapter** in addition to the registration fees now or hereafter required according to law, and the director of revenue shall not issue a registration for any new or used boat or boat motor subject to **[**use**]** tax **[**as provided in the Missouri use tax law**]** **in this chapter** until the tax levied for the use of the same under **[**sections 144.600 to 144.748**]** **this chapter** has been paid.

144.615. EXEMPTIONS. — There are specifically exempted from the taxes levied in sections 144.600 to 144.745:

(1) Property, the storage, use or consumption of which this state is prohibited from taxing pursuant to the constitution or laws of the United States or of this state;

(2) Property, the gross receipts from the sale of which are required to be included in the measure of the tax imposed pursuant to the Missouri sales tax law;

(3) Tangible personal property, the sale or other transfer of which, if made in this state, would be exempt from or not subject to the Missouri sales tax pursuant to the provisions of subsection 2 of section 144.030;

(4) Motor vehicles, trailers, boats, and outboard motors subject to the tax imposed by section **[**144.440**]** **144.020**;

(5) Tangible personal property which has been subjected to a tax by any other state in this respect to its sales or use; provided, if such tax is less than the tax imposed by sections 144.600 to 144.745, such property, if otherwise taxable, shall be subject to a tax equal to the difference between such tax and the tax imposed by sections 144.600 to 144.745;

(6) Tangible personal property held by processors, retailers, importers, manufacturers, wholesalers, or jobbers solely for resale in the regular course of business;

(7) Personal and household effects and farm machinery used while an individual was a bona fide resident of another state and who thereafter became a resident of this state, or tangible personal property brought into the state by a nonresident for his own storage, use or consumption while temporarily within the state.

Every county in this state, **[**and**]** **except** the city of St. Louis, shall elect a public administrator at the general election in the year 1880, and every four years thereafter, who shall be ex officio public guardian and conservator in and for the public administrator's county. A candidate for public administrator shall be at least twenty-one years of age and a resident of the state of Missouri and the county in which he or she is a candidate for at least one year prior to the date of the general election for such office. The candidate shall also be a registered voter and shall be current in the payment of all personal and business taxes. Before entering on the duties of the public administrator's office, the public administrator shall take the oath required by the constitution, and enter into bond to the state of Missouri in a sum not less than ten thousand dollars, with two or more securities, approved by the court and conditioned that the public administrator will faithfully discharge all the duties of the public administrator's office, which bond shall be given and oath of office taken on or before the first day of January following the public administrator's election, and it shall be the duty of the judge of the court to require the public administrator to make a statement annually, under oath, of the amount of property in the public administrator's hands or under the public administrator's control as such administrator, for the purpose of ascertaining the amount of bond necessary to secure such property; and such court may from time to time, as occasion shall require, demand additional security of such administrator, and, in default of giving the same within twenty days after such demand, may remove the administrator and appoint another.

2. The public administrator in all counties, in the performance of the duties required by chapters 473, 474, and 475, is a public officer. The duties specified by section 475.120 are discretionary. The county shall defend and indemnify the public administrator against any alleged breach of duty, provided that any such alleged breach of duty arose out of an act or omission occurring within the scope of duty or employment.

3. After January 1, 2001, all salaried public administrators shall be considered county officials for purposes of section 50.333, subject to the minimum salary requirements set forth in section 473.742.

4. The public administrator for the city of St. Louis shall be appointed by a majority of the circuit judges and associate circuit judges of the twenty-second judicial circuit, en banc. Such public administrator shall meet the same qualifications and requirements specified in subsection 1 of this section for elected public administrators. The elected public administrator holding office on the effective date of this section shall continue to hold such office for the remainder of his or her term.

473.733. CERTIFICATE AND OATH — BOND, HOW SUED ON. — The public administrator's certificate of election, **if applicable,** official oath and bond shall be filed and recorded with the probate clerk, and copies thereof, certified under the seal of such court, shall be evidence. Any person injured by the breach of such bond may sue upon the same in the name of the state for his own use.

The county commissions of each county in this state shall make suitable provision for an office for the public administrator in the courthouse of the county if suitable space may be had for such an office, and shall be provided as soon as the county commission shall be of the opinion that the business in charge of the public administrator

2. Each secretary employed pursuant to the provisions of this subsection shall be paid in the same pay range as a court clerk II in the circuit court personnel system. All compensation paid secretaries employed pursuant to the provisions of this subsection shall be paid out of the county treasury and the commissioner of administration shall annually reimburse each county for the compensation so paid upon proper demand being made out of appropriations made for that purpose. The public administrator in such counties may also appoint a person to act as public administrator to serve during the absence of the public administrator.

3. The governing bodies of each county and each city not within a county of this state may provide clerical personnel, not qualifying as status of deputy, for the public administrator of the county, and such personnel shall be provided when the governing body is of the opinion that the business in charge of the public administrator is such as to reasonably require such personnel for the welfare of the public.

[77.030. DIVISION OF CITY INTO WARDS — COUNCIL MEMBERS, TERMS. — 1. Unless it elects to be governed by subsection 2 of this section, the council shall by ordinance divide the city into not less than four wards, and two councilmen shall be elected from each of such wards by the qualified voters thereof at the first election for councilmen in cities hereafter adopting the provisions of this chapter; the one receiving the highest number of votes in each ward shall hold his office for two years, and the one receiving the next highest number of votes shall hold his office for one year; but thereafter each ward shall elect annually one councilman, who shall hold his office for two years.

2. In lieu of electing councilmen as provided in subsection 1 of this section, the council may elect to establish wards and elect councilmen as provided in this subsection. If the council so elects, it shall, by ordinance, divide the city into not less than four wards, and one councilman shall be elected from each of such wards by the qualified voters thereof at the first election for councilmen held in the city after it adopts the provisions of this subsection. At the first election held under this subsection the councilmen elected from the odd-numbered wards shall be elected for a term of one year and the councilmen elected from the even-numbered wards shall be elected for a term of two years. At each annual election held thereafter, successors for councilmen whose terms expire in such year shall be elected for a term of two years.

SECTION B. EMERGENCY CLAUSE. — Because of the detrimental impact that lost local revenues has had on the domestic economy by placing Missouri dealers of motor vehicles, outboard motors, boats and trailers at a competitive disadvantage to non-Missouri dealers of motor vehicles, outboard motors, boats and trailers, the repeal and reenactment of sections 32.087, 144.020, 144.021, 144.069, 144.071, 144.440, 144.450, 144.455, 144.525, 144.610, 144.613, and 144.615 and the enactment of section 1 of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and the repeal and reenactment of sections 32.087, 144.020, 144.021, 144.069, 144.071, 144.440, 144.450, 144.455, 144.525, 144.610, 144.613, and 144.615 and the enactment of section 1 of this act shall be in full force and effect upon its passage and approval.

452.400. VISITATION RIGHTS, AWARDED WHEN — HISTORY OF DOMESTIC VIOLENCE, CONSIDERATION OF — PROHIBITED, WHEN — MODIFICATION OF, WHEN — SUPERVISED VISITATION DEFINED — NONCOMPLIANCE WITH ORDER, EFFECT OF — FAMILY ACCESS MOTIONS, PROCEDURE, PENALTY FOR VIOLATION — ATTORNEY FEES AND COSTS ASSESSED, WHEN. — 1. (1) A parent not granted custody of the child is entitled to reasonable visitation rights unless the court finds, after a hearing, that visitation would endanger the child's physical health or impair his or her emotional development. The court shall enter an order specifically detailing the visitation rights of the parent without physical custody rights to the child and any other children for whom such parent has custodial or visitation rights. In determining the granting of visitation rights, the court shall consider evidence of domestic violence. If the court finds that domestic violence has occurred, the court may find that granting visitation to the abusive party is in the best interests of the child.

(2) (a) The court shall not grant visitation to the parent not granted custody if such parent or any person residing with such parent has been found guilty of or pled guilty to any of the following offenses when a child was the victim:

a. A felony violation of section 566.030, 566.032, 566.040, 566.060, 566.062, 566.064, 566.067, 566.068, 566.070, 566.083, 566.090, 566.100, 566.111, 566.151, 566.203, 566.206, 566.209, 566.212, or 566.215;

f. A violation of section 568.090; or

g. A violation of section 568.175.

(b) For all other violations of offenses in chapters 566 and 568 not specifically listed in paragraph (a) of this subdivision or for a violation of an offense committed in another state when a child is the victim that would be a violation of chapter 566 or 568 if committed in Missouri, the court may exercise its discretion in granting visitation to a parent not granted custody if such parent or any person residing with such parent has been found guilty of, or pled guilty to, any such offense.

(3) The court shall consider the parent's history of inflicting, or tendency to inflict, physical harm, bodily injury, assault, or the fear of physical harm, bodily injury, or assault on other persons and shall grant visitation in a manner that best protects the child and the parent or other family or household member who is the victim of domestic violence, and any other children for whom the parent has custodial or visitation rights from any further harm.

(4) The court, if requested by a party, shall make specific findings of fact to show that the visitation arrangements made by the court best protect the child or the parent or other family or household member who is the victim of domestic violence, or any other child for whom the parent has custodial or visitation rights from any further harm.

2. (1) The court may modify an order granting or denying visitation rights whenever modification would serve the best interests of the child, but the court shall not restrict a parent's visitation rights unless it finds that the visitation would endanger the child's physical health or impair his or her emotional development.

(2) (a) In any proceeding modifying visitation rights, the court shall not grant unsupervised visitation to a parent if the parent or any person residing with such parent has been found guilty of or pled guilty to any of the following offenses when a child was the victim:

a. A felony violation of section 566.030, 566.032, 566.040, 566.060, 566.062, 566.064, 566.067, 566.068, 566.070, 566.083, 566.090, 566.100, 566.111, 566.151, 566.203, 566.206, 566.209, 566.212, or 566.215;

b. A violation of section 568.020;

c. A violation of subdivision (2) of subsection 1 of section 568.060;

d. A violation of section 568.065;

e. A violation of section 568.080;

f. A violation of section 568.090; or

g. A violation of section 568.175.

(b) For all other violations of offenses in chapters 566 and 568 not specifically listed in paragraph (a) of this subdivision or for a violation of an offense committed in another state when a child is the victim that would be a violation of chapter 566 or 568 if committed in Missouri, the division may exercise its discretion regarding the placement of a child taken into the custody of the state in which a parent or any person residing in the home has been found guilty of, or pled guilty to, any such offense.

(3) When a court restricts a parent's visitation rights or when a court orders supervised visitation because of allegations of abuse or domestic violence, a showing of proof of treatment and rehabilitation shall be made to the court before unsupervised visitation may be ordered.

"Supervised visitation", as used in this section, is visitation which takes place in the presence of a responsible adult appointed by the court for the protection of the child.

3. The court shall mandate compliance with its order by all parties to the action, including parents, children and third parties. In the event of noncompliance, the aggrieved person may file a verified motion for contempt. If custody, visitation or third-party custody is denied or interfered with by a parent or third party without good cause, the aggrieved person may file a family access motion with the court stating the specific facts which constitute a violation of the judgment of dissolution**, [**or**]** legal separation **or judgment of paternity**. The state courts administrator shall develop a simple form for pro se motions to the aggrieved person, which shall be provided to the person by the circuit clerk. Clerks, under the supervision of a circuit clerk, shall explain to aggrieved parties the procedures for filing the form. Notice of the fact that clerks will provide such assistance shall be conspicuously posted in the clerk's offices. The location of the office where the family access motion may be filed shall be conspicuously posted in the court building. The performance of duties described in this section shall not constitute the practice of law as defined in section 484.010. Such form for pro se motions shall not require the assistance of legal counsel to prepare and file. The cost of filing the motion shall be the standard court costs otherwise due for instituting a civil action in the circuit court.

4. Within five court days after the filing of the family access motion pursuant to subsection 3 of this section, the clerk of the court shall issue a summons pursuant to applicable state law, and applicable local or supreme court rules. A copy of the motion shall be personally served upon the respondent by personal process server as provided by law or by any sheriff. Such service shall be served at the earliest time and shall take priority over service in other civil actions, except those of an emergency nature or those filed pursuant to chapter 455. The motion shall contain the following statement in boldface type:

"PURSUANT TO SECTION 452.400, RSMO, YOU ARE REQUIRED TO RESPOND TO THE CIRCUIT CLERK WITHIN TEN DAYS OF THE DATE OF SERVICE. FAILURE TO RESPOND TO THE CIRCUIT CLERK MAY RESULT IN THE FOLLOWING:

(1) AN ORDER FOR A COMPENSATORY PERIOD OF CUSTODY, VISITATION OR THIRD-PARTY CUSTODY AT A TIME CONVENIENT FOR THE AGGRIEVED PARTY NOT LESS THAN THE PERIOD OF TIME DENIED;

(2) PARTICIPATION BY THE VIOLATOR IN COUNSELING TO EDUCATE THE VIOLATOR ABOUT THE IMPORTANCE OF PROVIDING THE CHILD WITH A CONTINUING AND MEANINGFUL RELATIONSHIP WITH BOTH PARENTS;

(3) ASSESSMENT OF A FINE OF UP TO FIVE HUNDRED DOLLARS AGAINST THE VIOLATOR;

(4) REQUIRING THE VIOLATOR TO POST BOND OR SECURITY TO ENSURE FUTURE COMPLIANCE WITH THE COURT'S ORDERS;

(5) ORDERING THE VIOLATOR TO PAY THE COST OF COUNSELING TO REESTABLISH THE PARENT-CHILD RELATIONSHIP BETWEEN THE AGGRIEVED PARTY AND THE CHILD; AND

(6) A JUDGMENT IN AN AMOUNT NOT LESS

THAN THE REASONABLE EXPENSES, INCLUDING ATTORNEY'S FEES AND COURT COSTS ACTUALLY INCURRED BY THE AGGRIEVED PARTY AS A RESULT OF THE DENIAL OF CUSTODY, VISITATION OR THIRD-PARTY CUSTODY.".

5. If an alternative dispute resolution program is available pursuant to section 452.372, the clerk shall also provide information to all parties on the availability of any such services, and within fourteen days of the date of service, the court may schedule alternative dispute resolution.

6. Upon a finding by the court pursuant to a motion for a family access order or a motion for contempt that its order for custody, visitation or third-party custody has not been complied with, without good cause, the court shall order a remedy, which may include, but not be limited to:

(1) A compensatory period of visitation, custody or third-party custody at a time convenient for the aggrieved party not less than the period of time denied;

(2) Participation by the violator in counseling to educate the violator about the importance of providing the child with a continuing and meaningful relationship with both parents;

(3) Assessment of a fine of up to five hundred dollars against the violator payable to the aggrieved party;

(4) Requiring the violator to post bond or security to ensure future compliance with the court's access orders; and

(5) Ordering the violator to pay the cost of counseling to reestablish the parent-child relationship between the aggrieved party and the child.

7. The reasonable expenses incurred as a result of denial or interference with custody or visitation, including attorney's fees and costs of a proceeding to enforce visitation rights, custody or third-party custody, shall be assessed, if requested and for good cause, against the parent or party who unreasonably denies or interferes with visitation, custody or third-party custody. In addition, the court may utilize any and all powers relating to contempt conferred on it by law or rule of the Missouri supreme court.

8. Final disposition of a motion for a family access order filed pursuant to this section shall take place not more than sixty days after the service of such motion, unless waived by the parties or determined to be in the best interest of the child. Final disposition shall not include appellate review.

9. Motions filed pursuant to this section shall not be deemed an independent civil action from the original action pursuant to which the judgment or order sought to be enforced was entered.

453.030. APPROVAL OF COURT REQUIRED — HOW OBTAINED, CONSENT OF CHILD AND PARENT REQUIRED, WHEN — VALIDITY OF CONSENT — FORMS, DEVELOPED BY DEPARTMENT, CONTENTS — COURT APPOINTMENT OF ATTORNEY, WHEN. — 1. In all cases the approval of the court of the adoption shall be required and such approval shall be given or withheld as the welfare of the person sought to be adopted may, in the opinion of the court, demand.

2. The written consent of the person to be adopted shall be required in all cases where the person sought to be adopted is fourteen years of age or older, except where the court finds that such child has not sufficient mental capacity to give the same. In a case involving a child under fourteen years of age, the guardian ad litem shall ascertain the child's wishes and feelings about his or her adoption by conducting an interview or interviews with the child, if appropriate based on the child's age and maturity level, which shall be considered by the court as a factor in determining if the adoption is in the child's best interests.

3. With the exceptions specifically enumerated in section 453.040, when the person sought to be adopted is under the age of eighteen years, the written consent of the following persons shall be required and filed in and made a part of the files and record of the proceeding:

(1) The mother of the child; and

(2) Only the man who:

(a) Is presumed to be the father pursuant to the subdivision (1), (2), or (3) of subsection 1 of section 210.822; or

(b) Has filed an action to establish his paternity in a court of competent jurisdiction no later than fifteen days after the birth of the child and has served a copy of the petition on the mother in accordance with section 506.100; or

(c) Filed with the putative father registry pursuant to section 192.016 a notice of intent to claim paternity or an acknowledgment of paternity either prior to or within fifteen days after the child's birth, and has filed an action to establish his paternity in a court of competent jurisdiction no later than fifteen days after the birth of the child; or

(3) The child's current adoptive parents or other legally recognized mother and father. Upon request by the petitioner and within one business day of such request, the clerk of the local court shall verify whether such written consents have been filed with the court.

4. The written consent required in subdivisions (2) and (3) of subsection 3 of this section may be executed before or after the commencement of the adoption proceedings, and shall be **executed in front of a judge or** acknowledged before a notary public. **If consent is executed in front of a judge, it shall be the duty of the judge to advise the consenting birth parent of the consequences of the consent.** In lieu of such acknowledgment, the signature of the person giving such written consent shall be witnessed by the signatures of at least two adult persons whose signatures and addresses shall be plainly written thereon. The two adult witnesses shall not be the prospective adoptive parents or any attorney representing a party to the adoption proceeding. The notary public or witnesses shall verify the identity of the party signing the consent.

5. The written consent required in subdivision (1) of subsection 3 of this section by the birth parent shall not be executed anytime before the child is forty-eight hours old. Such written consent shall be executed in front of a judge or **acknowledged before** a notary public. **If consent is executed in front of a judge, it shall be the duty of the judge to advise the consenting party of the consequences of the consent.** In lieu of such acknowledgment, the signature of the person giving such written consent shall be witnessed by the signatures of at least two adult persons who are present at the execution whose signatures and addresses shall be plainly written thereon and who determine and certify that the consent is knowingly and freely given. The two adult witnesses shall not be the prospective adoptive parents or any attorney representing a party to the adoption proceeding. The notary public or witnesses shall verify the identity of the party signing the consent.

6. **[**The written consents shall be reviewed and, if found to be in compliance with this section, approved by the court within three business days of such consents being presented to the court. Upon review, in lieu of approving the consent within three business days, the court may set a date for a prompt evidentiary hearing upon notice to the parties. Failure to review and approve the written consent within three business days shall not void the consent, but a party may seek a writ of mandamus from the appropriate court, unless an evidentiary hearing has been set by the court pursuant to this subsection.

7. The written consent required in subsection 3 of this section may be withdrawn anytime until it has been reviewed and accepted by a judge.

8.**] A consent is final when executed, unless the consenting party, prior to a final decree of adoption, alleges and proves by clear and convincing evidence that the consent was not freely and voluntarily given. The burden of proving the consent was not freely and voluntarily given shall rest with the consenting party. Consents in all cases shall have been executed not more than six months prior to the date the petition for adoption is filed.**

7. A consent form shall be developed through rules and regulations promulgated by the department of social services. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536. If a written consent is obtained after August 28, 1997, but prior to the development of a consent form by the department and the written consent complies with the provisions of subsection **[**9**]** **8** of this section, such written consent shall be deemed valid.

[9.**]** **8.** However, the consent form must specify that:

(1) The birth parent understands the importance of identifying all possible fathers of the child and may provide the names of all such persons; and

(2) The birth parent understands that if he denies paternity, but consents to the adoption, he waives any future interest in the child.

[10.**]** **9.** The written consent to adoption required by subsection 3 and executed through procedures set forth in subsection 5 of this section shall be valid and effective even though the parent consenting was under eighteen years of age, if such parent was represented by a guardian ad litem, at the time of the execution thereof.

[11.**]** **10.** Where the person sought to be adopted is eighteen years of age or older, his **or her** written consent alone to his **or her** adoption shall be sufficient.

[12.**]** **11.** A birth parent, including a birth parent less than eighteen years of age, shall have the right to legal representation and payment of any reasonable legal fees incurred throughout the adoption process. In addition, the court may appoint an attorney to represent a birth parent if:

(1) A birth parent requests representation;

(2) The court finds that hiring an attorney to represent such birth parent would cause a financial hardship for the birth parent; and

(3) The birth parent is not already represented by counsel.

[13.**]** **12.** Except in cases where the court determines that the adoptive parents are unable to pay reasonable attorney fees and appoints pro bono counsel for the birth parents, the court shall order the costs of the attorney fees incurred pursuant to subsection **[**12**]** **11** of this section to be paid by the prospective adoptive parents or the child-placing agency.

453.050. WAIVING OF NECESSITY OF CONSENT, WHEN PERMITTED — HOW EXECUTED. — 1. The juvenile court may, upon application, permit a parent to waive the necessity of **[**his**]** **such person's** consent to a future adoption of the child. However, that approval cannot be granted until the child is at least two days old.

2. The waiver of consent may be executed before or after the institution of the adoption proceedings, and shall be **executed in front of a judge or** acknowledged before a notary public, or in lieu of such acknowledgment, the signature of the person giving such written consent shall be witnessed by the signatures of at least two adult persons whose addresses shall be plainly written thereon. **If waiver of consent is executed in front of a judge, it shall be the duty of the judge to advise the consenting party of the consequences of the waiver of consent.**

3. A waiver of consent shall be valid and effective even though the parent waiving consent was under eighteen years of age at the time of the execution thereof.

The hearing officer shall provide the parents, the person having custody of the child, or other appropriate agencies or their attorneys with notice of any proceeding in which support obligations may be established or modified. The department shall not be stayed from enforcing and collecting upon the administrative order during the

hearing process and during any appeal to the courts of this state, unless specifically enjoined by court order.

2. If no factual issue has been raised by the application for hearing, or the issues raised have been previously litigated or do not constitute a defense to the action, the director may enter an order without an evidentiary hearing, which order shall be a final decision entitled to judicial review as provided in sections 536.100 to 536.140.

3. After full and fair hearing, the hearing officer shall make specific findings regarding the liability and responsibility, if any, of the alleged responsible parent for the support of the dependent child, and for repayment of accrued state debt or arrearages, and the costs of collection, and shall enter an order consistent therewith. In making the determination of the amount the parent shall contribute toward the future support of a dependent child, the hearing officer shall consider the factors set forth in section 452.340.

4. If the person who requests the hearing fails to appear at the time and place set for the hearing, upon a showing of proper notice to that **[**parent**]** **person**, the hearing officer shall enter findings and order in accordance with the provisions of the notice **[**and finding of support responsibility**]** **or motion** unless the hearing officer determines that no good cause therefor exists.

5. In contested cases, the findings and order of the hearing officer shall be the decision of the director. Any parent or person having custody of the child adversely affected by such decision may obtain judicial review pursuant to sections 536.100 to 536.140 by filing a petition for review in the circuit court of proper venue within thirty days of mailing of the decision. Copies of the decision or order of the hearing officer shall be mailed to any parent, person having custody of the child and the division within fourteen days of issuance.

6. If a hearing has been requested, and upon request of a parent, a person having custody of the child, the division or a IV-D agency, the director shall enter a temporary order requiring the provision of child support pending the final decision or order pursuant to this section if there is clear and convincing evidence establishing a presumption of paternity pursuant to section 210.822. In determining the amount of child support, the director shall consider the factors set forth in section 452.340. The temporary order, effective upon filing pursuant to section 454.490, is not subject to a hearing pursuant to this section. The temporary order may be stayed by a court of competent jurisdiction only after a hearing and a finding by the court that the order fails to comply with rule 88.01.

7. (1) Any administrative decision or order issued under this section containing clerical mistakes arising from oversight or omission, except proposed administrative modifications of judicial orders, may be corrected by an agency administrative hearing officer at any time upon their own initiative or written motion filed by the division or any party to the action provided the written motion is mailed to all parties. Any objection or response to the written motion shall be made in writing and filed with the hearing officer within fifteen days from the mailing date of the motion. Proposed administrative modifications of judicial orders may be corrected by an agency administrative hearing officer prior to the filing of the proposed administrative modification of a judicial order with the court that entered the underlying judicial order as required in section 454.496, or upon express order of the court that entered the underlying judicial order. No correction shall be made during the court's review of the administrative decision, order, or proposed order as authorized under sections 536.100 to 536.140, except in response to an express order from the reviewing court.

(2) Any administrative decision or order or proposed administrative modification of judicial order issued under this section containing errors arising from mistake, surprise, fraud, misrepresentation, excusable neglect or inadvertence, may be corrected prior to being filed with the court by an agency administrative hearing officer upon their own initiative or by written motion filed by the division or any party to the action provided the written motion is mailed to all parties and filed within sixty days of the administrative decision, order, or proposed decision and order. Any objection or response to the written

motion shall be made in writing and filed with the hearing officer within fifteen days from the mailing date of the motion. No decision, order, or proposed administrative modification of judicial order may be corrected after ninety days from the mailing of the administrative decision, order, or proposed order or during the court's review of the administrative decision, order, or proposed order as authorized under sections 536.100 to 536.140, except in response to an express order from the reviewing court.

(3) Any administrative decision or order or proposed administrative modification of judicial order, issued under this section may be vacated by an agency administrative hearing officer upon their own initiative or by written motion filed by the division or any party to the action provided the written motion is mailed to all parties, if the administrative hearing officer determines that the decision or order was issued without subject matter jurisdiction, without personal jurisdiction, or without affording the parties due process. Any objection or response to the written motion shall be made in writing and filed with the hearing officer within fifteen days from the mailing date of the motion. A proposed administrative modification of a judicial order may only be vacated prior to being filed with the court. No decision, order, or proposed administrative modification of a judicial order may be vacated during the court's review of the administrative decision, order, or proposed order as authorized under sections 536.100 to 536.140, except in response to an express order from the reviewing court.

All proceeds of the adjusted fees shall thereupon be collected and deposited to the state general revenue fund as otherwise provided by law, subject to the transfer of a portion of such proceeds to the fund established pursuant to subsection 2 of this section.

2. There is hereby established in the state treasury a special fund for purposes of providing training and education for judicial personnel, including any clerical employees of each circuit court clerk. Moneys from collected fees shall be annually transferred by the state treasurer into the fund from the state general revenue fund in the amount of no more than two percent of the amount expended for personal service by state and local government entities for judicial personnel as determined by the state courts administrator pursuant to subsection 1 of this section. The fund shall be administered by the Peace Officers Standards and Training Commission established in section 590.120. The state treasurer shall be custodian of the fund. In accordance with sections 30.170 and 30.180, the state treasurer may approve disbursements. The fund shall be a dedicated fund and, upon appropriation, money in the fund shall be used solely for the operational support and expansion of the MODEX system.

(2) Notwithstanding the provisions of section 33.080 to the contrary, any moneys remaining in the fund at the end of the biennium shall not revert to the credit of the general revenue fund.

(3) The state treasurer shall invest moneys in the fund in the same manner as other funds are invested. Any interest and moneys earned on such investments shall be credited to the fund.

(8) The amount of any accrued dividend or interest under, or loan value of, any one or more unmatured life insurance contracts owned by such person under which the insured is such person or an individual of whom such person is a dependent; provided, however, that if proceedings under Title 11 of the United States Code are commenced by or against such person, the amount exempt in such proceedings shall not exceed in value one hundred fifty thousand dollars in the aggregate less any amount of property of such person transferred by the life insurance company or fraternal benefit society to itself in good faith if such transfer is to pay a premium or to carry out a nonforfeiture insurance option and is required to be so transferred automatically under a life insurance contract with such company or society that was entered into before commencement of such proceedings. No amount of any accrued dividend or interest under, or loan value of, any such life insurance contracts shall be exempt from any claim for child support. Notwithstanding anything to the contrary, no such amount shall be exempt in such proceedings under any such insurance contract which was purchased by such person within one year prior to the commencement of such proceedings;

a. Such plan or contract was established by or under the auspices of an insider that employed such person at the time such person's rights under such plan or contract arose;

b. Such payment is on account of age or length of service; and

c. Such plan or contract does not qualify under Section 401(a), 403(a), 403(b), 408, 408A or 409 of the Internal Revenue Code of 1986, as amended, (26 U.S.C. 401(a), 403(a), 403(b), 408, 408A or 409); except that any such payment to any person shall be subject to attachment or execution pursuant to a qualified domestic relations order, as defined by Section 414(p) of the Internal Revenue Code of 1986, as amended, issued by a court in any proceeding for dissolution

of marriage or legal separation or a proceeding for disposition of property following dissolution of marriage by a court which lacked personal jurisdiction over the absent spouse or lacked jurisdiction to dispose of marital property at the time of the original judgment of dissolution;

(f) Any money or assets, payable to a participant or beneficiary from, or any interest of any participant or beneficiary in, a retirement plan **[**or**],** profit-sharing plan**, health savings plan, or similar plan, including an inherited account or plan,** that is qualified under Section 401(a), 403(a), 403(b), 408, 408A or 409 of the Internal Revenue Code of 1986, as amended, **whether such participant's or beneficiary's interest arises by inheritance, designation, appointment, or otherwise,** except as provided in this paragraph. Any plan or arrangement described in this paragraph shall not be exempt from the claim of an alternate payee under a qualified domestic relations order; however, the interest of any and all alternate payees under a qualified domestic relations order shall be exempt from any and all claims of any creditor, other than the state of Missouri through its division of family services. As used in this paragraph, the terms "alternate payee" and "qualified domestic relations order" have the meaning given to them in Section 414(p) of the Internal Revenue Code of 1986, as amended. If proceedings under Title 11 of the United States Code are commenced by or against such person, no amount of funds shall be exempt in such proceedings under any such plan, contract, or trust which is fraudulent as defined in subsection 2 of section 428.024 and for the period such person participated within three years prior to the commencement of such proceedings. For the purposes of this section, when the fraudulently conveyed funds are recovered and after, such funds shall be deducted and then treated as though the funds had never been contributed to the plan, contract, or trust;

(11) The debtor's right to receive, or property that is traceable to, a payment on account of the wrongful death of an individual of whom the debtor was a dependent, to the extent reasonably necessary for the support of the debtor and any dependent of the debtor.

2. Nothing in this section shall be interpreted to exempt from attachment or execution for a valid judicial or administrative order for the payment of child support or maintenance any money or assets, payable to a participant or beneficiary from, or any interest of any participant or beneficiary in, a retirement plan which is qualified pursuant to Section 408A of the Internal Revenue Code of 1986, as amended.

514.040. PLAINTIFF MAY SUE AS PAUPER, WHEN — COUNSEL ASSIGNED HIM BY COURT — CORRECTIONAL CENTER OFFENDERS, COSTS — WAIVER OF COSTS AND EXPENSES, WHEN. — 1. Except as provided in subsection 3 of this section, if any court shall, before or after the commencement of any suit pending before it, be satisfied that the plaintiff is a poor person, and unable to prosecute his or her suit, and pay all or any portion of the costs and expenses thereof, such court may, in its discretion, permit him or her to commence and prosecute his or her action as a poor person, and thereupon such poor person shall have all necessary process and proceedings as in other cases, without fees, tax or charge as the court determines the person cannot pay; and the court may assign to such person counsel, who, as well as all other officers of the court, shall perform their duties in such suit without fee or reward as the court may excuse; but if judgment is entered for the plaintiff, costs shall be recovered, which shall be collected for the use of the officers of the court.

2. In any civil action brought in a court of this state by any offender convicted of a crime who is confined in any state prison or correctional center, the court shall not reduce the amount required as security for costs upon filing such suit to an amount of less than ten dollars pursuant to this section. This subsection shall not apply to any action for which no sum as security for costs is required to be paid upon filing such suit.

3. Where a party is represented in a civil action by a legal aid society or a legal services or other nonprofit organization funded in whole or substantial part by moneys appropriated by the general assembly of the state of Missouri, which has as its primary purpose the furnishing of legal services to indigent persons**, by a law school clinic which has as its primary purpose educating law students through furnishing legal services to indigent persons**, or by private

counsel working on behalf of or under the auspices of such society, all costs and expenses related to the prosecution of the suit may be waived without the necessity of a motion and court approval, provided that a determination has been made by such society or organization that such party is unable to pay the costs, fees and expenses necessary to prosecute or defend the action, and that a certification that such determination has been made is filed with the clerk of the court.

173.1158. VETERANS, EDUCATIONAL CREDITS FOR COURSES THAT ARE PART OF MILITARY TRAINING OR SERVICE — RULEMAKING AUTHORITY. — 1. By no later than January 1, 2014, the coordinating board for higher education shall adopt a policy requiring every public institution of postsecondary education, including but not limited to every public university, college, vocational and technical school, in this state to award educational credits to a student enrolled in a postsecondary education institution, who is also a veteran, for courses that are part of the student's military training or service, that meet the standards of the American Council on Education or equivalent standards for awarding academic credit, and that are determined by the academic department or

appropriate faculty of the awarding institution to be equivalent in content or experience to courses at that institution. All credit that is deemed acceptable must meet the scope and mission of the awarding institution.

2. Beginning with the 2014-2015 academic year and for every academic year thereafter, the department of higher education and every governing body of a public institution of postsecondary education in this state shall adopt necessary rules and procedures to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

192.360. ACTIVE DUTY MILITARY, LICENSE TO REMAIN IN GOOD STANDING FOR DURATION OF DUTY — LICENSING BOARD PROCEDURE REQUIRED — RENEWAL OF LICENSE. — 1. Notwithstanding any other provision of law to the contrary, the department of health and senior services and the department of insurance, financial institutions and professional registration shall require every health-related professional licensing board to establish a procedure to ensure any member of the United States armed forces on active duty who, at the time of activation, was a member in good standing with any professional licensing body in this state and was licensed or certified to engage in his or her profession or vocation in this state shall be kept in good standing by the professional licensing body with which he or she is licensed or certified.

2. While a licensee or certificate holder is an active duty member of the United States armed forces, the license or certificate referenced in subsection 1 of this section shall be renewed without:

(1) The payment of dues or fees;

(2) Obtaining continuing education credits when:

(a) Circumstances associated with military duty prevent obtaining such training and a waiver request has been submitted to the appropriate licensing body; or

(b) The military member, while on active duty, performs the licensed or certified occupation as part of his or her military duties as annotated in Defense Department form 214 (DD 214); or

(c) Performing any other act typically required for the renewal of the license or certificate.

3. The license or certificate issued under this section shall be continued as long as the licensee or certificate holder is a member of the United States armed forces on active duty and for a period of at least six months after being released from active duty.

253.048. FLAGS AUTHORIZED FOR DISPLAY IN STATE PARKS. — Within the state parks, the department may accompany the display of the flag of the United States and the flag of this state with the display of the MIA/POW flag, which is designed to commemorate the service and sacrifice of members of the Armed Forces of the United States who were prisoners of war or missing in action **and with the display of the Honor and Remember flag as an official recognition and in honor of fallen members of the armed forces of the United States**.

324.007. MILITARY EDUCATION, TRAINING, AND SERVICE TO BE ACCEPTED TOWARD QUALIFICATIONS FOR LICENSURE — RULEMAKING AUTHORITY. — 1. By no later than January 1, 2014, every professional licensing board or commission in this state shall, upon presentation of satisfactory evidence by an applicant for certification or licensure, accept

education, training, or service completed by an individual who is a member of the United States armed forces or reserves, the national guard of any state, the military reserves of any state, or the naval militia of any state toward the qualifications to receive the license or certification.

2. Every examination and professional licensing board in this state shall adopt necessary procedures to implement the provisions of this section.

3. The division of professional registration within the department of insurance, financial institutions and professional registration shall promulgate rules to implement this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

452.413. MILITARY DEPLOYMENT, CHILD CUSTODY AND VISITATION, EFFECT OF — NONDEPLOYING PARENT REQUIREMENTS — PROCEDURE — FAILURE TO COMPLY, EFFECT OF.— 1. As used in this section, the following terms shall mean:

(1) "Deploying parent", a parent of a child less than eighteen years of age whose parental rights have not been terminated by a court of competent jurisdiction or a guardian of a child less than eighteen years of age who is deployed or who has received written orders to deploy with the United States Army, Navy, Air Force, Marine Corps, Coast Guard, National Guard, or any other reserve component thereof;

(2) "Deployment", military service in compliance with military orders received by a member of the United States Army, Navy, Air Force, Marine Corps, Coast Guard, National Guard, or any other reserve component thereof to report for combat operations, contingency operations, peacekeeping operations, temporary duty (TDY), a remote tour of duty, or other service for which the deploying parent is required to report unaccompanied by any family member. Military service includes a period during which a military parent remains subject to deployment orders and remains deployed on account of sickness, wounds, leave, or other lawful cause;

(3) "Military parent", a parent of a child less than eighteen years of age whose parental rights have not been terminated by a court of competent jurisdiction or a guardian of a child less than eighteen years of age who is a service member of the United States Army, Navy, Air Force, Marine Corps, Coast Guard, National Guard, or any other reserve component thereof;

(4) "Nondeploying parent", a parent or guardian not subject to deployment.

2. If a military parent is required to be separated from a child due to deployment, a court shall not enter a final order modifying the terms establishing custody or visitation contained in an existing order until ninety days after the deployment ends unless there is a written agreement by both parties.

3. In accordance with section 452.412, deployment or the potential for future deployment shall not be the sole factor supporting a change in circumstances or grounds sufficient to support a permanent modification of the custody or visitation terms established in an existing order.

4. (1) An existing order establishing the terms of custody or visitation in place at the time a military parent is deployed may be temporarily modified to make reasonable accommodation for the parties due to the deployment.

(2) A temporary modification order issued under this section shall provide that the deploying parent shall have custody of the child or reasonable visitation, whichever is

applicable under the original order, during a period of leave granted to the deploying parent, unless it is not in the best interest of the child.

(3) Any court order modifying a previously ordered custody or visitation due to deployment shall specify that the deployment is the basis for the order and shall be entered by the court as a temporary order.

(4) Any such temporary custody or visitation order shall require the nondeploying parent to provide the court and the deploying parent with written notice of the nondeploying parent's address and telephone number, and update such information within seven days of any change. However, if a valid order of protection under chapter 455 from this or another jurisdiction is in effect that requires that the address or contact information of the parent who is not deployed be kept confidential, the notification shall be made to the court only, and a copy of the order shall be included in the notification. Nothing in this subdivision shall be construed to eliminate the requirements under section 452.377.

(5) Upon motion of a deploying parent, with reasonable advance notice and for good cause shown, the court shall hold an expedited hearing in any custody or visitation matters instituted under this section when the military duties of the deploying parent have a material effect on his or her ability or anticipated ability to appear in person at a regularly scheduled hearing.

5. (1) A temporary modification of such an order automatically ends no later than thirty days after the return of the deploying parent and the original terms of the custody or visitation order in place at the time of deployment are automatically reinstated.

(2) Nothing in this section shall limit the power of the court to conduct an expedited or emergency hearing regarding custody or visitation upon return of the deploying parent, and the court shall do so within ten days of the filing of a motion alleging an immediate danger or irreparable harm to the child.

(3) The nondeploying parent shall bear the burden of showing that reentry of the custody or visitation order in effect before the deployment is no longer in the child's best interests. The court shall set any nonemergency motion by the nondeploying parent for hearing within thirty days of the filing of the motion.

6. (1) Upon motion of the deploying parent or upon motion of a family member of the deploying parent with his or her consent, the court may delegate his or her visitation rights, or a portion of such rights, to a family member with a close and substantial relationship to the minor child or children for the duration of the deployment if it is in the best interest of the child.

(2) Such delegated visitation time or access does not create an entitlement or standing to assert separate rights to parent time or access for any person other than a parent, and shall terminate by operation of law upon the end of the deployment, as set forth in this section.

(3) Such delegated visitation time shall not exceed the visitation time granted to the deploying parent under the existing order; except that, the court may take into consideration the travel time necessary to transport the child for such delegated visitation time.

(4) In addition, there is a rebuttable presumption that a deployed parent's visitation rights shall not be delegated to a family member who has a history of perpetrating domestic violence as defined under section 455.010 against another family or household member, or delegated to a family member with an individual in the family member's household who has a history of perpetrating domestic violence against another family or household member.

(5) The person or persons to whom delegated visitation time has been granted shall have full legal standing to enforce such rights.

7. Upon motion of a deploying parent and upon reasonable advance notice and for good cause shown, the court shall permit such parent to present testimony and evidence by affidavit or electronic means in support, custody, and visitation matters instituted under this section when the military duties of such parent have a material effect on his or her ability to appear in person at a regularly scheduled hearing. Electronic means includes communication by telephone, video conference, or the internet.

8. Any order entered under this section shall require that the nondeploying parent:

(1) Make the child or children reasonably available to the deploying parent when the deploying parent has leave;

(2) Facilitate opportunities for telephonic and electronic mail contact between the deploying parent and the child or children during deployment; and

(3) Receive timely information regarding the deploying parent's leave schedule.

9. (1) If there is no existing order establishing the terms of custody and visitation and it appears that deployment is imminent, upon the filing of initial pleadings and motion by either parent, the court shall expedite a hearing to establish temporary custody or visitation to ensure the deploying parent has access to the child, to ensure disclosure of information, to grant other rights and duties set forth in this section, and to provide other appropriate relief.

(2) Any initial pleading filed to establish custody or visitation for a child of a deploying parent shall be so identified at the time of filing by stating in the text of the pleading the specific facts related to deployment.

10. (1) Since military necessity may preclude court adjudication before deployment, the parties shall cooperate with each other in an effort to reach a mutually agreeable resolution of custody, visitation, and child support.

(2) A deploying parent shall provide a copy of his or her orders to the nondeploying parent promptly and without delay prior to deployment. Notification shall be made within ten days of receipt of deployment orders. If less than ten days notice is received by the deploying parent, notice shall be given immediately upon receipt of military orders. If all or part of the orders are classified or restricted as to release, the deploying parent shall provide, under the terms of this subdivision, all such nonclassified or nonrestricted information to the nondeploying parent.

11. In an action brought under this chapter, whenever the court declines to grant or extend a stay of proceedings under the Servicemembers Civil Relief Act, 50 U.S.C. Appendix Sections 521-522, and decides to proceed in the absence of the deployed parent, the court shall appoint a guardian ad litem to represent the minor child's interests.

12. Service of process on a nondeploying parent whose whereabouts are unknown may be accomplished in accordance with the provisions of section 506.160.

13. In determining whether a parent has failed to exercise visitation rights, the court shall not count any time periods during which the parent did not exercise visitation due to the material effect of such parent's military duties on visitation time.

14. Once an order for custody has been entered in Missouri, any absence of a child from this state during deployment shall be denominated a temporary absence for the purposes of application of the Uniform Child Custody Jurisdiction and Enforcement Act (UCCJEA). For the duration of the deployment, Missouri shall retain exclusive jurisdiction under the UCCJEA and deployment shall not be used as a basis to assert inconvenience of the forum under the UCCJEA.

15. In making determinations under this section, the court may award attorney's fees and costs based on the court's consideration of:

(1) The failure of either party to reasonably accommodate the other party in custody or visitation matters related to a military parent's service;

(2) Unreasonable delay caused by either party in resolving custody or visitation related to a military parent's service;

(3) Failure of either party to timely provide military orders, income, earnings, or payment information, housing or education information, or physical location of the child to the other party; and

(4) Other factors as the court may consider appropriate and as may be required by law.

115.920. BALLOT TO BE COUNTED, WHEN. — 1. A valid military-overseas ballot cast in accordance with section 115.916 shall be counted if it is received before noon on the Friday after election day so that certification under section 1 may commence.

2. If, at the time of completing a military-overseas ballot and balloting materials, the voter has declared under penalty of perjury that the ballot was timely submitted, the ballot shall not be rejected on the basis that it has a late postmark, an unreadable postmark, or no postmark.

115.922. DECLARATION TO ACCOMPANY BALLOT — PENALTY FOR MISSTATEMENT OF FACT. — A military-overseas ballot shall include or be accompanied by a declaration signed by the voter that a material misstatement of fact in completing the ballot may be grounds for a conviction of perjury under the laws of the United States or this state.

115.924. ELECTRONIC FREE-ACCESS SYSTEM REQUIRED, CONTENTS. — The secretary of state, in coordination with local election authorities, shall implement an electronic free-access system by which a covered voter may determine:

(1) The voter's federal postcard application or other registration or military-overseas ballot application has been received and accepted; and

(2) The voter's military-overseas ballot has been received and the current status of the ballot.

115.926. ELECTRONIC-MAIL ADDRESS TO BE REQUESTED, USE, CONFIDENTIALITY OF. — 1. The election authority shall request an electronic-mail address from each covered voter who registers to vote. An electronic-mail address provided by a covered voter shall not be made available to the public or any individual or organization other than an authorized agent of the local election authority and is exempt from disclosure under the Missouri sunshine law contained in chapter 610. The address shall be used only for official communication with the voter about the voting process, including transmitting military-overseas ballots and election materials if the voter has requested electronic transmission, and verifying the voter's mailing address and physical location. The request for an electronic-mail address shall describe the purposes for which the electronic-mail address may be used and include a statement that any other use or disclosure of the electronic-mail address is prohibited.

2. A covered voter who provides an electronic-mail address may request that the voter's application for a military-overseas ballot be considered a standing request for electronic delivery of a ballot for all elections held through December thirty-first of the year following the calendar year of the date of the application or another shorter period the voter specifies. An election authority shall provide a military-overseas ballot to a voter who makes a standing request for each election to which the request is applicable. A covered voter who is entitled to receive a military-overseas ballot for a primary election under this subsection is entitled to receive a military-overseas ballot for the general election.

115.928. FEDERAL WRITE-IN ABSENTEE BALLOTS, ELECTRONIC NOTICE, WHEN-PROCEDURE. — 1. Not later than the tenth Tuesday before a regularly scheduled election and as soon as practicable before an election not regularly scheduled, the election authority in each jurisdiction charged with printing and distributing ballots and balloting material shall prepare an election notice for that jurisdiction, to be used in conjunction

with a federal write-in absentee ballot. The election notice shall contain a list of all of the ballot measures and federal, state, and local offices that, as of that date, the official expects to be on the ballot on the date of the election. The notice also shall contain specific instructions for how a voter is to indicate on the federal write-in absentee ballot the voter's choice for each office to be filled and for each ballot measure to be contested.

2. A covered voter may request a copy of an election notice. The election authority charged with preparing the election notice shall send the notice to the voter by facsimile, electronic mail, or regular mail, as the voter requests.

3. Not later than forty-five days prior to the election, the official charged with preparing the election notice under subsection 1 of this section shall update the notice with the certified candidates for each office and ballot measure questions and make the updated notice publicly available.

4. A local election jurisdiction that maintains an internet website shall make the election notice prepared under subsection 1 of this section and updated versions of the election notice regularly available on the website.

115.930. MISTAKE OR OMISSION NOT TO INVALIDATE DOCUMENT, WHEN — NOTARIZATION NOT REQUIRED, WHEN. — 1. If a voter's mistake or omission in the completion of a document under sections 115.900 to 115.936 does not prevent determining whether a covered voter is eligible to vote, the mistake or omission shall not invalidate the document. Failure to satisfy a nonsubstantive requirement, such as using paper or envelopes of a specified size or weight, shall not invalidate a document submitted under sections 115.900 to 115.936. In a write-in ballot authorized by sections 115.900 to 115.936 or in a vote for a write-in candidate on a regular ballot, if the intention of the voter is discernable under this state's uniform definition of what constitutes a vote, an abbreviation, misspelling, or other minor variation in the form of the name of a candidate or a political party shall be accepted as a valid vote.

2. Notarization shall not be required for the execution of a document under sections 115.900 to 115.936. An authentication, other than the declaration specified in section 115.922 or the declaration on the federal postcard application and federal write-in absentee ballot, shall not be required for execution of a document under sections 115.900 to 115.936. The declaration and any information in the declaration may be compared with information on file to ascertain the validity of the document.

115.932. COMPLIANCE, COURT MAY ISSUE INJUNCTION OR GRANT OTHER EQUITABLE RELIEF. — A court may issue an injunction or grant other equitable relief appropriate to ensure substantial compliance with, or enforce, sections 115.900 to 115.936 on application by:

Section 7001 et seq., but shall not modify, limit, or supersede Section 101(c) of that act, 15 U.S.C. Section 7001(c), or authorize electronic delivery of any of the notices described in Section 103(b) of that act, 15 U.S.C. Section 7003(b).

[115.156. VOTER REGISTRATION APPLICATION REQUEST, ABSENT UNIFORMED SERVICES AND OVERSEAS VOTERS. — 1. The secretary of state shall establish procedures for absent uniformed services voters and overseas voters to request, by mail or electronically, that voter registration applications be sent to the voter, and to request that such voter registration applications be sent by mail or electronically in the preferred method of transmission designated by the voter. The secretary of state shall designate not less than one means of electronic communication for use by absent uniformed services voters and overseas voters to request voter registration applications and to send such voter registration applications.

2. No election authority shall refuse to accept and process any otherwise valid voter registration application submitted by an absent uniformed services voter or an overseas voter solely on the basis of restrictions on paper type.**]**

[115.278. ABSENTEE BALLOT APPLICATION REQUEST, ABSENT UNIFORMED SERVICES AND OVERSEAS VOTERS. — The secretary of state shall establish procedures for absent uniformed services voters and overseas voters to request, by mail or electronically, that absentee ballot applications be sent to the voter, and to request that such absentee ballot applications be sent by mail or electronically in the preferred method of transmission designated by the voter. The secretary of state shall designate not less than one means of electronic communication for use by absent uniformed services voters and overseas voters to request absentee ballot applications, to send such absentee ballot applications, and to provide related voting, balloting, and election information to such voters.**]**

[115.292. SPECIAL WRITE-IN ABSENTEE BALLOT FOR PERSONS IN MILITARY SERVICE OR REMOTE AREAS FOR ALL OFFICERS, FORMS — WRITE-IN BALLOT TO BE REPLACED BY REGULAR BALLOT, WHEN, EFFECT. — 1. Notwithstanding any other provision of this chapter, a qualified absentee voter may apply for a special write-in absentee ballot within eighty days of a special, primary, or general election for federal office. Such a ballot shall be for voting for all offices being contested at such election.

2. A qualified absentee voter applying for a special write-in absentee ballot pursuant to this section shall apply to the local election authority of the area which contains his last residence in this state for such ballot. The application for a special write-in absentee ballot may be made on the federal postcard application form, by letter, or on a form provided by the local election authority.

3. Upon receipt of the application, the election authority shall issue a special write-in absentee ballot. Such ballot shall permit the voter to cast a ballot by writing in a party preference for each office, the names of specific candidates, or the names of persons whom the voter prefers.

4. The election authority shall issue a regular absentee ballot as soon as such ballots are available. If both the regular absentee ballot and the special write-in absentee ballot are returned, the regular absentee ballot shall be counted and the special write-in absentee ballot shall be voided.

Modifies provisions relating to military affairs

AN ACT to repeal sections 8.012 and 253.048, RSMo, and to enact in lieu thereof four new sections relating to military affairs.

SECTION
A. Enacting clause.
8.012. Flags authorized to be displayed at all state buildings.
173.1150. Student resident status for separating military personnel, eligibility — rulemaking authority.
253.048. Flags authorized for display in state parks.
452.413. Military deployment, child custody and visitation, effect of — nondeploying parent requirements — procedure — failure to comply, effect of.

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Sections 8.012 and 253.048, RSMo, are repealed and four new sections enacted in lieu thereof, to be known as sections 8.012, 173.1150, 253.048, and 452.413, to read as follows:

8.012. FLAGS AUTHORIZED TO BE DISPLAYED AT ALL STATE BUILDINGS. — At all state buildings and upon the grounds thereof, the board of public buildings may accompany the display of the flag of the United States and the flag of this state with the display of the POW/MIA flag, which is designed to commemorate the service and sacrifice of the members of the Armed Forces of the United States who were prisoners of war or missing in action **and with the display of the Honor and Remember flag as an official recognition and in honor of fallen members of the Armed Forces of the United States**.

173.1150. STUDENT RESIDENT STATUS FOR SEPARATING MILITARY PERSONNEL, ELIGIBILITY — RULEMAKING AUTHORITY. — 1. Notwithstanding any provision of law to the contrary, any individual who is in the process of separating from any branch of the military forces of the United States with an honorable discharge or a general discharge shall have student resident status for purposes of admission and in-state tuition at any approved public four-year institution in Missouri or in-state, in-district tuition at any approved two-year institution in Missouri.

2. To be eligible for student resident status under this section, any such individual shall demonstrate presence and declare residency within the state of Missouri. For purposes of attending a community college, an individual shall demonstrate presence and declare residency within the taxing district of the community college he or she attends.

3. The coordinating board for higher education shall promulgate rules to implement this section.

4. For purposes of this section, "approved public institution" shall have the same meaning as provided in subdivision (3) of section 173.1102.

5. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

FLAGS AUTHORIZED FOR DISPLAY IN STATE PARKS. — Within the state parks, the department may accompany the display of the flag of the United States and the flag of this state with the display of the MIA/POW flag, which is designed to commemorate the service and sacrifice of members of the Armed Forces of the United States who were prisoners of war or missing in action **and with the display of the Honor and Remember flag as an official recognition and in honor of fallen members of the Armed Forces of the United States**.

452.413. MILITARY DEPLOYMENT, CHILD CUSTODY AND VISITATION, EFFECT OF — NONDEPLOYING PARENT REQUIREMENTS — PROCEDURE — FAILURE TO COMPLY, EFFECT OF. — 1. As used in this section, the following terms shall mean:

(1) "Deploying parent", a parent of a child less than eighteen years of age whose parental rights have not been terminated by a court of competent jurisdiction or a guardian of a child less than eighteen years of age who is deployed or who has received written orders to deploy with the United States Army, Navy, Air Force, Marine Corps, Coast Guard, National Guard, or any other reserve component thereof;

(2) "Deployment", military service in compliance with military orders received by a member of the United States Army, Navy, Air Force, Marine Corps, Coast Guard, National Guard, or any other reserve component thereof to report for combat operations, contingency operations, peacekeeping operations, temporary duty (TDY), a remote tour of duty, or other service for which the deploying parent is required to report unaccompanied by any family member. Military service includes a period during which a military parent remains subject to deployment orders and remains deployed on account of sickness, wounds, leave, or other lawful cause;

(3) "Military parent", a parent of a child less than eighteen years of age whose parental rights have not been terminated by a court of competent jurisdiction or a guardian of a child less than eighteen years of age who is a service member of the United States Army, Navy, Air Force, Marine Corps, Coast Guard, National Guard, or any other reserve component thereof;

(4) "Nondeploying parent", a parent or guardian not subject to deployment.

2. If a military parent is required to be separated from a child due to deployment, a court shall not enter a final order modifying the terms establishing custody or visitation contained in an existing order until ninety days after the deployment ends unless there is a written agreement by both parties.

3. In accordance with section 452.412, deployment or the potential for future deployment shall not be the sole factor supporting a change in circumstances or grounds

sufficient to support a permanent modification of the custody or visitation terms established in an existing order.

4. (1) An existing order establishing the terms of custody or visitation in place at the time a military parent is deployed may be temporarily modified to make reasonable accommodation for the parties due to the deployment.

(2) A temporary modification order issued under this section shall provide that the deploying parent shall have custody of the child or reasonable visitation, whichever is applicable under the original order, during a period of leave granted to the deploying parent, unless it is not in the best interest of the child.

(3) Any court order modifying a previously ordered custody or visitation due to deployment shall specify that the deployment is the basis for the order and shall be entered by the court as a temporary order.

(4) Any such temporary custody or visitation order shall require the nondeploying parent to provide the court and the deploying parent with written notice of the nondeploying parent's address and telephone number, and update such information within seven days of any change. However, if a valid order of protection under chapter 455 from this or another jurisdiction is in effect that requires that the address or contact information of the parent who is not deployed be kept confidential, the notification shall be made to the court only, and a copy of the order shall be included in the notification. Nothing in this subdivision shall be construed to eliminate the requirements under section 452.377.

(5) Upon motion of a deploying parent, with reasonable advance notice and for good cause shown, the court shall hold an expedited hearing in any custody or visitation matters instituted under this section when the military duties of the deploying parent have a material effect on his or her ability or anticipated ability to appear in person at a regularly scheduled hearing.

5. (1) A temporary modification of such an order automatically ends no later than thirty days after the return of the deploying parent and the original terms of the custody or visitation order in place at the time of deployment are automatically reinstated.

(2) Nothing in this section shall limit the power of the court to conduct an expedited or emergency hearing regarding custody or visitation upon return of the deploying parent, and the court shall do so within ten days of the filing of a motion alleging an immediate danger or irreparable harm to the child.

(3) The nondeploying parent shall bear the burden of showing that reentry of the custody or visitation order in effect before the deployment is no longer in the child's best interests. The court shall set any nonemergency motion by the nondeploying parent for hearing within thirty days of the filing of the motion.

6. (1) Upon motion of the deploying parent or upon motion of a family member of the deploying parent with his or her consent, the court may delegate his or her visitation rights, or a portion of such rights, to a family member with a close and substantial relationship to the minor child or children for the duration of the deployment if it is in the best interest of the child.

(2) Such delegated visitation time or access does not create an entitlement or standing to assert separate rights to parent time or access for any person other than a parent, and shall terminate by operation of law upon the end of the deployment, as set forth in this section.

(3) Such delegated visitation time shall not exceed the visitation time granted to the deploying parent under the existing order; except that, the court may take into consideration the travel time necessary to transport the child for such delegated visitation time.

(4) In addition, there is a rebuttable presumption that a deployed parent's visitation rights shall not be delegated to a family member who has a history of perpetrating

domestic violence as defined under section 455.010 against another family or household member, or delegated to a family member with an individual in the family member's household who has a history of perpetrating domestic violence against another family or household member.

(5) The person or persons to whom delegated visitation time has been granted shall have full legal standing to enforce such rights.

7. Upon motion of a deploying parent and upon reasonable advance notice and for good cause shown, the court shall permit such parent to present testimony and evidence by affidavit or electronic means in support, custody, and visitation matters instituted under this section when the military duties of such parent have a material effect on his or her ability to appear in person at a regularly scheduled hearing. Electronic means includes communication by telephone, video conference, or the internet.

8. Any order entered under this section shall require that the nondeploying parent:

(1) Make the child or children reasonably available to the deploying parent when the deploying parent has leave;

(2) Facilitate opportunities for telephonic and electronic mail contact between the deploying parent and the child or children during deployment; and

(3) Receive timely information regarding the deploying parent's leave schedule.

9. (1) If there is no existing order establishing the terms of custody and visitation and it appears that deployment is imminent, upon the filing of initial pleadings and motion by either parent, the court shall expedite a hearing to establish temporary custody or visitation to ensure the deploying parent has access to the child, to ensure disclosure of information, to grant other rights and duties set forth in this section, and to provide other appropriate relief.

(2) Any initial pleading filed to establish custody or visitation for a child of a deploying parent shall be so identified at the time of filing by stating in the text of the pleading the specific facts related to deployment.

10. (1) Since military necessity may preclude court adjudication before deployment, the parties shall cooperate with each other in an effort to reach a mutually agreeable resolution of custody, visitation, and child support.

(2) A deploying parent shall provide a copy of his or her orders to the nondeploying parent promptly and without delay prior to deployment. Notification shall be made within ten days of receipt of deployment orders. If less than ten days' notice is received by the deploying parent, notice shall be given immediately upon receipt of military orders. If all or part of the orders are classified or restricted as to release, the deploying parent shall provide, under the terms of this subdivision, all such nonclassified or nonrestricted information to the nondeploying parent.

11. In an action brought under this chapter, whenever the court declines to grant or extend a stay of proceedings under the Servicemembers Civil Relief Act, 50 U.S.C. Appendix Sections 521-522, and decides to proceed in the absence of the deployed parent, the court shall appoint a guardian ad litem to represent the minor child's interests.

12. Service of process on a nondeploying parent whose whereabouts are unknown may be accomplished in accordance with the provisions of section 506.160.

13. In determining whether a parent has failed to exercise visitation rights, the court shall not count any time periods during which the parent did not exercise visitation due to the material effect of such parent's military duties on visitation time.

14. Once an order for custody has been entered in Missouri, any absence of a child from this state during deployment shall be denominated a temporary absence for the purposes of application of the Uniform Child Custody Jurisdiction and Enforcement Act (UCCJEA). For the duration of the deployment, Missouri shall retain exclusive jurisdiction under the UCCJEA and deployment shall not be used as a basis to assert inconvenience of the forum under the UCCJEA.

15. In making determinations under this section, the court may award attorney's fees and costs based on the court's consideration of:

(1) The failure of either party to reasonably accommodate the other party in custody or visitation matters related to a military parent's service;

(2) Unreasonable delay caused by either party in resolving custody or visitation related to a military parent's service;

(3) Failure of either party to timely provide military orders, income, earnings, or payment information, housing or education information, or physical location of the child to the other party; and

(4) Other factors as the court may consider appropriate and as may be required by law.

In determining the duration of the probationary period of employment in this section specified, the time of service rendered as a substitute teacher shall not be included.

3. No teacher whose appointment has become permanent may be removed except for one or more of the following causes: immorality, **incompetency, or** inefficiency in line of duty, violation of the published regulations of the school district, violation of the laws of Missouri governing the public schools of the state, or physical or mental condition which incapacitates him for instructing or associating with children, and then only by a vote of not less than a majority of all the members of the board, upon written charges presented by the superintendent of schools, to be heard by the board after thirty days' notice, with copy of the charges served upon the person against whom they are preferred, who shall have the privilege of being present at the hearing, together with counsel, offering evidence and making defense thereto. **[**Notifications received by an employee during a vacation period shall be considered as received on the first day of the school term following.**]** At the request of any person so charged the hearing shall be public. During any time in which powers granted to the district's board of education are vested in a special administrative board, the special administrative board may appoint a hearing officer to conduct the hearing. The hearing officer shall conduct the hearing as a contested case under chapter 536 and shall issue a written recommendation to the board rendering the charges against the teacher. The board shall render a decision on the charges upon the review of the hearing officer's recommendations and the record from the hearing. The action and decision of the board upon the charges shall be final. Pending the hearing of the charges, the person charged may be suspended if the rules of the board so prescribe, but in the event the board does not by a majority vote of all the members remove the teacher upon charges presented by the superintendent, the person shall not suffer any loss of salary by reason of the suspension. **Incompetency or**

inefficiency in line of duty is cause for dismissal only after the teacher has been notified in writing at least **[**one semester**] thirty days** prior to the presentment of charges against him by the superintendent. The notification shall specify the nature of the **incompetency or** inefficiency with such particularity as to enable the teacher to be informed of the nature of his **or her incompetency or** inefficiency.

4. No teacher whose appointment has become permanent shall be demoted nor shall his **or her** salary be reduced unless the same procedure is followed as herein stated for the removal of the teacher because of inefficiency in line of duty, and any teacher whose salary is reduced or who is demoted may waive the presentment of charges against him by the superintendent and a hearing thereon by the board. The foregoing provision shall apply only to permanent teachers prior to the compulsory retirement age under the retirement system. Nothing herein contained shall in any way restrict or limit the power of the board of education to make reductions in the number of teachers or principals, or both, because of insufficient funds, decrease in pupil enrollment, or abolition of particular subjects or courses of instruction, except that the abolition of particular subjects or courses of instruction shall not cause those teachers who have been teaching the subjects or giving the courses of instruction to be placed on leave of absence as herein provided who are qualified to teach other subjects or courses of instruction, if positions are available for the teachers in the other subjects or courses of instruction.

5. Whenever it is necessary to decrease the number of teachers because of insufficient funds or a substantial decrease of pupil population within the school district, the board of education upon recommendation of the superintendent of schools may cause the necessary number of teachers beginning with those serving probationary periods to be placed on leave of absence without pay, but only in the inverse order of their appointment. Nothing herein stated shall prevent a readjustment by the board of education of existing salary schedules. No teacher placed on a leave of absence shall be precluded from securing other employment during the period of the leave of absence. Each teacher placed on leave of absence shall be reinstated in inverse order of his **or her** placement on leave of absence. Such reemployment shall not result in a loss of status or credit for previous years of service. **[**No new appointments shall be made while there are available teachers on leave of absence who are seventy years of age or less and who are adequately qualified to fill the vacancy unless the teachers fail to advise the superintendent of schools within thirty days from the date of notification by the superintendent of schools that positions are available to them that they will return to employment and will assume the duties of the position to which appointed not later than the beginning of the school year next following the date of the notice by the superintendent of schools**] No appointment of new teachers shall be made while there are available teachers on unrequested leave of absence who are properly qualified to fill such vacancies. Such leave of absence shall not impair the tenure of a teacher. The leave of absence shall continue for a period of not more than three years unless extended by the board**.

6. If any regulation which deals with the promotion of teachers is amended by increasing the qualifications necessary to be met before a teacher is eligible for promotion, the amendment shall fix an effective date which shall allow a reasonable length of time within which teachers may become qualified for promotion under the regulations.

7. A teacher whose appointment has become permanent may give up the right to a permanent appointment to participate in the teacher choice compensation package under sections 168.745 to 168.750.

8. Should the state mandate that professional development for teachers be provided in local school districts and any funds be utilized for such, a metropolitan school district shall be allowed to utilize a professional development plan for teachers which is known within the administration as the "St. Louis Plan," should the district and the teacher decide jointly to participate in such plan.

[168.291. REDUCTION IN NUMBER OF PERSONNEL — LEAVES OF ABSENCE — REINSTATEMENT (METROPOLITAN DISTRICTS). — Whenever it is necessary to decrease the number of employees because of insufficient funds or decrease in pupil enrollment or lack of work the board of education may cause the necessary number of employees, beginning with those serving probationary periods, to be placed on leave of absence without pay, but only in the inverse order of their appointment. Each employee placed on leave of absence shall be reinstated in inverse order of his placement on leave of absence. Such reemployment shall not result in a loss of status or credit for previous periods of service. No new appointments shall be made while there are available employees on leave of absence who have not attained the age of seventy years and who are adequately qualified to fill the vacancy in the particular department unless the employees fail to advise the board within thirty days from date of notification by the board that positions are available to them, that they will return to employment, and will assume the duties of the position to which they are appointed not later than the beginning of the month following the date of the notice by the board.**]**

Subject to appropriations and in accordance with the federal Ticket to Work and Work Incentives Improvement Act of 1999 (TWWIIA), Public Law 106-170, the medical assistance provided for in section 208.151 may be paid for a person who is employed and who:

The department shall pay such person's portion of the premiums, co-payments, and any other costs associated with participation in the employer-sponsored health insurance.

7. The provisions of this section shall expire **[**six years after**]** August 28, **[**2007**]** **2019**.

208.151. MEDICAL ASSISTANCE, PERSONS ELIGIBLE — RULEMAKING AUTHORITY. — 1. Medical assistance on behalf of needy persons shall be known as "MO HealthNet". For the purpose of paying MO HealthNet benefits and to comply with Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. Section 301, et seq.) as amended, the following needy persons shall be eligible to receive MO HealthNet benefits to the extent and in the manner hereinafter provided:

(11) Pregnant women who meet the requirements for aid to families with dependent children, except for the existence of a dependent child who is deprived of parental support as provided for in subdivision (2) of subsection 1 of section 208.040;

(12) Pregnant women or infants under one year of age, or both, whose family income does not exceed an income eligibility standard equal to one hundred eighty-five percent of the federal poverty level as established and amended by the federal Department of Health and Human Services, or its successor agency;

(13) Children who have attained one year of age but have not attained six years of age who are eligible for medical assistance under 6401 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989). The family support division shall use an income eligibility standard equal to one hundred thirty-three percent of the federal poverty level established by the Department of Health and Human Services, or its successor agency;

(14) Children who have attained six years of age but have not attained nineteen years of age. For children who have attained six years of age but have not attained nineteen years of age, the family support division shall use an income assessment methodology which provides for eligibility when family income is equal to or less than equal to one hundred percent of the federal poverty level established by the Department of Health and Human Services, or its successor agency. As necessary to provide MO HealthNet coverage under this subdivision, the department of social services may revise the state MO HealthNet plan to extend coverage under 42 U.S.C. 1396a (a)(10)(A)(i)(III) to children who have attained six years of age but have not attained nineteen years of age as permitted by paragraph (2) of subsection (n) of 42 U.S.C. 1396d using a more liberal income assessment methodology as authorized by paragraph (2) of subsection ® of 42 U.S.C. 1396a;

(15) The family support division shall not establish a resource eligibility standard in assessing eligibility for persons under subdivision (12), (13) or (14) of this subsection. The MO HealthNet division shall define the amount and scope of benefits which are available to individuals eligible under each of the subdivisions (12), (13), and (14) of this subsection, in accordance with the requirements of federal law and regulations promulgated thereunder;

(16) Notwithstanding any other provisions of law to the contrary, ambulatory prenatal care shall be made available to pregnant women during a period of presumptive eligibility pursuant to 42 U.S.C. Section 1396r-1, as amended;

(17) A child born to a woman eligible for and receiving MO HealthNet benefits under this section on the date of the child's birth shall be deemed to have applied for MO HealthNet benefits and to have been found eligible for such assistance under such plan on the date of such birth and to remain eligible for such assistance for a period of time determined in accordance with applicable federal and state law and regulations so long as the child is a member of the woman's household and either the woman remains eligible for such assistance or for children born on or after January 1, 1991, the woman would remain eligible for such assistance if she were still pregnant. Upon notification of such child's birth, the family support division shall assign a MO HealthNet eligibility identification number to the child so that claims may be submitted and paid under such child's identification number;

(18) Pregnant women and children eligible for MO HealthNet benefits pursuant to subdivision (12), (13) or (14) of this subsection shall not as a condition of eligibility for MO HealthNet benefits be required to apply for aid to families with dependent children. The family support division shall utilize an application for eligibility for such persons which eliminates information requirements other than those necessary to apply for MO HealthNet benefits. The division shall provide such application forms to applicants whose preliminary income information indicates that they are ineligible for aid to families with dependent children. Applicants for MO HealthNet benefits under subdivision (12), (13) or (14) of this subsection shall be informed of the aid to families with dependent children program and that they are entitled to apply for such benefits. Any forms utilized by the family support division for assessing eligibility under this chapter shall be as simple as practicable;

(19) Subject to appropriations necessary to recruit and train such staff, the family support division shall provide one or more full-time, permanent eligibility specialists to process applications for MO HealthNet benefits at the site of a health care provider, if the health care provider requests the placement of such eligibility specialists and reimburses the division for the expenses including but not limited to salaries, benefits, travel, training, telephone, supplies, and equipment of such eligibility specialists. The division may provide a health care provider with a part-time or temporary eligibility specialist at the site of a health care provider if the health care

provider requests the placement of such an eligibility specialist and reimburses the division for the expenses, including but not limited to the salary, benefits, travel, training, telephone, supplies, and equipment, of such an eligibility specialist. The division may seek to employ such eligibility specialists who are otherwise qualified for such positions and who are current or former welfare participants. The division may consider training such current or former welfare participants as eligibility specialists for this program;

(20) Pregnant women who are eligible for, have applied for and have received MO HealthNet benefits under subdivision (2), (10), (11) or (12) of this subsection shall continue to be considered eligible for all pregnancy-related and postpartum MO HealthNet benefits provided under section 208.152 until the end of the sixty-day period beginning on the last day of their pregnancy;

(21) Case management services for pregnant women and young children at risk shall be a covered service. To the greatest extent possible, and in compliance with federal law and regulations, the department of health and senior services shall provide case management services to pregnant women by contract or agreement with the department of social services through local health departments organized under the provisions of chapter 192 or chapter 205 or a city health department operated under a city charter or a combined city-county health department or other department of health and senior services designees. To the greatest extent possible the department of social services and the department of health and senior services shall mutually coordinate all services for pregnant women and children with the crippled children's program, the prevention of intellectual disability and developmental disability program and the prenatal care program administered by the department of health and senior services. The department of social services shall by regulation establish the methodology for reimbursement for case management services provided by the department of health and senior services. For purposes of this section, the term "case management" shall mean those activities of local public health personnel to identify prospective MO HealthNet-eligible high-risk mothers and enroll them in the state's MO HealthNet program, refer them to local physicians or local health departments who provide prenatal care under physician protocol and who participate in the MO HealthNet program for prenatal care and to ensure that said high-risk mothers receive support from all private and public programs for which they are eligible and shall not include involvement in any MO HealthNet prepaid, case-managed programs;

(22) By January 1, 1988, the department of social services and the department of health and senior services shall study all significant aspects of presumptive eligibility for pregnant women and submit a joint report on the subject, including projected costs and the time needed for implementation, to the general assembly. The department of social services, at the direction of the general assembly, may implement presumptive eligibility by regulation promulgated pursuant to chapter 207;

(23) All participants who would be eligible for aid to families with dependent children benefits except for the requirements of paragraph (d) of subdivision (1) of section 208.150;

(24) (a) All persons who would be determined to be eligible for old age assistance benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. Section 1396a(f), or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005; except that, on or after July 1, 2005, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), may be used to change the income limit if authorized by annual appropriation;

(b) All persons who would be determined to be eligible for aid to the blind benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. Section 1396a(f), or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005, except that less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), shall be used to raise the income limit to one hundred percent of the federal poverty level;

(c) All persons who would be determined to be eligible for permanent and total disability benefits under the eligibility standards in effect December 31, 1973, as authorized by 42 U.S.C. 1396a(f); or less restrictive methodologies as contained in the MO HealthNet state plan as of January 1, 2005; except that, on or after July 1, 2005, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), may be used to change the income limit if authorized by annual appropriations. Eligibility standards for permanent and total disability benefits shall not be limited by age;

(25) Persons who have been diagnosed with breast or cervical cancer and who are eligible for coverage pursuant to 42 U.S.C. 1396a (a)(10)(A)(ii)(XVIII). Such persons shall be eligible during a period of presumptive eligibility in accordance with 42 U.S.C. 1396r-1;

Section 1396d, or who are within reasonable categories of such adolescents who are under twenty-one years of age as specified by the state, are eligible for coverage under 42 U.S.C. Section 1396a (a)(10)(A)(ii)(XVII) without regard to income or assets**] in foster care under the responsibility of the state of Missouri on the date such persons attain the age of eighteen years, or at any time during the thirty-day period preceding their eighteenth birthday, without regard to income or assets, if such persons:**

(b) Are not eligible for coverage under another mandatory coverage group; and

(c) Were covered by Medicaid while they were in foster care.

2. Rules and regulations to implement this section shall be promulgated in accordance with **[**section 431.064 and**]** chapter 536. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

3. After December 31, 1973, and before April 1, 1990, any family eligible for assistance pursuant to 42 U.S.C. 601, et seq., as amended, in at least three of the last six months immediately preceding the month in which such family became ineligible for such assistance because of increased income from employment shall, while a member of such family is employed, remain eligible for MO HealthNet benefits for four calendar months following the month in which such family would otherwise be determined to be ineligible for such assistance because of income and resource limitation. After April 1, 1990, any family receiving aid pursuant to 42 U.S.C. 601, et seq., as amended, in at least three of the six months immediately preceding the month in which such family becomes ineligible for such aid, because of hours of employment or income from employment of the caretaker relative, shall remain eligible for MO HealthNet benefits for six calendar months following the month of such ineligibility as long as such family includes a child as provided in 42 U.S.C. 1396r-6. Each family which has received such medical assistance during the entire six-month period described in this section and which meets reporting requirements and income tests established by the division and continues to include a child as provided in 42 U.S.C. 1396r-6 shall receive MO HealthNet benefits without fee for an additional six months. The MO HealthNet division may provide by rule and as authorized by annual appropriation the scope of MO HealthNet coverage to be granted to such families.

4. When any individual has been determined to be eligible for MO HealthNet benefits, such medical assistance will be made available to him or her for care and services furnished in or after the third month before the month in which he made application for such assistance if such individual was, or upon application would have been, eligible for such assistance at the time

such care and services were furnished; provided, further, that such medical expenses remain unpaid.

5. The department of social services may apply to the federal Department of Health and Human Services for a MO HealthNet waiver amendment to the Section 1115 demonstration waiver or for any additional MO HealthNet waivers necessary not to exceed one million dollars in additional costs to the state, unless subject to appropriation or directed by statute, but in no event shall such waiver applications or amendments seek to waive the services of a rural health clinic or a federally qualified health center as defined in 42 U.S.C. 1396d(l)(1) and (2) or the payment requirements for such clinics and centers as provided in 42 U.S.C. 1396a(a)(15) and 1396a(bb) unless such waiver application is approved by the oversight committee created in section 208.955. A request for such a waiver so submitted shall only become effective by executive order not sooner than ninety days after the final adjournment of the session of the general assembly to which it is submitted, unless it is disapproved within sixty days of its submission to a regular session by a senate or house resolution adopted by a majority vote of the respective elected members thereof, unless the request for such a waiver is made subject to appropriation or directed by statute.

6. Notwithstanding any other provision of law to the contrary, in any given fiscal year, any persons made eligible for MO HealthNet benefits under subdivisions (1) to (22) of subsection 1 of this section shall only be eligible if annual appropriations are made for such eligibility. This subsection shall not apply to classes of individuals listed in 42 U.S.C. Section 1396a(a)(10)(A)(i).

208.152. MEDICAL SERVICES FOR WHICH PAYMENT WILL BE MADE — CO-PAYMENTS MAY BE REQUIRED — REIMBURSEMENT FOR SERVICES. — 1. MO HealthNet payments shall be made on behalf of those eligible needy persons as defined in section 208.151 who are unable to provide for it in whole or in part, with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Inpatient hospital services, except to persons in an institution for mental diseases who are under the age of sixty-five years and over the age of twenty-one years; provided that the MO HealthNet division shall provide through rule and regulation an exception process for coverage of inpatient costs in those cases requiring treatment beyond the seventy-fifth percentile professional activities study (PAS) or the MO HealthNet children's diagnosis length-of-stay schedule; and provided further that the MO HealthNet division shall take into account through its payment system for hospital services the situation of hospitals which serve a disproportionate number of low-income patients;

(2) All outpatient hospital services, payments therefor to be in amounts which represent no more than eighty percent of the lesser of reasonable costs or customary charges for such services, determined in accordance with the principles set forth in Title XVIII A and B, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C. 301, et seq.), but the MO HealthNet division may evaluate outpatient hospital services rendered under this section and deny payment for services which are determined by the MO HealthNet division not to be medically necessary, in accordance with federal law and regulations;

(3) Laboratory and X-ray services;

(4) Nursing home services for participants, except to persons with more than five hundred thousand dollars equity in their home or except for persons in an institution for mental diseases who are under the age of sixty-five years, when residing in a hospital licensed by the department of health and senior services or a nursing home licensed by the department of health and senior services or appropriate licensing authority of other states or government-owned and -operated institutions which are determined to conform to standards equivalent to licensing requirements in Title XIX of the federal Social Security Act (42 U.S.C. 301, et seq.), as amended, for nursing facilities. The MO HealthNet division may recognize through its payment methodology for nursing facilities those nursing facilities which serve a high volume of MO HealthNet patients.

The MO HealthNet division when determining the amount of the benefit payments to be made on behalf of persons under the age of twenty-one in a nursing facility may consider nursing facilities furnishing care to persons under the age of twenty-one as a classification separate from other nursing facilities;

(5) Nursing home costs for participants receiving benefit payments under subdivision (4) of this subsection for those days, which shall not exceed twelve per any period of six consecutive months, during which the participant is on a temporary leave of absence from the hospital or nursing home, provided that no such participant shall be allowed a temporary leave of absence unless it is specifically provided for in his plan of care. As used in this subdivision, the term "temporary leave of absence" shall include all periods of time during which a participant is away from the hospital or nursing home overnight because he is visiting a friend or relative;

(6) Physicians' services, whether furnished in the office, home, hospital, nursing home, or elsewhere;

(14) Personal care services which are medically oriented tasks having to do with a person's physical requirements, as opposed to housekeeping requirements, which enable a person to be treated by his physician on an outpatient rather than on an inpatient or residential basis in a hospital, intermediate care facility, or skilled nursing facility. Personal care services shall be rendered by an individual not a member of the participant's family who is qualified to provide such services where the services are prescribed by a physician in accordance with a plan of treatment and are supervised by a licensed nurse. Persons eligible to receive personal care services shall be those persons who would otherwise require placement in a hospital, intermediate care facility, or skilled nursing facility. Benefits payable for personal care services shall not exceed for any one participant one hundred percent of the average statewide charge for care and treatment in an intermediate care facility for a comparable period of time. Such services, when delivered in a residential care facility or assisted living facility licensed under chapter 198 shall be authorized on a tier level based on the services the resident requires and the frequency

The rate paid to providers for each tier of service shall be set subject to appropriations. Such mental health services shall include:

The agreement shall establish a mechanism for the joint implementation of the provisions of this subdivision. In addition, the agreement shall establish a mechanism by which rates for services may be jointly developed;

(a) The provisions of this subdivision shall apply only if:

a. The occupancy rate of the nursing home is at or above ninety-seven percent of MO HealthNet certified licensed beds, according to the most recent quarterly census provided to the department of health and senior services which was taken prior to when the participant is admitted to the hospital; and

(d) The provisions of this subdivision shall not apply unless the nursing home receives notice from the participant or the participant's responsible party that the participant intends to return to the nursing home following the hospital stay. The MO HealthNet division shall, by July 1, 2008, provide to the general assembly a four-year plan to achieve parity with Medicare reimbursement rates and for third-party payor average dental reimbursement rates. Such plan shall be subject to appropriation and the division shall include in its annual budget request to the governor the necessary funding needed to complete the four-year plan developed under this subdivision.

2. Additional benefit payments for medical assistance shall be made on behalf of those eligible needy children, pregnant women and blind persons with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the division of medical services, unless otherwise hereinafter provided, for the following:

The rate of reimbursement paid by the MO HealthNet division to the hospice provider for room and board furnished by a nursing home to an eligible hospice patient shall not be less than ninety-five percent of the rate of reimbursement which would have been paid for facility services in that nursing home facility for that patient, in accordance with subsection (c) of Section 6408 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

(6) Comprehensive day rehabilitation services beginning early posttrauma as part of a coordinated system of care for individuals with disabling impairments. Rehabilitation services must be based on an individualized, goal-oriented, comprehensive and coordinated treatment plan developed, implemented, and monitored through an interdisciplinary assessment designed to restore an individual to optimal level of physical, cognitive, and behavioral function. The MO HealthNet division shall establish by administrative rule the definition and criteria for designation of a comprehensive day rehabilitation service facility, benefit limitations and payment mechanism. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this subdivision shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028.

This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2005, shall be invalid and void.

3. The MO HealthNet division may require any participant receiving MO HealthNet benefits to pay part of the charge or cost until July 1, 2008, and an additional payment after July 1, 2008, as defined by rule duly promulgated by the MO HealthNet division, for all covered services except for those services covered under subdivisions (14) and (15) of subsection 1 of this section and sections 208.631 to 208.657 to the extent and in the manner authorized by Title XIX of the federal Social Security Act (42 U.S.C. 1396, et seq.) and regulations thereunder. A provider of goods or services described under this section must collect from all participants the additional payment that may be required by the MO HealthNet division under authority granted herein, if the division exercises that authority, to remain eligible as a provider. Any payments made by participants under this section shall be in addition to and not in lieu of payments made by the state for goods or services described herein except the participant portion of the pharmacy professional dispensing fee shall be in addition to and not in lieu of payments to pharmacists. A provider may collect the co-payment at the time a service is provided or at a later date. A provider shall not refuse to provide a service if a participant is unable to pay a required payment. If it is the routine business practice of a provider to terminate future services to an individual with an unclaimed debt, the provider may include uncollected co-payments under this practice. Providers who elect not to undertake the provision of services based on a history of bad debt shall give participants advance notice and a reasonable opportunity for payment. A provider, representative, employee, independent contractor, or agent of a pharmaceutical manufacturer shall not make co-payment for a participant. This subsection shall not apply to other qualified children, pregnant women, or blind persons. The department of social services shall inform providers regarding the acceptability of denying services as the result of unpaid co-payments.

4. The MO HealthNet division shall have the right to collect medication samples from participants in order to maintain program integrity.

5. Reimbursement for obstetrical and pediatric services under subdivision (6) of subsection 1 of this section shall be timely and sufficient to enlist enough health care providers so that care and services are available under the state plan for MO HealthNet benefits at least to the extent that such care and services are available to the general population in the geographic area, as required under subparagraph (a)(30)(A) of 42 U.S.C. 1396a and federal regulations promulgated thereunder.

9. Reimbursement rates to long-term care providers with respect to a total change in ownership, at arm's length, for any facility previously licensed and certified for participation in the MO HealthNet program shall not increase payments in excess of the increase that would result from the application of Section 1902 (a)(13)(c) of the Social Security Act, 42 U.S.C. 1396a (a)(13)(c).

After an investigation and a determination has been made to place a person's name on the employee disqualification list, that person shall be notified in writing mailed to his or her last known address that:

(1) An allegation has been made against the person, the substance of the allegation and that an investigation has been conducted which tends to substantiate the allegation;

(2) The person's name will be included in the employee disqualification list of the department;

(3) The consequences of being so listed including the length of time to be listed; and

(4) The person's rights and the procedure to challenge the allegation.

2. If no reply has been received within thirty days of mailing the notice, the department may include the name of such person on its list. The length of time the person's name shall appear on the employee disqualification list shall be determined by the director or the director's designee, based upon the criteria contained in subsection 9 of this section.

3. If the person so notified wishes to challenge the allegation, such person may file an application for a hearing with the department. The department shall grant the application within thirty days after receipt by the department and set the matter for hearing, or the department shall notify the applicant that, after review, the allegation has been held to be unfounded and the applicant's name will not be listed.

4. If a person's name is included on the employee disqualification list without the department providing notice as required under subsection 1 of this section, such person may file a request with the department for removal of the name or for a hearing. Within thirty days after receipt of the request, the department shall either remove the name from the list or grant a hearing and set a date therefor.

5. Any hearing shall be conducted in the county of the person's residence by the director of the department or the director's designee. The provisions of chapter 536 for a contested case except those provisions or amendments which are in conflict with this section shall apply to and govern the proceedings contained in this section and the rights and duties of the parties involved. Such conditions of employment may include, but are not limited to, additional training and employee counseling. Conditional employment shall terminate upon the expiration of the designated length of time and the person's submitting documentation which fulfills the department of health and senior services' requirements.

10. The removal of any person's name from the list under this section shall not prevent the director from keeping records of all acts finally determined to have occurred under this section.

137.095. CORPORATE PROPERTY, WHERE TAXED — TRACTORS AND TRAILERS. — 1. The real and tangible personal property of all corporations operating in any county in the state

of Missouri and in the city of St. Louis, and subject to assessment by county or township assessors, shall be assessed and taxed in the county in which the property is situated on the first day of January of the year for which the taxes are assessed, and every general or business corporation having or owning tangible personal property on the first day of January in each year, which is situated in any other county than the one in which the corporation is located, shall make return to the assessor of the county or township where the property is situated, in the same manner as other tangible personal property is required by law to be returned, except that all motor vehicles which are the property of the corporation and which are subject to regulation under chapter 390 shall be assessed for tax purposes in the county in which the motor vehicles are based.

301.140. The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days. As used in this subsection, the term "trade-in motor vehicle or trailer" shall include any single motor vehicle or trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are still valid.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, if the motor vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that originally registered. When such motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, applicant shall pay a transfer fee of two dollars and a pro rata portion for the difference in fees. When such vehicle is of less horsepower, gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, applicant shall not be entitled to a refund.

3. License plates may be transferred from a motor vehicle which will no longer be operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two dollars if the newly purchased vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that of the vehicle which will no longer be operated. When the newly purchased motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars and a pro rata portion of the difference in fees. When the newly

purchased vehicle is of less horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

4. The director of the department of revenue shall have authority to produce or allow others to produce a weather resistant, nontearing temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days from the date of purchase. The temporary permit authorized under this section may be purchased by the purchaser of a motor vehicle or trailer from the central office of the department of revenue or from an authorized agent of the department of revenue upon proof of purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer and upon proof of financial responsibility, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer, or from a motor vehicle dealer upon purchase of a motor vehicle or trailer for which the buyer has registered and is awaiting receipt of registration plates. The director of the department of revenue or a producer authorized by the director of the department of revenue may make temporary permits available to registered dealers in this state, authorized agents of the department of revenue or the department of revenue. The price paid by a motor vehicle dealer, an authorized agent of the department of revenue or the department of revenue for a temporary permit shall not exceed five dollars for each permit. The director of the department of revenue shall direct motor vehicle dealers and authorized agents to obtain temporary permits from an authorized producer. Amounts received by the director of the department of revenue for temporary permits shall constitute state revenue; however, amounts received by an authorized producer other than the director of the department of revenue shall not constitute state revenue and any amounts received by motor vehicle dealers or authorized agents for temporary permits purchased from a producer other than the director of the department of revenue shall not constitute state revenue. In no event shall revenues from the general revenue fund or any other state fund be utilized to compensate motor vehicle dealers or other producers for their role in producing temporary permits as authorized under this section. Amounts that do not constitute state revenue under this section shall also not constitute fees for registration or certificates of title to be collected by the director of the department of revenue under section 301.190. No motor vehicle dealer, authorized agent or the department of revenue shall charge more than five dollars for each permit issued. The permit shall be valid for a period of thirty days from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a motor vehicle dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility. Each temporary permit issued shall be securely fastened to the back or rear of the motor vehicle in a manner and place on the motor vehicle consistent with registration plates so that all parts and qualities of the temporary permit thereof shall be plainly and clearly visible, reasonably clean and are not impaired in any way.

5. The permit shall be issued on a form prescribed by the director of the department of revenue and issued only for the applicant's temporary operation of the motor vehicle or trailer purchased to enable the applicant to temporarily operate the motor vehicle while proper title and registration plates are being obtained, or while awaiting receipt of registration plates, and shall be displayed on no other motor vehicle. Temporary permits issued pursuant to this section shall not be transferable or renewable and shall not be valid upon issuance of proper registration plates for the motor vehicle or trailer. The director of the department of revenue shall determine the size, material, design, numbering configuration, construction, and color of the permit. The director of the department of revenue, at his or her discretion, shall have the authority to reissue, and thereby extend the use of, a temporary permit previously and legally issued for a motor vehicle or trailer while proper title and registration are being obtained.

6. Every motor vehicle dealer that issues temporary permits shall keep, for inspection by proper officers, an accurate record of each permit issued by recording the permit number, the motor vehicle dealer's number, buyer's name and address, the motor vehicle's year, make, and

manufacturer's vehicle identification number, and the permit's date of issuance and expiration date. Upon the issuance of a temporary permit by either the central office of the department of revenue, a motor vehicle dealer or an authorized agent of the department of revenue, the director of the department of revenue shall make the information associated with the issued temporary permit immediately available to the law enforcement community of the state of Missouri.

7. Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of motor vehicle category, the owner may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit.

8. The provisions of subsections 4, 5, and 6 of this section shall expire July 1, 2019.

9. An additional temporary license plate produced in a manner and of materials determined by the director to be the most cost-effective means of production with a configuration that matches an existing or newly issued plate may be purchased by a motor vehicle owner to be placed in the interior of the vehicle's rear window such that the driver's view out of the rear window is not obstructed and the plate configuration is clearly visible from the outside of the vehicle to serve as the visible plate when a bicycle rack or other item obstructs the view of the actual plate. Such temporary plate is only authorized for use when the matching actual plate is affixed to the vehicle in the manner prescribed in subsection 5 of section 301.130. The fee charged for the temporary plate shall be equal to the fee charged for a temporary permit issued under subsection 4 of this section. Replacement temporary plates authorized in this subsection may be issued as needed upon the payment of a fee equal to the fee charged for a temporary permit under subsection 4 of this section. The newly produced third plate may only be used on the vehicle with the matching plate, and the additional plate shall be clearly recognizable as a third plate and only used for the purpose specified in this subsection.

10. **Notwithstanding the provisions of section 301.127, the director may issue a temporary permit to an individual who possesses a salvage motor vehicle which requires an inspection under subsection 9 of section 301.190. The operation of a salvage motor vehicle for which the permit has been issued shall be limited to the most direct route from the residence, maintenance, or storage facility of the individual in possession of such motor vehicle to the nearest authorized inspection facility and return to the originating location. Notwithstanding any other requirements for the issuance of a temporary permit under this section, an individual obtaining a temporary permit for the purpose of operating a motor vehicle to and from an examination facility as prescribed in this subsection shall also purchase the required motor vehicle examination form which is required to be completed for an examination under subsection 9 of section 301.190 and provide satisfactory evidence that such vehicle has passed a motor vehicle safety inspection for such vehicle as required in section 307.350.**

11. The director of the department of revenue may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.

[11.**]** **12.** The repeal and reenactment of this section shall become effective on the date the department of revenue or a producer authorized by the director of the department of revenue begins producing temporary permits described in subsection 4 of such section, or on July 1, 2013, whichever occurs first. If the director of revenue or a producer authorized by the director

of the department of revenue begins producing temporary permits prior to July 1, 2013, the director of the department of revenue shall notify the revisor of statutes of such fact.

301.193. ABANDONED PROPERTY, TITLING OF, PRIVATELY OWNED REAL ESTATE, PROCEDURE — INABILITY TO OBTAIN NEGOTIABLE TITLE, SALVAGE OR JUNKING CERTIFICATE AUTHORIZED. — 1. Any person who purchases or is the owner of real property on which vehicles, as defined in section 301.010, vessels or watercraft, as defined in section 306.010, or outboard motors, as that term is used in section 306.530, have been abandoned, without the consent of said purchaser or owner of the real property, may apply to the department of revenue for a certificate of title. Any insurer which purchases a vehicle through the claims adjustment process for which the insurer is unable to obtain a negotiable title may make an application to the department of revenue for a salvage certificate of title pursuant to this section. Prior to making application for a certificate of title on a vehicle under this section, the insurer or owner of the real estate shall have the vehicle inspected by law enforcement pursuant to subsection 9 of section 301.190, and shall have law enforcement perform a check in the national crime information center and any appropriate statewide law enforcement computer to determine if the vehicle has been reported stolen and the name and address of the person to whom the vehicle was last titled and any lienholders of record. The insurer or owner or purchaser of the real estate shall, thirty days prior to making application for title, notify any owners or lienholders of record for the vehicle by certified mail that the owner intends to apply for a certificate of title from the director for the abandoned vehicle. The application for title shall be accompanied by:

(1) A statement explaining the circumstances by which the property came into the insurer, owner or purchaser's possession; a description of the property including the year, make, model, vehicle identification number and any decal or license plate that may be affixed to the vehicle; the current location of the property; and the retail value of the property;

(3) A copy of the thirty-day notice and certified mail receipt mailed to any owner and any person holding a valid security interest of record.

2. Upon receipt of the application and supporting documents, the director shall search the records of the department of revenue, or initiate an inquiry with another state, if the evidence presented indicated the property described in the application was registered or titled in another state, to verify the name and address of any owners and any lienholders. If the latest owner or lienholder was not notified the director shall inform the insurer, owner, or purchaser of the real estate of the latest owner and lienholder information so that notice may be given as required by subsection 1 of this section. Any owner or lienholder receiving notification may protest the issuance of title by, within the thirty-day notice period and may file a petition to recover the vehicle, naming the insurer or owner of the real estate and serving a copy of the petition on the director of revenue. The director shall not be a party to such petition but shall, upon receipt of the petition, suspend the processing of any further certificate of title until the rights of all parties to the vehicle are determined by the court. Once all requirements are satisfied the director shall issue one of the following:

(1) An original certificate of title if the vehicle examination certificate, as provided in section 301.190, indicates that the vehicle was not previously in a salvaged condition or rebuilt;

(2) An original certificate of title designated as prior salvage if the vehicle examination certificate as provided in section 301.190 indicates the vehicle was previously in a salvaged condition or rebuilt;

(3) A salvage certificate of title designated with the words "salvage/abandoned property" or junking certificate based on the condition of the property as stated in the inspection report. An insurer purchasing a vehicle through the claims adjustment process under this section shall only be eligible to obtain a salvage certificate of title or junking certificate.

3. Any insurer which purchases a vehicle that is currently titled in Missouri through the claims adjustment process for which the insurer is unable to obtain a negotiable title may make application to the department of revenue for a salvage certificate of title or junking certificate. Such application may be made by the insurer or its designated salvage pool on a form provided by the department and signed under penalty of perjury. The application shall include a declaration that the insurer has made at least two written attempts to obtain the certificate of title, transfer documents, or other acceptable evidence of title, and be accompanied by proof of claims payment from the insurer, evidence that letters were **[**delivered**]** **sent** to the vehicle owner, a statement explaining the circumstances by which the property came into the insurer's possession, a description of the property including the year, make, model, vehicle identification number, and current location of the property, and the fee prescribed in subsection 5 of section 301.190. The insurer shall, thirty days prior to making application for title, notify any owners or lienholders of record for the vehicle that the insurer intends to apply for a certificate of title from the director for the vehicle. Upon receipt of the application and supporting documents, the director shall search the records of the department of revenue to verify the name and address of any owners and any lienholders. **[**After thirty days from receipt of the application,**]** **If the director identifies any additional owner or lienholder who has not been notified by the insurer, the director shall inform the insurer of such additional owner or lienholder and the insurer shall notify the additional owner or lienholder of the insured's intent to obtain title as prescribed in this section.** If no valid lienholders have notified the department of the existence of a lien, the department shall issue a salvage certificate of title or junking certificate for the vehicle in the name of the insurer.

301.642. PURCHASE OF MOTOR VEHICLES AND TRAILERS THROUGH CLAIMS ADJUSTMENT PROCESS BY INSURERS, PROCEDURE, REQUIREMENTS. — Any insurer which purchases a motor vehicle or trailer through the claims adjustment process for which there is a valid lien or encumbrance perfected under sections 301.600 to 301.640 may, as an alternative to obtaining a lien release under section 301.640, apply for a salvage certificate of title or junking certificate on such motor vehicle or trailer by following the procedures in this section. The insurer may request a letter of guarantee from the lienholder containing a description of the motor vehicle or trailer, including the vehicle identification number, and indicating the amount payable by the insurer to the lienholder in order to release the lien. Upon receipt from the lienholder of such letter of guarantee, the insurer may, within ten days of such receipt, remit payment to the lienholder in accordance with the letter of guarantee, and, if such payment satisfies the lien amount indicated in the letter of guarantee to release the lien, the lienholder shall provide proof of satisfaction to the insurer. This procedure shall be followed for each lienholder indicated on the certificate of ownership for the motor vehicle or trailer. Such letter of guarantee and corresponding proof of payment need not be notarized and may be immediately transmitted electronically. The insurer may then submit proof of such payments, a copy of each letter of guarantee, and the title for such motor vehicle or trailer to the department of revenue. The department shall accept such documents in lieu of a lien release and process the insurer's application.

[301.140. PLATES REMOVED ON TRANSFER OR SALE OF VEHICLES — USE BY PURCHASER — REREGISTRATION — USE OF DEALER PLATES — TEMPORARY PERMITS, FEES — CREDIT, WHEN — EXPIRATION DATE, CERTAIN SUBSECTIONS — ADDITIONAL TEMPORARY LICENSE PLATE MAY BE PURCHASED, WHEN — SALVAGE VEHICLES, TEMPORARY PERMITS. — 1. Upon the transfer of ownership of any motor vehicle or trailer, the certificate of registration and the right to use the number plates shall expire and the number plates shall be removed by the owner at the time of the transfer of possession, and it shall be unlawful for any person other than the person to

whom such number plates were originally issued to have the same in his or her possession whether in use or not, unless such possession is solely for charitable purposes; except that the buyer of a motor vehicle or trailer who trades in a motor vehicle or trailer may attach the license plates from the traded-in motor vehicle or trailer to the newly purchased motor vehicle or trailer. The operation of a motor vehicle with such transferred plates shall be lawful for no more than thirty days. As used in this subsection, the term "trade-in motor vehicle or trailer" shall include any single motor vehicle or trailer sold by the buyer of the newly purchased vehicle or trailer, as long as the license plates for the trade-in motor vehicle or trailer are still valid.

2. In the case of a transfer of ownership the original owner may register another motor vehicle under the same number, upon the payment of a fee of two dollars, if the motor vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that originally registered. When such motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, applicant shall pay a transfer fee of two dollars and a pro rata portion for the difference in fees. When such vehicle is of less horsepower, gross weight or (in case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, applicant shall not be entitled to a refund.

3. License plates may be transferred from a motor vehicle which will no longer be operated to a newly purchased motor vehicle by the owner of such vehicles. The owner shall pay a transfer fee of two dollars if the newly purchased vehicle is of horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, not in excess of that of the vehicle which will no longer be operated. When the newly purchased motor vehicle is of greater horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a greater fee is prescribed, the applicant shall pay a transfer fee of two dollars and a pro rata portion of the difference in fees. When the newly purchased vehicle is of less horsepower, gross weight or (in the case of a passenger-carrying commercial motor vehicle) seating capacity, for which a lesser fee is prescribed, the applicant shall not be entitled to a refund.

4. Upon the sale of a motor vehicle or trailer by a dealer, a buyer who has made application for registration, by mail or otherwise, may operate the same for a period of thirty days after taking possession thereof, if during such period the motor vehicle or trailer shall have attached thereto, in the manner required by section 301.130, number plates issued to the dealer. Upon application and presentation of proof of financial responsibility as required under subsection 5 of this section and satisfactory evidence that the buyer has applied for registration, a dealer may furnish such number plates to the buyer for such temporary use. In such event, the dealer shall require the buyer to deposit the sum of ten dollars and fifty cents to be returned to the buyer upon return of the number plates as a guarantee that said buyer will return to the dealer such number plates within thirty days. The director shall issue a temporary permit authorizing the operation of a motor vehicle or trailer by a buyer for not more than thirty days of the date of purchase.

5. The temporary permit shall be made available by the director of revenue and may be purchased from the department of revenue upon proof of purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer and upon proof of financial responsibility, or from a dealer upon purchase of a motor vehicle or trailer for which the buyer has no registration plate available for transfer. The director shall make temporary permits available to registered dealers in this state or authorized agents of the department of revenue in sets of ten permits. The fee for the temporary permit shall be seven dollars and fifty cents for each permit or plate

issued. No dealer or authorized agent shall charge more than seven dollars and fifty cents for each permit issued. The permit shall be valid for a period of thirty days from the date of purchase of a motor vehicle or trailer, or from the date of sale of the motor vehicle or trailer by a dealer for which the purchaser obtains a permit as set out above. No permit shall be issued for a vehicle under this section unless the buyer shows proof of financial responsibility.

6. The permit shall be issued on a form prescribed by the director and issued only for the applicant's use in the operation of the motor vehicle or trailer purchased to enable the applicant to legally operate the vehicle while proper title and registration plate are being obtained, and shall be displayed on no other vehicle. Temporary permits issued pursuant to this section shall not be transferable or renewable and shall not be valid upon issuance of proper registration plates for the motor vehicle or trailer. The director shall determine the size and numbering configuration, construction, and color of the permit.

7. The dealer or authorized agent shall insert the date of issuance and expiration date, year, make, and manufacturer's number of vehicle on the permit when issued to the buyer. The dealer shall also insert such dealer's number on the permit. Every dealer that issues a temporary permit shall keep, for inspection of proper officers, a correct record of each permit issued by recording the permit or plate number, buyer's name and address, year, make, manufacturer's vehicle identification number on which the permit is to be used, and the date of issuance.

8. Upon the transfer of ownership of any currently registered motor vehicle wherein the owner cannot transfer the license plates due to a change of vehicle category, the owner may surrender the license plates issued to the motor vehicle and receive credit for any unused portion of the original registration fee against the registration fee of another motor vehicle. Such credit shall be granted based upon the date the license plates are surrendered. No refunds shall be made on the unused portion of any license plates surrendered for such credit.

9. An additional temporary license plate produced in a manner and of materials determined by the director to be the most cost-effective means of production with a configuration that matches an existing or newly issued plate may be purchased by a motor vehicle owner to be placed in the interior of the vehicle's rear window such that the driver's view out of the rear window is not obstructed and the plate configuration is clearly visible from the outside of the vehicle to serve as the visible plate when a bicycle rack or other item obstructs the view of the actual plate. Such temporary plate is only authorized for use when the matching actual plate is affixed to the vehicle in the manner prescribed in subsection 5 of section 301.130. The fee charged for the temporary plate shall be equal to the fee charged for a temporary permit issued under subsection 5 of this section. Replacement temporary plates authorized in this subsection may be issued as needed upon the payment of a fee equal to the fee charged for a temporary permit under subsection 5 of this section. The newly produced third plate may only be used on the vehicle with the matching plate, and the additional plate shall be clearly recognizable as a third plate and only used for the purpose specified in this subsection.

10. The director may promulgate all necessary rules and regulations for the administration of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are

subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2012, shall be invalid and void.**]**

193.145. DEATH CERTIFICATE — ELECTRONIC SYSTEM — CONTENTS, FILING, LOCALE, DUTIES OF CERTAIN PERSONS, TIME ALLOWED — CERTIFICATE MARKED PRESUMPTIVE, WHEN. — 1. A certificate of death for each death which occurs in this state shall be filed with the local registrar, or as otherwise directed by the state registrar, within five days after death and shall be registered if such certificate has been completed and filed pursuant to this section. All data providers in the death registration process, including, but not limited to, the state registrar, local registrars, the state medical examiner, county medical examiners, coroners, funeral directors or persons acting as such, embalmers, sheriffs, attending physicians and resident physicians, and the chief medical officers of licensed health care facilities, and other public or private institutions providing medical care, treatment, or confinement to persons, shall be required to use and utilize any electronic death registration system required and adopted under subsection 1 of section 193.265 within six months of the system being certified by the director of the department of health and senior services, or the director's designee, to be operational and available to all data providers in the death registration process. **However, should the person or entity that certifies the cause of death not be part of, or does not use, the electronic death**

registration system, the funeral director or person acting as such may enter the required personal data into the electronic death registration system and then complete the filing by presenting the signed cause of death certification to the local registrar, in which case the local registrar shall issue death certificates as set out in subsection 2 of section 193.265. Nothing in this section shall prevent the state registrar from adopting pilot programs or voluntary electronic death registration programs until such time as the system can be certified; however, no such pilot or voluntary electronic death registration program shall prevent the filing of a death certificate with the local registrar or the ability to obtain certified copies of death certificates under subsection 2 of section 193.265 until six months after such certification that the system is operational.

2. If the place of death is unknown but the dead body is found in this state, the certificate of death shall be completed and filed pursuant to the provisions of this section. The place where the body is found shall be shown as the place of death. The date of death shall be the date on which the remains were found.

3. When death occurs in a moving conveyance in the United States and the body is first removed from the conveyance in this state, the death shall be registered in this state and the place where the body is first removed shall be considered the place of death. When a death occurs on a moving conveyance while in international waters or air space or in a foreign country or its air space and the body is first removed from the conveyance in this state, the death shall be registered in this state but the certificate shall show the actual place of death if such place may be determined.

4. The funeral director or person in charge of final disposition of the dead body shall file the certificate of death. The funeral director or person in charge of the final disposition of the dead body shall obtain or verify:

(1) The personal data from the next of kin or the best qualified person or source available; and

(2) The medical certification from the person responsible for such certification.

5. The medical certification shall be completed, attested to its accuracy either by signature or an electronic process approved by the department, and returned to the funeral director or person in charge of final disposition within seventy-two hours after death by the physician in charge of the patient's care for the illness or condition which resulted in death. In the absence of the physician or with the physician's approval the certificate may be completed and attested to its accuracy either by signature or an approved electronic process by the physician's associate physician, the chief medical officer of the institution in which death occurred, or the physician who performed an autopsy upon the decedent, provided such individual has access to the medical history of the case, views the deceased at or after death and death is due to natural causes. The state registrar may approve alternate methods of obtaining and processing the medical certification and filing the death certificate. The Social Security number of any individual who has died shall be placed in the records relating to the death and recorded on the death certificate.

6. When death occurs from natural causes more than thirty-six hours after the decedent was last treated by a physician, the case shall be referred to the county medical examiner or coroner or physician or local registrar for investigation to determine and certify the cause of death. If the death is determined to be of a natural cause, the medical examiner or coroner or local registrar shall refer the certificate of death to the attending physician for such physician's certification. If the attending physician refuses or is otherwise unavailable, the medical examiner or coroner or local registrar shall attest to the accuracy of the certificate of death either by signature or an approved electronic process within thirty-six hours.

7. If the circumstances suggest that the death was caused by other than natural causes, the medical examiner or coroner shall determine the cause of death and shall complete and attest to the accuracy either by signature or an approved electronic process the medical certification within seventy-two hours after taking charge of the case.

8. If the cause of death cannot be determined within seventy-two hours after death, the attending medical examiner or coroner or attending physician or local registrar shall give the funeral director, or person in charge of final disposition of the dead body, notice of the reason for the delay, and final disposition of the body shall not be made until authorized by the medical examiner or coroner, attending physician or local registrar.

9. When a death is presumed to have occurred within this state but the body cannot be located, a death certificate may be prepared by the state registrar upon receipt of an order of a court of competent jurisdiction which shall include the finding of facts required to complete the death certificate. Such a death certificate shall be marked "Presumptive", show on its face the date of registration, and identify the court and the date of decree.

(1) Disposing the remains in accordance with the cremation contract, except if otherwise prohibited by law;

(2) Delivering the remains to or as directed by another licensed funeral establishment which contracted for the cremation;

(3) Delivering the remains to or as directed by the person who contracted for the cremation; or

SECTION A. ENACTING CLAUSE. — Sections 632.480, 632.498 and 632.505, RSMo, are repealed and three new sections enacted in lieu thereof, to be known as sections 632.480, 632.498 and 632.505, to read as follows:

632.480. DEFINITIONS. — As used in sections 632.480 to 632.513, the following terms mean:

(1) "Agency with jurisdiction", the department of corrections or the department of mental health;

(2) "Mental abnormality", a congenital or acquired condition affecting the emotional or volitional capacity which predisposes the person to commit sexually violent offenses in a degree constituting such person a menace to the health and safety of others;

(3) "Predatory", acts directed towards individuals, including family members, for the primary purpose of victimization;

(4) "Sexually violent offense", the felonies of forcible rape, rape, statutory rape in the first degree, forcible sodomy, sodomy, statutory sodomy in the first degree, or an attempt to commit any of the preceding crimes, or child molestation in the first or second degree, sexual abuse,

(5) "Sexually violent predator", any person who suffers from a mental abnormality which makes the person more likely than not to engage in predatory acts of sexual violence if not confined in a secure facility and who:

(a) Has pled guilty or been found guilty, or been found not guilty by reason of mental disease or defect pursuant to section 552.030 of a sexually violent offense; or

(b) Has been committed as a criminal sexual psychopath pursuant to section 632.475 and statutes in effect before August 13, 1980.

632.498. ANNUAL EXAMINATION OF MENTAL CONDITION, NOT REQUIRED, WHEN — ANNUAL REVIEW BY THE COURT — PETITION FOR RELEASE, HEARING, PROCEDURES (WHEN DIRECTOR DISAPPROVES). — 1. Each person committed pursuant to sections 632.480 to 632.513 shall have a current examination of the person's mental condition made once every year by the director of the department of mental health or designee. The yearly report shall be provided to the court that committed the person pursuant to sections 632.480 to 632.513. The court shall conduct an annual review of the status of the committed person. The court shall not conduct an annual review of a person's status if he or she has been conditionally released pursuant to section 632.505.

2. Nothing contained in sections 632.480 to 632.513 shall prohibit the person from otherwise petitioning the court for release. The director of the department of mental health shall provide the committed person who has not been conditionally released with an annual written notice of the person's right to petition the court for release over the director's objection. The notice shall contain a waiver of rights. The director shall forward the notice and waiver form to the court with the annual report.

3. If the committed person petitions the court for conditional release over the director's objection, the petition shall be served upon the court that committed the person, the **prosecuting attorney of the jurisdiction into which the committed person is to be released, the** director of the department of mental health, the head of the facility housing the person, and the attorney general.

4. The committed person shall have a right to have an attorney represent the person at the hearing but the person is not entitled to be present at the hearing. If the court at the hearing determines by a preponderance of the evidence that the person no longer suffers from a mental abnormality that makes the person likely to engage in acts of sexual violence if released, then the court shall set a trial on the issue.

5. The trial shall be governed by the following provisions:

(1) The committed person shall be entitled to be present and entitled to the benefit of all constitutional protections that were afforded the person at the initial commitment proceeding;

(2) The attorney general shall represent the state and shall have a right to a jury trial and to have the committed person evaluated by a psychiatrist or psychologist not employed by the department of mental health or the department of corrections. In addition, the person may be examined by a consenting psychiatrist or psychologist of the person's choice at the person's own expense;

(3) The burden of proof at the trial shall be upon the state to prove by clear and convincing evidence that the committed person's mental abnormality remains such that the person is not safe to be at large and if released is likely to engage in acts of sexual violence. If such determination is made by a jury, the verdict must be unanimous;

(4) If the court or jury finds that the person's mental abnormality remains such that the person is not safe to be at large and if released is likely to engage in acts of sexual violence, the person shall remain in the custody of the department of mental health in a secure facility designated by the director of the department of mental health. If the court or jury finds that the person's mental abnormality has so changed that the person is not likely to commit acts of sexual violence if released, the person shall be conditionally released as provided in section 632.505.

632.505. CONDITIONAL RELEASE — INTERAGENCY AGREEMENTS FOR SUPERVISION, PLAN — COURT REVIEW OF PLAN, ORDER, CONDITIONS — COPY OF ORDER — CONTINUING CONTROL AND CARE — MODIFICATIONS — VIOLATIONS — AGREEMENTS WITH PRIVATE ENTITIES — FEE, RULEMAKING AUTHORITY — ESCAPE — NOTIFICATION TO LOCAL LAW ENFORCEMENT, WHEN. — 1. Upon determination by a court or jury that the person's mental abnormality has so changed that the person is not likely to commit acts of sexual violence if released, the court shall place the person on conditional release pursuant to the terms of this section. The primary purpose of conditional release is to provide outpatient treatment and monitoring to prevent the person's condition from deteriorating to the degree that the person would need to be returned to a secure facility designated by the director of the department of mental health.

2. The department of mental health is authorized to enter into an interagency agreement with the department of corrections for the supervision of persons granted a conditional release by the court. In conjunction with the department of corrections, the department of mental health shall develop a conditional release plan which contains appropriate conditions for the person to be released. The plan shall address the person's need for supervision, counseling, medication, community support services, residential services, vocational services, and alcohol and drug treatment. The department of mental health shall submit the proposed plan for conditional release to the court.

3. The court shall review the plan and determine the conditions that it deems necessary to meet the person's need for treatment and supervision and to protect the safety of the public. The court shall order that the person shall be subject to the following conditions and other conditions as deemed necessary:

(1) Maintain a residence approved by the department of mental health and not change residence unless approved by the department of mental health;

(2) Maintain employment unless engaged in other structured activity approved by the department of mental health;

(11) Not possess material that is pornographic, sexually oriented, or sexually stimulating;

(12) Not enter a business providing sexually stimulating or sexually oriented entertainment;

(13) Submit to a polygraph, plethysmograph, or other electronic or behavioral monitoring or assessment;

(14) Submit to electronic monitoring which may be based on a global positioning system or other technology which identifies and records a person's location at all times;

(15) Attend and fully participate in assessment and treatment as directed by the department of mental health;

(16) Take all psychiatric medications as prescribed by a treating physician;

(17) Authorize the department of mental health to access and obtain copies of confidential records pertaining to evaluation, counseling, treatment, and other such records and provide the consent necessary for the release of any such records;

(18) Pay fees to the department of mental health and the department of corrections to cover the costs of services and monitoring;

(19) Report to or appear in person as directed by the department of mental health and the department of corrections, and to follow all directives of such departments;

(20) Comply with any registration requirements under sections 589.400 to 589.425; and

(21) Comply with any other conditions that the court determines to be in the best interest of the person and society.

4. The court shall provide a copy of the order containing the conditions of release to the person, the attorney general, the department of mental health, the head of the facility housing the person, and the department of corrections.

5. A person who is conditionally released and supervised by a probation and parole officer employed by the department of corrections remains under the control, care, and treatment of the department of mental health.

6. The court may modify conditions of release upon its own motion or upon the petition of the department of mental health, the department of corrections, or the person on conditional release.

7. The following provisions shall apply to violations of conditional release:

(1) If any probation and parole officer has reasonable cause to believe that a person on conditional release has violated a condition of release or that the person is no longer a proper subject for conditional release, the officer may issue a warrant for the person's arrest. The warrant shall contain a brief recitation of the facts supporting the officer's belief. The warrant shall direct any peace officer to take the person into custody immediately so that the person can be returned to a secure facility;

(2) If the director of the department of mental health or the director's designee has reasonable cause to believe that a person on conditional release has violated a condition of release or that the person is no longer a proper subject for conditional release, the director or the director's designee may request that a peace officer take the person into custody immediately, or request that a probation and parole officer or the court which ordered the release issue a warrant for the person's arrest so that the person can be returned to a secure facility;

(3) At any time during the period of a conditional release, the court which ordered the release may issue a notice to the released person to appear to answer a charge of a violation of the terms of the release and the court may issue a warrant of arrest for the violation. Such notice shall be personally served upon the released person. The warrant shall authorize the return of the released person to the custody of the court or to the custody of the director of mental health or the director's designee;

(4) No peace officer responsible for apprehending and returning the person to the facility upon the request of the director of the department of mental health or the director's designee or a probation and parole officer shall be civilly liable for apprehending or transporting such person to the facility so long as such duties were performed in good faith and without negligence;

(5) The department of mental health shall promptly notify the court that the person has been apprehended and returned to a secure facility;

(6) Within seven days of the person's return to a secure facility, the department of mental health must either request that the attorney general file a petition to revoke the person's conditional release or continue the person on conditional release;

(7) If a petition to revoke conditional release is filed, the person shall remain in custody until a hearing is held on the petition. The hearing shall be given priority on the court's docket. If upon hearing the evidence, the court finds by preponderance of the evidence that the person has violated a condition of release and that the violation of the condition was sufficient to render the person no longer suitable for conditional release, the court shall revoke the conditional release and order the person returned to a secure facility designated by the director of the department of mental health. If the court determines that revocation is not required, the court may modify or increase the conditions of release or order the person's release on the existing conditions of release;

(8) A person whose conditional release has been revoked may petition the court for subsequent release pursuant to sections 632.498, 632.501, and 632.504 no sooner than six months after the person's return to a secure facility.

8. The department of mental health may enter into agreements with the department of corrections and other departments and may enter into contracts with private entities for the purpose of supervising a person on conditional release.

9. The department of mental health and the department of corrections may require a person on conditional release to pay a reasonable fee to cover the costs of providing services and monitoring while the person is released. Each department may adopt rules with respect to establishing, waiving, collecting, and using fees. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2006, shall be invalid and void.

10. In the event a person on conditional release escapes from custody, the department of mental health shall notify the court, the department of corrections, the attorney general, the chief law enforcement officer of the county or city not within a county from where the person escaped or absconded, and any other persons necessary to protect the safety of the public or to assist in the apprehension of the person. The attorney general shall notify victims and witnesses. Upon receiving such notice, the attorney general shall file escape from commitment charges under section 575.195.

11. When a person who has been granted conditional release under this section is being electronically monitored and remains in the county, city, town, or village where the facility is located that released the person, the department of corrections shall provide, upon request, the chief of the local law enforcement agency of such county, city, town, or village with access to the information gathered by the global positioning system or other technology used to monitor the person. This access shall include, but not be limited to, any user name or password needed to view any real-time or recorded information about the person, and any alert or message generated by the technology. The access shall continue while the person is being electronically monitored and is living in the county, city, town, or village where the facility that released the offender is located. The information obtained by the chief of the local law enforcement agency shall be closed and shall not be disclosed to any person outside the law enforcement agency except upon an order of the court supervising the conditional release.

SECTION B. EMERGENCY CLAUSE. — Because immediate action is necessary to protect the victims of sexual violent offenses the repeal and reenactment of section 632.480 of section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the

constitution, and the repeal and reenactment of section 632.480 of section A of this act shall be in full force and effect upon its passage and approval.

199.270. PROCEEDINGS FOR RELEASE OF PATIENT. — Any time after commitment, the patient **[**or any friend or relative**] or, if incapacitated, the patient's legal guardian, or if a minor, a parent or next of kin** having reason to believe that such patient no longer has contagious tuberculosis or that his **or her** discharge will not endanger public health, may institute proceedings by petition, in the circuit court of the county **[**wherein the confinement exists**] that originally issued the order for commitment**, whereupon the court shall set the matter down for a hearing before **[**him**] the court** within fifteen days requiring the **[**person or persons to whose care the patient was committed**] local public health authority** to show cause on a day certain why the patient should not be released. If the screening test is positive, appropriate evaluation and follow-up shall be done in accordance with such CDC guidelines. This provision shall not be construed to prohibit any institution from establishing requirements for employees or volunteers that exceed those stated in the CDC guidelines.

2. All institutions of higher education in Missouri shall implement a targeted testing program on their campuses for all on-campus students and faculty upon matriculation. If an institution does not have a student health center or similar facility, such person identified by the targeted testing program to be at high risk for latent tuberculosis infection or for developing tuberculosis disease shall be referred to a local public health agency for a course of action consistent with sections 199.170 to 199.350.

3. Any entering student of an institution of higher education in Missouri who does not comply with the targeted testing program shall not be permitted to maintain enrollment in the subsequent semester at such institution.

4. Any rule or portion of a rule, as that term is defined in section 536.010 that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2013, shall be invalid and void.

67.457. ESTABLISHMENT OF NEIGHBORHOOD IMPROVEMENT DISTRICTS — PROCEDURE — NOTICE OF ELECTIONS, CONTENTS — ALTERNATIVES, PETITION, CONTENTS — MAINTENANCE COSTS, ASSESSMENT — RECORDING REQUIREMENTS. — 1. To establish a neighborhood improvement district, the governing body of any city or county shall comply with either of the procedures described in subsection 2 or 3 of this section.

2. The governing body of any city or county proposing to create a neighborhood improvement district may by resolution submit the question of creating such district to all qualified voters residing within such district at a general or special election called for that purpose. Such resolution shall set forth the project name for the proposed improvement, the general nature of the proposed improvement, the estimated cost of such improvement, the boundaries of the proposed neighborhood improvement district to be assessed, and the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year during the term of the bonds issued for the original improvement and after such bonds are paid in full. The governing body of the city or county may create a neighborhood improvement district when the question of creating such district has been approved by the vote of the percentage of electors within such district voting thereon that is equal to the percentage of voter approval required for the issuance of general obligation bonds of such city or county under article VI, section 26 of the constitution of this state. The notice of election containing the question of creating a neighborhood improvement district shall contain the project name for the proposed improvement, the general nature of the proposed improvement, the estimated cost of such improvement, the boundaries of the proposed neighborhood improvement district to be assessed, the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year after the bonds issued for the original improvement are paid in full, and a statement that the final cost of such improvement assessed against real property within the district and the amount of general obligation bonds issued therefor shall not exceed the estimated cost of such improvement, as stated in such notice, by more than twenty-five percent, and that the annual assessment for maintenance costs of the improvements shall not exceed the estimated annual maintenance cost, as stated in such notice, by more than twenty-five percent. The ballot upon which the question of creating a neighborhood improvement district is submitted to the qualified voters residing within the proposed district shall contain a question in substantially the following form:

Shall ..... (name of city or county) be authorized to create a neighborhood improvement district proposed for the ..... (project name for the proposed improvement) and incur indebtedness and issue general obligation bonds to pay for all or part of the cost of public improvements within such district, the cost of all indebtedness so incurred to be assessed by the governing body of the ..... (city or county) on the real property benefitted by such improvements for a period of ..... years, and, if included in the resolution, an assessment in each year thereafter with the proceeds thereof used solely for maintenance of the improvement?

3. As an alternative to the procedure described in subsection 2 of this section, the governing body of a city or county may create a neighborhood improvement district when a proper petition has been signed by the owners of record of at least two-thirds by area of all real property located within such proposed district. Each owner of record of real property located in the proposed district is allowed one signature. Any person, corporation, or limited liability partnership owning more than one parcel of land located in such proposed district shall be allowed only one signature on such petition. The petition, in order to become effective, shall be filed with the city clerk or county clerk. A proper petition for the creation of a neighborhood improvement district shall set forth the project name for the proposed improvement, the general nature of the proposed improvement, the estimated cost of such improvement, the boundaries of the proposed neighborhood improvement district to be assessed, the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year during the term of the bonds issued for the original improvement and after such bonds are paid in full, a notice that the names of the signers may not be withdrawn later than seven days after the petition is filed with the city clerk or county clerk, and a notice that the final cost of such improvement assessed against real property within the district and the amount of general obligation bonds issued therefor shall not exceed the estimated cost of such improvement, as stated in such petition, by more than twenty-five percent, and that the annual assessment for maintenance costs of the improvements shall not exceed the estimated annual maintenance cost, as stated in such petition, by more than twenty-five percent.

4. Upon receiving the requisite voter approval at an election or upon the filing of a proper petition with the city clerk or county clerk, the governing body may by resolution or ordinance determine the advisability of the improvement and may order that the district be established and that preliminary plans and specifications for the improvement be made. Such resolution or ordinance shall state and make findings as to the project name for the proposed improvement, the nature of the improvement, the estimated cost of such improvement, the boundaries of the neighborhood improvement district to be assessed, the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year after the bonds issued for the original improvement are paid in full, and shall also state that the final cost of such improvement assessed against the real property within the neighborhood improvement district and the amount of general obligation bonds issued therefor shall not, without a new election or petition, exceed the estimated cost of such improvement by more than twenty-five percent.

5. The boundaries of the proposed district shall be described by metes and bounds, streets or other sufficiently specific description. The area of the neighborhood improvement district finally determined by the governing body of the city or county to be assessed may be less than, but shall not exceed, the total area comprising such district.

6. In any neighborhood improvement district organized prior to August 28, 1994, an assessment may be levied and collected after the original period approved for assessment of property within the district has expired, with the proceeds thereof used solely for maintenance of the improvement, if the residents of the neighborhood improvement district either vote to assess real property within the district for the maintenance costs in the manner prescribed in subsection 2 of this section or if the owners of two-thirds of the area of all real property located within the district sign a petition for such purpose in the same manner as prescribed in subsection 3 of this section.

7. Prior to any assessment hereafter being levied against any real property within any neighborhood improvement district, and prior to any lien enforceable under either chapter 140 or 141 being imposed after August 28, 2013 against any real property within a neighborhood improvement district, the clerk of the governing body establishing the neighborhood improvement district shall cause to be recorded with the recorder of deeds for the county in which any portion of the neighborhood improvement district is located,

a document conforming to the provisions of sections 59.310 and 59.313, and which shall contain at least the following information:

(1) Each owner of record of real property located within the neighborhood improvement district at the time of recording, who shall be identified in the document as grantors and indexed by the recorder pursuant to section 59.440;

(2) The governing body establishing the neighborhood improvement district and the title of any official or agency responsible for collecting or enforcing any assessments, who shall be identified in the document as grantees and so indexed by the recorder pursuant to section 59.440;

(3) The legal description of the property within the neighborhood improvement district which may either be the metes and bounds description authorized in subsection 5 of this section or the legal description of each lot or parcel within the neighborhood improvement district; and

(4) The identifying number of the resolution or ordinance creating the neighborhood improvement district, or a copy of such resolution or ordinance.

67.463. PUBLIC HEARING, PROCEDURE — APPORTIONMENT OF COSTS — SPECIAL ASSESSMENTS, NOTICE — PAYMENT AND COLLECTION OF ASSESSMENTS. — 1. At the hearing to consider the proposed improvements and assessments, the governing body shall hear and pass upon all objections to the proposed improvements and proposed assessments, if any, and may amend the proposed improvements, and the plans and specifications therefor, or assessments as to any property, and thereupon by ordinance or resolution the governing body of the city or county shall order that the improvement be made and direct that financing for the cost thereof be obtained as provided in sections 67.453 to 67.475.

2. After construction of the improvement has been completed in accordance with the plans and specifications therefor, the governing body shall compute the final costs of the improvement and apportion the costs among the property benefitted by such improvement in such equitable manner as the governing body shall determine, charging each parcel of property with its proportionate share of the costs, and by resolution or ordinance, assess the final cost of the improvement or the amount of general obligation bonds issued or to be issued therefor as special assessments against the property described in the assessment roll.

3. After the passage or adoption of the ordinance or resolution assessing the special assessments, the city clerk or county clerk shall mail a notice to each property owner within the district which sets forth a description of each parcel of real property to be assessed which is owned by such owner, the special assessment assigned to such property, and a statement that the property owner may pay such assessment in full, together with interest accrued thereon from the effective date of such ordinance or resolution, on or before a specified date determined by the effective date of the ordinance or resolution, or may pay such assessment in annual installments as provided in subsection 4 of this section.

4. The special assessments shall be assessed upon the property included therein concurrent with general property taxes, and shall be payable in substantially equal annual installments for a duration stated in the ballot measure prescribed in subsection 2 of section 67.457 or in the petition prescribed in subsection 3 of section 67.457, and, if authorized, an assessment in each year thereafter levied and collected in the same manner with the proceeds thereof used solely for maintenance of the improvement, taking into account such assessments and interest thereon, as the governing body determines. The first installment shall be payable after the first collection of general property taxes following the adoption of the assessment ordinance or resolution unless such ordinance or resolution was adopted and certified too late to permit its collection at such time. All assessments shall bear interest at such rate as the governing body determines, not to exceed the rate permitted for bonds by section 108.170. Interest on the assessment between the effective date of the ordinance or resolution assessing the assessment and the date the first installment is payable shall be added to the first installment. The interest for one year on all

unpaid installments shall be added to each subsequent installment until paid. In the case of a special assessment by a city, all of the installments, together with the interest accrued or to accrue thereon, may be certified by the city clerk to the county clerk in one instrument at the same time. Such certification shall be good for all of the installments, and the interest thereon payable as special assessments.

5. Special assessments shall be collected and paid over to the city treasurer or county treasurer in the same manner as taxes of the city or county are collected and paid. In any **county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants and any** county of the first classification with more than one hundred thirty-five thousand four hundred but fewer than one hundred thirty-five thousand five hundred inhabitants, the county collector may collect a fee as prescribed by section 52.260 for collection of assessments under this section.

67.469. ASSESSMENT TREATED AS TAX LIEN, PAYABLE UPON FORECLOSURE. — A special assessment authorized under the provisions of sections 67.453 to 67.475 shall be a lien, from the date of the assessment, on the property against which it is assessed on behalf of the city or county assessing the same to the same extent as a tax upon real property. The lien may be foreclosed in the same manner as a tax upon real property by land tax sale pursuant to chapter 140 or **[**by judicial foreclosure proceeding**]**, **if applicable to that county, chapter 141, or** at the option of the governing body**, by judicial foreclosure proceeding**. Upon the foreclosure of any such lien, whether by land tax sale or by judicial foreclosure proceeding, the entire remaining assessment may become due and payable and may be recoverable in such foreclosure proceeding at the option of the governing body.

67.1521. SPECIAL ASSESSMENTS, PETITION, FUNDS, HOW COLLECTED — ADDED TO ANNUAL REAL ESTATE BILL — SEPARATE FUND REQUIRED, WHEN. — 1. A district may levy by resolution one or more special assessments against real property within its boundaries, upon receipt of and in accordance with a petition signed by:

(1) Owners of real property collectively owning more than fifty percent by assessed value of real property within the boundaries of the district; and

(2) More than fifty percent per capita of the owners of all real property within the boundaries of the district.

2. The special assessment petition shall be in substantially the following form:

The ..... (insert name of district) Community Improvement District ("District") shall be authorized to levy special assessments against real property benefitted within the District for the purpose of providing revenue for ..... (insert general description of specific service and/or projects) in the district, such special assessments to be levied against each tract, lot or parcel of real property listed below within the district which receives special benefit as a result of such service and/or projects, the cost of which shall be allocated among this property by ..... (insert method of allocation, e.g., per square foot of property, per square foot on each square foot of improvement, or by abutting foot of property abutting streets, roads, highways, parks or other improvements, or any other reasonable method) in an amount not to exceed ..... dollars per (insert unit of measure). Such authorization to levy the special assessment shall expire on ..... (insert date). The tracts of land located in the district which will receive special benefit from this service and/or projects are: ..... (list of properties by common addresses and legal descriptions).

3. The method for allocating such special assessments set forth in the petition may be any reasonable method which results in imposing assessments upon real property benefitted in relation to the benefit conferred upon each respective tract, lot or parcel of real property and the cost to provide such benefit.

4. By resolution of the board, the district may levy a special assessment rate lower than the rate ceiling set forth in the petition authorizing the special assessment and may increase such

lowered special assessment rate to a level not exceeding the special assessment rate ceiling set forth in the petition without further approval of the real property owners; provided that a district imposing a special assessment pursuant to this section may not repeal or amend such special assessment or lower the rate of such special assessment if such repeal, amendment or lower rate will impair the district's ability to pay any liabilities that it has incurred, money that it has borrowed or obligations that it has issued.

5. Each special assessment which is due and owing shall constitute a perpetual lien against each tract, lot or parcel of property from which it is derived. Such lien may be foreclosed in the same manner as any other special assessment lien as provided in section 88.861. Notwithstanding the provisions of this subsection and section 67.1541 to the contrary, **[**in any county of the first classification with more than one hundred thirty-five thousand four hundred but fewer than one hundred thirty-five thousand five hundred inhabitants,**]** the county collector may, upon certification by the district for collection, add each special assessment to the annual real estate tax bill for the property and collect the assessment in the same manner the collector uses for real estate taxes. **[**In said counties, each**]** **Any** special assessment remaining unpaid on the first day of January annually is delinquent and enforcement of collection of the delinquent bill by the county collector shall be governed by the laws concerning delinquent and back taxes. The lien may be foreclosed in the same manner as a tax upon real property by land tax sale under chapter 140 or, if applicable to that county, chapter 141.

6. A separate fund or account shall be created by the district for each special assessment levied and each fund or account shall be identifiable by a suitable title. The proceeds of such assessments shall be credited to such fund or account. Such fund or account shall be used solely to pay the costs incurred in undertaking the specified service or project.

7. Upon completion of the specified service or project or both, the balance remaining in the fund or account established for such specified service or project or both shall be returned or credited against the amount of the original assessment of each parcel of property pro rata based on the method of assessment of such special assessment.

8. Any funds in a fund or account created pursuant to this section which are not needed for current expenditures may be invested by the board in accordance with applicable laws relating to the investment of funds of the city in which the district is located.

9. The authority of the district to levy special assessments shall be independent of the limitations and authorities of the municipality in which it is located; specifically, the provisions of section 88.812 shall not apply to any district.

140.050. CLERK TO MAKE BACK TAX BOOK — DELIVERY TO COLLECTOR, COLLECTION — CORRECTION OF OMISSIONS. — 1. Except as provided in section 52.361, the county clerk shall file the delinquent lists in the county clerk's office and within ten days thereafter make, under the seal of the commission, the lists into a back tax book as provided in section 140.060.

2. Except as provided in section 52.361, when completed, the clerk shall deliver the book **or an electronic copy thereof** to the collector taking duplicate receipts therefor, one of which the clerk shall file in the clerk's office and the other the clerk shall file with the director of revenue. The clerk shall charge the collector with the aggregate amount of taxes, interest, and clerk's fees contained in the back tax book.

3. The collector shall collect such back taxes and may levy upon, seize and distrain tangible personal property and may sell such property for taxes.

4. In the city of St. Louis, the city comptroller or other proper officer shall return the back tax book together with the uncollected tax bills within thirty days to the city collector.

5. If any county commission or clerk in counties not having a county auditor fails to comply with section 140.040, and this section, to the extent that the collection of taxes cannot be enforced by law, the county commission or clerk, or their successors in office, shall correct such omissions at once and return the back tax book to the collector who shall collect such taxes.

140.115. LIEN PROHIBITED ON PROPERTY IN BACK TAX BOOK, WHEN. — Any person other than the owner or a mortgagee or other lienholder described in section 139.070 who pays the original taxes, as charged against the tract of land or town lot described in the back tax book together with interest from the day upon which the tax first became delinquent at the rate specified in section 140.100 shall not invoke a lien on said property or person without the knowledge and consent of the owner. Any such lien so invoked on said property or person without the knowledge and consent of the owner shall be null and void.

140.150. LANDS, LOTS, MINERAL RIGHTS, AND ROYALTY INTERESTS SUBJECT TO SALE, WHEN. — 1. All lands, lots, mineral rights, and royalty interests on which taxes or **[**neighborhood improvement district**]** special assessments are delinquent and unpaid are subject to sale to discharge the lien for the delinquent and unpaid taxes or unpaid special assessments as provided for in this chapter on the fourth Monday in August of each year.

2. No real property, lots, mineral rights, or royalty interests shall be sold for state, county or city taxes or special assessments without judicial proceedings, unless the notice of sale contains the names of all record owners thereof, or the names of all owners appearing on the land tax book and all other information required by law. Delinquent taxes or unpaid special assessments, penalty, interest and costs due thereon may be paid to the county collector at any time before the property is sold therefor. The collector shall send notices to the publicly recorded owner of record before any delinquent and unpaid taxes or unpaid special assessments as specified in this section subject to sale are published. The first notice shall be by first class mail. A second notice shall be sent by certified mail only if the assessed valuation of the property is greater than one thousand dollars. If the assessed valuation of the property is not greater than one thousand dollars, only the first notice shall be required. If any second notice sent by certified mail under this section is returned to the collector unsigned, then notice shall be sent before the sale by first class mail to both the owner of record and the occupant of the real property. The postage for the mailing of the notices shall be paid out of the county treasury, and such costs shall be added to the costs of conducting the sale, and the county treasury shall be reimbursed to the extent that such postage costs are recovered at the sale. The failure of the taxpayer or the publicly recorded owner to receive the notice provided for in this section shall not relieve the taxpayer or publicly recorded owner of any tax liability imposed by law.

3. The entry in the back tax book by the county clerk of the delinquent lands, lots, mineral rights, and royalty interests constitutes a levy upon the delinquent lands, lots, mineral rights, and royalty interests for the purpose of enforcing the lien of delinquent and unpaid taxes or unpaid special assessments **[**as provided in section 67.469**]**, together with penalty, interest and costs.

140.160. LIMITATION OF ACTIONS, EXCEPTIONS — COUNTY AUDITOR TO ANNUALLY AUDIT. — 1. No proceedings for the sale of land and lots for delinquent taxes pursuant to this chapter or unpaid special assessments **[**as provided in section 67.469**]**, relating to the collection of delinquent and back taxes and unpaid special assessments and providing for foreclosure sale and redemption of land and lots therefor, shall be valid unless initial proceedings therefor shall be commenced within three years after delinquency of such taxes and unpaid special assessments, and any sale held pursuant to initial proceedings commenced within such period of three years shall be deemed to have been in compliance with the provisions of said law insofar as the time at which such sales are to be had is specified therein; provided further, that in suits or actions to collect delinquent drainage and/or levee assessments on real estate such suits or actions shall be commenced within three years after delinquency, otherwise no suit or action therefor shall be commenced, had or maintained, except that the three-year limitation described in this subsection shall not be applicable if any written instrument conveys any real estate having a tax-exempt status, if such instrument causes such real estate to again become taxable real property and if such instrument has not been recorded in the office of the recorder in the county

in which the real estate has been situated. Such three-year limitation shall only be applicable once the recording of the title has occurred.

2. The county auditor in all counties having a county auditor shall annually audit collections, deposits, and supporting reports of the collector and provide a copy of such audit to the county collector and to the governing body of the county. A copy of the audit may be provided to all applicable taxing entities within the county at the discretion of the county collector.

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 408.140, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 408.140, to read as follows:

408.140. ADDITIONAL CHARGES OR FEES PROHIBITED, EXCEPTIONS — NO FINANCE CHARGES IF PURCHASES ARE PAID FOR WITHIN CERTAIN TIME LIMIT, EXCEPTION. — 1. No further or other charge or amount whatsoever shall be directly or indirectly charged, contracted for or received for interest, service charges or other fees as an incident to any such extension of credit except as provided and regulated by sections 367.100 to 367.200 and except:

(1) On loans for thirty days or longer which are other than "open-end credit" as such term is defined in the federal Consumer Credit Protection Act and regulations thereunder, a fee, not to exceed five percent of the principal amount loaned not to exceed seventy-five dollars may be charged by the lender; however, no such fee shall be permitted on any extension, refinance, restructure or renewal of any such loan, unless any investigation is made on the application to extend, refinance, restructure or renew the loan;

(2) The lawful fees actually and necessarily paid out by the lender to any public officer for filing, recording, or releasing in any public office any instrument securing the loan, which fees may be collected when the loan is made or at any time thereafter; however, premiums for insurance in lieu of perfecting a security interest required by the lender may be charged if the premium does not exceed the fees which would otherwise be payable;

(3) If the contract so provides, a charge for late payment on each installment or minimum payment in default for a period of not less than fifteen days in an amount not to exceed five percent of each installment due or the minimum payment due or fifteen dollars, whichever is greater, not to exceed fifty dollars. If the contract so provides, a charge for late payment on each twenty-five dollars or less installment in default for a period of not less than fifteen days shall not exceed five dollars;

(4) If the contract so provides, a charge for late payment for a single payment note in default for a period of not less than fifteen days in an amount not to exceed five percent of the payment due; provided that, the late charge for a single payment note shall not exceed fifty dollars;

(5) Charges or premiums for insurance written in connection with any loan against loss of or damage to property or against liability arising out of ownership or use of property as provided in section 367.170; however, notwithstanding any other provision of law, with the consent of the borrower, such insurance may cover property all or part of which is pledged as security for the loan, and charges or premiums for insurance providing life, health, accident, or involuntary unemployment coverage;

(6) Reasonable towing costs and expenses of retaking, holding, preparing for sale, and selling any personal property in accordance with section 400.9;

(7) Charges assessed by any institution for processing a refused instrument plus a handling fee of not more than twenty-five dollars;

(8) If the contract or promissory note, signed by the borrower, provides for attorney fees, and if it is necessary to bring suit, such attorney fees may not exceed fifteen percent of the amount due and payable under such contract or promissory note, together with any court costs assessed. The attorney fees shall only be applicable where the contract or promissory note is referred for collection to an attorney, and is not handled by a salaried employee of the holder of the contract;

(9) Provided the debtor agrees in writing, the lender may collect a fee in advance for allowing the debtor to defer up to three monthly loan payments, so long as the fee is no more than the lesser of fifty dollars or ten percent of the loan payments deferred, no extensions are made until the first loan payment is collected and no more than one deferral in a twelve-month period is agreed to and collected on any one loan; this subdivision applies to nonprecomputed loans only and does not affect any other subdivision;

(10) If the open-end credit contract is tied to a transaction account in a depository institution, such account is in the institution's assets and such contract provides for loans of thirty-one days or longer which are "open-end credit", as such term is defined in the federal Consumer Credit Protection Act and regulations thereunder, the creditor may charge a credit advance fee of **up to** the lesser of **[**twenty-five**]** **seventy-five** dollars or **[**five**]** **ten** percent of the credit advanced from time to time from the line of credit; such credit advance fee may be added to the open-end credit outstanding along with any interest, and shall not be considered the unlawful compounding of interest as that term is defined in section 408.120;

(11) A deficiency waiver addendum, guaranteed asset protection, or a similar product purchased as part of a loan transaction with collateral and at the borrower's consent, provided the cost of the product is disclosed in the loan contract, is reasonable, and the requirements of section 408.380 are met.

2. Other provisions of law to the contrary notwithstanding, an open-end credit contract under which a credit card is issued by a company, financial institution, savings and loan or other credit issuing company whose credit card operations are located in Missouri may charge an annual fee, provided that no finance charge shall be assessed on new purchases other than cash advances if such purchases are paid for within twenty-five days of the date of the periodic statement therefor.

3. Notwithstanding any other provision of law to the contrary, in addition to charges allowed pursuant to section 408.100, an open-end credit contract provided by a company, financial institution, savings and loan or other credit issuing company which is regulated pursuant to this chapter may charge an annual fee not to exceed fifty dollars.

2. As used in this section, the following terms mean:

(2) **"Maternity home", the same meaning as such term is defined in section 135.600;**

3. A parent shall not be prosecuted for a violation of section 568.030, 568.032, 568.045 or 568.050 for actions related to the voluntary relinquishment of a child up to **[**five**]** **forty-five** days old pursuant to this section **[**and it shall be an affirmative defense to prosecution for a violation of sections 568.030, 568.032, 568.045 and 568.050, that a parent who is a defendant voluntarily relinquished a child no more than one year old pursuant to this section**]** if:

(1) Expressing intent not to return for the child, the parent voluntarily delivered the child safely to the physical custody of any of the following persons:

(a) An employee, agent, or member of the staff of any hospital, **maternity home, or pregnancy resource center** in a health care provider position or on duty in a nonmedical paid or volunteer position;

(b) A firefighter or emergency medical technician on duty in a paid position or on duty in a volunteer position; or

(c) A law enforcement officer;

(2) The child was no more than **[**one year**]** **forty-five days** old when delivered by the parent to any person listed in subdivision (1) of this subsection; and

(3) The child has not been abused or neglected by the parent prior to such voluntary delivery.

4. **A parent voluntarily relinquishing a child under this section shall not be required to provide any identifying information about the child or the parent. No person shall induce or coerce, or attempt to induce or coerce, a parent into revealing his or her identity. No officer, employee, or agent of this state or any political subdivision of this state shall**

attempt to locate or determine the identity of such parent. In addition, any person who obtains information on the relinquishing parent shall not disclose such information except to the following:

(1) A birth parent who has waived anonymity or the child's adoptive parent;

(2) The staff of the department of health and senior services, the department of social services, or any county health or social services agency or licensed child welfare agency that provides services to the child;

Upon discharge of the child from the medical facility and pursuant to a protective custody order ordering custody of the child to the division, the **children's** division **[**of family services**]** shall take physical custody of the child. The parent's voluntary delivery of the child in accordance with this section shall constitute the parent's implied consent to any such act and a voluntary relinquishment of such parent's parental rights.

[6.**]** **7.** In any termination of parental rights proceeding initiated after the relinquishment of a child pursuant to this section, the juvenile officer shall make public notice that a child has been relinquished, including the sex of the child, and the date and location of such relinquishment. Within thirty days of such public notice, the **[**nonrelinquishing**]** parent wishing to establish parental rights shall identify himself or herself to the court and state his or her intentions regarding the child. The court shall initiate proceedings to establish paternity, or if no person identifies himself as the father within thirty days, maternity. The juvenile officer shall make examination of the putative father registry established in section 192.016 to determine whether attempts have previously been made to preserve parental rights to the child. If such attempts have been made, the juvenile officer shall make reasonable efforts to provide notice of the abandonment of the child to such putative father.

[7.**]** **8.** (1) If a relinquishing parent of a child relinquishes custody of the child to any person listed in subsection 3 of this section in accordance with this section and to preserve the parental rights of the nonrelinquishing parent, the nonrelinquishing parent shall take such steps necessary to establish parentage within thirty days after the public notice or specific notice provided in subsection **[**6**]** **7** of this section.

(3) When **[**a nonrelinquishing**]** **either** parent inquires at a hospital regarding a child whose custody was relinquished pursuant to this section, such facility shall refer **[**the nonrelinquishing**]** **such** parent to the **children's** division **[**of family services**]** and the juvenile court exercising jurisdiction over the child.

[8.**]** **9.** The persons listed in subdivision (1) of subsection 3 of this section shall be immune from civil, criminal, and administrative liability for accepting physical custody of a child pursuant to this section if such persons accept custody in good faith. Such immunity shall not extend to any acts or omissions, including negligent or intentional acts or omissions, occurring after the acceptance of such child.

[9.**]** **10.** The **children's** division **[**of family services**]** shall:

(1) Provide information and answer questions about the process established by this section on the statewide, toll-free telephone number maintained pursuant to section 210.145;

(2) Provide information to the public by way of pamphlets, brochures, or by other ways to deliver information about the process established by this section.

[10.**]** **11. It shall be an affirmative defense to prosecution for a violation of sections 568.030, 568.032, 568.045, and 568.050 that a parent who is a defendant voluntarily relinquished a child no more than one year old under this section.**

12. Nothing in this section shall be construed as conflicting with section 210.125.

211.447. PETITION TO TERMINATE PARENTAL RIGHTS FILED, WHEN — JUVENILE COURT MAY TERMINATE PARENTAL RIGHTS, WHEN — INVESTIGATION TO BE MADE — GROUNDS FOR TERMINATION. — 1. Any information that could justify the filing of a petition to terminate parental rights may be referred to the juvenile officer by any person. The juvenile officer shall make a preliminary inquiry and if it does not appear to the juvenile officer that a petition should be filed, such officer shall so notify the informant in writing within thirty days of the referral. Such notification shall include the reasons that the petition will not be filed. Thereupon, the informant may bring the matter directly to the attention of the judge of the juvenile court by presenting the information in writing, and if it appears to the judge that the information could justify the filing of a petition, the judge may order the juvenile officer to take further action, including making a further preliminary inquiry or filing a petition.

2. Except as provided for in subsection 4 of this section, a petition to terminate the parental rights of the child's parent or parents shall be filed by the juvenile officer or the division, or if such a petition has been filed by another party, the juvenile officer or the division shall seek to be joined as a party to the petition, when:

(1) Information available to the juvenile officer or the division establishes that the child has been in foster care for at least fifteen of the most recent twenty-two months; or

(2) A court of competent jurisdiction has determined the child to be an abandoned infant. For purposes of this subdivision, an "infant" means any child one year of age or under at the time of filing of the petition. The court may find that an infant has been abandoned if:

(a) The parent has left the child under circumstances that the identity of the child was unknown and could not be ascertained, despite diligent searching, and the parent has not come forward to claim the child; or

(b) The parent has, without good cause, left the child without any provision for parental support and without making arrangements to visit or communicate with the child, although able to do so; or

(c) The parent has voluntarily relinquished a child under section 210.950; or

(3) A court of competent jurisdiction has determined that the parent has:

(a) Committed murder of another child of the parent; or

(b) Committed voluntary manslaughter of another child of the parent; or

(c) Aided or abetted, attempted, conspired or solicited to commit such a murder or voluntary manslaughter; or

(d) Committed a felony assault that resulted in serious bodily injury to the child or to another child of the parent.

3. A termination of parental rights petition shall be filed by the juvenile officer or the division, or if such a petition has been filed by another party, the juvenile officer or the division shall seek to be joined as a party to the petition, within sixty days of the judicial determinations required in subsection 2 of this section, except as provided in subsection 4 of this section. Failure to comply with this requirement shall not deprive the court of jurisdiction to adjudicate a petition for termination of parental rights which is filed outside of sixty days.

4. If grounds exist for termination of parental rights pursuant to subsection 2 of this section, the juvenile officer or the division may, but is not required to, file a petition to terminate the parental rights of the child's parent or parents if:

(1) The child is being cared for by a relative; or

(2) There exists a compelling reason for determining that filing such a petition would not be in the best interest of the child, as documented in the permanency plan which shall be made available for court review; or

(3) The family of the child has not been provided such services as provided for in section 211.183.

5. The juvenile officer or the division may file a petition to terminate the parental rights of the child's parent when it appears that one or more of the following grounds for termination exist:

(1) The child has been abandoned. For purposes of this subdivision a "child" means any child over one year of age at the time of filing of the petition. The court shall find that the child has been abandoned if, for a period of six months or longer:

(a) The parent has left the child under such circumstances that the identity of the child was unknown and could not be ascertained, despite diligent searching, and the parent has not come forward to claim the child; or

(b) The parent has, without good cause, left the child without any provision for parental support and without making arrangements to visit or communicate with the child, although able to do so;

(2) The child has been abused or neglected. In determining whether to terminate parental rights pursuant to this subdivision, the court shall consider and make findings on the following conditions or acts of the parent:

(a) A mental condition which is shown by competent evidence either to be permanent or such that there is no reasonable likelihood that the condition can be reversed and which renders the parent unable to knowingly provide the child the necessary care, custody and control;

(b) Chemical dependency which prevents the parent from consistently providing the necessary care, custody and control of the child and which cannot be treated so as to enable the parent to consistently provide such care, custody and control;

(c) A severe act or recurrent acts of physical, emotional or sexual abuse toward the child or any child in the family by the parent, including an act of incest, or by another under circumstances that indicate that the parent knew or should have known that such acts were being committed toward the child or any child in the family; or

(d) Repeated or continuous failure by the parent, although physically or financially able, to provide the child with adequate food, clothing, shelter, or education as defined by law, or other care and control necessary for the child's physical, mental, or emotional health and development. Nothing in this subdivision shall be construed to permit discrimination on the basis of disability or disease;

(3) The child has been under the jurisdiction of the juvenile court for a period of one year, and the court finds that the conditions which led to the assumption of jurisdiction still persist, or conditions of a potentially harmful nature continue to exist, that there is little likelihood that those conditions will be remedied at an early date so that the child can be returned to the parent in the near future, or the continuation of the parent-child relationship greatly diminishes the child's

prospects for early integration into a stable and permanent home. In determining whether to terminate parental rights under this subdivision, the court shall consider and make findings on the following:

(a) The terms of a social service plan entered into by the parent and the division and the extent to which the parties have made progress in complying with those terms;

(b) The success or failure of the efforts of the juvenile officer, the division or other agency to aid the parent on a continuing basis in adjusting his circumstances or conduct to provide a proper home for the child;

(c) A mental condition which is shown by competent evidence either to be permanent or such that there is no reasonable likelihood that the condition can be reversed and which renders the parent unable to knowingly provide the child the necessary care, custody and control;

(d) Chemical dependency which prevents the parent from consistently providing the necessary care, custody and control over the child and which cannot be treated so as to enable the parent to consistently provide such care, custody and control; or

(4) The parent has been found guilty or pled guilty to a felony violation of chapter 566 when the child or any child in the family was a victim, or a violation of section 568.020 when the child or any child in the family was a victim. As used in this subdivision, a "child" means any person who was under eighteen years of age at the time of the crime and who resided with such parent or was related within the third degree of consanguinity or affinity to such parent; or

(5) The child was conceived and born as a result of an act of forcible rape. When the biological father has pled guilty to, or is convicted of, the forcible rape of the birth mother, such a plea or conviction shall be conclusive evidence supporting the termination of the biological father's parental rights; or

(6) The parent is unfit to be a party to the parent and child relationship because of a consistent pattern of committing a specific abuse, including but not limited to abuses as defined in section 455.010, child abuse or drug abuse before the child or of specific conditions directly relating to the parent and child relationship either of which are determined by the court to be of a duration or nature that renders the parent unable, for the reasonably foreseeable future, to care appropriately for the ongoing physical, mental or emotional needs of the child. It is presumed that a parent is unfit to be a party to the parent-child relationship upon a showing that within a three-year period immediately prior to the termination adjudication, the parent's parental rights to one or more other children were involuntarily terminated pursuant to subsection 2 or 4 of this section or subdivisions (1), (2), (3) or (4) of **[**subsection 5 of this section**]** **this subsection** or similar laws of other states.

6. The juvenile court may terminate the rights of a parent to a child upon a petition filed by the juvenile officer or the division, or in adoption cases, by a prospective parent, if the court finds that the termination is in the best interest of the child and when it appears by clear, cogent and convincing evidence that grounds exist for termination pursuant to subsection 2, 4 or 5 of this section.

7. When considering whether to terminate the parent-child relationship pursuant to subsection 2 or 4 of this section or subdivision (1), (2), (3) or (4) of subsection 5 of this section, the court shall evaluate and make findings on the following factors, when appropriate and applicable to the case:

(1) The emotional ties to the birth parent;

(2) The extent to which the parent has maintained regular visitation or other contact with the child;

(3) The extent of payment by the parent for the cost of care and maintenance of the child when financially able to do so including the time that the child is in the custody of the division or other child-placing agency;

(4) Whether additional services would be likely to bring about lasting parental adjustment enabling a return of the child to the parent within an ascertainable period of time;

(5) The parent's disinterest in or lack of commitment to the child;

(6) The conviction of the parent of a felony offense that the court finds is of such a nature that the child will be deprived of a stable home for a period of years; provided, however, that incarceration in and of itself shall not be grounds for termination of parental rights;

(7) Deliberate acts of the parent or acts of another of which the parent knew or should have known that subjects the child to a substantial risk of physical or mental harm.

8. The court may attach little or no weight to infrequent visitations, communications, or contributions. It is irrelevant in a termination proceeding that the maintenance of the parent-child relationship may serve as an inducement for the parent's rehabilitation.

9. In actions for adoption pursuant to chapter 453, the court may hear and determine the issues raised in a petition for adoption containing a prayer for termination of parental rights filed with the same effect as a petition permitted pursuant to subsection 2, 4, or 5 of this section.

10. The disability or disease of a parent shall not constitute a basis for a determination that a child is a child in need of care, for the removal of custody of a child from the parent, or for the termination of parental rights without a specific showing that there is a causal relation between the disability or disease and harm to the child.

595.220. FORENSIC EXAMINATIONS, DEPARTMENT OF PUBLIC SAFETY TO PAY MEDICAL PROVIDERS, WHEN — MINOR MAY CONSENT TO EXAMINATION, WHEN — ATTORNEY GENERAL TO DEVELOP FORMS — COLLECTION KITS — DEFINITIONS — RULEMAKING AUTHORITY. — 1. The department of public safety shall make payments to appropriate medical providers, out of appropriations made for that purpose, to cover the reasonable charges of the forensic examination of persons who may be a victim of a sexual offense if:

(1) The victim or the victim's guardian consents in writing to the examination; and

(2) The report of the examination is made on a form approved by the attorney general with the advice of the department of public safety. The department shall establish maximum reimbursement rates for charges submitted under this section, which shall reflect the reasonable cost of providing the forensic exam.

2. A minor may consent to examination under this section. Such consent is not subject to disaffirmance because of minority, and consent of parent or guardian of the minor is not required for such examination. The appropriate medical provider making the examination shall give written notice to the parent or guardian of a minor that such an examination has taken place.

3. The attorney general, with the advice of the department of public safety, shall develop the forms and procedures for gathering evidence during the forensic examination under the provisions of this section. The department of health and senior services shall develop a checklist, protocols, and procedures for appropriate medical providers to refer to while providing medical treatment to victims of a sexual offense, including those specific to victims who are minors.

4. Evidentiary collection kits shall be developed and made available, subject to appropriation, to appropriate medical providers by the highway patrol or its designees and eligible crime laboratories. Such kits shall be distributed with the forms and procedures for gathering evidence during forensic examinations of victims of a sexual offense to appropriate medical providers upon request of the provider, in the amount requested, and at no charge to the medical provider. All appropriate medical providers shall, with the written consent of the victim, perform a forensic examination using the evidentiary collection kit, or other collection procedures developed for victims who are minors, and forms and procedures for gathering evidence following the checklist for any person presenting as a victim of a sexual offense.

5. In reviewing claims submitted under this section, the department shall first determine if the claim was submitted within ninety days of the examination. If the claim is submitted within ninety days, the department shall, at a minimum, use the following criteria in reviewing the claim: examination charges submitted shall be itemized and fall within the definition of forensic examination as defined in subdivision (3) of subsection **[**7**]** **8** of this section.

6. All appropriate medical provider charges for eligible forensic examinations shall be billed to and paid by the department of public safety. No appropriate medical provider

conducting forensic examinations and providing medical treatment to victims of sexual offenses shall charge the victim for the forensic examination. For appropriate medical provider charges related to the medical treatment of victims of sexual offenses, if the victim is an eligible claimant under the crime victims' compensation fund, the victim shall seek compensation under sections 595.010 to 595.075.

7. **The department of public safety shall establish rules regarding the reimbursement of the costs of forensic examinations for children under fourteen years of age, including establishing conditions and definitions for emergency and nonemergency forensic examinations and may by rule establish additional qualifications for appropriate medical providers performing nonemergency forensic examinations for children under fourteen years of age. The department shall provide reimbursement regardless of whether or not the findings indicate that the child was abused.**

8. For purposes of this section, the following terms mean:

(1) "Appropriate medical provider",

(a) Any licensed nurse, physician, or physician assistant, and any institution employing licensed nurses, physicians, or physician assistants, provided that such licensed professionals are the only persons at such institution to perform tasks under the provisions of this section; **or**

(b) For the purposes of any nonemergency forensic examination of a child under fourteen years of age, the department of public safety may establish additional qualifications for any provider listed in paragraph (a) of this subdivision under rules authorized under subsection 7 of this section;

(2) "Evidentiary collection kit", a kit used during a forensic examination that includes materials necessary for appropriate medical providers to gather evidence in accordance with the forms and procedures developed by the attorney general for forensic examinations;

AN ACT to repeal sections 162.459, 162.471, and 162.492, RSMo, and to enact in lieu thereof three new sections relating to the board of directors of the Kansas City school district.

162.492. Director districts, candidates from subdistricts and at large — terms — vacancy, how filled (urban districts).

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Sections 162.459, 162.471, and 162.492, RSMo, are repealed and three new sections enacted in lieu thereof, to be known as sections 162.459, 162.471, and 162.492, to read as follows:

162.459. BOARDS OF ALL SEVEN-DIRECTOR AND URBAN SCHOOL DISTRICTS TO HAVE SEVEN MEMBERS WITH THE EXCEPTION OF KANSAS CITY — DIRECTORS, HOW ELECTED. — 1. Notwithstanding other provisions of law to the contrary, the school board of each school district designated in the statutes as a seven-director, seven-director or urban school district**[**, except an urban district containing the greater part of a city of more than three hundred thousand

inhabitants,] shall consist of seven members. At the first election for members of the school board in each of such districts after January 1, 1993, and each three years thereafter, three members of the school board shall be elected; except, no school district composed of seven members as of January 1, 1993, shall be required to modify its schedule of electing board members.

2. Provisions of law applicable to seven-director, seven-director and urban school districts, except those which conflict with the provisions of this section, shall apply to and govern the school districts designated in subsection 1 of this section.

162.471. BOARD OF DIRECTORS — QUALIFICATIONS, TERMS, VACANCIES. — The government and control of an urban school district is vested in a board of seven directors[, except that in urban districts containing the greater part of a city of more than three hundred thousand inhabitants the board shall be composed of nine directors]. Each director shall be a voter of the district, who has resided within this state for one year next preceding his election or appointment and who is at least twenty-four years of age. All directors, except as otherwise provided in section 162.481 **and section 162.492**, hold their offices for six years and until their successors are duly elected and qualified. All vacancies occurring in the board**, except as provided in section 162.492,** shall be filled by appointment by the board as soon as practicable, and the person appointed shall hold his office until the next school board election, when his successor shall be elected for the remainder of the unexpired term. The power of the board to perform any official duty during the existence of a vacancy continues unimpaired thereby.

162.492. DIRECTOR DISTRICTS, CANDIDATES FROM SUBDISTRICTS AND AT LARGE — TERMS — VACANCY, HOW FILLED (URBAN DISTRICTS). — 1. In all urban districts containing the greater part of the population of a city which has more than three hundred thousand inhabitants [the terms of the members of the board of directors in office in 1967 shall continue until the end of the respective terms to which each of them has been elected to office and in each case thereafter until the next school election be held and until their successors, then elected, are duly qualified as provided in this section.

2. In each urban district designated in subsection 1], the election authority of the city in which the greater portion of the school district lies, and of the county if the district includes territory not within the city limits, shall serve ex officio as a redistricting commission. The commission shall on or before November 1, [1969] **2018**, divide the school district into [six] **five** subdistricts, all subdistricts being of compact and contiguous territory and as nearly equal in the number of inhabitants as practicable and thereafter the board shall redistrict the district into subdivisions as soon as practicable after each United States decennial census. In establishing the subdistricts each member shall have one vote and a majority vote of the total membership of the commission is required to make effective any action of the commission.

[3.] **2.** School elections for the election of directors shall be held on municipal election days in [each even-numbered year. At the election in 1970, one member of the board of directors shall be elected by the voters of each subdistrict. The seven candidates, one from each of the subdistricts, who receive a plurality of the votes cast by the voters of that subdistrict shall be elected and the at-large candidate receiving a plurality of the at-large votes shall be elected] **2014 and 2016. At the election in 2014, directors shall be elected to hold office until 2019 and until their successors are elected and qualified. At the election in 2016, directors shall be elected until 2019 and until their successors are elected and qualified. Beginning in 2019, school elections for the election of directors shall be held on the local election date as specified in the charter of a home rule city with more than four hundred thousand inhabitants and located in more than one county. Beginning at the election for school directors in 2019, the number of directors on the board shall be reduced from nine to seven. Two directors shall be at-large directors and five directors shall represent the subdistricts, with one director from each of the subdistricts. Directors shall serve a four-**

The subdistricts shall be numbered from one to **[**six and the directors elected from subdistricts one, three and five shall hold office for terms of two years and until their successors are elected and qualified, and the directors elected from subdistricts two, four and six shall hold office for terms of four years and until their successors are elected and qualified. Every two years thereafter a member of the board of directors shall be elected for a term of four years and until his successor is elected and qualified from each of the three subdistricts having a member on the board of directors whose term expires in that year. Those members of the board of directors who were in office in 1967 shall, when their terms of office expire, be succeeded by the members of the board of directors elected from subdistricts. In addition to the directors elected by the voters of each subdistrict, additional directors shall be elected at large by the voters of the entire school district as follows: in 1970 one director at large shall be elected for a two-year term. In 1972 one director at large shall be elected for a four-year term. In 1974 two at-large directors shall be elected for a four-year term and thereafter in alternative elections one director shall be elected for a four-year term and then two directors shall be elected for a four-year term, so that from and after the 1970 election the board of directors not including those members who were in office in 1967 shall consist of seven members until the 1974 election and thereafter the board shall consist of nine members. In those years in which one at-large director is to be elected each voter may vote for one candidate and the candidate receiving a plurality of votes cast shall be elected. In those years in which two at-large directors are to be elected**]** **five.** Each voter may vote for two candidates **for at-large director** and the two receiving the largest number of votes cast shall be elected.

[4.**]** **3.** The **[**six**]** **five** candidates, one from each of the subdistricts, who receive a plurality of the votes cast by the voters of that subdistrict and the at-large candidates receiving a plurality of the at-large votes shall be elected. The name of no candidate for nomination shall be printed on the ballot unless the candidate has at least sixty days prior to the election filed a declaration of candidacy with the secretary of the board of directors containing the signatures of at least two hundred fifty registered voters who are residents of the subdistrict within which the candidate for nomination to a subdistrict office resides, and in case of at-large candidates the signatures of at least five hundred registered voters. The election authority shall determine the validity of all signatures on declarations of candidacy.

[5.**]** **4.** In any election either for at-large candidates or candidates elected by the voters of subdistricts, if there are more than two candidates, a majority of the votes are not required to elect but the candidate having a plurality of the votes if there is only one office to be filled and the candidates having the highest number of votes, if more than one office is to be filled, shall be elected.

[6.**]** **5.** The names of all candidates shall appear upon the ballot without party designation and in the order of the priority of the times of filing their petitions of nomination. No candidate may file both at large and from a subdistrict and the names of all candidates shall appear only once on the ballot, nor may any candidate file more than one declaration of candidacy. All declarations shall designate the candidate's residence and whether the candidate is filing at large or from a subdistrict and the numerical designation of the subdistrict or at-large area.

[7.**]** **6.** The provisions of all sections relating to seven-director school districts shall also apply to and govern urban districts in cities of more than three hundred thousand inhabitants, to the extent applicable and not in conflict with the provisions of those sections specifically relating to such urban districts.

[8.**]** **7.** Vacancies which occur on the school board between the dates of election shall be filled by special election if such vacancy happens more than six months prior to the time of holding **[**a general municipal**]** **an** election**[**,**]** as provided in **subsection 2 of this** section **[**115.121**]**. The state board of education shall order a special election to fill such a vacancy. A

letter from the commissioner of education, delivered by certified mail to the election authority or authorities that would normally conduct an election for school board members shall be the authority for the election authority or authorities to proceed with election procedures. If a vacancy occurs less than six months prior to the time of holding **[**a general municipal**]** **an** election **as provided in subsection 2 of this section**, no special election shall occur and the vacancy shall be filled at the next **[**general municipal**]** election **day on which local elections are held as specified in the charter of any home rule city with more than four hundred thousand inhabitants and located in more than one county**.

(2) The health care organization constitutes an appropriate mechanism whereby the health maintenance organization will effectively provide or arrange for the provision of basic health care services on a prepaid basis through insurance or otherwise, except to the extent of **[**reasonable**]** requirements for co-payments**, coinsurance or deductibles**;

(3) The health maintenance organization is financially responsible and may reasonably be expected to meet its obligations to enrollees and prospective enrollees. In making this determination, the director may consider:

(a) The financial soundness of the arrangements for health care services and the schedule of charges used in connection therewith;

(b) The adequacy of working capital;

(10) The health maintenance organization is able to provide its enrollees with adequate access to health care providers.

2. Unless otherwise provided below, each health maintenance organization shall deposit with the director, or with any organization or trustee acceptable to the director through which a custodial or controlled account is utilized, cash, securities, or any combination of these or other measures that is acceptable to the director in the amount set forth in this subsection:

(1) The amount for an organization that is beginning operation shall be the greater of: (a) five percent of its estimated expenditures for health care services for its first year of operation, (b) twice its estimated average monthly uncovered expenditures for its first year of operation, or (c) one hundred fifty thousand dollars for a medical group/staff model, or three hundred thousand

dollars for an individual practice association. At the beginning of each succeeding year, unless not applicable, the organization shall deposit with the director, or organization or trustee, cash, securities, or any combination of these or other measures acceptable to the director, in an amount equal to four percent of its estimated annual uncovered expenditures for that year.

(2) Unless not applicable, an organization that is in operation on September 28, 1983, shall make a deposit equal to the larger of: (a) one percent of the preceding twelve months' uncovered expenditures, or (b) one hundred fifty thousand dollars for a medical group/staff model, or three hundred thousand dollars for an individual practice association on the first day of the first calendar year beginning six months or more after September 28, 1983. In the second calendar year, if applicable, the amount of the additional deposit shall be equal to two percent of its estimated annual uncovered expenditures. In the third calendar year, if applicable, the additional deposit shall be equal to three percent of its estimated annual uncovered expenditures for that year, and in the fourth calendar year and subsequent years, if applicable, the additional deposit shall be equal to four percent of its estimated annual uncovered expenditures for each year. Each year's estimate, after the first year of operation, shall reasonably reflect the prior years' operating experience and delivery arrangements. The director may waive any of the deposit requirements set forth in subdivisions (1) and (2) above, whenever satisfied that the organization has sufficient net worth and an adequate history of generating net income to assure its financial viability for the next year, or its performance and obligations are guaranteed by an organization with sufficient net worth and an adequate history of generating net income, or the assets of the organization or its contracts with insurers, hospital or medical service corporations, governments, or other organizations are sufficient to reasonably assure the performance of its obligations.

3. When an organization has achieved a net worth not including land, buildings, and equipment, of at least one million dollars or has achieved a net worth including organization-related land, buildings, and equipment of at least five million dollars, the annual deposit requirements shall not apply. The annual deposit requirement shall not apply to an organization if the total amount of the deposit is equal to twenty-five percent of its estimated annual uncovered expenditures for the next calendar year, or the capital and surplus requirements for the formation or admittance of an accident and health insurer in this state, whichever is less. If the organization has a guaranteeing organization which has been in operation for at least five years and has a net worth not including land, buildings, and equipment of at least one million dollars or which has been in operation for at least ten years and has a net worth including organization-related land, buildings, and equipment of at least five million dollars, the annual deposit requirement shall not apply; provided, however, that if the guaranteeing organization is sponsoring more than one organization, the net worth requirement shall be increased by a multiple equal to the number of such organizations. This requirement to maintain a deposit in excess of the deposit required of an accident and health insurer shall not apply during any time that the guaranteeing organization maintains a net worth at least equal to the capital and surplus requirements for an accident and health insurer for each organization it sponsors.

4. All income from deposits shall belong to the depositing organization and shall be paid to it as it becomes available. A health maintenance organization that has made a securities deposit may withdraw the securities deposit or any part thereof, first having deposited, in lieu thereof, a deposit of cash, securities, or any combination of these or other measures of equal amount and value to that withdrawn. Any securities shall be approved by the director before being substituted.

5. In any year in which an annual deposit is not required of an organization, at its request the director shall reduce the required deposit by one hundred thousand dollars for each two hundred fifty thousand dollars of net worth in excess of the amount that allows it not to make an annual deposit. If the amount of net worth no longer supports a reduction of its required deposit, the organization shall immediately redeposit one hundred thousand dollars for each two hundred fifty thousand dollars of reduction in net worth, provided that its total deposit shall not exceed the maximum required under this section. Notwithstanding any provisions of sections

354.400 to 354.636, the deposit held by the director shall in no case be less than one hundred fifty thousand dollars for a group staff/model or three hundred thousand dollars for an individual practice association model.

6. Each health maintenance organization that obtains a certificate of authority after September 28, 1983, shall have and maintain a capital account of at least one hundred fifty thousand dollars for a medical group/staff model, or three hundred thousand dollars for an individual practice association in addition to any deposit requirements under this section. The capital account shall be net of any accrued liabilities and be in the form of cash, securities or any combination of these or other measures acceptable to the director.

7. A certificate of authority shall be denied only after compliance with the requirements of section 354.490.

354.415. POWERS OF ORGANIZATION. — 1. The powers of a health maintenance organization include, but are not limited to, the power to:

(1) Purchase, lease, construct, renovate, operate, and maintain hospitals, medical facilities, or both, and their ancillary equipment, and such property as may reasonably be required for the organization's principal office or for such other purposes as may be necessary in the transaction of the business of the organization;

(4) Contract with any person for the performance, on the organization's behalf, of certain functions such as marketing, enrollment, and administration;

No. 108-173, Title XII, Section 1201, provided that:

(a) The total out-of-pocket expenses paid for the receipt of basic health services under the plan shall not exceed the annual contribution limits for health savings accounts as determined by the Internal Revenue Service;

(b) The health savings account or health reimbursement account must be funded at a level equal to or greater than the out-of-pocket maximum limits defined for the high deductible health plan; and

(c) A distribution from the health savings account or health reimbursement account to pay a health care provider for a qualified medical expense is made within thirty days of the submission of a claim.

2. Prior to the exercise of any power granted in subdivision (1) or (2) of subsection 1 of this section, involving an amount in excess of five hundred thousand dollars, a health maintenance organization shall file notice, with adequate supporting information, with the

director. The director shall disapprove such exercise of power if, in his opinion, it would substantially and adversely affect the financial soundness of the health maintenance organization and endanger its ability to meet its obligations. If the director does not disapprove such exercise of power within sixty days of the filing, it shall be deemed approved.

3. The director may exempt from the filing requirement of subsection 2 of this section those activities having minimal effect.

354.430. EVIDENCE OF COVERAGE, REQUIREMENTS — RIGHTS OF ENROLLEE — TOLL-FREE TELEPHONE NUMBER REQUIRED. — 1. Every enrollee residing in this state is entitled to evidence of coverage. If the enrollee obtains coverage through an insurance policy or a contract issued by a health services corporation, whether by option or otherwise, the insurer or the health services corporation shall issue the evidence of coverage. Otherwise the health maintenance organization shall issue the evidence of coverage.

2. No evidence of coverage, or amendment thereto, shall be issued or delivered to any person in this state until a copy of the form of the evidence of coverage, or amendment thereto, has been filed with the director.

3. An evidence of coverage shall contain:

(1) No provisions or statements which are unjust, unfair, inequitable, misleading, or deceptive, or which encourage misrepresentation, or which are untrue, misleading, or deceptive as defined in subsection 1 of section 354.460; and

(2) A clear and complete statement, if a contract, or a reasonably complete summary, if a certificate, of:

(a) The health care services and the insurance or other benefits, if any, to which the enrollee is entitled;

(b) Any limitations on the services, kind of services, benefits or kinds of benefits to be provided, including any deductible or co-payment**, coinsurance, or other cost-sharing** feature **as requested by the group contract holder or, in the case of non-group coverage, the individual certificate holder**;

4. Any subsequent change in an evidence of coverage may be made in a separate document issued to the enrollee.

5. A copy of the form of the evidence of coverage to be used in this state, and any amendment thereto, shall be subject to the filing of subsection 2 of this section unless it is subject to the jurisdiction of the director under the laws governing health insurance or health services corporations, in which event the filing provisions of those laws shall apply.

376.325. ANY WILLING PROVIDER PROVISION — DEFINITIONS. — 1. To the extent a health carrier has developed a closed or exclusive provider network as provided in subdivision (19) of section 376.426 through contractual arrangements with selected providers, such health carrier shall accept into such closed or exclusive network any willing licensed physician who agrees to accept a fee schedule, payment, or reimbursement rate that is fifteen percent less than the health carrier's standard prevailing or market fee schedule, payment, or reimbursement rate for such network in the specific geography of the licensed physician's practice.

2. This section shall not apply to any licensed physician who does not meet the health carrier's selection standards and credentialing criteria or who has not entered into the health carrier's standard participating provider agreement.

3. As used in this section, the term "health carrier" shall have the same meaning ascribed to it in section 376.1350. The term "physician" shall mean a physician licensed to practice in Missouri under the provisions of chapter 334. As used in this section, a "closed or exclusive provider network" is a network for a health benefit plan that requires all health care services to be delivered by a participating provider in the health carrier's network, except for emergency services, as defined in section 376.1350, and the services described in subsection 4 of section 376.811.

376.405. GROUP HEALTH AND ACCIDENT POLICIES, APPROVAL REQUIRED — EXEMPT, WHEN, DIRECTOR'S POWERS. — 1. No insurance company licensed to transact business in this state shall deliver or issue for delivery in this state any policy of group accident or group health insurance, or group accident and health insurance, including insurance against hospital, medical or surgical expenses, covering a group in this state, unless such policy form shall have been approved by the director of the department of insurance, financial institutions and professional registration of the state of Missouri.

2. The director of the department of insurance, financial institutions and professional registration shall have authority to make such reasonable rules and regulations concerning the filing and submission of such policy forms as are necessary, proper or advisable. Such rules and regulations shall provide, among other things, that if a policy form is disapproved, **[**the reasons therefor**]** **all specific reasons for nonconformance** shall be stated in writing **within forty-five days from the date of filing;** that a hearing shall be granted upon such disapproval, if so requested; and that the failure of the director of the department of insurance, financial institutions and professional registration, to take action approving or disapproving a submitted policy form within **[**a stipulated time, not to exceed sixty**]** **forty-five** days from the date of filing, shall be deemed an approval thereof **[**until such time as the director of the department of insurance, financial institutions and professional registration shall notify the submitting company, in writing, of his disapproval thereof**]**. **If at any time after a policy form is approved or deemed approved, the director determines that any provision of the filing is contrary to state law, the director shall notify the health carrier of the specific provisions that are contrary to state law and any specific statute or regulation to which the provision is contrary, and request that the health carrier file, within thirty days of the notification, an amendment form that modifies the provision to conform to state law. Upon approval of the amendment form by the director, the health carrier shall issue a copy of the amendment to each individual and entity to which the filing has been issued. Such amendment shall have the force and effect as if the amendment was in the original filing or policy.**

3. The director of the department of insurance, financial institutions and professional registration shall approve only those policy forms which are in compliance with the insurance laws of this state and which contain such words, phraseology, conditions and provisions which are specific, certain and unambiguous and reasonably adequate to meet needed requirements for the protection of those insured. The disapproval of any policy form shall be based upon the requirements of the laws of this state or of any regulation lawfully promulgated thereunder.

4. The director of the department of insurance, financial institutions and professional registration may, by order or bulletin, exempt from the approval requirements of this section for so long as he deems proper any insurance policy, document, or form or type thereof, as specified in such order or bulletin, to which, in his opinion, this section may not practicably be applied, or the approval of which is, in his opinion, not desirable or necessary for the protection of the public.

376.426. GROUP HEALTH POLICIES, REQUIRED PROVISIONS. — No policy of group health insurance shall be delivered in this state unless it contains in substance the following provisions, or provisions which in the opinion of the director of the department of insurance, financial institutions and professional registration are more favorable to the persons insured or at least as favorable to the persons insured and more favorable to the policyholder; except that: provisions in subdivisions (5), (7), (12), (15), and (16) of this section shall not apply to policies insuring debtors; standard provisions required for individual health insurance policies shall not apply to group health insurance policies; and if any provision of this section is in whole or in part inapplicable to or inconsistent with the coverage provided by a particular form of policy, the insurer, with the approval of the director, shall omit from such policy any inapplicable provision or part of a provision, and shall modify any inconsistent provision or part of the provision in such manner as to make the provision as contained in the policy consistent with the coverage provided by the policy:

(1) A provision that the policyholder is entitled to a grace period of thirty-one days for the payment of any premium due except the first, during which grace period the policy shall continue in force, unless the policyholder shall have given the insurer written notice of discontinuance in advance of the date of discontinuance and in accordance with the terms of the policy. The policy may provide that the policyholder shall be liable to the insurer for the payment of a pro rata premium for the time the policy was in force during such grace period;

(2) A provision that the validity of the policy shall not be contested, except for nonpayment of premiums, after it has been in force for two years from its date of issue, and that no statement made by any person covered under the policy relating to insurability shall be used in contesting the validity of the insurance with respect to which such statement was made after such insurance has been in force prior to the contest for a period of two years during such person's lifetime nor unless it is contained in a written instrument signed by the person making such statement; except that, no such provision shall preclude the assertion at any time of defenses based upon the person's ineligibility for coverage under the policy or upon other provisions in the policy;

(3) A provision that a copy of the application, if any, of the policyholder shall be attached to the policy when issued, that all statements made by the policyholder or by the persons insured shall be deemed representations and not warranties and that no statement made by any person insured shall be used in any contest unless a copy of the instrument containing the statement is or has been furnished to such person or, in the event of the death or incapacity of the insured person, to the individual's beneficiary or personal representative;

(4) A provision setting forth the conditions, if any, under which the insurer reserves the right to require a person eligible for insurance to furnish evidence of individual insurability satisfactory to the insurer as a condition to part or all of the individual's coverage;

(5) A provision specifying the additional exclusions or limitations, if any, applicable under the policy with respect to a disease or physical condition of a person, not otherwise excluded from the person's coverage by name or specific description effective on the date of the person's loss, which existed prior to the effective date of the person's coverage under the policy. Any such exclusion or limitation may only apply to a disease or physical condition for which medical advice or treatment was received by the person during the twelve months prior to the effective date of the person's coverage. In no event shall such exclusion or limitation apply to loss incurred or disability commencing after the earlier of:

(a) The end of a continuous period of twelve months commencing on or after the effective date of the person's coverage during all of which the person has received no medical advice or treatment in connection with such disease or physical condition; or

(b) The end of the two-year period commencing on the effective date of the person's coverage;

(6) If the premiums or benefits vary by age, there shall be a provision specifying an equitable adjustment of premiums or of benefits, or both, to be made in the event the age of the

covered person has been misstated, such provision to contain a clear statement of the method of adjustment to be used;

(7) A provision that the insurer shall issue to the policyholder, for delivery to each person insured, a certificate setting forth a statement as to the insurance protection to which that person is entitled, to whom the insurance benefits are payable, and a statement as to any family member's or dependent's coverage;

(8) A provision that written notice of claim must be given to the insurer within twenty days after the occurrence or commencement of any loss covered by the policy. Failure to give notice within such time shall not invalidate nor reduce any claim if it shall be shown not to have been reasonably possible to give such notice and that notice was given as soon as was reasonably possible;

(9) A provision that the insurer shall furnish to the person making claim, or to the policyholder for delivery to such person, such forms as are usually furnished by it for filing proof of loss. If such forms are not furnished before the expiration of fifteen days after the insurer receives notice of any claim under the policy, the person making such claim shall be deemed to have complied with the requirements of the policy as to proof of loss upon submitting, within the time fixed in the policy for filing proof of loss, written proof covering the occurrence, character, and extent of the loss for which claim is made;

(10) A provision that in the case of claim for loss of time for disability, written proof of such loss must be furnished to the insurer within ninety days after the commencement of the period for which the insurer is liable, and that subsequent written proofs of the continuance of such disability must be furnished to the insurer at such intervals as the insurer may reasonably require, and that in the case of claim for any other loss, written proof of such loss must be furnished to the insurer within ninety days after the date of such loss. Failure to furnish such proof within such time shall not invalidate nor reduce any claim if it was not reasonably possible to furnish such proof within such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity of the claimant, later than one year from the time proof is otherwise required;

(11) A provision that all benefits payable under the policy other than benefits for loss of time shall be payable not more than thirty days after receipt of proof and that, subject to due proof of loss, all accrued benefits payable under the policy for loss of time shall be paid not less frequently than monthly during the continuance of the period for which the insurer is liable, and that any balance remaining unpaid at the termination of such period shall be paid as soon as possible after receipt of such proof;

(12) A provision that benefits for accidental loss of life of a person insured shall be payable to the beneficiary designated by the person insured or, if the policy contains conditions pertaining to family status, the beneficiary may be the family member specified by the policy terms. In either case, payment of these benefits is subject to the provisions of the policy in the event no such designated or specified beneficiary is living at the death of the person insured. All other benefits of the policy shall be payable to the person insured. The policy may also provide that if any benefit is payable to the estate of a person, or to a person who is a minor or otherwise not competent to give a valid release, the insurer may pay such benefit, up to an amount not exceeding two thousand dollars, to any relative by blood or connection by marriage of such person who is deemed by the insurer to be equitably entitled thereto;

(13) A provision that the insurer shall have the right and opportunity, at the insurer's own expense, to examine the person of the individual for whom claim is made when and so often as it may reasonably require during the pendency of the claim under the policy and also the right and opportunity, at the insurer's own expense, to make an autopsy in case of death where it is not prohibited by law;

(14) A provision that no action at law or in equity shall be brought to recover on the policy prior to the expiration of sixty days after proof of loss has been filed in accordance with the

requirements of the policy and that no such action shall be brought at all unless brought within three years from the expiration of the time within which proof of loss is required by the policy;

(15) A provision specifying the conditions under which the policy may be terminated. Such provision shall state that except for nonpayment of the required premium or the failure to meet continued underwriting standards, the insurer may not terminate the policy prior to the first anniversary date of the effective date of the policy as specified therein, and a notice of any intention to terminate the policy by the insurer must be given to the policyholder at least thirty-one days prior to the effective date of the termination. Any termination by the insurer shall be without prejudice to any expenses originating prior to the effective date of termination. An expense will be considered incurred on the date the medical care or supply is received;

(16) A provision stating that if a policy provides that coverage of a dependent child terminates upon attainment of the limiting age for dependent children specified in the policy, such policy, so long as it remains in force, shall be deemed to provide that attainment of such limiting age does not operate to terminate the hospital and medical coverage of such child while the child is and continues to be both incapable of self-sustaining employment by reason of mental or physical handicap and chiefly dependent upon the certificate holder for support and maintenance. Proof of such incapacity and dependency must be furnished to the insurer by the certificate holder at least thirty-one days after the child's attainment of the limiting age. The insurer may require at reasonable intervals during the two years following the child's attainment of the limiting age subsequent proof of the child's incapacity and dependency. After such two-year period, the insurer may require subsequent proof not more than once each year. This subdivision shall apply only to policies delivered or issued for delivery in this state on or after one hundred twenty days after September 28, 1985;

(17) A provision stating that if a policy provides that coverage of a dependent child terminates upon attainment of the limiting age for dependent children specified in the policy, such policy, so long as it remains in force, until the dependent child attains the limiting age, shall remain in force at the option of the certificate holder. Eligibility for continued coverage shall be established where the dependent child is:

(a) Unmarried and no more than that twenty-five years of age; and

(b) A resident of this state; and

(c) Not provided coverage as a named subscriber, insured, enrollee, or covered person under any group or individual health benefit plan, or entitled to benefits under Title XVIII of the Social Security Act, P.L. 89-97, 42 U.S.C. Section 1395, et seq.;

(18) In the case of a policy insuring debtors, a provision that the insurer shall furnish to the policyholder for delivery to each debtor insured under the policy a certificate of insurance describing the coverage and specifying that the benefits payable shall first be applied to reduce or extinguish the indebtedness**;**

(19) Notwithstanding any other provision of law to the contrary, a health carrier, as defined in section 376.1350, may offer a health benefit plan that is a managed care plan that requires all health care services to be delivered by a participating provider in the health carrier's network, except for emergency services, as defined in section 376.1350, and the services described in subsection 4 of section 376.811. Such a provision shall be disclosed in clear, conspicuous, and understandable language in the enrollment application and in the policy form. Whenever a health carrier offers a health benefit plan pursuant to this subdivision to a group contract holder as an exclusive or full replacement health benefit plan the health carrier shall offer at least one additional health benefit plan option that includes an out-of-network benefit. The decision to accept or reject the offer of the option of a health benefit plan that includes an out-of-network benefit shall be made by the enrollee and not the group contract holder;

(20) A provision stating that a health benefit plan issued pursuant to subdivision (19) of this section shall have in place a procedure by which an enrollee may obtain a referral to a nonparticipating provider when the enrollee is diagnosed with a life-threatening

condition or disabling degenerative disease. The provisions of subdivisions (19) and (20) of this section shall expire and be null and void at the end of the calendar year following the repeal of 42 U.S.C. Section 300gg by the United States Congress or at the end of the calendar year following a finding by a court of competent jurisdiction that such section is unconstitutional or otherwise infirm.

376.777. SPECIFICALLY REQUIRED PROVISIONS — EXEMPTIONS, WHEN — DIRECTOR'S POWERS. — 1. Required provisions. Except as provided in subsection 3 of this section each such policy delivered or issued for delivery to any person in this state shall contain the provisions specified in this subsection in the words in which the same appear in this section; provided, however, that the insurer may, at its option, substitute for one or more of such provisions corresponding provisions of different wording approved by the director of the department of insurance, financial institutions and professional registration which are in each instance not less favorable in any respect to the insured or the beneficiary. Such provisions shall be preceded individually by the caption appearing in this subsection or, at the option of the insurer, by such appropriate individual or group captions or subcaptions as the director of the department of insurance, financial institutions and professional registration may approve.

(1) A provision as follows:

"ENTIRE CONTRACT; CHANGES:

This policy, including the endorsements and the attached papers, if any, constitutes the entire contract of insurance. No change in this policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this policy or to waive any of its provisions".

(When under the provisions of subdivision (2) of subsection 1 of section 376.775 the effective and termination dates are stated in the premium receipt, the insurer shall insert in the first sentence of the foregoing policy provision immediately following the comma after the word "any", the following words: "and the insurer's official premium receipt when executed").

(2) A provision as follows:

"TIME LIMIT ON CERTAIN DEFENSES:

(a) After two years from the date of issue of this policy no misstatements, except fraudulent misstatements, made by the applicant in the application for such policy shall be used to void the policy or to deny a claim for loss incurred or disability (as defined in the policy) commencing after the expiration of such two-year period".

(The foregoing policy provision shall not be so construed as to affect any legal requirements for avoidance of a policy or denial of a claim during such initial two-year period, nor to limit the application of subdivisions (1), (2), (3), (4) and (5) of subsection 2 of this section in the event of misstatement with respect to age or occupation or other insurance.)

(A policy which the insured has the right to continue in force subject to its terms by the timely payment of premium (1) until at least age fifty or, (2) in the case of a policy issued after age forty-four, for at least five years from its date of issue, may contain in lieu of the foregoing the following provision (from which the clause in parentheses may be omitted at the insurer's option) under the caption "UNCONTESTABLE":

"After this policy has been in force for a period of three years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become uncontestable as to the statements contained in the application).

(b) No claim for loss incurred or disability (as defined in the policy) commencing after two years from the date of issue of this policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this policy."

(3) A provision as follows:

"GRACE PERIOD:

A grace period of . . . (insert a number not less than "7" for weekly premium policies, "10" for monthly premium policies and "31" for all other policies) days will be granted for the payment of each premium falling due after the first premium, during which grace period the policy shall continue in force."

(A policy which contains a cancellation provision may add, at the end of the above provision, subject to the right of the insurer to cancel in accordance with the cancellation provision hereof. A policy in which the insurer reserves the right to refuse any renewal shall have, at the beginning of the above provision, "Unless not less than five days prior to the premium due date the insurer has delivered to the insured or has mailed to his last address as shown by the records of the insurer written notice of its intention not to renew this policy beyond the period for which the premium has been accepted").

(4) A provision as follows:

"REINSTATEMENT:

If any renewal premium be not paid within the time granted the insured for payment, a subsequent acceptance of premium by the insurer or by any agent duly authorized by the insurer to accept such premium, without requiring in connection therewith an application for reinstatement, shall reinstate the policy; provided, however, that if the insurer or such agent requires an application for reinstatement and issues a conditional receipt for the premium tendered, the policy will be reinstated upon approval of such application by the insurer, or, lacking such approval, upon the forty-fifth day following the date of such conditional receipt unless the insurer has previously notified the insured in writing of its disapproval of such application. The reinstated policy shall cover only loss resulting from such accidental injury as may be sustained after the date of reinstatement and loss due to such sickness as may begin more than ten days after such date. In all other respects the insured and insurer shall have the same rights thereunder as they had under the policy immediately before the due date of the defaulted premium, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been previously paid, but not to any period more than sixty days prior to the date of reinstatement".

(The last sentence of the above provision may be omitted from any policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums (1) until at least age fifty or, (2) in the case of a policy issued after age forty-four, for at least five years from its date of issue.)

(5) A provision as follows:

"NOTICE OF CLAIM:

Written notice of claim must be given to the insurer within twenty days after the occurrence or commencement of any loss covered by the policy, or as soon thereafter as is reasonably possible. Notice given by or on behalf of the insured or the beneficiary to the insured at ..... (insert the location of such office as the insurer may designate for the purpose), or to any authorized agent of the insurer, with information sufficient to identify the insured, shall be deemed notice to the insurer".

(In a policy providing a loss-of-time benefit which may be payable for at least two years, an insurer may at its option insert the following between the first and second sentences of the above provision:

"Subject to the qualifications set forth below, if the insured suffers loss of time on account of disability for which indemnity may be payable for at least two years, he shall, at least once in every six months after having given notice of claim, give to the insurer notice of continuance of said disability, except in the event of legal incapacity. The period of six months following any filing of proof by the insured or any payment by the insurer on account of such claim or any denial of liability in whole or in part by the insurer shall be excluded in applying this provision. Delay in the giving of such notice shall not impair the insured's right to any indemnity which

would otherwise have accrued during the period of six months preceding the date on which such notice is actually given").

(6) A provision as follows:

"CLAIM FORMS:

The insurer upon receipt of a notice of claim, will furnish to the claimant such forms as are usually furnished by it for filing proofs of loss.

If such forms are not furnished within fifteen days after the giving of such notice the claimant shall be deemed to have complied with the requirements of this policy as to proof of loss upon submitting, within the time fixed in the policy for filing proofs of loss, written proof covering the occurrence, the character and the extent of the loss for which claim is made".

(7) A provision as follows:

"PROOFS OF LOSS:

Written proof of loss must be furnished to the insurer at its said office in case of claim for loss for which this policy provides any periodic payment contingent upon continuing loss within ninety days after the termination of the period for which the insurer is liable and in case of claim for any other loss within ninety days after the date of such loss. Failure to furnish such proof within the time required shall not invalidate nor reduce any claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one year from the time proof is otherwise required".

(8) A provision as follows:

"TIME OF PAYMENT OF CLAIMS:

Indemnities payable under this policy for any loss other than loss for which this policy provides any periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this policy provides periodic payment will be paid ..... (insert period for payment which must not be less frequently than monthly) and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof".

(9) A provision as follows:

"PAYMENT OF CLAIMS:

Indemnity for loss of life will be payable in accordance with the beneficiary designation and the provisions respecting such payment which may be prescribed herein and effective at the time of payment. If no such designation or provision is then effective, such indemnity shall be payable to the estate of the insured. Any other accrued indemnities unpaid at the insured's death may, at the option of the insurer, be paid either to such beneficiary or to such estate. All other indemnities will be payable to the insured".

(The following provisions, or either of them, may be included with the foregoing provision at the option of the insurer:

"If any indemnity of this policy shall be payable to the estate of the insured, or to an insured or beneficiary who is a minor or otherwise not competent to give a valid release, the insurer may pay such indemnity, up to an amount not exceeding $..... (insert an amount which shall not exceed one thousand dollars), to any relative by blood or connection by marriage of the insured or beneficiary who is deemed by the insurer to be equitably entitled thereto. Any payment made by the insurer in good faith pursuant to this provision shall fully discharge the insurer to the extent of such payment. Subject to any written direction of the insured in the application or otherwise all or a portion of any indemnities provided by this policy on account of hospital, nursing, medical, or surgical services may, at the insurer's option and unless the insured requests otherwise in writing not later than the time of filing proofs of such loss, be paid directly to the hospital or person rendering such services; but it is not required that the service be rendered by a particular hospital or person").

(10) A provision as follows:

"PHYSICAL EXAMINATIONS AND AUTOPSY:

The insurer at its own expense shall have the right and opportunity to examine the person of the insured when and as often as it may reasonably require during the pendency of a claim hereunder and to make an autopsy in case of death where it is not forbidden by law".

(11) A provision as follows:

"LEGAL ACTIONS:

No action at law or in equity shall be brought to recover on this policy prior to the expiration of sixty days after written proof of loss has been furnished in accordance with the requirements of this policy. No such action shall be brought after the expiration of three years after the time written proof of loss is required to be furnished".

(12) A provision as follows:

"CHANGE OF BENEFICIARY:

Unless the insured makes an irrevocable designation of beneficiary, the right to change of beneficiary is reserved to the insured and the consent of the beneficiary or beneficiaries shall not be requisite to surrender or assignment of this policy or to change of beneficiary or beneficiaries, or to any other changes in this policy".

(The first clause of this provision, relating to the irrevocable designation of beneficiary, may be omitted at the insurer's option).

2. Other provisions. Except as provided in subsection 3 of this section, no such policy delivered or issued for delivery to any person in this state shall contain provisions respecting the matters set forth below unless such provisions are in the words in which the same appear in this section; provided, however, that the insurer may, at its option, use in lieu of any such provision a corresponding provision of different wording approved by the director of the department of insurance, financial institutions and professional registration which is not less favorable in any respect to the insured or the beneficiary. Any such provision contained in the policy shall be preceded individually by the appropriate caption appearing in this subsection or, at the option of the insurer, by such appropriate individual or group captions or subcaptions as the director of the department of insurance, financial institutions and professional registration may approve.

(1) A provision as follows:

"CHANGE OF OCCUPATION:

If the insured be injured or contract sickness after having changed his occupation to one classified by the insurer as more hazardous than that stated in this policy or while doing for compensation anything pertaining to an occupation so classified, the insurer will pay only such portion of the indemnities provided in this policy as the premium paid would have purchased at the rates and within the limits fixed by the insurer for such more hazardous occupation. If the insured changes his occupation to one classified by the insurer as less hazardous than that stated in this policy, the insurer, upon receipt of proof of such change of occupation, will reduce the premium rate accordingly, and will return the excess pro rata unearned premium from the date of change of occupation or from the policy anniversary date immediately preceding receipt of such proof, whichever is the more recent. In applying this provision, the classification of occupational risk and the premium rates shall be such as have been last filed by the insurer prior to the occurrence of the loss for which the insurer is liable or prior to date of proof of change in occupation with the state official having supervision of insurance in the state where the insured resided at the time this policy was issued; but if such filing was not required, then the classification of occupational risk and the premium rates shall be those last made effective by the insurer in such state prior to the occurrence of the loss or prior to the date of proof of change in occupation".

(2) A provision as follows:

"MISSTATEMENT OF AGE:

If the age of the insured has been misstated, all amounts payable under this policy shall be such as the premium paid would have purchased at the correct age".

(3) A provision as follows:

"OTHER INSURANCE IN THIS INSURER:

If an accident or sickness or accident and sickness policy or policies previously issued by the insurer to the insured be in force concurrently herewith, making the aggregate indemnity for ..... (insert type of coverage or coverages) in excess of $..... (insert maximum limit of indemnity or indemnities) the excess insurance shall be void and all premiums paid for such excess shall be returned to the insured or to his estate, or in lieu thereof.

Insurance effective at any one time on the insured under a like policy or policies in this insurer is limited to the one such policy elected by the insured, his beneficiary or his estate, as the case may be, and the insurer will return all premiums paid for all other such policies".

(4) A provision as follows:

"INSURANCE WITH OTHER INSURERS:

If there be other valid coverage, not with this insurer, providing benefits for the same loss on a provision of service basis or on an expense incurred basis and of which this insurer has not been given written notice prior to the occurrence or commencement of loss, the only liability under any expense incurred coverage of this policy shall be for such proportion of the loss as the amount which would otherwise have been payable hereunder plus the total of the like amounts under all such other valid coverages for the same loss of which this insurer had notice bears to the total like amounts under all valid coverages for such loss, and for the return of such portion of the premiums paid as shall exceed the pro rata portion for the amount so determined. For the purpose of applying this provision when other coverage is on a provision of service basis, the "like amount" of such other coverage shall be taken as the amount which the services rendered would have cost in the absence of such coverage".

(If the foregoing policy provision is included in a policy which also contains the next following policy provision there shall be added to the caption of the foregoing provision the phrase "EXPENSE INCURRED BENEFITS". The insurer may, at its option, include in this provision a definition of "other valid coverage", approved as to form by the director of the department of insurance, financial institutions and professional registration, which definition shall be limited in subject matter to coverage provided by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, and by hospital or medical service organizations, and to any other coverage the inclusion of which may be approved by the director of the department of insurance, financial institutions and professional registration. In the absence of such definition such term shall not include group insurance, automobile medical payments insurance, or coverage provided by hospital or medical service organizations or by union welfare plans or employer or employees benefit organizations. For the purpose of applying the foregoing policy provision with respect to any insured, any amount of benefit provided for such insured pursuant to any compulsory benefit statute (including any workers' compensation or employer's liability statute whether provided by a governmental agency or otherwise shall in all cases be deemed to be "other valid coverage" of which the insurer has had notice. In applying the foregoing policy provision no third party liability coverage shall be included as "other valid coverage").

(5) A provision as follows:

"INSURANCE WITH OTHER INSURERS:

If there be other valid coverage, not with this insurer, providing benefits for the same loss on other than an expense incurred basis and of which this insurer has not been given written notice prior to the occurrence or commencement of loss, the only liability for such benefits under this policy shall be for such proportion of the indemnities otherwise provided hereunder for such loss as the like indemnities of which the insurer had notice (including the indemnities under this policy) bear to the total amount of all like indemnities for such loss, and for the return of such portion of the premium paid as shall exceed the pro rata portion for the indemnities thus determined".

(If the foregoing policy provision is included in a policy which also contains the next preceding policy provision there shall be added to the caption of the foregoing provision the

phrase "OTHER BENEFITS". The insurer may, at its option, include in this provision a definition of "other valid coverage", approved as to form by the director of the department of insurance, financial institutions and professional registration which definition shall be limited in subject matter to coverage provided by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, and to any other coverage the inclusion of which may be approved by the director of the department of insurance, financial institutions and professional registration. In the absence of such definition such term shall not include group insurance, or benefits provided by union welfare plans or by employer or employee benefit organizations. For the purpose of applying the foregoing policy provision with respect to any insured, any amount of benefit provided for such insured pursuant to any compulsory benefit statute (including any workers' compensation or employer's liability statute) whether provided by a governmental agency or otherwise shall in all cases be deemed to be "other valid coverage", of which the insurer has had notice. In applying the foregoing policy provision no third party liability coverage shall be included as "other valid coverage").

(6) A provision as follows:

"RELATION OF EARNINGS TO INSURANCE:

If the total monthly amount of loss of time benefits promised for the same loss under all valid loss of time coverage upon the insured, whether payable on a weekly or monthly basis, shall exceed the monthly earnings of the insured at the time disability commenced or his average monthly earnings for the period of two years immediately preceding a disability for which claim is made, whichever is the greater, the insurer will be liable only for such proportionate amount of such benefits under this policy as the amount of such monthly earnings or such average monthly earnings of the insured bears to the total amount of monthly benefits for the same loss under all such coverage upon the insured at the time such disability commences and for the return of such part of the premiums paid during such two years as shall exceed the pro rata amount of the premiums for the benefits actually paid hereunder; but this shall not operate to reduce the total monthly amount of benefits payable under all such coverage upon the insured below the sum of two hundred dollars or the sum of the monthly benefits specified in such coverages, whichever is the lesser, nor shall it operate to reduce benefits other than those payable for loss of time".

(The foregoing policy provision may be inserted only in a policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums (1) until at least age fifty or, (2) in the case of a policy issued after age forty-four, for at least five years from this date of issue. The insurer may, at its option, include in this provision a definition of "valid loss of time coverage", approved as to form by the director of the department of insurance, financial institutions and professional registration, which definition shall be limited in subject matter to coverage provided by governmental agencies or by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, or to any other coverage the inclusion of which may be approved by the director of the department of insurance, financial institutions and professional registration or any combination of such coverages. In the absence of such definition such term shall not include any coverage provided for such insured pursuant to any compulsory benefit statute (including any workers' compensation or employer's liability statute), or benefits provided by union welfare plans or by employer or employee benefit organizations).

(7) A provision as follows:

"UNPAID PREMIUM:

Upon the payment of a claim under this policy, any premium then due and unpaid or covered by any note or written order may be deducted therefrom".

(8) A provision as follows:

"CANCELLATION:

The insurer may cancel this policy at any time by written notice delivered to the insured, or mailed to his last address as shown by the records of the insurer, stating when, not less than five days thereafter, such cancellation shall be effective; and after the policy has been continued beyond its original term the insured may cancel this policy at any time by written notice delivered or mailed to the insurer, effective upon receipt or on such later date as may be specified in such notice. In the event of cancellation, the insurer will return promptly the unearned portion of any premium paid. If the insured cancels, the earned premium shall be computed by the use of the short-rate table last filed with the state official having supervision of insurance in the state where the insured resided when the policy was issued. If the insurer cancels, the earned premium shall be computed pro rata. Cancellation shall be without prejudice to any claim originating prior to the effective date of cancellation".

(9) A provision as follows:

"CONFORMITY WITH STATE STATUTES:

Any provision of this policy which, on its effective date, is in conflict with the statutes of the state in which the insured resides on such date is hereby amended to conform to the minimum requirements of such statutes".

(10) A provision as follows:

"ILLEGAL OCCUPATION:

The insurer shall not be liable for any loss to which a contributing cause was the insured's commission of or attempt to commit a felony or to which a contributing cause was the insured's being engaged in an illegal occupation".

(11) A provision as follows:

"INTOXICANTS AND NARCOTICS:

The insurer shall not be liable for any loss sustained or contracted in consequence of the insured's being intoxicated or under the influence of any narcotic unless administered on the advice of a physician".

3. Inapplicable or inconsistent provisions. If any provision of this section is in whole or in part inapplicable to or inconsistent with the coverage provided by a particular form of policy the insurer, with the approval of the director of the department of insurance, financial institutions and professional registration, shall omit from such policy an inapplicable provision or part of a provision, and shall modify any inconsistent provision or part of the provision, in such manner as to make the provision as contained in the policy consistent with the coverage provided by the policy.

4. Order of certain policy provisions. The provisions which are the subject of subsections 1 and 2 of this section, or any corresponding provisions which are used in lieu thereof in accordance with such subsections, shall be printed in the consecutive order of the provisions in such subsections or, at the option of the insurer, any such provision may appear as a unit in any part of the policy, with other provisions to which it may be logically related, provided the resulting policy shall not be in whole or in part unintelligible, uncertain, ambiguous, abstruse, or likely to mislead a person to whom the policy is offered, delivered or issued.

5. Third party ownership. The word "insured" as used in sections 376.770 to 376.800, shall not be construed as preventing a person other than the insured with a proper insurable interest from making application for and owning a policy covering the insured or from being entitled under such a policy to any indemnities, benefits and rights provided therein.

6. Requirements of other jurisdictions.

(1) Any policy of a foreign or alien insurer, when delivered or issued for delivery to any person in this state, may contain any provision which is not less favorable to the insured or the beneficiary than the provisions of sections 376.770 to 376.800 and which is prescribed or required by the law of the state under which the insurer is organized.

(2) Any policy of a domestic insurer may, when issued for delivery in any other state or country, contain any provision permitted or required by the laws of such other state or country.

7. Approval of policies.

(1) No policy subject to sections 376.770 to 376.800 shall be delivered or issued for delivery to any person in this state unless such policy, including any rider, endorsement or other provisions, supplementary thereto, shall have been approved by the director of the department of insurance, financial institutions and professional registration.

(2) The director of the department of insurance, financial institutions and professional registration shall have authority to make such reasonable rules and regulations concerning the filing and submission of policies as are necessary, proper or advisable. Such rules and regulations shall provide, among other things, that if a policy form is disapproved, **[**the reasons therefor**]** **all specific reasons for nonconformance** shall be stated in writing **within forty-five days from the date of filing;** that a hearing shall be granted upon such disapproval, if so requested; and that the failure of the director of the department of insurance, financial institutions and professional registration, to take action approving or disapproving a submitted policy form within **[**a stipulated time, not to exceed sixty**]** **forty-five** days from the date of filing, shall be deemed an approval thereof **[**until such time as the director of the department of insurance, financial institutions and professional registration shall notify the submitting company, in writing, of his disapproval thereof**]**. **If at any time after a policy form is approved or deemed approved, the director determines that any provision of the filing is contrary to state law, the director shall notify the health carrier of the specific provisions that are contrary to state law and any specific statute or regulation to which the provision is contrary, and request that the health carrier file, within thirty days of the notification an amendment form that modifies the provision to conform to state law. Upon approval of the amendment form by the director, the health carrier shall issue a copy of the amendment to each individual and entity to which the filing has been issued. Such amendment shall have the force and effect as if the amendment was in the original filing or policy.**

(3) The director of the department of insurance, financial institutions and professional registration shall approve only those policies which are in compliance with the insurance laws of this state and which contain such words, phraseology, conditions and provisions which are specific, certain and unambiguous and reasonably adequate to meet needed requirements for the protection of those insured. The disapproval of any policy form shall be based upon the requirements of the laws of this state or of any regulation lawfully promulgated thereunder.

(4) The director of the department of insurance, financial institutions and professional registration may, by order or bulletin, exempt from the approval requirements of this section for so long as he deems proper any insurance policy, document, or form or type thereof, as specified in such order or bulletin, to which, in his opinion, this section may not practicably be applied, or the approval of which is, in his opinion, not desirable or necessary for the protection of the public.

(5) Notwithstanding any other provision of law to the contrary, a health carrier, as defined in section 376.1350, may offer a health benefit plan that is a managed care plan that requires all health care services to be delivered by a participating provider in the health carrier's network, except for emergency services, as defined in section 376.1350, and the services described in subsection 4 of section 376.811. Such a provision shall be disclosed in the policy form.

The board of directors on behalf of the pool shall submit to the director a plan of operation for the pool and any amendments thereto necessary or suitable to assure the fair, reasonable and equitable administration of the pool. Rates shall not be unreasonable in relation to the coverage provided, the risk experience and expenses of providing the coverage. Rates and rate schedules may be adjusted for appropriate risk factors such as age and area variation in claim costs and shall take into consideration appropriate risk factors in accordance with established actuarial and underwriting practices;

(1) Persons who have, on the date of issue of coverage by the pool, or obtain coverage under health insurance or an insurance arrangement substantially similar to or more comprehensive than a plan policy, or would be eligible to have coverage if the person elected to obtain it, except that:

(b) A person may maintain other coverage for the period of time the person is satisfying any preexisting condition waiting period under a pool policy; and

ADMINISTRATION OF POOL BY INSURER OR INSURERS BY COMPETITIVE BIDS — INSURER'S QUALIFICATIONS — BOARD TO ESTABLISH CRITERIA FOR BID CONTENT. — The board shall select an insurer **[**or**],** insurers**, or third-party administrators** through a competitive bidding process to administer the pool. The board shall evaluate bids submitted based on criteria established by the board which shall include:

(2) The efficiency of the insurer's claim-paying procedures;

(3) An estimate of total charges for administering the plan;

(4) The insurer's ability to administer the pool in a cost-efficient manner.

376.970. ADMINISTERING INSURER TO SERVE FOR THREE YEARS SUBJECT TO REMOVAL FOR CAUSE — DUTIES — REPORTS — BIDDING PROCESS. — 1. 3. Modifies provisions relating to electronic monitoring of criminal defendants and DWI courts

AN ACT to repeal sections 478.007, 544.455, and 557.011, RSMo, and to enact in lieu thereof three new sections relating to the supervision of criminal offenders, with existing penalty provisions.

SECTION

A. Enacting clause.

478.007. DWI, alternative disposition of cases, docket or court may be established — private probation services, when (Jackson County).
544.455. Release of person charged, when — conditions which may be imposed.
557.011. Authorized dispositions.

Be it enacted by the General Assembly of the State of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Sections 478.007, 544.455, and 557.011, RSMo, are repealed and three new sections enacted in lieu thereof, to be known as sections 478.007, 544.455, and 557.011, to read as follows:

478.007. DWI, ALTERNATIVE DISPOSITION OF CASES, DOCKET OR COURT MAY BE ESTABLISHED — PRIVATE PROBATION SERVICES, WHEN (JACKSON COUNTY). — 1. Any circuit court, or any county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants with a county municipal court established under section 66.010, may establish a docket or court to provide an alternative for the judicial system to dispose of cases in which a person has pleaded guilty to driving while intoxicated or driving with excessive blood alcohol content and:

(1) The person was operating a motor vehicle with at least fifteen-hundredths of one percent or more by weight of alcohol in such person's blood; or

(2) The person has previously pleaded guilty to or has been found guilty of one or more intoxication-related traffic offenses as defined by section 577.023; or

(3) The person has two or more previous alcohol-related enforcement contacts as defined in section 302.525.

2. This docket or court shall combine judicial supervision, drug testing, continuous alcohol monitoring, substance abuse traffic offender program compliance, and treatment of DWI court participants. The court may assess any and all necessary costs for participation in DWI court against the participant. Any money received from such assessed costs by a court from a defendant shall not be considered court costs, charges, or fines. This docket or court may operate in conjunction with a drug court established pursuant to sections 478.001 to 478.006.

3. If the division of probation and parole is otherwise unavailable to assist in the judicial supervision of any person who wishes to enter a DWI court, a court-approved private probation service may be utilized by the DWI court to fill the division's role. In such case, any and all necessary additional costs may be assessed against the participant. No person shall be rejected from participating in DWI court solely for the reason that the person does not reside in the city or county where the applicable DWI court is located but the DWI court can base acceptance into a treatment court program on its ability to adequately provide services for the person or handle the additional caseload.

544.455. RELEASE OF PERSON CHARGED, WHEN — CONDITIONS WHICH MAY BE IMPOSED. — 1. Any person charged with a bailable offense, at his or her appearance before an associate circuit judge or judge may be ordered released pending trial, appeal, or other stage of the proceedings against him on his personal recognizance, unless the associate circuit judge or judge determines, in the exercise of his discretion, that such a release will not reasonably assure the appearance of the person as required. When such a determination is made, the associate circuit judge or judge may either in lieu of or in addition to the above methods of release, impose any or any combination of the following conditions of release which will reasonably assure the appearance of the person for trial:

(1) Place the person in the custody of a designated person or organization agreeing to supervise him;

(2) Place restriction on the travel, association, or place of abode of the person during the period of release;

(3) Require the execution of a bail bond with sufficient solvent sureties, or the deposit of cash in lieu thereof;

(4) Require the person to report regularly to some officer of the court, or peace officer, in such manner as the associate circuit judge or judge directs;

(5) Require the execution of a bond in a given sum and the deposit in the registry of the court of ten percent, or such lesser percent as the judge directs, of the sum in cash or negotiable bonds of the United States or of the state of Missouri or any political subdivision thereof;

(6) Place the person on house arrest with electronic monitoring**[**,**];** except that all costs associated with the electronic monitoring shall be charged to the person on house arrest. If the judge finds the person unable to afford the costs associated with electronic monitoring, **[**then**]** the judge **[**shall not**] may** order that the person be placed on house arrest with electronic monitoring **if the county commission agrees to pay from the general revenue of the county the costs of such monitoring. If the person on house arrest is unable to afford the costs associated with electronic monitoring and the county commission does not agree to pay the costs of such electronic monitoring, the judge shall not order that the person be placed on house arrest with electronic monitoring**;

(7) Impose any other condition deemed reasonably necessary to assure appearance as required, including a condition requiring that the person return to custody after specified hours.

2. In determining which conditions of release will reasonably assure appearance, the associate circuit judge or judge shall, on the basis of available information, take into account the nature and circumstances of the offense charged, the weight of the evidence against the accused, the accused's family ties, employment, financial resources, character and mental condition, the length of his residence in the community, his record of convictions, and his record of appearance at court proceedings or flight to avoid prosecution or failure to appear at court proceedings.

3. An associate circuit judge or judge authorizing the release of a person under this section shall issue an appropriate order containing a statement of the conditions imposed, if any, shall inform such person of the penalties applicable to violations of the conditions of his release and shall advise him that a warrant for his arrest will be issued immediately upon any such violation.

4. A person for whom conditions of release are imposed and who after twenty-four hours from the time of the release hearing continues to be detained as a result of his inability to meet the conditions of release, shall, upon application, be entitled to have the condition reviewed by the associate circuit judge or judge who imposed them. The motion shall be determined promptly.

5. An associate circuit judge or judge ordering the release of a person on any condition specified in this section may at any time amend his order to impose additional or different conditions of release; except that, if the imposition of such additional or different conditions results in the detention of the person as a result of his inability to meet such conditions or in the release of the person on a condition requiring him to return to custody after specified hours, the provisions of subsection 4 **of this section** shall apply.

6. Information stated in, or offered in connection with, any order entered pursuant to this section need not conform to the rules pertaining to the admissibility of evidence in a court of law.

7. Nothing contained in this section shall be construed to prevent the disposition of any case or class of cases by forfeiture of collateral security where such disposition is authorized by the court.

8. Persons charged with violations of municipal ordinances may be released by a municipal judge or other judge who hears and determines municipal ordinance violation cases of the municipality involved under the same conditions and in the same manner as provided in this section for release by an associate circuit judge.

9. A circuit court may adopt a local rule authorizing the pretrial release on electronic monitoring pursuant to subdivision (6) of subsection 1 of this section in lieu of incarceration of individuals charged with offenses specifically identified therein.

557.011. AUTHORIZED DISPOSITIONS. — 1. Every person found guilty of an offense shall be dealt with by the court in accordance with the provisions of this chapter, except that for offenses defined outside this code and not repealed, the term of imprisonment or the fine that may be imposed is that provided in the statute defining the offense; however, the conditional release term of any sentence of a term of years shall be determined as provided in subsection 4 of section 558.011.

2. Whenever any person has been found guilty of a felony or a misdemeanor the court shall make one or more of the following dispositions of the offender in any appropriate combination. The court may:

5. This chapter shall not be construed to deprive the court of any authority conferred by law to decree a forfeiture of property, suspend or cancel a license, remove a person from office, or impose any other civil penalty. An appropriate order exercising such authority may be included as part of any sentence.

6. In the event a sentence of confinement is ordered executed, a court may order that an individual serve all or any portion of such sentence on electronic monitoring**[**,**];** except that all costs associated with the electronic monitoring shall be charged to the person on house arrest. If the judge finds the person unable to afford the costs associated with electronic monitoring, **[**then**]** the judge **[**shall not**] may** order that the person be placed on house arrest with electronic monitoring **if the county commission agrees to pay the costs of such monitoring. (8) The duration of the written practice agreement between the collaborating physician and the advanced practice registered nurse;

(9) A description of the time and manner of the collaborating physician's review of the advanced practice registered nurse's delivery of health care services. The description shall include provisions that the advanced practice registered nurse shall submit a minimum of ten percent of the charts documenting the advanced practice registered nurse's delivery of health care services to the collaborating physician for review by the collaborating physician, or any other physician designated in the collaborative practice arrangement, every fourteen days; and

(10) The collaborating physician, or any other physician designated in the collaborative practice arrangement, shall review every fourteen days a minimum of twenty percent of the charts in which the advanced practice registered nurse prescribes controlled substances. The charts reviewed under this subdivision may be counted in the number of charts required to be reviewed under subdivision (9) of this subsection.

4. The state board of registration for the healing arts pursuant to section 334.125 and the board of nursing pursuant to section 335.036 may jointly promulgate rules regulating the use of collaborative practice arrangements. Such rules shall be limited to specifying geographic areas to be covered, the methods of treatment that may be covered by collaborative practice arrangements and the requirements for review of services provided pursuant to collaborative practice arrangements including delegating authority to prescribe controlled substances. Any rules relating to dispensing or distribution of medications or devices by prescription or prescription drug orders under this section shall be subject to the approval of the state board of pharmacy. Any rules relating to dispensing or distribution of controlled substances by prescription or prescription drug orders under this section shall be subject to the approval of the department of health and senior services and the state board of pharmacy. In order to take effect, such rules shall be approved by a majority vote of a quorum of each board. Neither the state board of registration for the healing arts nor the board of nursing may separately promulgate rules relating to collaborative practice arrangements. Such jointly promulgated rules shall be consistent with guidelines for federally funded clinics. The rulemaking authority granted in this subsection

shall not extend to collaborative practice arrangements of hospital employees providing inpatient care within hospitals as defined pursuant to chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

5. The state board of registration for the healing arts shall not deny, revoke, suspend or otherwise take disciplinary action against a physician for health care services delegated to a registered professional nurse provided the provisions of this section and the rules promulgated thereunder are satisfied. Upon the written request of a physician subject to a disciplinary action imposed as a result of an agreement between a physician and a registered professional nurse or registered physician assistant, whether written or not, prior to August 28, 1993, all records of such disciplinary licensure action and all records pertaining to the filing, investigation or review of an alleged violation of this chapter incurred as a result of such an agreement shall be removed from the records of the state board of registration for the healing arts and the division of professional registration and shall not be disclosed to any public or private entity seeking such information from the board or the division. The state board of registration for the healing arts shall take action to correct reports of alleged violations and disciplinary actions as described in this section which have been submitted to the National Practitioner Data Bank. In subsequent applications or representations relating to his medical practice, a physician completing forms or documents shall not be required to report any actions of the state board of registration for the healing arts for which the records are subject to removal under this section.

6. Within thirty days of any change and on each renewal, the state board of registration for the healing arts shall require every physician to identify whether the physician is engaged in any collaborative practice agreement, including collaborative practice agreements delegating the authority to prescribe controlled substances, or physician assistant agreement and also report to the board the name of each licensed professional with whom the physician has entered into such agreement. The board may make this information available to the public. The board shall track the reported information and may routinely conduct random reviews of such agreements to ensure that agreements are carried out for compliance under this chapter.

7. Notwithstanding any law to the contrary, a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 shall be permitted to provide anesthesia services without a collaborative practice arrangement provided that he or she is under the supervision of an anesthesiologist or other physician, dentist, or podiatrist who is immediately available if needed. Nothing in this subsection shall be construed to prohibit or prevent a certified registered nurse anesthetist as defined in subdivision (8) of section 335.016 from entering into a collaborative practice arrangement under this section, except that the collaborative practice arrangement may not delegate the authority to prescribe any controlled substances listed in Schedules III, IV, and V of section 195.017.

8. A collaborating physician shall not enter into a collaborative practice arrangement with more than three full-time equivalent advanced practice registered nurses. This limitation shall not apply to collaborative arrangements of hospital employees providing inpatient care service in hospitals as defined in chapter 197 or population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

9. It is the responsibility of the collaborating physician to determine and document the completion of at least a one-month period of time during which the advanced practice registered nurse shall practice with the collaborating physician continuously present before practicing in a setting where the collaborating physician is not continuously present. This limitation shall not apply to collaborative arrangements of providers of population-based public health services as defined by 20 CSR 2150-5.100 as of April 30, 2008.

10. No agreement made under this section shall supersede current hospital licensing regulations governing hospital medication orders under protocols or standing orders for the purpose of delivering inpatient or emergency care within a hospital as defined in section 197.020 if such protocols or standing orders have been approved by the hospital's medical staff and pharmaceutical therapeutics committee.

11. No contract or other agreement shall require a physician to act as a collaborating physician for an advanced practice registered nurse against the physician's will. A physician shall have the right to refuse to act as a collaborating physician, without penalty, for a particular advanced practice registered nurse. No contract or other agreement shall limit the collaborating physician's ultimate authority over any protocols or standing orders or in the delegation of the physician's authority to any advanced practice registered nurse, but this requirement shall not authorize a physician in implementing such protocols, standing orders, or delegation to violate applicable standards for safe medical practice established by hospital's medical staff.

12. No contract or other agreement shall require any advanced practice registered nurse to serve as a collaborating advanced practice registered nurse for any collaborating physician against the advanced practice registered nurse's will. An advanced practice registered nurse shall have the right to refuse to collaborate, without penalty, with a particular physician.

a. When the uncompensated value is twelve thousand dollars or less, the resource shall not be used in determining eligibility for more than twenty-four months; or

b. When the uncompensated value exceeds twelve thousand dollars, the resource shall not be used in determining eligibility for more than sixty months;

(2) The provisions of subdivision (1) of this subsection shall not apply to a transfer, other than a transfer to claimant's spouse, made prior to March 26, 1981, when the claimant furnishes convincing evidence that the uncompensated value of the disposed of resource or any part thereof is no longer possessed or owned by the person to whom the resource was transferred;

No person or entity shall charge more than ten percent of the total amount deposited into a personal funeral trust in order to create or set up said personal funeral trust, and any fees charged for the maintenance of such a personal funeral trust shall not exceed three percent of the trust assets annually. Trustees may commingle funds from two or more such personal funeral trust accounts so long as accurate books and records are kept as to the value, deposits, and disbursements of each individual depositor's funds and trustees are to use the prudent investor standard as to the investment of any funds placed into a personal funeral trust. If the person whose funds are deposited into the personal funeral trust account receives any public assistance benefits pursuant to this chapter and any funds in the personal funeral trust account are, for any reason, not spent on the burial, funeral, preparation of the body, or other final disposition of the person whose funds were deposited into the trust account, such funds shall be paid to the state of Missouri with any amount in excess of the public assistance benefits provided under this chapter to be refunded by the state of Missouri to the person who received public assistance benefits or his or her successors. 43.543. CERTAIN AGENCIES TO SUBMIT FINGERPRINTS, USE OF FINGERPRINTS FOR BACKGROUND SEARCH — PROCEDURE FOR SUBMISSION. — Any state agency listed in section 621.045, the division of professional registration of the department of insurance, financial institutions and professional registration, the department of social services, the supreme court of Missouri, the state courts administrator, the department of elementary and secondary education, **the department of natural resources,** the Missouri lottery, the Missouri gaming commission, or any state, municipal, or county agency which screens persons seeking employment with such agencies or issuance or renewal of a license, permit, certificate, or registration of authority from such agencies; or any state, municipal, or county agency or committee, or state school of higher education which is authorized by state statute or executive order, or local or county ordinance to screen applicants or candidates seeking or considered for employment, assignment, contracting, or appointment to a position within state, municipal, or county government; or the Missouri peace officers standards and training, POST, commission which screens persons, not employed by a criminal justice agency, who seek enrollment or access into a certified POST training academy police school, or persons seeking a permit to purchase or possess a firearm for employment as a watchman, security personnel, or private investigator; or law enforcement agencies which screen persons seeking issuance or renewal of a license, permit, certificate, or registration to purchase or possess a firearm shall submit two sets of fingerprints to the Missouri state highway patrol, Missouri criminal records repository, for the purpose of checking the

person's criminal history. The first set of fingerprints shall be used to search the Missouri criminal records repository and the second set shall be submitted to the Federal Bureau of Investigation to be used for searching the federal criminal history files if necessary. The fingerprints shall be submitted on forms and in the manner prescribed by the Missouri state highway patrol. Fees assessed for the searches shall be paid by the applicant or in the manner prescribed by the Missouri state highway patrol. Notwithstanding the provisions of section 610.120, all records related to any criminal history information discovered shall be accessible and available to the state, municipal, or county agency making the record request.

60.185. COUNTY SURVEYORS, DUTIES. — The county surveyor of every county or city shall:

(1) Keep a fair and correct record of all surveys made by himself and his deputies, in a well-bound book, with a convenient index, to be procured at the expense of the county or city for that purpose, which books and indexes shall be the property of such county or city, and shall be known as the county surveyor's plat book, and every such surveyor shall record in such book a plat of all surveys executed by him or his deputies, within two weeks after the plat of survey has been certified to, and such books shall be kept at the county seat or city hall and subject to inspection by any person interested therein, under the supervision of the county surveyor for such county or city;

(2) Number his surveys progressively;

(3) Deliver a copy of any plat of survey to any person requiring such a copy, on payment of an amount equal to the fees allowed to the recorder of deeds for such a document, so long as such records shall remain in his possession, and after such record shall have been deposited in the office of the recorder of deeds, the recorder shall, on the request of anyone and on payment of his fees for such service, deliver to such person a duly certified copy of such records under the seal of his office, which shall be accepted as evidence, to all intents and purposes, as the originals themselves;

(4) Maintain a copy of corner restoration documents as required in section 60.321 when provided by the Missouri department of **[**natural resources**]** **agriculture**, and subject to inspection and copying by any person interested therein during the normal office hours of the county on payment of the fees allowed to the recorder for similar documents.

60.195. UNITED STATES FIELD NOTES ON SURVEY OF COUNTIES, HOW OBTAINED AND FILED IN OFFICE OF COUNTY SURVEYOR. — The several county commissions in this state are hereby authorized, in all cases wherein they shall consider it to be the interest of their counties, to obtain from the Missouri department of **[**natural resources**]** **agriculture** a certified copy of so much of the field notes of all surveys lying within their counties, respectively, which have been and may be made by the United States, as relates to the description of the township, section, fractional section, quarter section and legal subdivisional corners, the variation of the needle at which the east and west boundaries of township or range lines were run, the length of the north and south, as well as east and west sectional lines; also, the fallings of all east and west township and sectional lines the same to be filed in the office of the county surveyor of their counties, respectively.

60.301. DEFINITIONS. — Whenever the following words and terms are used in this chapter they shall have the following meaning unless the context clearly indicates that a different meaning is intended:

(1) "Corners of the United States public land survey", those points that determine the boundaries of the various subdivisions represented on the official plat such as the township corner, the section corner, the quarter-section corner, grant corner and meander corner;

(2) "Existent corner", a corner whose position can be identified by verifying the evidence of the original monument or its accessories, or by some physical evidence described in the field

notes, or located by an acceptable supplemental survey record or some physical evidence thereof, or by testimony. The physical evidence of a corner may have been entirely obliterated but the corner will be considered existent if its position can be recovered through the testimony of one or more witnesses who have a dependable knowledge of the original location. A legally reestablished corner shall have the same status as an existent corner;

(3) "Lost corner", a corner whose position cannot be determined, beyond reasonable doubt, either from traces of the original marks or from acceptable evidence or testimony that bears upon the original position;

(4) "Monument", the physical object which marks the corner point determined by the surveying process. The accessories, such as bearing trees, bearing objects, reference monuments, mounds of stone and other similar objects that aid in identifying the corner position, are also considered a part of a corner monument;

(5) "Obliterated, decayed or destroyed corner", an existent corner at whose point there are no remaining traces of the original monument or its accessories, but whose location has been perpetuated by subsequent surveys, or the point may be recovered beyond reasonable doubt by the acts and testimony of local residents, competent surveyors, other qualified local authorities or witnesses, or by some acceptable record evidence. A position that depends upon the use of collateral evidence can be accepted only if duly supported, generally through proper relation to known corners, and agreement with the field notes regarding distances to natural objects, stream crossings, line trees, etc., or unquestionable testimony;

(6) "Original government survey", that survey executed under the authority of the United States government as recorded on the official plats and field notes of the United States public land survey maintained by the Missouri department of **[**natural resources**]** **agriculture**;

(7) "Proportionate measurement", a measurement of a line that gives equal relative weight to all parts of the line. The excess or deficiency between two existent corners is so distributed that the amount of excess or deficiency given to each interval bears the same proportion to the whole difference as the record length of the interval bears to the whole record distance:

(a) "Single proportionate measurement", a measurement of a line applied to a new measurement made between known points on a line to determine one or more positions on that line;

(b) "Double proportionate measurement", a measurement applied to a new measurement made between four known corners, two each on intersecting meridional and latitudinal lines, for the purpose of relating the intersection to both. The procedure is described as follows: First, measurements will be made between the nearest existent corners north and south of the lost corner. A temporary point will be determined to locate the latitude of the lost corner on the straight line connecting the existent corners and at the proper proportionate distance. Second, measurements will be made between the nearest existent corners east and west of the lost corner. A temporary point will be determined to locate the longitude of the lost corner on the straight line connecting the existent corners and at the proportionate distance. Third, determine the location of the lost corner at the intersection of an east-west line through the point determining the latitude of the lost corner with a north-south line through the point determining the longitude of the lost corner. When the total length of the line between the nearest existing corners was not measured in the original government survey, the record distance from one existing corner to the lost corner will be used instead of the proportionate distance. This exception will apply to either or both of the east-west or north-south lines;

(8) "Record distance", the distance or length as shown on the original government survey. In determining record distances, consideration shall be given as to whether the distance was measured on a random or true line.

60.321. LOST CORNERS, MONUMENTATION, PROCEDURE — VIOLATION DEEMED MISCONDUCT. — For the purpose of perpetuating the corners of the United States public land survey, every surveyor who reestablishes a lost corner or restores an existent corner shall

monument the corner and shall file an instrument showing such reestablishment or restoration with the Missouri department of **[**natural resources**]** **agriculture**, in accordance with the specifications and procedures adopted by the Missouri department of **[**natural resources**]** **agriculture**. Any surveyor who willfully and knowingly fails to perpetuate corners in accordance with this section is guilty of misconduct in the practice of land surveying.

60.451. MISSOURI COORDINATE SYSTEM ZONES PRECISELY DEFINED. — 1. For the purpose of more precisely defining the Missouri coordinate system of 1927, the following definition by the United States Coast and Geodetic Survey is adopted:

(1) The Missouri coordinate system of 1927, east zone, is a transverse Mercator projection of the Clarke spheroid of 1866, having a central meridian 90 degrees — 30 minutes west of Greenwich, on which meridian the scale is set at one part in fifteen thousand too small. The origin of coordinates is at the intersection of the meridian 90 degrees — 30 minutes west of Greenwich and the parallel 35 degrees — 50 minutes north latitude. This origin is given the coordinates: x = 500,000 feet and y = 0 feet;

(2) The Missouri coordinate system of 1927, central zone, is a transverse Mercator projection of the Clarke spheroid of 1866, having a central meridian 92 degrees — 30 minutes west of Greenwich, on which meridian the scale is set at one part in fifteen thousand too small. The origin of coordinates is at the intersection of the meridian 92 degrees — 30 minutes west of Greenwich and the parallel of 35 degrees — 50 minutes north latitude. This origin is given the coordinates: x = 500,000 feet and y = 0 feet;

(3) The Missouri coordinate system of 1927, west zone, is a transverse Mercator projection of the Clarke spheroid of 1866, having a central meridian 94 degrees — 30 minutes west of Greenwich, on which meridian the scale is set at one part in seventeen thousand too small. The origin of coordinates is at the intersection of the meridian 94 degrees — 30 minutes west of Greenwich and the parallel 36 degrees — 10 minutes north latitude. This origin is given the coordinates: x = 500,000 feet and y = 0 feet.

2. For purposes of more precisely defining the Missouri coordinate system of 1983, the following definition by the National Ocean Survey/National Geodetic Survey is adopted:

(1) The Missouri coordinate system 1983, east zone, is a transverse Mercator projection of the North American Datum of 1983 having a central meridian 90 degrees — 30 minutes west of Greenwich, on which meridian the scale is set at one part in fifteen thousand too small. The origin of coordinates is at the intersection of the meridian 90 degrees — 30 minutes west of Greenwich and the parallel 35 degrees — 50 minutes north latitude. This origin is given the coordinates: x = 250,000 meters and y = 0 meters;

(2) The Missouri coordinate system 1983, central zone, is a transverse Mercator projection of the North American Datum of 1983 having a central meridian 92 degrees — 30 minutes west of Greenwich, on which meridian the scale is set at one part in fifteen thousand too small. The origin of coordinates is at the intersection of the meridian 92 degrees — 30 minutes west of Greenwich and the parallel of 35 degrees — 50 minutes north latitude. This origin is given the coordinates: x = 500,000 meters and y = 0 meters;

(3) The Missouri coordinate system 1983, west zone, is a transverse Mercator projection of the North American Datum of 1983 having a central meridian 94 degrees — 30 minutes west of Greenwich, on which meridian the scale is set at one part in seventeen thousand too small. The origin of coordinates is at the intersection of the meridian 94 degrees — 30 minutes west of Greenwich and the parallel 36 degrees — 10 minutes north latitude. This origin is given the coordinates: x = 850,000 meters and y = 0 meters.

3. The position of either Missouri coordinate system shall be as marked on the ground by horizontal control stations established in conformity with the standards adopted by the department of **[**natural resources**]** **agriculture** for first-order and second-order work, whose geodetic positions have been rigidly adjusted on the appropriate datum and whose coordinates

have been computed on the system defined in this section. Any such station may be used for establishing a survey connection with the Missouri coordinate system.

60.510. POWERS AND DUTIES OF DEPARTMENT. — The functions, duties and responsibilities of the department of **[**natural resources**]** **agriculture** shall be as follows:

(1) To restore, maintain, and preserve the land survey monuments, section corners, and quarter section corners established by the United States public land survey within Missouri, together with all pertinent field notes, plats and documents; and also to restore, establish, maintain, and preserve Missouri state and county boundary markers and other boundary markers considered by the department of **[**natural resources**]** **agriculture** to be of importance, or otherwise established by law;

(2) To design and cause to be placed at established public land survey corner sites, where practical, substantial monuments permanently indicating, with words and figures, the exact location involved, but if such monuments cannot be placed at the exact corner point, then witness corners of similar design shall be placed as near by as possible, with words and figures indicating the bearing and distance to the true corner;

(3) To establish, maintain, and provide safe storage facilities for a comprehensive system of recordation of information respecting all monuments established by the United States public land survey within this state, and such records as may be pertinent to the department of **[**natural resources'**]** **agriculture's** establishment or maintenance of other land corners, Missouri state coordinate system stations and accessories, and survey monuments in general;

(4) To provide the framework for all geodetic positioning activities in the state. The foundational elements include latitude, longitude, and elevation which contribute to informed decision making and impact on a wide range of important activities including mapping and geographic information systems, flood risk determination, transportation, land use and ecosystem management and use of the Missouri state coordinate system, as established by sections 60.401 to 60.491;

(5) To collect and preserve information obtained from surveys made by those authorized to establish land monuments or land boundaries, and to assist in the proper recording of the same by the duly constituted county officials, or otherwise;

(6) To furnish, upon reasonable request and tender of the required fees therefor, certified copies of records created or maintained by the department of **[**natural resources**]** **agriculture** which, when certified by the state land surveyor or a designated assistant, shall be admissible in evidence in any court in this state, as the original record; and

(7) To prescribe, and disseminate to those engaged in the business of land surveying, regulations designed to assist in uniform and professional surveying methods and standards in this state.

60.530. SURVEYOR, DUTIES. — The state land surveyor shall, under guidance of the department of **[**natural resources**]** **agriculture** and with the recommendation of the land survey commission, carry out the routine functions and duties of the department of **[**natural resources**]** **agriculture**, as prescribed in sections 60.510 to 60.620 and section 60.670. He or she shall, whenever practical, cause all land surveys, except geodetic surveys, to be executed, under his or her direction by the registered county surveyor or a local registered land surveyor when no registered county surveyor exists. He or she shall perform such other work and acts as shall, in the judgment of the department of **[**natural resources**]** **agriculture** and with the recommendation of the land survey commission, be necessary and proper to carry out the objectives of sections 60.510 to 60.620 and section 60.670 and, within the limits of appropriations made therefor and subject to the approval of the department of **[**natural resources and the state merit system**]** **agriculture**, employ and fix the compensation of such additional employees as may be necessary to carry out the provisions of sections 60.510 to 60.620 and section 60.670.

60.540. DEPARTMENT MAY ACQUIRE PROPERTY, HOW. — The department of **[**natural resources**]** **agriculture** may acquire, in the name of the state of Missouri, lands or interests therein, where necessary, to establish permanent control stations; and may lease or purchase or acquire by negotiation or condemnation, where necessary, land for the establishment of an office of the land survey program of the department of **[**natural resources**]** **agriculture**. If condemnation is necessary, the attorney general shall bring the suit in the name of the state in the same manner as authorized by law for the acquisition of lands by the state transportation department.

60.550. PERMIT REQUIRED TO OPERATE FACILITY, AND CONSTRUCTION PERMIT TO CONSTRUCT FACILITY, REQUIREMENTS, EXCEPTIONS, FEES — PLANS TO BE SUBMITTED — PERMITS REVOKED OR SUSPENDED, WHEN — DISCLOSURE STATEMENT, REQUIREMENTS. — 1. It shall be unlawful for any person to operate a solid waste processing facility or solid waste disposal area of a solid waste management system without first obtaining an operating permit from the department. It shall be unlawful for any person to construct a solid waste processing facility or solid waste disposal area without first obtaining a construction permit from the department pursuant to this section. A current authorization to operate issued by the department pursuant to sections 260.200 to 260.345 shall be considered to be a permit to operate for purposes of this section for all solid waste disposal areas and processing facilities existing on August 28, 1995. A permit shall not be issued for a sanitary landfill to be located in a flood area, as determined by the department, where flood waters are likely to significantly erode final cover. A permit shall not be required to operate a waste stabilization lagoon, settling pond or other water treatment facility which has a valid permit from the Missouri clean water commission even though the facility may receive solid or semisolid waste materials.

2. No person or operator may apply for or obtain a permit to construct a solid waste disposal area unless the person has requested the department to conduct a preliminary site investigation and obtained preliminary approval from the department. The department shall, within sixty days of such request, conduct a preliminary investigation and approve or disapprove the site.

3. All proposed solid waste disposal areas for which a preliminary site investigation request pursuant to subsection 2 of this section is received by the department on or after August 28, 1999, shall be subject to a public involvement activity as part of the permit application process. The activity shall consist of the following:

(1) The applicant shall notify the public of the preliminary site investigation approval within thirty days after the receipt of such approval. Such public notification shall be by certified mail to the governing body of the county or city in which the proposed disposal area is to be located and by certified mail to the solid waste management district in which the proposed disposal area is to be located;

(2) Within ninety days after the preliminary site investigation approval, the department shall conduct a public awareness session in the county in which the proposed disposal area is to be located. The department shall provide public notice of such session by both printed and broadcast media at least thirty days prior to such session. Printed notification shall include

publication in at least one newspaper having general circulation within the county in which the proposed disposal area is to be located. Broadcast notification shall include public service announcements on radio stations that have broadcast coverage within the county in which the proposed disposal area is to be located. The intent of such public awareness session shall be to provide general information to interested citizens on the design and operation of solid waste disposal areas;

(3) At least sixty days prior to the submission to the department of a report on the results of a detailed site investigation pursuant to subsection 4 of this section, the applicant shall conduct a community involvement session in the county in which the proposed disposal area is to be located. Department staff shall attend any such session. The applicant shall provide public notice of such session by both printed and broadcast media at least thirty days prior to such session. Printed notification shall include publication in at least one newspaper having general circulation within the county in which the proposed disposal area is to be located. Broadcast notification shall include public service announcements on radio stations that have broadcast coverage within the county in which the proposed disposal area is to be located. Such public notices shall include the addresses of the applicant and the department and information on a public comment period. Such public comment period shall begin on the day of the community involvement session and continue for at least thirty days after such session. The applicant shall respond to all persons submitting comments during the public comment period no more than thirty days after the receipt of such comments;

(4) If a proposed solid waste disposal area is to be located in a county or city that has local planning and zoning requirements, the applicant shall not be required to conduct a community involvement session if the following conditions are met:

(a) The local planning and zoning requirements include a public meeting;

(b) The applicant notifies the department of intent to utilize such meeting in lieu of the community involvement session at least thirty days prior to such meeting;

(c) The requirements of such meeting include providing public notice by printed or broadcast media at least thirty days prior to such meeting;

(d) Such meeting is held at least thirty days prior to the submission to the department of a report on the results of a detailed site investigation pursuant to subsection 4 of this section;

(e) The applicant submits to the department a record of such meeting;

(f) A public comment period begins on the day of such meeting and continues for at least fourteen days after such meeting, and the applicant responds to all persons submitting comments during such public comment period no more than fourteen days after the receipt of such comments.

4. No person may apply for or obtain a permit to construct a solid waste disposal area unless the person has submitted to the department a plan for conducting a detailed surface and subsurface geologic and hydrologic investigation and has obtained geologic and hydrologic site approval from the department. The department shall approve or disapprove the plan within thirty days of receipt. The applicant shall conduct the investigation pursuant to the plan and submit the results to the department. The department shall provide approval or disapproval within sixty days of receipt of the investigation results.

The financial assurance instrument or instruments shall be irrevocable, meet all requirements established by the department and shall not be cancelled, revoked, disbursed, released or allowed

to terminate without the approval of the department. After the cessation of active operation of a sanitary landfill, or other solid waste disposal area as designed by the department, neither the guarantor nor the operator shall cancel, revoke or disburse the financial assurance instrument or allow the instrument to terminate until the operator is released from postclosure monitoring and care responsibilities pursuant to section 260.227.

(3) The applicant for a permit to construct a solid waste disposal area shall provide the department with plans, specifications, and such other data as may be necessary to comply with the purpose of sections 260.200 to 260.345. The application shall demonstrate compliance with all applicable local planning and zoning requirements. The department shall make an investigation of the solid waste disposal area and determine whether it complies with the provisions of sections 260.200 to 260.345 and the rules and regulations adopted pursuant to sections 260.200 to 260.345. Within twelve consecutive months of the receipt of an application for a construction permit the department shall approve or deny the application. The department shall issue rules and regulations establishing time limits for permit modifications and renewal of a permit for a solid waste disposal area. The time limit shall be consistent with this chapter.

(4) The applicant for a permit to construct a solid waste processing facility shall provide the department with plans, specifications and such other data as may be necessary to comply with the purpose of sections 260.200 to 260.345. Within one hundred eighty days of receipt of the application, the department shall determine whether it complies with the provisions of sections 260.200 to 260.345. Within twelve consecutive months of the receipt of an application for a permit to construct an incinerator as defined in section 260.200 or a material recovery facility as defined in section 260.200, and within six months for permit modifications, the department shall approve or deny the application. Permits issued for solid waste facilities shall be for the anticipated life of the facility.

(5) If the department fails to approve or deny an application for a permit or a permit modification within the time limits specified in subdivisions (3) and (4) of this subsection, the applicant may maintain an action in the circuit court of Cole County or that of the county in which the facility is located or is to be sited. The court shall order the department to show cause why it has not acted on the permit and the court may, upon the presentation of evidence satisfactory to the court, order the department to issue or deny such permit or permit modification. Permits for solid waste disposal areas, whether issued by the department or ordered to be issued by a court, shall be for the anticipated life of the facility.

(6) The applicant for a permit to construct a solid waste processing facility shall pay an application fee of one thousand dollars. Upon completion of the department's evaluation of the application, but before receiving a permit, the applicant shall reimburse the department for all reasonable costs incurred by the department up to a maximum of four thousand dollars. The applicant for a permit to construct a solid waste disposal area shall pay an application fee of two thousand dollars. Upon completion of the department's evaluations of the application, but before receiving a permit, the applicant shall reimburse the department for all reasonable costs incurred by the department up to a maximum of eight thousand dollars. Applicants who withdraw their application before the department completes its evaluation shall be required to reimburse the department for costs incurred in the evaluation. The department shall not collect the fees authorized in this subdivision unless it complies with the time limits established in this section.

(7) When the review reveals that the facility or area does conform with the provisions of sections 260.200 to 260.345 and the rules and regulations adopted pursuant to sections 260.200 to 260.345, the department shall approve the application and shall issue a permit for the construction of each solid waste processing facility or solid waste disposal area as set forth in the application and with any permit terms and conditions which the department deems appropriate. In the event that the facility or area fails to meet the rules and regulations adopted pursuant to sections 260.200 to 260.345, the department shall issue a report to the applicant stating the reason for denial of a permit.

6. Plans, designs, and relevant data for the construction of solid waste processing facilities and solid waste disposal areas shall be submitted to the department by a registered professional engineer licensed by the state of Missouri for approval prior to the construction, alteration or operation of such a facility or area.

7. Any person or operator as defined in section 260.200 who intends to obtain a construction permit in a solid waste management district with an approved solid waste management plan shall request a recommendation in support of the application from the executive board created in section 260.315. The executive board shall consider the impact of the proposal on, and the extent to which the proposal conforms to, the approved district solid waste management plan prepared pursuant to section 260.325. The executive board shall act upon the request for a recommendation within sixty days of receipt and shall submit a resolution to the department specifying its position and its recommendation regarding conformity of the application to the solid waste plan. The board's failure to submit a resolution constitutes recommendation of the application. The department may consider the application, regardless of the board's action thereon and may deny the construction permit if the application fails to meet the requirements of sections 260.200 to 260.345, or if the application is inconsistent with the district's solid waste management plan.

8. If the site proposed for a solid waste disposal area is not owned by the applicant, the owner or owners of the site shall acknowledge that an application pursuant to sections 260.200 to 260.345 is to be submitted by signature or signatures thereon. The department shall provide the owner with copies of all communication with the operator, including inspection reports and orders issued pursuant to section 260.230.

9. The department shall not issue a permit for the operation of a solid waste disposal area designed to serve a city with a population of greater than four hundred thousand located in more than one county, if the site is located within one-half mile of an adjoining municipality, without the approval of the governing body of such municipality. The governing body shall conduct a public hearing within fifteen days of notice, shall publicize the hearing in at least one newspaper having general circulation in the municipality, and shall vote to approve or disapprove the land disposal facility within thirty days after the close of the hearing.

10. Upon receipt of an application for a permit to construct a solid waste processing facility or disposal area, the department shall notify the public of such receipt:

(1) By legal notice published in a newspaper of general circulation in the area of the proposed disposal area or processing facility;

(2) By certified mail to the governing body of the county or city in which the proposed disposal area or processing facility is to be located; and

(3) By mail to the last known address of all record owners of contiguous real property or real property located within one thousand feet of the proposed disposal area and, for a proposed processing facility, notice as provided in section 64.875 or section 89.060, whichever is applicable.

(4) If an application for a construction permit meets all statutory and regulatory requirements for issuance, a public hearing on the draft permit shall be held by the department in the county in which the proposed solid waste disposal area is to be located prior to the issuance of the permit. The department shall provide public notice of such hearing by both printed and broadcast media at least thirty days prior to such hearing. Printed notification shall include publication in at least one newspaper having general circulation within the county in which the proposed disposal area is to be located. Broadcast notification shall include public service announcements on radio stations that have broadcast coverage within the county in which the proposed disposal area is to be located.

11. After the issuance of a construction permit for a solid waste disposal area, but prior to the beginning of disposal operations, the owner and the department shall execute an easement to allow the department, its agents or its contractors to enter the premises to complete work specified in the closure plan, or to monitor or maintain the site or to take remedial action during

the postclosure period. After issuance of a construction permit for a solid waste disposal area, but prior to the beginning of disposal operations, the owner shall submit evidence that he or she has recorded, in the office of the recorder of deeds in the county where the disposal area is located, a notice and covenant running with the land that the property has been permitted as a solid waste disposal area and prohibits use of the land in any manner which interferes with the closure and, where appropriate, postclosure plans filed with the department.

12. Every person desiring to obtain a permit to operate a solid waste disposal area or processing facility shall submit applicable information and apply for an operating permit from the department. The department shall review the information and determine, within sixty days of receipt, whether it complies with the provisions of sections 260.200 to 260.345 and the rules and regulations adopted pursuant to sections 260.200 to 260.345. When the review reveals that the facility or area does conform with the provisions of sections 260.200 to 260.345 and the rules and regulations adopted pursuant to sections 260.200 to 260.345, the department shall issue a permit for the operation of each solid waste processing facility or solid waste disposal area and with any permit terms and conditions which the department deems appropriate. In the event that the facility or area fails to meet the rules and regulations adopted pursuant to sections 260.200 to 260.345, the department shall issue a report to the applicant stating the reason for denial of a permit.

13. Each solid waste disposal area, except utility waste landfills unless otherwise and to the extent required by the department, and those solid waste processing facilities designated by rule, shall be operated under the direction of a certified solid waste technician in accordance with sections 260.200 to 260.345 and the rules and regulations promulgated pursuant to sections 260.200 to 260.345.

Base data shall include a chemical analysis of groundwater drawn from the proposed solid waste disposal area.

15. Leachate collection and removal systems shall be incorporated into new or expanded sanitary landfills which are permitted after August 13, 1986. The department shall assess the need for a leachate collection system for all types of solid waste disposal areas, other than sanitary landfills, and the need for monitoring wells when it evaluates the application for all new or expanded solid waste disposal areas. The department may require an operator of a solid waste disposal area to install a leachate collection system before the beginning of disposal operations, at any time during disposal operations for unfilled portions of the area, or for any portion of the disposal area as a part of a remedial plan. The department may require the operator to install monitoring wells before the beginning of disposal operations or at any time during the operational life or postclosure care period if it concludes that conditions at the area warrant such monitoring. The operator of a demolition landfill or utility waste landfill shall not be required to install a leachate collection and removal system or monitoring wells unless otherwise and to the extent the department so requires based on hazardous waste characteristic criteria or site specific geohydrological characteristics or conditions.

16. Permits granted by the department, as provided in sections 260.200 to 260.345, shall be subject to suspension for a designated period of time, civil penalty or revocation whenever the department determines that the solid waste processing facility or solid waste disposal area is, or has been, operated in violation of sections 260.200 to 260.345 or the rules or regulations adopted pursuant to sections 260.200 to 260.345, or has been operated in violation of any permit terms and conditions, or is creating a public nuisance, health hazard, or environmental pollution. In the event a permit is suspended or revoked, the person named in the permit shall be fully informed as to the reasons for such action.

17. Each permit for operation of a facility or area shall be issued only to the person named in the application. Permits are transferable as a modification to the permit. An application to transfer ownership shall identify the proposed permittee. A disclosure statement for the proposed

permittee listing violations contained in **[**subsection 19 of this section**]** **the definition of disclosure statement found in section 260.200** shall be submitted to the department. The operation and design plans for the facility or area shall be updated to provide compliance with the currently applicable law and rules. A financial assurance instrument in such an amount and form as prescribed by the department shall be provided for solid waste disposal areas by the proposed permittee prior to transfer of the permit. The financial assurance instrument of the original permittee shall not be released until the new permittee's financial assurance instrument has been approved by the department and the transfer of ownership is complete.

18. Those solid waste disposal areas permitted on January 1, 1996, shall, upon submission of a request for permit modification, be granted a solid waste management area operating permit if the request meets reasonable requirements set out by the department.

19. In case a permit required pursuant to this section is denied or revoked, the person may request a hearing in accordance with section 260.235.

20. **[**Any person seeking a permit or renewal of a permit to operate a commercial solid waste processing facility, or a solid waste disposal area shall, concurrently with the filing of application for a permit, file a disclosure statement with the department of natural resources. The disclosure statement shall include, but not be limited to, a listing of any felony convictions by state or federal agencies, and a listing of other enforcement actions, sanctions, permit revocations or denials by any state or federal authority of every person seeking a permit, including officers, directors, partners and facility or location managers of each person seeking a permit, any violations of Missouri environmental statutes, violations of the environmental statutes of other states or federal statutes and a listing of convictions for any crimes or criminal acts, an element of which involves restraint of trade, price-fixing, intimidation of the customers of another person or for engaging in any other acts which may have the effect of restraining or limiting competition concerning activities regulated pursuant to this chapter or similar laws of other states or the federal government; except that convictions for violations by entities purchased or acquired by an applicant or permittee which occurred prior to the purchase or acquisition shall not be included. The department shall by rule, define those environmental violations which must be reported pursuant to this section. For purposes of this section, additional persons as required by rule shall be named in the statement and violations or convictions of such persons shall be listed. The department or its representative shall verify the information provided on the disclosure statement prior to permit issuance. The disclosure statement shall be used by the department in determining whether a permit should be granted or denied on the basis of the applicant's status as a habitual violator; however, the department has the authority to make a habitual violator determination independent of the information contained in the disclosure statement. After permit issuance, each facility shall annually file an updated disclosure statement with the department of natural resources on or before March thirty-first of each year. Any county, district, municipality, authority or other political subdivision of this state which owns and operates a sanitary landfill shall be exempt from the provisions of this subsection**]** **Every applicant for a permit shall file a disclosure statement with the information required by and on a form developed by the department of natural resources at the same time the application for a permit is filed with the department**.

21. **[**Any person seeking a permit to operate a solid waste disposal area, a solid waste processing facility or a resource recovery facility shall, concurrently with the filing of the application for a permit, disclose any convictions in this state of municipal or county public health or land use ordinances related to the management of solid waste. If the department finds that there has been a continuing pattern of serious adjudicated violations by the applicant, the department may deny the application**]** **Upon request of the director of the department of natural resources, the applicant for a permit, any person that could reasonably be expected to be involved in management activities of the solid waste disposal area or solid waste processing facility, or any person who has a controlling interest in any permittee shall be required to submit to a criminal background check under section 43.543**.

22. **All persons required to file a disclosure statement shall provide any assistance or information requested by the director or by the Missouri state highway patrol and shall cooperate in any inquiry or investigation conducted by the department and any inquiry, investigation or hearing conducted by the director. If, upon issuance of a formal request to answer any inquiry or produce information, evidence or testimony, any person required to file a disclosure statement refuses to comply, the application of an applicant or the permit of a permittee may be denied or revoked by the director.**

23. If any of the information required to be included in the disclosure statement changes, or if any additional information should be added after the filing of the statement, the person required to file it shall provide that information to the director in writing, within thirty days after the change or addition. The failure to provide such information within thirty days may constitute the basis for the revocation of or denial of an application for any permit issued or applied for in accordance with this section, but only if, prior to any such denial or revocation, the director notifies the applicant or permittee of the director's intention to do so and gives the applicant or permittee fourteen days from the date of the notice to explain why the information was not provided within the required thirty-day period. The director shall consider this information when determining whether to revoke, deny or conditionally grant the permit.

24. No person shall be required to submit the disclosure statement required by this section if the person is a corporation or an officer, director or shareholder of that corporation or any subsidiary thereof, and that corporation:

(1) Has on file and in effect with the federal Securities and Exchange Commission a registration statement required under Section 5, Chapter 38, Title 1 of the Securities Act of 1933, as amended, 15 U.S.C. Section 77e(c);

(2) Submits to the director with the application for a permit evidence of the registration described in subdivision (1) of this subsection and a copy of the corporation's most recent annual form 10-K or an equivalent report; and

(3) Submits to the director on the anniversary date of the issuance of any permit it holds under the Missouri solid waste management law evidence of registration described in subdivision (1) of this subsection and a copy of the corporation's most recent annual form 10-K or an equivalent report.

25. After permit issuance, each facility shall annually file an update to the disclosure statement with the department of natural resources on or before March thirty-first of each year. Failure to provide such update may result in penalties as provided for under section 260.240.

26. Any county, district, municipality, authority, or other political subdivision of this state which owns and operates a sanitary landfill shall be exempt from the requirement for the filing of the disclosure statement and annual update to the disclosure statement.

27. Any person seeking a permit to operate a solid waste disposal area, a solid waste processing facility, or a resource recovery facility shall, concurrently with the filing of the application for a permit, disclose any convictions in this state, county or county equivalent public health or land use ordinances related to the management of solid waste. If the department finds that there has been a continuing pattern of adjudicated violations by the applicant, the department may deny the application.

28. No permit to construct or permit to operate shall be required pursuant to this section for any utility waste landfill located in a county of the third classification with a township form of government which has a population of at least eleven thousand inhabitants and no more than twelve thousand five hundred inhabitants according to the most recent decennial census, if such utility waste landfill complies with all design and operating standards and closure requirements applicable to utility waste landfills pursuant to sections 260.200 to 260.345 and provided that no waste disposed of at such utility waste landfill is considered hazardous waste pursuant to the Missouri hazardous waste law.

260.214. PRELIMINARY SITE INVESTIGATION APPROVAL, NOT REQUIRED FOR CERTAIN COUNTIES — SEVERABILITY CLAUSE. — 1. Preliminary site investigation approval shall not be required for any municipal utility located in a county of the first classification with more than two hundred sixty but fewer than three hundred thousand inhabitants to proceed with a utility waste landfill detailed site investigation. Nothing in this section shall preclude the department from exercising its existing authority to approve or disapprove the site upon completion of the detailed site investigation. Solely for purposes of conducting the public involvement activity described in subsection 3 of section 260.205, the effective date of this section shall be considered the date of approval of the preliminary site investigation.

2. If any provision of this section or the application thereof to anyone or to any circumstance is held invalid, the remainder of this act and the application of such provisions to others or other circumstances shall not be affected thereby.

260.235. APPEAL, JUDICIAL REVIEW, PROCEDURE — INJUNCTION BASED ON SERIOUSNESS OF THREAT TO ENVIRONMENT — PERFORMANCE BOND REQUIRED, FORFEITED, WHEN. — **[**1.**]** Any person aggrieved by a forfeiture of any financial assurance instrument, civil or administrative penalty or denial, suspension or revocation of a permit required by section 260.205 or a modification to a permit issued under section 260.205 or any disapproval of the plan required by section 260.220, may **[**within thirty days of notice of such action request a hearing**]** **appeal such decision as provided in section 621.250, subject to judicial review as provided by law**. The notice of the department shall be effected by certified mail and shall set forth the reasons for such forfeiture, disapproval, denial, suspension, civil penalty or revocation. The department may seek an injunction in the circuit court in which the facility is located requiring the facility for which the transfer of ownership has been denied, or the permit or modification of the permit has been denied, suspended or revoked, to cease operations from the date ordered by the court until such time as the appeal is resolved or obtain a performance bond in the amount and manner as prescribed by rule. The department's action seeking an injunction shall be based on the seriousness of the threat to the environment which continued operation of the facility poses. **[**The**]** **A** bond **may be required in order to stay the effect of the department's action until the appeal is resolved, in which case such bond** shall remain in place until the appeal is resolved. If the department's decision is upheld, the bond shall be forfeited and placed in a separate subaccount of the solid waste management fund.

[2. The hearing shall be conducted by the director or his designated representative in accordance with the procedures set forth in sections 536.070, 536.073, 536.077, 536.080, and 536.090. The decision of the department shall become final thirty days after delivery or certified mailing of a copy of it to the person. Such decisions may be appealed to the administrative hearing commission pursuant to sections 536.063 to 536.095 and shall be subject to judicial review of a final decision as provided in sections 536.100 to 536.140.**]**

260.249. ADMINISTRATIVE PENALTIES — NOT TO BE ASSESSED FOR MINOR VIOLATION, DEFINITION — AMOUNT SET BY RULE, PAYMENT WHEN — APPEAL EFFECT — SURCHARGE DUE WHEN — UNPAID PENALTY, COLLECTION — TIME LIMITATION TO ASSESS VIOLATION — JUDICIAL APPEAL — CIVIL ACTION EFFECT, EXCEPTION. — 1. In addition to any other remedy provided by law, upon a determination by the director that a provision of sections 260.200 to 260.281, or a standard, limitation, order, rule or regulation promulgated pursuant thereto, or a term or condition of any permit has been violated, the director may issue an order assessing an administrative penalty upon the violator under this section. An administrative penalty shall not be imposed until the director has sought to resolve the violations through conference, conciliation and persuasion and shall not be imposed for minor violations of sections 260.200 to 260.281 or minor violation of any standard, limitation, order, rule or regulation promulgated pursuant to sections 260.200 to 260.281 or minor violations of any term or

condition of a permit issued pursuant to sections 260.200 to 260.281 or any violations of sections 260.200 to 260.281 by any person resulting from mismanagement of solid waste generated and managed on the property of the place of residence of the person. If the violation is resolved through conference, conciliation and persuasion, no administrative penalty shall be assessed unless the violation has caused, or has the potential to cause, a risk to human health or to the environment, or has caused or has potential to cause pollution, or was knowingly committed, or is defined by the United States Environmental Protection Agency as other than minor. Any order assessing an administrative penalty shall state that an administrative penalty is being assessed under this section and that the person subject to the penalty may appeal as provided by section 260.235 **and section 621.250**. Any such order that fails to state the statute under which the penalty is being sought, the manner of collection or rights of appeal shall result in the state's waiving any right to collection of the penalty.

2. The department shall promulgate rules and regulations for the assessment of administrative penalties. The amount of the administrative penalty assessed per day of violation for each violation under this section shall not exceed the amount of the civil penalty specified in section 260.240. Such rules shall reflect the criteria used for the administrative penalty matrix as provided for in the Resource Conservation and Recovery Act, 42 U.S.C. 6928(a), Section 3008(a), and the harm or potential harm which the violation causes, or may cause, the violator's previous compliance record, and any other factors which the department may reasonably deem relevant. An administrative penalty shall be paid within sixty days from the date of issuance of the order assessing the penalty. Any person subject to an administrative penalty may appeal as provided in section 260.235 **and section 621.250**. Any appeal will stay the due date of such administrative penalty until the appeal is resolved. Any person who fails to pay an administrative penalty by the final due date shall be liable to the state for a surcharge of fifteen percent of the penalty plus ten percent per annum on any amounts owed. Any administrative penalty paid pursuant to this section shall be handled in accordance with section 7 of article IX of the state constitution. An action may be brought in the appropriate circuit court to collect any unpaid administrative penalty, and for attorney's fees and costs incurred directly in the collection thereof.

3. An administrative penalty shall not be increased in those instances where department action, or failure to act, has caused a continuation of the violation that was a basis for the penalty. Any administrative penalty must be assessed within two years following the department's initial discovery of such alleged violation, or from the date the department in the exercise of ordinary diligence should have discovered such alleged violation.

4. The state may elect to assess an administrative penalty, or, in lieu thereof, to request that the attorney general or prosecutor file an appropriate legal action seeking a civil penalty in the appropriate circuit court.

5. Any final order imposing an administrative penalty **[**is subject to judicial review upon the filing of a petition pursuant to section 536.100**] may be appealed** by any person subject to the administrative penalty **as provided in section 260.235 and section 621.250, subject to judicial review as provided by law. No judicial review shall be available until all administrative remedies are exhausted**.

260.262. RETAILERS OF LEAD-ACID BATTERIES, DUTIES — NOTICE TO PURCHASER, CONTENTS. — A person selling lead-acid batteries at retail or offering lead-acid batteries for retail sale in the state shall:

(1) Accept, at the point of transfer, in a quantity at least equal to the number of new lead-acid batteries purchased, used lead-acid batteries from customers, if offered by customers;

(2) Post written notice which must be at least four inches by six inches in size and must contain the universal recycling symbol and the following language:

(a) It is illegal to discard a motor vehicle battery or other lead-acid battery;

(b) Recycle your used batteries; and

(c) State law requires us to accept used motor vehicle batteries, or other lead-acid batteries for recycling, in exchange for new batteries purchased; and

(3) Manage used lead-acid batteries in a manner consistent with the requirements of the state hazardous waste law;

(4) Collect at the time of sale a fee of fifty cents for each lead-acid battery sold. Such fee shall be added to the total cost to the purchaser at retail after all applicable sales taxes on the battery have been computed. The fee imposed, less six percent of fees collected, which shall be retained by the seller as collection costs, shall be paid to the department of revenue in the form and manner required by the department and shall include the total number of batteries sold during the preceding month. The department of revenue shall promulgate rules and regulations necessary to administer the fee collection and enforcement. The terms "sold at retail" and "retail sales" do not include the sale of batteries to a person solely for the purpose of resale, if the subsequent retail sale in this state is to the ultimate consumer and is subject to the fee. However, this fee shall not be paid on batteries sold for use in agricultural operations upon written certification by the purchaser; and

(5) The department of revenue shall administer, collect, and enforce the fee authorized pursuant to this section pursuant to the same procedures used in the administration, collection, and enforcement of the general state sales and use tax imposed pursuant to chapter 144 except as provided in this section. The proceeds of the battery fee, less four percent of the proceeds, which shall be retained by the department of revenue as collection costs, shall be transferred by the department of revenue into the hazardous waste fund, created pursuant to section 260.391. The fee created in subdivision (4) and this subdivision shall be effective October 1, 2005. The provisions of subdivision (4) and this subdivision shall terminate December 31, **[**2013**]** **2018**.

260.365. HAZARDOUS WASTE MANAGEMENT COMMISSION CREATED — COMPOSITION, QUALIFICATIONS — COMPENSATION — TERMS — MEETINGS, NOTICE REQUIRED, QUORUM. — 1. There is hereby created a hazardous waste management agency to be known as the "Hazardous Waste Management Commission of the State of Missouri", whose domicile for the purpose of sections 260.350 to 260.430 shall be deemed to be that of the department of natural resources of the state of Missouri. The commission shall consist of seven members appointed by the governor with the advice and consent of the senate. No more than four members shall belong to the same political party. All members shall be representative of the general interest of the public and shall have an interest in and knowledge of waste management and the effects of improper waste management on health and the environment and shall serve in a manner consistent with the purposes of sections 260.350 to 260.430. **[**Three**]** **Four** of the members, but no more than **[**three**]** **four**, one for each interest, shall be knowledgeable of and may be employed in agriculture, **the retail petroleum industry,** the waste generating industry and the waste management industry. Except for the industry members, no member shall receive, or have received during the previous two years, a significant portion of income directly or indirectly from any license or permit holder or applicant for license or permit under any waste management act. At the first meeting of the commission and annually thereafter, the members shall select from among themselves a chairman and a vice chairman. Prior to any vote on any variance, appeal or order, they shall adopt a voting rule to exclude from such vote any member with a conflict of interest with respect to the matter at issue.

2. The members' terms of office shall be four years and until their successors are selected and qualified, except that, of those first appointed, three shall have a term of three years, two shall have a term of two years and two shall have a term of one year as designated by the governor at the time of appointment. There is no limitation on the number of terms any appointed member may serve. If a vacancy occurs the governor may appoint a member for the remaining portion of the unexpired term created by the vacancy. The governor may remove any appointed member for cause. The members of the commission shall be reimbursed for actual and necessary expenses incurred in the performance of their duties, and shall receive fifty dollars per

day for each day spent in the performance of their official duties while in attendance at regular commission meetings.

3. The commission shall hold at least four regular meetings each year and such additional meetings as the chairman deems desirable at a place and time to be fixed by the chairman. Special meetings may be called by three members of the commission upon delivery of written notice to each member of the commission. Reasonable written notice of all meetings shall be given by the department to all members of the commission. Four members of the commission shall constitute a quorum. All powers and duties conferred upon members of the commission shall be exercised personally by the members and not by alternates or representatives. All actions of the commission shall be taken at meetings open to the public. Any member absent from four consecutive regular commission meetings for any cause whatsoever shall be deemed to have resigned and the vacancy shall be filled immediately in accordance with this section.

After six months from the effective date of the standards, rules and regulations adopted by the commission pursuant to section 260.370, hazardous waste generators located in Missouri shall:

(1) Promptly file and maintain with the department, on registration forms it provides for this purpose, information on hazardous waste generation and management as specified by rules and regulations. Hazardous waste generators shall pay a one hundred dollar registration fee upon initial registration, and a one hundred dollar registration renewal fee annually thereafter to maintain an active registration. Such fees shall be deposited in the hazardous waste fund created in section 260.391;

(2) Containerize and label all hazardous wastes as specified by standards, rules and regulations;

(3) Segregate all hazardous wastes from all nonhazardous wastes and from noncompatible wastes, materials and other potential hazards as specified by standards, rules and regulations;

(4) Provide safe storage and handling, including spill protection, as specified by standards, rules and regulations, for all hazardous wastes from the time of their generation to the time of their removal from the site of generation;

(5) Unless provided otherwise in the rules and regulations, utilize only a hazardous waste transporter holding a license pursuant to sections 260.350 to 260.430 for the removal of all hazardous wastes from the premises where they were generated;

(6) Unless provided otherwise in the rules and regulations, provide a separate manifest to the transporter for each load of hazardous waste transported from the premises where it was generated. The generator shall specify the destination of such load on the manifest. The manner in which the manifest shall be completed, signed and filed with the department shall be in accordance with rules and regulations;

(7) Utilize for treatment, resource recovery, disposal or storage of all hazardous wastes, only a hazardous waste facility authorized to operate pursuant to sections 260.350 to 260.430 or the federal Resource Conservation and Recovery Act, or a state hazardous waste management program authorized pursuant to the federal Resource Conservation and Recovery Act, or any facility exempted from the permit required pursuant to section 260.395;

(8) Collect and maintain such records, perform such monitoring or analyses, and submit such reports on any hazardous waste generated, its transportation and final disposition, as specified in sections 260.350 to 260.430 and rules and regulations adopted pursuant to sections 260.350 to 260.430;

(9) Make available to the department upon request samples of waste and all records relating to hazardous waste generation and management for inspection and copying and allow the department to make unhampered inspections at any reasonable time of hazardous waste generation and management facilities located on the generator's property and hazardous waste generation and management practices carried out on the generator's property;

(10) Pay annually, on or before January first of each year, effective January 1, 1982, a fee to the state of Missouri to be placed in the hazardous waste fund. The fee shall be five dollars per ton or portion thereof of hazardous waste registered with the department as specified in subdivision (1) of this subsection for the twelve-month period ending June thirtieth of the previous year. However, the fee shall not exceed fifty-two thousand dollars per generator site per year nor be less than one hundred fifty dollars per generator site per year;

(a) All moneys payable pursuant to the provisions of this subdivision shall be promptly transmitted to the department of revenue, which shall deposit the same in the state treasury to the credit of the hazardous waste fund created in section 260.391;

(b) The hazardous waste management commission shall establish and submit to the department of revenue procedures relating to the collection of the fees authorized by this subdivision. Such procedures shall include, but not be limited to, necessary records identifying the quantities of hazardous waste registered, the form and submission of reports to accompany the payment of fees, the time and manner of payment of fees, which shall not be more often than quarterly**;**

(c) The director of the department of natural resources may conduct a comprehensive review of the fee structure set forth in this section. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from each of the following groups: cement kiln representatives, chemical companies, large and small hazardous waste generators, and any other interested parties. Upon completion of the comprehensive review, the department shall submit proposed changes to the fee structure with stakeholder agreement to the hazardous waste management commission. The commission shall, upon receiving the department's recommendations, review such recommendations at the forthcoming regular or special meeting. The commission shall not take a vote on the fee structure until the following regular meeting. If the commission approves, by vote of two-thirds majority, the hazardous waste fee structure recommendations, the commission shall promulgate by regulation and publish the recommended fee structure no later than October first of the same year. The commission shall file the order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the next odd-numbered year and the fee structure set out in this section shall expire upon the effective date of the commission adopted fee structure, contrary to subsection 4 of this section. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the promulgation of such regulation, by concurrent resolution, shall disapprove the fee structure contained in such regulation. If the general assembly so disapproves any regulation promulgated under this subsection, the hazardous waste management commission shall continue to use the fee structure set forth in the most recent preceding regulation promulgated under this subsection. This subsection shall expire on August 28, 2023.

2. Missouri treatment, storage, or disposal facilities shall pay annually, on or before January first of each year, a fee to the department equal to two dollars per ton or portion thereof for all hazardous waste received from outside the state. This fee shall be based on the hazardous waste received for the twelve-month period ending June thirtieth of the previous year.

3. Exempted from the requirements of this section are individual householders and farmers who generate only small quantities of hazardous waste and any person the commission determines generates only small quantities of hazardous waste on an infrequent basis, except that:

(1) Householders, farmers and exempted persons shall manage all hazardous wastes they may generate in a manner so as not to adversely affect the health of humans, or pose a threat to the environment, or create a public nuisance; and

(2) The department may determine that a specific quantity of a specific hazardous waste requires special management. Upon such determination and after public notice by press release or advertisement thereof, including instructions for handling and delivery, generators exempted pursuant to this subsection shall deliver, but without a manifest or the requirement to use a licensed hazardous waste transporter, such waste to:

(a) Any storage, treatment or disposal site authorized to operate pursuant to sections 260.350 to 260.430 or the federal Resource Conservation and Recovery Act, or a state hazardous waste management program authorized pursuant to the federal Resource Conservation and Recovery Act which the department designates for this purpose; or

(b) A collection station or vehicle which the department may arrange for and designate for this purpose.

4. Failure to pay the fee, or any portion thereof, prescribed in this section by the due date shall result in the imposition of a penalty equal to fifteen percent of the original fee. The fee prescribed in this section shall expire December 31, **[**2013**]** **2018**, except that the department shall levy and collect this fee for any hazardous waste generated prior to such date and reported to the department.

260.390. DUTIES OF HAZARDOUS WASTE FACILITY OWNERS AND OPERATORS — TAX TO BE COLLECTED, DISPOSITION — DUTIES UPON TERMINATION OF USE OF FACILITY — INSPECTION FEES, COMMERCIAL FACILITIES, REQUIREMENTS. — 1. After six months from the effective date of the standards, rules and regulations adopted by the commission pursuant to section 260.370, hazardous waste facility owners or operators shall:

(1) Not construct, substantially alter or operate**[**, including all postclosure activities and operations specified in the rules and regulations,**]** a hazardous waste facility without first obtaining a hazardous waste facility permit from the department as specified in section 260.395;

(2) Operate the facility according to the standards, rules and regulations adopted under sections 260.350 to 260.430 and all terms and conditions of the permit;

(3) Unless otherwise provided in sections 260.350 to 260.430 or the rules and regulations adopted hereunder, accept delivery of hazardous waste only if delivery is by a hazardous waste transporter holding a license under sections 260.350 to 260.430, the shipment is accompanied by a manifest properly completed by both the generator and transporter and their facility is the destination indicated by the generator on the manifest. Exempted from the requirements of this subsection are deliveries, when directed by the department, from householders, farmers and other persons exempted from generator responsibilities under provisions of section 260.380 and deliveries made in emergency situations as specified in sections 260.350 to 260.550 or the rules and regulations adopted hereunder. For such exempted deliveries they shall make a record of any waste accepted, its type, quantity, origin and the identity of the person making the delivery and promptly report this information to the department;

(4) Complete, sign and file the facility operator portion of the manifest as specified in rules and regulations adopted under sections 260.350 to 260.430;

(5) Whenever final disposition is to be achieved at another hazardous waste or exempted facility, initiate a new manifest and comply with the other responsibilities of generators specified in sections 260.350 to 260.430 and in rules and regulations and terms and conditions of their permit adopted or issued hereunder;

(6) Collect and maintain such records, submit such reports and perform such monitoring as specified in sections 260.350 to 260.430 and in rules and regulations and terms and conditions of their permit adopted or issued hereunder;

(7) Make available to the department, upon request, samples of wastes received and all records, for inspection and copying, relating to hazardous waste management and allow the

department to make unhampered inspections at any reasonable time of all facilities and equipment.

2. All hazardous waste landfills shall collect, on behalf of the state from each hazardous waste generator or transporter, a tax equal to two percent of the gross charges and fees charged such generator for disposal at the landfill site to be placed in the hazardous waste fund to be used solely for the administration of sections 260.350 to 260.430. The tax shall be accounted for separately on the statement of charges and fees made to the hazardous waste generator and shall be collected at the time of the collection of such charges and fees. All moneys payable under the provisions of this subsection shall be promptly transmitted to the department of revenue, which shall daily deposit the same in the state treasury to the credit of the hazardous waste fund. The hazardous waste management commission shall establish and submit to the department of revenue procedures relating to the collection of the taxes authorized by this subsection. Such procedures shall include, but not be limited to, necessary records identifying the quantities of hazardous waste received, the form and submission of reports to accompany the payment of taxes, the time and manner of payment of taxes, which shall not be more often than quarterly.

3. The owner or operator of a hazardous waste disposal facility must close that facility upon termination of its operation, and shall after closure of the facility provide for protection during a postclosure care period, in accordance with the requirements of the commission, including the funds necessary for same. Protection shall include, but not be limited to, monitoring and maintenance subject to the rules and regulations of the hazardous waste management commission. The owner or operator shall maintain a hazardous waste facility permit for the postclosure care period. The operator and the state may enter into an agreement consistent with the rules and regulations of the hazardous waste management commission where the state may accept deed to, and monitor and maintain the site.

4. All owners or operators of hazardous waste facilities who have obtained, or are required to obtain, a hazardous waste facility permit from the department and who accept, on a commercial basis for remuneration, hazardous waste from off-site sources, but not including wastes generated by the same person at other sites located in Missouri or within a metropolitan statistical area located partially in Missouri and owned or operated by the same person and transferred to the hazardous waste facility, for treatment, storage or disposal, shall pay fees for inspections conducted by the department to determine compliance with sections 260.350 to 260.430 and the rules promulgated thereunder. Hazardous waste facility inspection fees shall be specified by the hazardous waste management commission by rule. The inspection fees shall be used by the department as specified in subsection 3 of section 260.391.

260.395. TRANSPORTATION OF HAZARDOUS WASTE, HOW PERMITTED — FEES, HOW DETERMINED — NOTICE PRIOR TO ISSUANCE OF PERMIT — PERMIT NOT REQUIRED OF WHOM — APPLICATION FOR CERTIFICATION, WHEN — PERMIT MAINTAINED FOR POSTCLOSURE CARE PERIOD — LEACHATE COLLECTION SYSTEM REQUIRED — RAILROAD HAZARDOUS WASTE TRANSPORTATION, FEE. — 1. After six months from the effective date of the standards, rules and regulations adopted by the commission pursuant to section 260.370, it shall be unlawful for any person to transport any hazardous waste in this state without first obtaining a hazardous waste transporter license. Any person transporting hazardous waste in this state shall file an application for a license pursuant to this subsection which shall:

(1) Be submitted on a form provided for this purpose by the department and shall furnish the department with such equipment identification and data as may be necessary to demonstrate to the satisfaction of the department that equipment engaged in such transportation of hazardous waste, and other equipment as designated in rules and regulations pursuant to sections 260.350 to 260.430, is adequate to provide protection of the health of humans and the environment and to comply with the provisions of any federal hazardous waste management act and sections 260.350 to 260.430 and the standards, rules and regulations adopted pursuant to sections 260.350 to 260.430. If approved by the department, this demonstration of protection may be satisfied by

providing certification that the equipment so identified meets and will be operated in accordance with the rules and regulations of the Missouri public service commission and the federal Department of Transportation for the transportation of the types of hazardous materials for which it will be used;

(2) Include, as specified by rules and regulations, demonstration of financial responsibility, including, but not limited to, guarantees, liability insurance, posting of bond or any combination thereof which shall be related to the number of units, types and sizes of equipment to be used in the transport of hazardous waste by the applicant;

(3) Include, as specified in rules and regulations, a fee payable to the state of Missouri which shall consist of an annual application fee, plus an annual use fee based upon tonnage, mileage or a combination of tonnage and mileage. The fees established pursuant to this subdivision shall be set to generate, as nearly as is practicable, six hundred thousand dollars annually. No fee shall be collected pursuant to this subdivision from railroads that pay a fee pursuant to subsection 19 of this section. Fees collected pursuant to this subdivision shall be deposited in the hazardous waste fund created pursuant to section 260.391.

2. If the department determines the application conforms to the provisions of any federal hazardous waste management act and sections 260.350 to 260.430 and the standards, rules and regulations adopted pursuant to sections 260.350 to 260.430, it shall issue the hazardous waste transporter license with such terms and conditions as it deems necessary to protect the health of humans and the environment. The department shall act within ninety days after receipt of the application. If the department denies the license, it shall issue a report to the applicant stating the reason for denial of the license.

3. A license may be suspended or revoked whenever the department determines that the equipment is or has been operated in violation of any provision of sections 260.350 to 260.430 or any standard, rule or regulation, order, or license term or condition adopted or issued pursuant to sections 260.350 to 260.430, poses a threat to the health of humans or the environment, or is creating a public nuisance.

4. Whenever a license is issued, renewed, denied, suspended or revoked by the department, any aggrieved person, by petition filed with the department within thirty days of the decision, may appeal such decision and shall be entitled to a hearing as provided in section 260.400.

5. A license shall be issued for a period of one year and shall be renewed upon proper application by the holder and a determination by the department that the applicant is in compliance with all provisions of sections 260.350 to 260.430 and all standards, rules and regulations, orders and license terms and conditions adopted or issued pursuant to sections 260.350 to 260.430.

6. A license is not required for the transport of any hazardous waste on the premises where it is generated or onto contiguous property owned by the generator thereof, or for those persons exempted in section 260.380. Nothing in this subsection shall be interpreted to preclude the department from inspecting unlicensed hazardous waste transporting equipment and to require that it be adequate to provide protection for the health of humans and the environment.

7. After six months from the effective date of the standards, rules and regulations adopted by the commission pursuant to section 260.370, it shall be unlawful for any person to construct, substantially alter or operate, including **[**postclosure activities and**]** operations specified in the rules and regulations, a hazardous waste facility without first obtaining a hazardous waste facility permit for such construction, alteration or operation from the department. Such person must submit to the department at least ninety days prior to submitting a permit application a letter of intent to construct, substantially alter or operate any hazardous waste disposal facility. The person must file an application within one hundred eighty days of the filing of a letter of intent unless granted an extension by the commission. The department shall publish such letter of intent as specified in section 493.050 within ten days of receipt of such letter. The letter shall be published once each week for four weeks in the county where the hazardous waste disposal facility is proposed. Once such letter is submitted, all conditions for the permit application

evaluation purposes in existence as of the date of submission shall be deemed frozen, in that no subsequent action by any person to change such conditions in an attempt to thwart a fair and impartial decision on the application for a permit shall be allowed as grounds for denial of the permit. Any person before constructing, substantially altering or operating a hazardous waste facility in this state shall file an application for a permit which shall:

(1) Be submitted on a form provided for this purpose by the department and shall furnish the department with plans, specifications and such other data as may be necessary to demonstrate to the satisfaction of the department that such facility does or will provide adequate protection of the health of humans and the environment and does or will comply with the provisions of any federal hazardous waste management act and sections 260.350 to 260.430 and the standards, rules and regulations adopted pursuant to sections 260.350 to 260.430;

(2) Include plans, designs, engineering reports and relevant data for construction, alteration or operation of a hazardous waste facility, to be submitted to the department by a registered professional engineer licensed by this state;

(3) Include, as specified by rules and regulations, demonstration of financial responsibility, including, but not limited to, guarantees, liability insurance, posting of bond or any combination thereof, which shall be related to type and size of facility;

(4) Include such environmental and geologic information, assessments and studies as required by the rules and regulations of the commission;

(5) **[**Submit with the application for a hazardous waste disposal or treatment facility a profile of the environmental and economic characteristics of the area as required by the commission, including the extent of air pollution and groundwater contamination; and a profile of the health characteristics of the area which identifies all serious illness, the rate of which exceeds the state average for such illness, which might be attributable to environmental contamination;

(6)**]** Include a fee payable to the state of Missouri which shall not exceed one thousand dollars, which shall cover the first year of the permit, if issued, but which is not refundable. If the permit is issued for more than one year, a fee equal in amount to the first year's fee shall be paid to the state of Missouri prior to issuance of the permit for each year the permit is to be in effect beyond the first year;

[(7)**] (6)** The department shall supervise any field work undertaken to collect geologic and engineering data for submission with the application. The state geologist and departmental engineers shall review the geologic and engineering plans, respectively, and attest to their accuracy and adequacy. The applicant shall pay all reasonable costs, as determined by the commission, incurred by the department pursuant to this subsection.

8. (1) Prior to issuing or renewing a hazardous waste facility permit, the department shall issue public notice by press release or advertisement and shall notify all record owners of adjoining property by mail directed to the last known address, and the village, town or city, if any, and the county in which the hazardous waste facility is located; and, upon request, shall hold a public hearing after public notice as required in this subsection at a location convenient to the area affected by the issuance of the permit.

(2) Prior to issuing**[**, reviewing every five years as required in subsection 12 of this section,**]** or renewing a hazardous waste disposal facility permit the department shall issue public notice by press release and advertisement and shall notify all record owners of property, within one mile of the outer boundaries of the site, by mail directed to the last known address; and shall hold a public hearing after public notice as required in this subsection at a location convenient to the area affected by the issuance of the permit.

9. If the department determines that the application conforms to the provisions of any federal hazardous waste management act and sections 260.350 to 260.430 and the standards, rules and regulations adopted pursuant to sections 260.350 to 260.430, it shall issue the hazardous waste facility permit, with such terms and conditions and require such testing and construction supervision as it deems necessary to protect the health of humans or the environment. The department shall act within one hundred and eighty days after receipt of the

application. If the department denies the permit, it shall issue a report to the applicant stating the reason for denial of a permit.

10. A permit may be suspended or revoked whenever the department determines that the hazardous waste facility is, or has been, operated in violation of any provision of sections 260.350 to 260.430 or any standard, rule or regulation, order or permit term or condition adopted or issued pursuant to sections 260.350 to 260.430, poses a threat to the health of humans or the environment or is creating a public nuisance.

11. Whenever a permit is issued, renewed, denied, suspended or revoked by the department, any aggrieved person, by petition filed with the department within thirty days of the decision, may appeal such decision and shall be entitled to a hearing as provided in section 260.400.

12. A permit shall be issued for a fixed term, which shall not exceed ten years in the case of any land disposal facility, storage facility, incinerator, or other treatment facility. **[**Each permit for a land disposal facility shall be reviewed five years after the date of its issuance or reissuance and shall be modified as necessary to assure that the facility continues to comply with the currently applicable requirements of federal and state law.**]** Nothing in this subsection shall preclude the department from reviewing and modifying a permit at any time during its term. Review of any application for a permit renewal shall consider improvements in the state of control and measurement technology as well as changes in applicable regulations. Each permit issued pursuant to this section shall contain such terms and conditions as the department determines necessary to protect human health and the environment, and upon proper application by the holder and a determination by the department that the applicant is in compliance with all provisions of sections 260.350 to 260.430 and all standards, rules and regulations, orders and permit terms and conditions adopted or issued pursuant to sections 260.350 to 260.430.

13. A hazardous waste facility permit is not required for:

(1) On-site storage of hazardous wastes where such storage is exempted by the commission by rule or regulation; however, such storage must conform to the provisions of any federal hazardous waste management act and sections 260.350 to 260.430 and the applicable standards, rules and regulations adopted pursuant to sections 260.350 to 260.430 and any other applicable hazardous materials storage and spill-prevention requirements provided by law;

(2) A publicly owned treatment works which has an operating permit pursuant to section 644.051 and is in compliance with that permit;

(3) A resource recovery facility which the department certifies uses hazardous waste as a supplement to, or substitute for, nonwaste material, and that the sole purpose of the facility is manufacture of a product rather than treatment or disposal of hazardous wastes;

(4) That portion of a facility engaged in hazardous waste resource recovery, when the facility is engaged in both resource recovery and hazardous waste treatment or disposal, provided the owner or operator can demonstrate to the department's satisfaction and the department finds that such portion is not intended and is not used for hazardous waste treatment or disposal.

14. Facilities exempted pursuant to subsection 13 of this section must comply with the provisions of subdivisions (3) to (7) of section 260.390 and such other requirements, to be specified by rules and regulations, as are necessary to comply with any federal hazardous waste management act or regulations hereunder. Generators who use such an exempted facility shall keep records of hazardous wastes transported, except by legal flow through sewer lines, to the facility and submit such records to the department in accordance with the provisions of section 260.380 and the standards, rules and regulations adopted pursuant to sections 260.350 to 260.430. Any person, before constructing, altering or operating a resource recovery facility in this state shall file an application for a certification. Such application shall include:

(1) Plans, designs, engineering reports and other relevant information as specified by rule that demonstrate that the facility is designed and will operate in a manner protective of human health and the environment; and

(2) An application fee of not more than five hundred dollars for a facility that recovers waste generated at the same facility or an application fee of not more than one thousand dollars for a facility that recovers waste generated at off-site sources. Such fees shall be deposited in the hazardous waste fund created in section 260.391. The department shall review such application for conformance with applicable laws, rules and standard engineering principles and practices. The applicant shall pay to the department all reasonable costs, as determined by the commission, incurred by the department pursuant to this subsection. All such funds shall be deposited in the hazardous waste fund created in section 260.391.

The department may at any time require submission of, or the owner or operator may at any time voluntarily submit, a complete application for a permit pursuant to sections 260.350 to 260.430 and commission regulations. The authority to operate pursuant to this subsection shall cease one hundred eighty days after the department has notified an owner or operator that an application for permit pursuant to sections 260.350 to 260.430 must be submitted, unless within such time the owner or operator submits a completed application therefor. Upon submission of a complete application, the authority to operate pursuant to this subsection shall continue for such reasonable time as is required to complete the administrative disposition of the permit application. If a facility loses its federal interim status, or the Environmental Protection Agency requires the owner or operator to submit Part B of the federal application, the department shall notify the owner or operator that an application for a permit must be submitted pursuant to this subsection. In addition to compliance with the federal interim status requirements, the commission shall have the authority to adopt regulations requiring persons operating pursuant to this subsection to meet additional state interim status requirements.

16. **[**A license or permit shall not be issued to any person who is determined by the department to habitually engage in or to have habitually engaged in hazardous waste management practices which pose a threat to the health of humans or the environment or who is determined by the department to habitually violate or to have habitually violated the requirements of the Missouri solid or hazardous waste laws, the solid or hazardous waste laws of other states or federal laws pertaining to hazardous waste. Nor shall a license or permit be issued to any person who has been adjudged in contempt of any court order enforcing the provisions of the Missouri solid or hazardous waste laws, the solid or hazardous waste laws of other states or federal laws pertaining to hazardous waste or who has offered, in person or through an agent, any inducement, including any discussion of potential employment opportunities, to any employee of the department when such person has an application for a permit pending or a permit under review. For the purposes of this subsection, the term "person" shall include any officer or management employee of the applicant, or any officer or management employee of any corporation or business which owns an interest in the applicant, or any officer or management employee of any business which is owned either wholly or in part by any person, corporation, or business which owns an interest in the applicant.

17.**]** No person, otherwise qualified pursuant to sections 260.350 to 260.430 for a license to transport hazardous wastes or for a permit to construct, substantially alter or operate a hazardous waste facility, shall be denied such license or permit on the basis of a lack of need for such transport service or such facility because of the existence of other services or facilities capable of meeting that need; except that permits for hazardous waste facilities may be denied on determination made by the department that the financial resources of the persons applying are such that the continued operation of the sites in accordance with sections 260.350 to 260.430 cannot be reasonably assured or on determination made by the department that the probable

volume of business is insufficient to ensure and maintain the solvency of then existing permitted hazardous waste facilities.

[18.**]** **17.** All hazardous waste landfills constructed after October 31, 1980, shall have a leachate collection system. The rules and regulations of the commission shall treat and protect all aquifers to the same level of protection. The provisions of this subsection shall not apply to the disposal of tailings and slag resulting from mining, milling and primary smelting operations.

[19.**]** **18.** Any railroad corporation as defined in section 388.010 that transports any hazardous waste as defined in section 260.360 or any hazardous substance as defined in section 260.500 shall pay an annual fee of three hundred fifty dollars. Fees collected pursuant to this subsection shall be deposited in the hazardous waste fund created in section 260.391.

Following each annual reporting date, the state treasurer shall certify the amount deposited in the fund to the commission.

6. The state treasurer is authorized to deposit all of the moneys in the hazardous waste fund in any of the qualified depositories of the state. All such deposits shall be secured in such a manner and shall be made upon such terms and conditions as are now or may hereafter be

provided for by law relative to state deposits. Interest received on such deposits shall be credited to the hazardous waste fund.

7. This fee shall expire December 31, **[**2013**]** **2018**, except that the department shall levy and collect this fee for any hazardous waste generated prior to such date and reported to the department.

8. The director of the department of natural resources may conduct a comprehensive review of the fee structure set forth in this section. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the next odd-numbered year and the fee structure set out in this section shall expire upon the effective date of the commission adopted fee structure, contrary to subsection 9 of this section. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the promulgation of such regulation, by concurrent resolution, shall disapprove the fee structure contained in such regulation. If the general assembly so disapproves any regulation promulgated under this subsection, the hazardous waste management commission shall continue to use the fee structure set forth in the most recent preceding regulation promulgated under this subsection. This subsection shall expire on August 28, 2023.

Permit applications submitted by operators who mine an annual tonnage of less than ten thousand tons shall be required to include written consent from the operator to grant access to the commission or the director to the area of land affected;

(6) A description of the tract or tracts of land and the estimated number of acres thereof to be affected by the surface mining of the applicant for the next succeeding twelve months; and

(7) Such other information that the commission may require as such information applies to land reclamation.

3. The application for a permit shall be accompanied by a map in a scale and form specified by the commission by regulation.

4. The application shall be accompanied by a bond, security or certificate meeting the requirements of section 444.778, a geologic resources fee authorized under section 256.700, and a permit fee approved by the commission not to exceed one thousand dollars. The commission may also require a fee for each site listed on a permit not to exceed four hundred dollars for each site. If mining operations are not conducted at a site for six months or more during any year, the fee for such site for that year shall be reduced by fifty percent. The commission may also require a fee for each acre bonded by the operator pursuant to section 444.778 not to exceed twenty dollars per acre. If such fee is assessed, the per-acre fee on all acres bonded by a single operator that exceed a total of two hundred acres shall be reduced by fifty percent. In no case shall the total fee for any permit be more than three thousand dollars. Permit and renewal fees shall be established by rule, except for the initial fees as set forth in this subsection, and shall be set at levels that recover the cost of administering and enforcing sections 444.760 to 444.790, making allowances for grants and other sources of funds. The director shall submit a report to the commission and the public each year that describes the number of employees and the activities performed the previous calendar year to administer sections 444.760 to 444.790. For any operator of a gravel mining operation where the annual tonnage of gravel mined by such operator is less than five thousand tons, the total cost of submitting an application shall be three

hundred dollars. The issued permit shall be valid from the date of its issuance until the date specified in the mine plan unless sooner revoked or suspended as provided in sections 444.760 to 444.790. Beginning August 28, 2007, the fees shall be set at a permit fee of eight hundred dollars, a site fee of four hundred dollars, and an acre fee of ten dollars, with a maximum fee of three thousand dollars. Fees may be raised as allowed in this subsection after a regulation change that demonstrates the need for increased fees.

5. An operator desiring to have his or her permit amended to cover additional land may file an amended application with the commission. Upon receipt of the amended application, and such additional fee and bond as may be required pursuant to the provisions of sections 444.760 to 444.790, the director shall, if the applicant complies with all applicable regulatory requirements, issue an amendment to the original permit covering the additional land described in the amended application.

6. An operation may withdraw any land covered by a permit, excepting affected land, by notifying the commission thereof, in which case the penalty of the bond or security filed by the operator pursuant to the provisions of sections 444.760 to 444.790 shall be reduced proportionately.

7. Where mining or reclamation operations on acreage for which a permit has been issued have not been completed, the permit shall be renewed. The operator shall submit a permit renewal form furnished by the director for an additional permit year and pay a fee equal to an application fee calculated pursuant to subsection 4 of this section, but in no case shall the renewal fee for any operator be more than three thousand dollars. For any operator involved in any gravel mining operation where the annual tonnage of gravel mined by such operator is less than five thousand tons, the permit as to such acreage shall be renewed by applying on a permit renewal form furnished by the director for an additional permit year and payment of a fee of three hundred dollars. Upon receipt of the completed permit renewal form and fee from the operator, the director shall approve the renewal. With approval of the director and operator, the permit renewal may be extended for a portion of an additional year with a corresponding prorating of the renewal fee.

8. Where one operator succeeds another at any uncompleted operation, either by sale, assignment, lease or otherwise, the commission may release the first operator from all liability pursuant to sections 444.760 to 444.790 as to that particular operation if both operators have been issued a permit and have otherwise complied with the requirements of sections 444.760 to 444.790 and the successor operator assumes as part of his or her obligation pursuant to sections 444.760 to 444.790 all liability for the reclamation of the area of land affected by the former operator.

9. The application for a permit shall be accompanied by a plan of reclamation that meets the requirements of sections 444.760 to 444.790 and the rules and regulations promulgated pursuant thereto, and shall contain a verified statement by the operator setting forth the proposed method of operation, reclamation, and a conservation plan for the affected area including approximate dates and time of completion, and stating that the operation will meet the requirements of sections 444.760 to 444.790, and any rule or regulation promulgated pursuant to them.

10. At the time that a permit application is deemed complete by the director, the operator shall publish a notice of intent to operate a surface mine in any newspaper qualified pursuant to section 493.050 to publish legal notices in any county where the land is located. If the director does not respond to a permit application within forty-five calendar days, the application shall be deemed to be complete. Notice in the newspaper shall be posted once a week for four consecutive weeks beginning no more than ten days after the application is deemed complete. The operator shall also send notice of intent to operate a surface mine by certified mail to the governing body of the counties or cities in which the proposed area is located, and to the last known addresses of all record landowners of contiguous real property or real property located adjacent to the proposed mine plan area. The notices shall include the name and address of the

operator, a legal description consisting of county, section, township and range, the number of acres involved, a statement that the operator plans to mine a specified mineral during a specified time, and the address of the commission. The notices shall also contain a statement that any person with a direct, personal interest in one or more of the factors the commission may consider in issuing a permit may request a public meeting, a public hearing or file written comments to the director no later than fifteen days following the final public notice publication date.

11. The commission may approve a permit application or permit amendment whose operation or reclamation plan deviates from the requirements of sections 444.760 to 444.790 if it can be demonstrated by the operator that the conditions present at the surface mining location warrant an exception. The criteria accepted for consideration when evaluating the merits of an exception or variance to the requirements of sections 444.760 to 444.790 shall be established by regulations.

12. Fees imposed pursuant to this section shall become effective August 28, 2007, and shall expire on December 31, **[**2013**]** **2018**. No other provisions of this section shall expire.

If any such petition is sent by registered mail or certified mail, it will be deemed filed on the date it is mailed; if it is sent by any method other than registered mail or certified mail, it will be deemed filed on the date it is received by the administrative hearing commission.". Within fifteen days after the administrative hearing commission renders **[**its**]** **a** recommended decision, it shall transmit the record and a transcript of the proceedings, together with the administrative hearing commission's recommended decision to the commission having authority to issue a final decision. The final decision of the commission shall be issued within one hundred eighty days of the date the notice of appeal in subsection 2 of this section is filed and shall be based only on the facts and evidence in the hearing record; provided, however, that the date by which the commission is required to issue a final decision may be extended at the sole discretion of the permittee as either petitioner or intervenor in the appeal. The commission may adopt the recommended decision as its final decision. The commission may change a finding of fact or conclusion of law made by the administrative hearing commission, or may vacate or modify the recommended decision issued by the administrative hearing commission, only if the commission states in writing the specific reason for a change made under this subsection.

safe drinking water commission in this chapter, the air conservation commission in chapter 643, and the clean water commission in chapter 644**] administrative hearing commission pursuant to section 621.250**, the burden of proof shall be upon the department of natural resources **[**or the commission that issued**] to demonstrate the lawfulness of** the finding, order, decision or assessment being appealed, except that in matters involving the denial of a permit, license or registration, the burden of proof shall be on the applicant for such permit, license or registration.

640.017. UNIFIED PERMIT SCHEDULE AUTHORIZED FOR ACTIVITIES REQUIRING MULTIPLE PERMITS — DIRECTOR'S DUTIES — PROCEDURE — RULEMAKING AUTHORITY. — 1. **Notwithstanding any other provision of law,** for activities that may require multiple environmental state permits **or certifications**, an applicant may **[**request to coordinate**] directly petition the director for purposes of approving or denying such permits or certifications, and for purposes of coordinating** a unified permit schedule with the department which covers the timing and order to obtain such permits **in a coordinated and streamlined process**. In determining the schedule, the department and applicant shall consider which permits are most critical for the regulated activity, the need for unified public participation for all of the regulated aspects of the permitted activity, the applicant's anticipated staging of construction and financing for the permitted activity, and the applicant's use of innovative environmental approaches or strategies to minimize its environmental impacts.

2. **In order to facilitate a unified and streamlined permitting process, the director shall develop and implement a process to coordinate the processing of multiple environmental permits, certifications, or permit modifications from a single applicant.**

3. The department may initiate the unified permits process for a class of similar activities by notifying any known applicants interested in those regulated activities of the intent to use the unified process. To the extent practicable and consistent with the purposes of this section, the department shall coordinate with interested applicants on the unified permit schedule.

[3.**] 4.** The **[**department**] process developed and implemented by the director** shall **include working with such applicants in an effort to help** determine**, at the earliest stage,** all of the permits required for a specific proposed activity based on information provided by the applicant; additional information regarding the proposed activity may result in different permits being required. The department shall **[**propose**] inform applicants that** a unified permitting schedule **[**to interested applicants**] is available**. Any multiple-permit applicant may decline at any time to have its permits processed in accordance with the schedule and instead proceed **[**in**] on** a permit-by-permit approach. The department shall publicize the order and tentative schedule on the department's internet website.

[4.**] 5.** Following the establishment of a unified permit schedule, the director shall notify the applicant in writing of the order in which the applicant shall obtain permits. The department shall proceed to consider applications accordingly and may only modify the schedule with the consent of the applicant through the date of the public hearing. Each application shall be reviewed by the department based solely on its own merits and compliance with the applicable law.

[5.**] 6.** The department shall coordinate with the applicant, to the extent possible, to align the unified permit process so that all public meetings or hearings related to the permits are consolidated into one hearing in a location near the facility.

[6.**] 7.** In furtherance of this section, the director may waive otherwise applicable procedural requirements related to timing as set forth in state environmental laws or rules found in this chapter and chapters **236, 259,** 260, 444, **643,** and 644, so long as:

(1) The public comment periods related to each permit are not shortened; and

(2) The unified permitting schedule does not impair the ability of the applicant or the department to comply with substantive legal requirements related to the permit application.

[7.**] 8.** The director shall promulgate rules to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the

authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly under chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2008, shall be invalid and void.

640.026. ENFORCEMENT AND PENALTIES, LIST OF DOCUMENTS PRODUCED FOR EXTERNAL DISSEMINATION — JCAR REVIEW, CONTENTS. — 1. The department of natural resources shall, by December 1, 2013, and annually thereafter, develop a list of all documents produced for external dissemination, excluding permits, that the department utilizes to implement enforcement actions or penalties levied by the department which have not been established in statute or have not been promulgated pursuant to chapter 536. The list and all documents referenced shall be provided to the joint committee on administrative rules for the purpose of a review, in consultation with the department, to determine if the documents are statements of general applicability that implement, interpret, or prescribe law or policy that should be subject to the rulemaking process prescribed in chapter 536.

2. All documents, excluding permits and rules, produced by the department for external dissemination shall contain:

(1) The name of the department;

(2) The name of the division of the department, if applicable;

All funds received by the department of natural resources from the delivery of services and the sale or resale of maps, plats, reports, studies, records, and other publications and documents, on paper or in electronic format, shall be credited to the fund. The director of the department shall administer the fund. The state treasurer is the custodian of the fund and may approve disbursements from the fund requested by the director of the department. When appropriated, moneys in the fund shall be used to purchase goods, equipment, hardware and software, maintenance and licenses, software and database development and maintenance, personal services, and other services that will ultimately be used to provide copies of information maintained or provided by the department, reprint maps, publications or other documents requested by governmental agencies or members of the general public; to publish the maps, publications, or other documents; to purchase maps, publications, or other documents for resale; and to pay shipping charges, laboratory services, core library fees, workshop fees, conference fees, and interdivisional cooperative agreements, but for no other purpose.

2. The department of natural resources may produce, reproduce, and sell maps, plats, reports, studies, and records and shall fix the charge therefor. All income received shall be promptly deposited in the state treasury to the credit of the department of natural resources revolving services fund.

3. An unencumbered balance not exceeding one million dollars in the department of natural resources revolving services fund at the end of the fiscal year is exempt from the provisions of section 33.080 relating to the transfer of unexpended balances to the general revenue fund.

4. The department of natural resources shall report all income to and expenditures from such fund on a quarterly basis to the house of representatives budget committee and the senate appropriations committee.

BROCHURES ON THOMAS HART BENTON MURALS AND CAPITOL ART WORK, PUBLICATION. — The department of natural resources is authorized to gather data, photographs and such other materials as may be necessary and to prepare, edit and publish from time to time, as deemed necessary, copies of a brochure on the Thomas Hart Benton murals in the house lounge and on other major works of art of the Missouri state capitol. The brochure shall be sold at a price to be set by the department of natural resources. The proceeds from the sale of the brochure shall be deposited in the state treasury to the credit of the natural resources **[**document**]** **revolving** services fund created in section **[**60.595**]** **640.065**.

For Missouri state parks' designated swim beaches, a standard that measures E. coli using the Environmental Protection Agency's Method 1603, or any other equivalent method that measures culturable E. coli, with the geometric mean (GM) of weekly sampling of one hundred ninety colony forming units per one hundred milliliters shall be utilized.

2. If beaches exceed the GM standard established in subsection 1 of this section, the department of natural resources shall post the beach with signs that state "Swimming is Not Recommended".

3. The department reserves the right to close a beach in the event of a documented health risk including things such as but not limited to wastewater by-pass, extremely high sampling values, spills of hazardous chemicals, or localized outbreaks of an infectious disease.

640.236. PUNITIVE AND EXEMPLARY DAMAGES, EXEMPT FROM, WHEN. — In all civil actions involving claims for exposure or contamination arising from the ownership, maintenance, management, or control of underground hard rock mining or hard rock milling sites that ceased operations prior to January 1, 1975, or such claims that arise from chat or tailings generated at those sites, brought against persons or entities alleged to have owned, maintained, managed, or controlled such sites, chat, or tailings at any time, such persons and entities shall be exempt from punitive or exemplary damages with respect to all such claims that relate in any way to the ownership, maintenance, management, or control of such sites, chat, or tailings, so long as such persons or entities or their employees, agents, owners, parent, subsidiary, or any related companies have made or are making good faith efforts to remediate such sites. Any evidence may be introduced to demonstrate good faith efforts to remediate including substantial compliance with an order or permit issued by or negotiated with either the state of Missouri or the United States concerning remediation or closure. The total of any awards of punitive or exemplary damages shall not exceed two million five hundred thousand dollars in the aggregate as to all defendants in a civil action within this section. The provisions of section 537.675 shall not apply to such action, and one-half of any such awards for punitive or exemplary damages shall be paid into the Missouri lead abatement loan fund established under section 701.337. Nothing in this section shall be construed as precluding any party from pursuing compensatory damages, including claims for natural resource damages.

640.715. NOTIFICATION BY OWNERS OR OPERATORS, INFORMATION REQUIRED — DEPARTMENT TO ISSUE PERMIT, WHEN. — 1. Prior to filing an application to acquire **[**a construction**] an operating** permit **for a new or expanded facility** from the department, the owner or operator of any class IA, class IB, or class IC concentrated animal feeding operation shall provide the following information to the department, to the county governing body and to all adjoining property owners of property located within one and one-half times the buffer distance as specified in subsection 2 of section 640.710 for the size of the proposed facility:

(1) The number of animals anticipated at such facility;

(2) The waste handling plan and general layout of the facility;

(3) The location and number of acres of such facility;

(4) Name, address, telephone number and registered agent for further information as it relates to subdivisions (1) to (3) of this subsection;

(5) Notice that the department will accept written comments from the public for a period of thirty days; and

(6) The address of the regional or state office of the department. The department shall require proof of such notification upon accepting an application for **[**a construction**] an operating** permit **for a new or expanded facility**. The department shall accept written comments from the public for thirty days after receipt of application for **[**construction**] such** permit.

2. The department shall not issue **[**a**] an operating** permit to a facility described in subsection 1 of this section to engage in any activity regulated by the department unless the applicant is in compliance with sections 640.700 to 640.755.

3. The department shall issue **[**a**] an operating** permit or respond with a letter of comment to the owner or operator of such facility within forty-five days of receiving a completed permit application and verification of compliance with subsection 1 of this section.

640.725. INSPECTION OF FACILITY, WHEN, RECORDS RETENTION PERIOD — AUTOMATIC SHUTOFF SYSTEM REQUIRED. — 1. The owner or operator of any flush system animal waste wet handling facility shall employ one or more persons who shall **once per week** visually inspect the **[**animal waste wet handling facility and lagoons for unauthorized discharge and structural integrity at least every twelve hours with a deviation of not to exceed three hours**] gravity outfall lines, recycle pump stations, recycle force mains, and appurtenances for any release to any containment structure required by section 640.730. The owner or operator shall also visually inspect once per day any lagoon whose water level is less than twelve inches from the emergency spillway**. The owner or operator of the facility shall keep records of each inspection. Such records shall be retained for three years. The department shall provide or approve a form provided by the owner or operator for each facility for such inspections.

2. All new construction permits for flush system animal waste wet handling facilities shall have an electronic or mechanical shutoff of the system in the event of pipe stoppage. As of July 1, 1997, all existing flush system animal waste wet handling facilities shall have, at a minimum, an electronic or mechanical shutoff of the system in the event of pipe stoppage or backflow.

643.079. FEES, AMOUNT — DEPOSIT OF MONEYS, WHERE, SUBACCOUNT TO BE MAINTAINED — CIVIL ACTION FOR FAILURE TO REMIT FEES, EFFECT UPON PERMIT — AGENCIES, DETERMINATION OF FEES — FEE STRUCTURE REVIEW. — 1. Any air contaminant source required to obtain a permit issued under sections 643.010 to 643.355 shall pay annually beginning April 1, 1993, a fee as provided herein. For the first year the fee shall be twenty-five dollars per ton of each regulated air contaminant emitted. Thereafter, the fee shall be set every three years by the commission by rule and shall be at least twenty-five dollars per ton of regulated air contaminant emitted but not more than forty dollars per ton of regulated air contaminant emitted in the previous calendar year. If necessary, the commission may make annual adjustments to the fee by rule. The fee shall be set at an amount consistent with the need

to fund the reasonable cost of administering sections 643.010 to 643.355, taking into account other moneys received pursuant to sections 643.010 to 643.355. For the purpose of determining the amount of air contaminant emissions on which the fees authorized under this section are assessed, a facility shall be considered one source under the definition of subsection 2 of section 643.078, except that a facility with multiple operating permits shall pay the emission fees authorized under this section separately for air contaminants emitted under each individual permit.

2. A source which produces charcoal from wood shall pay an annual emission fee under this subsection in lieu of the fee established in subsection 1 of this section. The fee shall be based upon a maximum fee of twenty-five dollars per ton and applied upon each ton of regulated air contaminant emitted for the first four thousand tons of each contaminant emitted in the amount established by the commission pursuant to subsection 1 of this section, reduced according to the following schedule:

(1) For fees payable under this subsection in the years 1993 and 1994, the fee shall be reduced by one hundred percent;

(2) For fees payable under this subsection in the years 1995, 1996 and 1997, the fee shall be reduced by eighty percent;

(3) For fees payable under this subsection in the years 1998, 1999 and 2000, the fee shall be reduced by sixty percent.

3. The fees imposed in subsection 2 of this section shall not be imposed or collected after the year 2000 unless the general assembly reimposes the fee.

4. Each air contaminant source with a permit issued under sections 643.010 to 643.355 shall pay the fee for the first four thousand tons of each regulated air contaminant emitted each year but no air contaminant source shall pay fees on total emissions of regulated air contaminants in excess of twelve thousand tons in any calendar year. A permitted air contaminant source which emitted less than one ton of all regulated pollutants shall pay a fee equal to the amount per ton set by the commission. An air contaminant source which pays emission fees to a holder of a certificate of authority issued pursuant to section 643.140 may deduct such fees from any amount due under this section. The fees imposed in this section shall not be applied to carbon oxide emissions. The fees imposed in subsection 1 and this subsection shall not be applied to sulfur dioxide emissions from any Phase I affected unit subject to the requirements of Title IV, Section 404, of the federal Clean Air Act, as amended, 42 U.S.C. 7651, et seq., any sooner than January 1, 2000. The fees imposed on emissions from Phase I affected units shall be consistent with and shall not exceed the provisions of the federal Clean Air Act, as amended, and the regulations promulgated thereunder. Any such fee on emissions from any Phase I affected unit shall be reduced by the amount of the service fee paid by that Phase I affected unit pursuant to subsection 8 of this section in that year. Any fees that may be imposed on Phase I sources shall follow the procedures set forth in subsection 1 and this subsection and shall not be applied retroactively.

5. Moneys collected under this section shall be transmitted to the director of revenue for deposit in appropriate subaccounts of the natural resources protection fund created in section 640.220. A subaccount shall be maintained for fees paid by air contaminant sources which are required to be permitted under Title V of the federal Clean Air Act, as amended, 42 U.S.C. Section 7661, et seq., and used, upon appropriation, to fund activities by the department to implement the operating permits program authorized by Title V of the federal Clean Air Act, as amended. Another subaccount shall be maintained for fees paid by air contaminant sources which are not required to be permitted under Title V of the federal Clean Air Act as amended, and used, upon appropriation, to fund other air pollution control program activities. Another subaccount shall be maintained for service fees paid under subsection 8 of this section by Phase I affected units which are subject to the requirements of Title IV, Section 404, of the federal Clean Air Act Amendments of 1990, as amended, 42 U.S.C. 7651, and used, upon appropriation, to fund air pollution control program activities. The provisions of section 33.080

to the contrary notwithstanding, moneys in the fund shall not revert to general revenue at the end of each biennium. Interest earned by moneys in the subaccounts shall be retained in the subaccounts. The per-ton fees established under subsection 1 of this section may be adjusted annually, consistent with the need to fund the reasonable costs of the program, but shall not be less than twenty-five dollars per ton of regulated air contaminant nor more than forty dollars per ton of regulated air contaminant. The first adjustment shall apply to moneys payable on April 1, 1994, and shall be based upon the general price level for the twelve-month period ending on August thirty-first of the previous calendar year.

6. The department may initiate a civil action in circuit court against any air contaminant source which has not remitted the appropriate fees within thirty days. In any judgment against the source, the department shall be awarded interest at a rate determined pursuant to section 408.030 and reasonable attorney's fees. In any judgment against the department, the source shall be awarded reasonable attorney's fees.

7. The department shall not suspend or revoke a permit for an air contaminant source solely because the source has not submitted the fees pursuant to this section.

8. Any Phase I affected unit which is subject to the requirements of Title IV, Section 404, of the federal Clean Air Act, as amended, 42 U.S.C. 7651, shall pay annually beginning April 1, 1993, and terminating December 31, 1999, a service fee for the previous calendar year as provided herein. For the first year, the service fee shall be twenty-five thousand dollars for each Phase I affected generating unit to help fund the administration of sections 643.010 to 643.355. Thereafter, the service fee shall be annually set by the commission by rule, following public hearing, based on an annual allocation prepared by the department showing the details of all costs and expenses upon which such fees are based consistent with the department's reasonable needs to administer and implement sections 643.010 to 643.355 and to fulfill its responsibilities with respect to Phase I affected units, but such service fee shall not exceed twenty-five thousand dollars per generating unit. Any such Phase I affected unit which is located on one or more contiguous tracts of land with any Phase II generating unit that pays fees under subsection 1 or subsection 2 of this section shall be exempt from paying service fees under this subsection. A "contiguous tract of land" shall be defined to mean adjacent land, excluding public roads, highways and railroads, which is under the control of or owned by the permit holder and operated as a single enterprise.

9. The department of natural resources shall determine the fees due pursuant to this section by the state of Missouri and its departments, agencies and institutions, including two- and four-year institutions of higher education. The director of the department of natural resources shall forward the various totals due to the joint committee on capital improvements and the directors of the individual departments, agencies and institutions. The departments, as part of the budget process, shall annually request by specific line item appropriation funds to pay said fees and capital funding for projects determined to significantly improve air quality. If the general assembly fails to appropriate funds for emissions fees as specifically requested, the departments, agencies and institutions shall pay said fees from other sources of revenue or funds available. The state of Missouri and its departments, agencies and institutions may receive assistance from the small business technical assistance program established pursuant to section 643.173.

10. The director of the department of natural resources may conduct a comprehensive review of the fee structure set forth in this section. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from each of the following groups: electric utilities, mineral and metallic mining and processing facilities, cement kiln representatives, and any other interested industrial or business entities or interested parties. Upon completion of the comprehensive review, the department shall submit proposed changes to the fee structure with stakeholder agreement to the air conservation commission. The commission shall, upon receiving the department's recommendations, review such recommendations at the forthcoming regular or special meeting. The commission shall review fee structure recommendations from the

department. The commission shall not take a vote on the fee structure recommendations until the following regular or special meeting. If the commission approves, by vote of two-thirds majority or five of seven commissioners, the fee structure recommendations, the commission shall promulgate by regulation and publish the recommended fee structure no later than October first of the same year. The commission shall file the order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If such rules are not disapproved by the general assembly in the manner set out below, they shall take effect on January first of the next odd-numbered year and the fee structure set out in this section shall expire upon the effective date of the commission adopted fee structure. Any regulation promulgated under this subsection shall be deemed to be beyond the scope and authority provided in this subsection, or detrimental to permit applicants, if the general assembly, within the first sixty calendar days of the regular session immediately following the promulgation of such regulation, by concurrent resolution, shall disapprove the fee structure contained in such regulation. If the general assembly so disapproves any regulation promulgated under this subsection, the air conservation commission shall continue to use the fee structure set forth in the most recent preceding regulation promulgated under this subsection. This subsection shall expire on August 28, 2023.

644.029. NEW WATER QUALITY REQUIREMENTS, GRANDFATHERING PROVISION. — **The department shall allow an appropriate schedule of compliance for a permittee to make upgrades or changes to its facilities that are necessary to meet new water quality requirements. For publicly owned treatment works, schedules of compliance shall be consistent with affordability findings made under section 644.145. For privately owned treatment works, schedules of compliance shall be negotiated with the facilities recognizing their financial capabilities and shall reflect statewide performance expectations. The department shall incorporate new water quality requirements into existing permits at the time of permit renewal unless there are compelling reasons to implement these requirements earlier through permit modifications. All new permit applicants may be required to meet any new water quality standards or classifications prescribed by the commission.**

644.051. PROHIBITED ACTS — PERMITS REQUIRED, WHEN, FEE — BOND REQUIRED OF PERMIT HOLDERS, WHEN — PERMIT APPLICATION PROCEDURES — RULEMAKING — LIMITATION ON USE OF PERMIT FEE MONEYS — PERMIT SHIELD PROVISIONS. — 1. It is unlawful for any person:

(1) To cause pollution of any waters of the state or to place or cause or permit to be placed any water contaminant in a location where it is reasonably certain to cause pollution of any waters of the state;

(2) To discharge any water contaminants into any waters of the state which reduce the quality of such waters below the water quality standards established by the commission;

(3) To violate any pretreatment and toxic material control regulations, or to discharge any water contaminants into any waters of the state which exceed effluent regulations or permit provisions as established by the commission or required by any federal water pollution control act;

(4) To discharge any radiological, chemical, or biological warfare agent or high-level radioactive waste into the waters of the state.

2. It shall be unlawful for any person to **[**build, erect, alter, replace,**]** operate, use or maintain any water contaminant or point source in this state that is subject to standards, rules or regulations promulgated pursuant to the provisions of sections 644.006 to 644.141 unless such person holds **[**a**] an operating** permit from the commission, subject to such exceptions as the commission may prescribe by rule or regulation. However, no **operating** permit shall be required of any

person for any emission into publicly owned treatment facilities or into publicly owned sewer systems tributary to publicly owned treatment works.

3. [Every proposed water contaminant or point source which, when constructed or installed or established, will be subject to any federal water pollution control act or sections 644.006 to 644.141 or regulations promulgated pursuant to the provisions of such act shall make application to the director for a permit at least thirty days prior to the initiation of construction or installation or establishment. Every water contaminant or point source in existence when regulations or sections 644.006 to 644.141 become effective shall make application to the director for a permit within sixty days after the regulations or sections 644.006 to 644.141 become effective, whichever shall be earlier. The director shall promptly investigate each application, which investigation shall include such hearings and notice, and consideration of such comments and recommendations as required by sections 644.006 to 644.141 and any federal water pollution control act. If the director determines that the source meets or will meet the requirements of sections 644.006 to 644.141 and the regulations promulgated pursuant thereto, the director shall issue a permit with such conditions as he or she deems necessary to ensure that the source will meet the requirements of sections 644.006 to 644.141 and any federal water pollution control act as it applies to sources in this state. If the director determines that the source does not meet or will not meet the requirements of either act and the regulations pursuant thereto, the director shall deny the permit pursuant to the applicable act and issue any notices required by sections 644.006 to 644.141 and any federal water pollution control act] **It shall be unlawful for any person to construct, build, replace or make major modification to any point source or collection system that is principally designed to convey or discharge human sewage to waters of the state, unless such person obtains a construction permit from the commission, except as provided in this section. The following activities shall be excluded from construction permit requirements:**

(1) Facilities greater than one million gallons per day that are authorized through a local supervised program, and are not receiving any department financial assistance;

(2) All sewer extensions or collection projects that are one thousand feet in length or less with fewer than two lift stations;

(3) All sewer collection projects that are authorized through a local supervised program; and

(4) Any other exclusions the commission may promulgate by rule. However, nothing shall prevent the department from taking action to assure protection of the environment and human health. A construction permit may be required where necessary as determined by the department, including the following:

(a) Substantial deviation from the commission's design standards;

(b) To correct noncompliance;

(c) When an unauthorized discharge has occurred or has the potential to occur; or

(d) To correct a violation of water quality standards. In addition, any point source that proposes to construct an earthen storage structure to hold, convey, contain, store or treat domestic, agricultural, or industrial process wastewater also shall be subject to the construction permit provisions of this subsection. All other construction-related activities at point sources shall be exempt from the construction permit requirements. All activities that are exempted from the construction permit requirement are subject to the following conditions:

a. Any point source system designed to hold, convey, contain, store or treat domestic, agricultural or industrial process wastewater shall be designed by a professional engineer registered in Missouri in accordance with the commission's design rules;

b. Such point source system shall be constructed in accordance with the registered professional engineer's design and plans; and

c. Such point source system may receive a post-construction site inspection by the department prior to receiving operating permit approval. A site inspection may be

performed by the department, upon receipt of a complete operating permit application or submission of an engineer's statement of work complete. A governmental unit may apply to the department for authorization to operate a local supervised program, and the department may authorize such a program. A local supervised program would recognize the governmental unit's engineering capacity and ability to conduct engineering work, supervise construction and maintain compliance with relevant operating permit requirements.

4. Before issuing **[**a permit to build or enlarge a water contaminant or point source or reissuing any permit**] any permit required by this section**, the director shall issue such notices, conduct such hearings, and consider such factors, comments and recommendations as required by sections 644.006 to 644.141 or any federal water pollution control act. The director shall determine if any state or any provisions of any federal water pollution control act the state is required to enforce, any state or federal effluent limitations or regulations, water quality-related effluent limitations, national standards of performance, toxic and pretreatment standards, or water quality standards which apply to the source, or any such standards in the vicinity of the source, are being exceeded, and shall determine the impact on such water quality standards from the source. The director, in order to effectuate the purposes of sections 644.006 to 644.141, shall deny a permit if the source will violate any such acts, regulations, limitations or standards or will appreciably affect the water quality standards or the water quality standards are being substantially exceeded, unless the permit is issued with such conditions as to make the source comply with such requirements within an acceptable time schedule.

5. The director shall grant or deny the permit within sixty days after all requirements of the Federal Water Pollution Control Act concerning issuance of permits have been satisfied unless the application does not require any permit pursuant to any federal water pollution control act. The director or the commission may require the applicant to provide and maintain such facilities or to conduct such tests and monitor effluents as necessary to determine the nature, extent, quantity or degree of water contaminant discharged or released from the source, establish and maintain records and make reports regarding such determination.

6. The director shall promptly notify the applicant in writing of his or her action and if the permit is denied state the reasons therefor. The applicant may appeal to the commission from the denial of a permit or from any condition in any permit by filing notice of appeal with the commission within thirty days of the notice of denial or issuance of the permit. After a final action is taken on a new or reissued general permit, a potential applicant for the general permit who can demonstrate that he or she is or may be adversely affected by any permit term or condition may appeal the terms and conditions of the general permit within thirty days of the department's issuance of the general permit. In no event shall a permit constitute permission to violate the law or any standard, rule or regulation promulgated pursuant thereto.

7. In any hearing held pursuant to this section that involves a permit, license, or registration, the burden of proof is on the party specified in section 640.012. Any decision of the commission made pursuant to a hearing held pursuant to this section is subject to judicial review as provided in section 644.071.

8. In any event, no permit issued pursuant to this section shall be issued if properly objected to by the federal government or any agency authorized to object pursuant to any federal water pollution control act unless the application does not require any permit pursuant to any federal water pollution control act.

9. Permits may be modified, reissued, or terminated at the request of the permittee. All requests shall be in writing and shall contain facts or reasons supporting the request.

10. No manufacturing or processing plant or operating location shall be required to pay more than one operating fee. Operating permits shall be issued for a period not to exceed five years after date of issuance, except that general permits shall be issued for a five-year period, and also except that neither a construction nor an annual permit shall be required for a single residence's waste treatment facilities. Applications for renewal of a site-specific operating permit

shall be filed at least one hundred eighty days prior to the expiration of the existing permit. Applications seeking to renew coverage under a general permit shall be submitted at least thirty days prior to the expiration of the general permit, unless the permittee has been notified by the director that an earlier application must be made. General permits may be applied for and issued electronically once made available by the director.

11. Every permit issued to municipal or any publicly owned treatment works or facility shall require the permittee to provide the clean water commission with adequate notice of any substantial new introductions of water contaminants or pollutants into such works or facility from any source for which such notice is required by sections 644.006 to 644.141 or any federal water pollution control act. Such permit shall also require the permittee to notify the clean water commission of any substantial change in volume or character of water contaminants or pollutants being introduced into its treatment works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility by a source which was introducing water contaminants or pollutants into its works at the time of issuance of the permit. Notice must describe the quality and quantity of effluent being introduced or to be introduced into such works or facility and the anticipated impact of such introduction on the quality or quantity of effluent to be released from such works or facility into waters of the state.

12. The director or the commission may require the filing or posting of a bond as a condition for the issuance of permits for construction of temporary or future water treatment facilities or facilities that utilize innovative technology for wastewater treatment in an amount determined by the commission to be sufficient to ensure compliance with all provisions of sections 644.006 to 644.141, and any rules or regulations of the commission and any condition as to such construction in the permit. For the purposes of this section, "innovative technology for wastewater treatment" shall mean a completely new and generally unproven technology in the type or method of its application that bench testing or theory suggest has environmental, efficiency, and cost benefits beyond the standard technologies. No bond shall be required for designs approved by any federal agency or environmental regulatory agency of another state. The bond shall be signed by the applicant as principal, and by a corporate surety licensed to do business in the state of Missouri and approved by the commission. The bond shall remain in effect until the terms and conditions of the permit are met and the provisions of sections 644.006 to 644.141 and rules and regulations promulgated pursuant thereto are complied with.

13. (1) The department shall issue or deny applications for construction and site-specific operating permits received after January 1, 2001, within one hundred eighty days of the department's receipt of an application. For general construction and operating permit applications received after January 1, 2001, that do not require a public participation process, the department shall issue or deny the permits within sixty days of the department's receipt of an application. For an application seeking coverage under a renewed general permit that does not require an individual public participation process, the director shall issue or deny the permit within sixty days of the director's receipt of the application, or upon issuance of the general permit, whichever is later. In regard to an application seeking coverage under an initial general permit that does not require an individual public participation process, the director shall issue or deny the permit within sixty days of the department's receipt of the application. For an application seeking coverage under a renewed general permit that requires an individual public participation process, the director shall issue or deny the permit within ninety days of the director's receipt of the application, or upon issuance of the general permit, whichever is later. In regard to an application for an initial general permit that requires an individual public participation process, the director shall issue or deny the permit within ninety days of the director's receipt of the application.

(2) If the department fails to issue or deny with good cause a construction or operating permit application within the time frames established in subdivision (1) of this subsection, the

department shall refund the full amount of the initial application fee within forty-five days of failure to meet the established time frame. If the department fails to refund the application fee within forty-five days, the refund amount shall accrue interest at a rate established pursuant to section 32.065.

(3) Permit fee disputes may be appealed to the commission within thirty days of the date established in subdivision (2) of this subsection. If the applicant prevails in a permit fee dispute appealed to the commission, the commission may order the director to refund the applicant's permit fee plus interest and reasonable attorney's fees as provided in sections 536.085 and 536.087. A refund of the initial application or annual fee does not waive the applicant's responsibility to pay any annual fees due each year following issuance of a permit.

(4) No later than December 31, 2001, the commission shall promulgate regulations defining shorter review time periods than the time frames established in subdivision (1) of this subsection, when appropriate, for different classes of construction and operating permits. In no case shall commission regulations adopt permit review times that exceed the time frames established in subdivision (1) of this subsection. The department's failure to comply with the commission's permit review time periods shall result in a refund of said permit fees as set forth in subdivision (2) of this subsection. On a semiannual basis, the department shall submit to the commission a report which describes the different classes of permits and reports on the number of days it took the department to issue each permit from the date of receipt of the application and show averages for each different class of permits.

(5) During the department's technical review of the application, the department may request the applicant submit supplemental or additional information necessary for adequate permit review. The department's technical review letter shall contain a sufficient description of the type of additional information needed to comply with the application requirements.

(6) Nothing in this subsection shall be interpreted to mean that inaction on a permit application shall be grounds to violate any provisions of sections 644.006 to 644.141 or any rules promulgated pursuant to sections 644.006 to 644.141.

14. The department shall respond to all requests for individual certification under Section 401 of the Federal Clean Water Act within the lesser of sixty days or the allowed response period established pursuant to applicable federal regulations without request for an extension period unless such extension is determined by the commission to be necessary to evaluate significant impacts on water quality standards and the commission establishes a timetable for completion of such evaluation in a period of no more than one hundred eighty days.

15. All permit fees generated pursuant to this chapter shall not be used for the development or expansion of total maximum daily loads studies on either the Missouri or Mississippi rivers.

16. The department shall implement permit shield provisions equivalent to the permit shield provisions implemented by the U.S. Environmental Protection Agency pursuant to the Clean Water Act, Section 402(k), 33 U.S.C. 1342(k), and its implementing regulations, for permits issued pursuant to chapter 644.

17. Prior to the development of a new general permit or reissuance of a general permit for aquaculture, land disturbance requiring a storm water permit, or reissuance of a general permit under which fifty or more permits were issued under a general permit during the immediately preceding five-year period for a designated category of water contaminant sources, the director shall implement a public participation process complying with the following minimum requirements:

(1) For a new general permit or reissuance of a general permit, a general permit template shall be developed for which comments shall be sought from permittees and other interested persons prior to issuance of the general permit;

The notice of the public informational meeting, including the date, time and location, shall be posted on the department's website at least thirty days in advance of the public meeting. If the meeting is being held for reissuance of a general permit, notice shall also be made by electronic mail to all permittees holding the current general permit which is expiring. Notice to current permittees shall be made at least twenty days prior to the public meeting;

(4) The director shall hold a thirty-day public comment period to receive comments on the general permit template with the thirty-day comment period expiring at least sixty days prior to the effective date of the general permit. Scanned copies of the comments received during the public comment period shall be posted on the department's website within five business days after close of the public comment period;

(5) A revised draft of a general permit template and the director's response to comments submitted during the public comment period shall be posted on the department's website at least forty-five days prior to issuance of the general permit. At least forty-five days prior to issuance of the general permit the department shall notify all persons who submitted comments to the department that these documents have been posted to the department's website;

(6) Upon issuance of a new or renewed general permit, the general permit shall be posted to the department's website.

18. Notices required to be made by the department pursuant to subsection 17 of this section may be made by electronic mail. 644.057. The comprehensive review shall include stakeholder meetings in order to solicit stakeholder input from each of the following groups: agriculture, industry, municipalities, public and private wastewater facilities, and the development community. Upon completion of the comprehensive review, the department shall submit proposed changes to the fee structure with stakeholder agreement to the clean water commission. The commission shall, upon receiving the department's recommendations, review such recommendations at the forthcoming regular or special meeting under subsection 3 of section 644.021. The commission shall file the order of rulemaking for such rule with the joint committee on administrative rules pursuant to sections 536.021 and 536.024 no later than December first of the same year. If the general assembly so disapproves any regulation promulgated under this subsection, the clean water commission shall continue to use the fee structure set forth in the most recent preceding regulation promulgated under this subsection. This section shall expire on August 28, 2023.

644.062. PROVISIONAL VARIANCES GRANTED, WHEN — PROCEDURE. — 1. If the hardship complained of consists solely of the need for a reasonable delay in which to correct a violation of sections 644.006 to 644.141, or rule, standard, requirement, limitation, or order of the director, the director shall condition the grant of such variance upon the posting of sufficient performance bond or other security to assure the completion of the work covered by the variance. In granting such provisional variance, the director shall consider the hardship imposed by requiring compliance on a short-term basis and adverse impacts that may result from granting the provisional variance. The director shall exercise wide discretion in weighing the equities involved and the advantages and disadvantages to the applicant and to those affected by water contaminants emitted by the applicant.

2. Any provisional variance granted by the director under this section shall be for a period not to exceed forty-five days. A provisional variance may be extended by the director up to an additional forty-five days, but in no event longer than ninety days in one calendar year.

The director may condition any provisional variance as sections 644.006 to 644.141, or rule, standard, requirement, limitation or order of the director may require.

4. If the director grants a provisional variance under this section, he or she shall promptly notify the petitioner and shall file a copy of the written decision with the commission. The commission must maintain, for public inspection, copies of all provisional variances filed with it by the director.

Such resolution shall set forth the project name for the proposed improvement, the general nature of the proposed improvement, the estimated cost of such improvement, the boundaries of the proposed neighborhood improvement district to be assessed, and the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year during the term of the bonds issued for the original improvement and after such bonds are paid in full. The governing body of the city or county may create a neighborhood improvement district when the question of creating such district has been approved by the vote of the percentage of electors within such district voting thereon that is equal to the percentage of voter approval required for the issuance of general obligation bonds of such city or county under article VI, section 26 of the constitution of this state. (city or county) on the real property benefitted by such improvements for a period of ..... years, and, if included in the resolution, an assessment in each year thereafter with the proceeds thereof used solely for maintenance of the improvement?

3. As an alternative to the procedure described in subsection 2 of this section, the governing body of a city or county may create a neighborhood improvement district when a proper petition has been signed by the owners of record of at least two-thirds by area of all real property located within such proposed district. Each owner of record of real property located in the proposed district is allowed one signature. Any person, corporation, or limited liability partnership owning more than one parcel of land located in such proposed district shall be allowed only one signature on such petition. Such resolution or ordinance shall state and make findings as to the project name for the proposed improvement, the nature of the improvement, the estimated cost of such improvement, the boundaries of the neighborhood improvement district to be assessed, the proposed method or methods of assessment of real property within the district, including any provision for the annual assessment of maintenance costs of the improvement in each year after the bonds issued for the original improvement are paid in full, and shall also state that the final cost of such improvement assessed against the real property within the neighborhood improvement district and the amount of general obligation bonds issued therefor shall not, without a new election or petition, exceed the estimated cost of such improvement by more than twenty-five percent.

5. The boundaries of the proposed district shall be described by metes and bounds, streets or other sufficiently specific description. The area of the neighborhood improvement district

finally determined by the governing body of the city or county to be assessed may be less than, but shall not exceed, the total area comprising such district.

6. In any neighborhood improvement district organized prior to August 28, 1994, an assessment may be levied and collected after the original period approved for assessment of property within the district has expired, with the proceeds thereof used solely for maintenance of the improvement, if the residents of the neighborhood improvement district either vote to assess real property within the district for the maintenance costs in the manner prescribed in subsection 2 of this section or if the owners of two-thirds of the area of all real property located within the district sign a petition for such purpose in the same manner as prescribed in subsection 3 of this section.

7. Prior to any assessment hereafter being levied against any real property within any neighborhood improvement district, and prior to any lien enforceable under either chapter 140 or 141 being imposed after August 28, 2013, against any real property within a neighborhood improvement district, the clerk of the governing body establishing the neighborhood improvement district shall cause to be recorded with the recorder of deeds for the county in which any portion of the neighborhood improvement district is located, a document conforming to the provisions of sections 59.310 and 59.313, and which shall contain at least the following information:

(3) The legal description of the property within the neighborhood improvement district which may either be the metes and bounds description authorized in subsection 5 of this section or the legal description of each lot or parcel within the neighborhood improvement district; and

(4) The identifying number of the resolution or ordinance creating the neighborhood improvement district, or a copy of such resolution or ordinance.

67.463. PUBLIC HEARING, PROCEDURE — APPORTIONMENT OF COSTS — SPECIAL ASSESSMENTS, NOTICE — PAYMENT AND COLLECTION OF ASSESSMENTS. — 1. At the hearing to consider the proposed improvements and assessments, the governing body shall hear and pass upon all objections to the proposed improvements and proposed assessments, if any, and may amend the proposed improvements, and the plans and specifications therefor, or assessments as to any property, and thereupon by ordinance or resolution the governing body of the city or county shall order that the improvement be made and direct that financing for the cost thereof be obtained as provided in sections 67.453 to 67.475.

2. After construction of the improvement has been completed in accordance with the plans and specifications therefor, the governing body shall compute the final costs of the improvement and apportion the costs among the property benefitted by such improvement in such equitable manner as the governing body shall determine, charging each parcel of property with its proportionate share of the costs, and by resolution or ordinance, assess the final cost of the improvement or the amount of general obligation bonds issued or to be issued therefor as special assessments against the property described in the assessment roll.

3. After the passage or adoption of the ordinance or resolution assessing the special assessments, the city clerk or county clerk shall mail a notice to each property owner within the district which sets forth a description of each parcel of real property to be assessed which is owned by such owner, the special assessment assigned to such property, and a statement that the property owner may pay such assessment in full, together with interest accrued thereon from the

effective date of such ordinance or resolution, on or before a specified date determined by the effective date of the ordinance or resolution, or may pay such assessment in annual installments as provided in subsection 4 of this section.

4. The special assessments shall be assessed upon the property included therein concurrent with general property taxes, and shall be payable in substantially equal annual installments for a duration stated in the ballot measure prescribed in subsection 2 of section 67.457 or in the petition prescribed in subsection 3 of section 67.457, and, if authorized, an assessment in each year thereafter levied and collected in the same manner with the proceeds thereof used solely for maintenance of the improvement, taking into account such assessments and interest thereon, as the governing body determines. The first installment shall be payable after the first collection of general property taxes following the adoption of the assessment ordinance or resolution unless such ordinance or resolution was adopted and certified too late to permit its collection at such time. All assessments shall bear interest at such rate as the governing body determines, not to exceed the rate permitted for bonds by section 108.170. Interest on the assessment between the effective date of the ordinance or resolution assessing the assessment and the date the first installment is payable shall be added to the first installment. The interest for one year on all unpaid installments shall be added to each subsequent installment until paid. In the case of a special assessment by a city, all of the installments, together with the interest accrued or to accrue thereon, may be certified by the city clerk to the county clerk in one instrument at the same time. Such certification shall be good for all of the installments, and the interest thereon payable as special assessments.

5. Special assessments shall be collected and paid over to the city treasurer or county treasurer in the same manner as taxes of the city or county are collected and paid. The lien may be foreclosed in the same manner as a tax upon real property by land tax sale pursuant to chapter 140 or **[**by judicial foreclosure proceeding**]**, **if applicable to that county, chapter 141, or** at the option of the governing body**, by judicial foreclosure proceeding**. Upon the foreclosure of any such lien, whether by land tax sale or by judicial foreclosure proceeding, the entire remaining assessment may become due and payable and may be recoverable in such foreclosure proceeding at the option of the governing body.

One certified copy of each ordinance shall be filed with the county clerk, with the county assessor, with the county recorder of deeds, and with the clerk of the circuit court of the county in which the property is located, whereupon the concurrent detachment and annexation shall be complete and final. Thereafter all courts of this state shall take notice of the limits of both municipalities as changed by the ordinances. No

If such ordinance is not passed within thirty days, the change shall be effective and one certified copy of the ordinance shall be filed with the county clerk, with the county assessor, with the county recorder of deeds, and with the clerk of the circuit court of the county in which the property is located, whereupon the concurrent detachment and annexation shall be complete and final. Thereafter all courts of this state shall take notice of the limits of both municipalities as changed by the ordinances. A majority of the votes cast on such question shall be required in order to approve and authorize such sale, lease or other transfer. If the question receives less than the required majority, then the city council and the board of trustees shall have no power to sell, lease or otherwise transfer the property, real and personal, of the hospital unless and until the city council has submitted another question to authorize such sale, lease or transfer authorized under this section and such question is approved by the required majority of the qualified voters voting thereon. Payments in lieu of taxes which are due and owing shall constitute a lien against the real estate of the redevelopment project from which they are derived and shall be collected in the same manner as the real property tax, including the assessment of penalties and interest where applicable. The municipality may, in the ordinance, pledge the funds in the special allocation fund for the payment of such costs and obligations and provide for the collection of payments in lieu of taxes, the lien of which may be foreclosed in the same manner as a special assessment lien as provided in section 88.861. (b) Notwithstanding any provisions of this section to the contrary, for purposes of determining the limitation on indebtedness of local government pursuant to article VI, section 26(b) of the Missouri Constitution, the current equalized assessed value of the property in an area selected for redevelopment attributable to the increase above the total initial equalized assessed valuation shall be included in the value of taxable tangible property as shown on the last completed assessment for state or county purposes;

(c) The county assessor shall include the current assessed value of all property within the taxing district in the aggregate valuation of assessed property entered upon the assessor's book and verified pursuant to section 137.245, and such value shall be utilized for the purpose of the debt limitation on local government pursuant to article VI, section 26(b) of the Missouri Constitution;

(3) For purposes of this section, "levies upon taxable real property in such redevelopment project by taxing districts" shall not include the blind pension fund tax levied under the authority of article III, section 38(b) of the Missouri Constitution, or the merchants' and manufacturers' inventory replacement tax levied under the authority of subsection 2 of section 6 of article X of the Missouri Constitution, except in redevelopment project areas in which tax increment financing has been adopted by ordinance pursuant to a plan approved by vote of the governing body of the municipality taken after August 13, 1982, and before January 1, 1998.

2. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after July 12, 1990, and prior to August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest imposed by the municipality, or other taxing districts, which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, licenses, fees or special assessments other than payments in lieu of taxes and any penalty and interest thereon, or, effective January 1, 1998, taxes levied pursuant to section 94.660, for the purpose of public transportation, shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the

municipality, who shall deposit such funds in a separate segregated account within the special allocation fund. Any provision of an agreement, contract or covenant entered into prior to July 12, 1990, between a municipality and any other political subdivision which provides for an appropriation of other municipal revenues to the special allocation fund shall be and remain enforceable.

3. In addition to the payments in lieu of taxes described in subdivision (2) of subsection 1 of this section, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 31, 1991, fifty percent of the total additional revenue from taxes, penalties and interest which are imposed by the municipality or other taxing districts, and which are generated by economic activities within the area of the redevelopment project over the amount of such taxes generated by economic activities within the area of the redevelopment project in the calendar year prior to the adoption of the redevelopment project by ordinance, while tax increment financing remains in effect, but excluding personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, taxes levied pursuant to section 70.500, taxes levied for the purpose of public transportation pursuant to section 94.660, **taxes imposed on sales pursuant to subsection 2 of section 67.1712 for the purpose of operating and maintaining a metropolitan park and recreation district,** licenses, fees or special assessments other than payments in lieu of taxes and penalties and interest thereon, **[**or**]** any sales tax imposed by a county with a charter form of government and with more than six hundred thousand but fewer than seven hundred thousand inhabitants, for the purpose of sports stadium improvement or levied by such county under section 238.410 for the purpose of the county transit authority operating transportation facilities, **or for redevelopment plans and projects adopted or redevelopment projects approved by ordinance after August 28, 2013, taxes imposed on sales pursuant to section 650.399 for the purpose of emergency communication systems,** shall be allocated to, and paid by the local political subdivision collecting officer to the treasurer or other designated financial officer of the municipality, who shall deposit such funds in a separate segregated account within the special allocation fund.

4. Beginning January 1, 1998, for redevelopment plans and projects adopted or redevelopment projects approved by ordinance and which have complied with subsections 4 to 12 of this section, in addition to the payments in lieu of taxes and economic activity taxes described in subsections 1, 2 and 3 of this section, up to fifty percent of the new state revenues, as defined in subsection 8 of this section, estimated for the businesses within the project area and identified by the municipality in the application required by subsection 10 of this section, over and above the amount of such taxes reported by businesses within the project area as identified by the municipality in their application prior to the approval of the redevelopment project by ordinance, while tax increment financing remains in effect, may be available for appropriation by the general assembly as provided in subsection 10 of this section to the department of economic development supplemental tax increment financing fund, from the general revenue fund, for distribution to the treasurer or other designated financial officer of the municipality with approved plans or projects.

5. The treasurer or other designated financial officer of the municipality with approved plans or projects shall deposit such funds in a separate segregated account within the special allocation fund established pursuant to section 99.805.

6. No transfer from the general revenue fund to the Missouri supplemental tax increment financing fund shall be made unless an appropriation is made from the general revenue fund for that purpose. No municipality shall commit any state revenues prior to an appropriation being made for that project. For all redevelopment plans or projects adopted or approved after December 23, 1997, appropriations from the new state revenues shall not be distributed from the Missouri supplemental tax increment financing fund into the special allocation fund unless the municipality's redevelopment plan ensures that one hundred percent of payments in lieu of taxes and fifty percent of economic activity taxes generated by the project shall be used for eligible

redevelopment project costs while tax increment financing remains in effect. This account shall be separate from the account into which payments in lieu of taxes are deposited, and separate from the account into which economic activity taxes are deposited.

7. In order for the redevelopment plan or project to be eligible to receive the revenue described in subsection 4 of this section, the municipality shall comply with the requirements of subsection 10 of this section prior to the time the project or plan is adopted or approved by ordinance. The director of the department of economic development and the commissioner of the office of administration may waive the requirement that the municipality's application be submitted prior to the redevelopment plan's or project's adoption or the redevelopment plan's or project's approval by ordinance.

8. For purposes of this section, "new state revenues" means:

(1) The incremental increase in the general revenue portion of state sales tax revenues received pursuant to section 144.020, excluding sales taxes that are constitutionally dedicated, taxes deposited to the school district trust fund in accordance with section 144.701, sales and use taxes on motor vehicles, trailers, boats and outboard motors and future sales taxes earmarked by law. In no event shall the incremental increase include any amounts attributable to retail sales unless the municipality or authority has proven to the Missouri development finance board and the department of economic development and such entities have made a finding that the sales tax increment attributable to retail sales is from new sources which did not exist in the state during the baseline year. The incremental increase in the general revenue portion of state sales tax revenues for an existing or relocated facility shall be the amount that current state sales tax revenue exceeds the state sales tax revenue in the base year as stated in the redevelopment plan as provided in subsection 10 of this section; or

(2) The state income tax withheld on behalf of new employees by the employer pursuant to section 143.221 at the business located within the project as identified by the municipality. The state income tax withholding allowed by this section shall be the municipality's estimate of the amount of state income tax withheld by the employer within the redevelopment area for new employees who fill new jobs directly created by the tax increment financing project.

9. Subsection 4 of this section shall apply only to blighted areas located in enterprise zones, pursuant to sections 135.200 to 135.256, blighted areas located in federal empowerment zones, or to blighted areas located in central business districts or urban core areas of cities which districts or urban core areas at the time of approval of the project by ordinance, provided that the enterprise zones, federal empowerment zones or blighted areas contained one or more buildings at least fifty years old; and

(1) Suffered from generally declining population or property taxes over the twenty-year period immediately preceding the area's designation as a project area by ordinance; or

(2) Was a historic hotel located in a county of the first classification without a charter form of government with a population according to the most recent federal decennial census in excess of one hundred fifty thousand and containing a portion of a city with a population according to the most recent federal decennial census in excess of three hundred fifty thousand.

10. The initial appropriation of up to fifty percent of the new state revenues authorized pursuant to subsections 4 and 5 of this section shall not be made to or distributed by the department of economic development to a municipality until all of the following conditions have been satisfied:

(1) The director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee have approved a tax increment financing application made by the municipality for the appropriation of the new state revenues. The municipality shall include in the application the following items in addition to the items in section 99.810:

(a) The tax increment financing district or redevelopment area, including the businesses identified within the redevelopment area;

(b) The base year of state sales tax revenues or the base year of state income tax withheld on behalf of existing employees, reported by existing businesses within the project area prior to approval of the redevelopment project;

(c) The estimate of the incremental increase in the general revenue portion of state sales tax revenue or the estimate for the state income tax withheld by the employer on behalf of new employees expected to fill new jobs created within the redevelopment area after redevelopment;

(d) The official statement of any bond issue pursuant to this subsection after December 23, 1997;

(e) An affidavit that is signed by the developer or developers attesting that the provisions of subdivision (1) of subsection 1 of section 99.810 have been met and specifying that the redevelopment area would not be reasonably anticipated to be developed without the appropriation of the new state revenues;

(f) The cost-benefit analysis required by section 99.810 includes a study of the fiscal impact on the state of Missouri; and

(g) The statement of election between the use of the incremental increase of the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area;

(h) The name, street and mailing address, and phone number of the mayor or chief executive officer of the municipality;

(i) The street address of the development site;

(j) The three-digit North American Industry Classification System number or numbers characterizing the development project;

(k) The estimated development project costs;

(l) The anticipated sources of funds to pay such development project costs;

(m) Evidence of the commitments to finance such development project costs;

(n) The anticipated type and term of the sources of funds to pay such development project costs;

(o) The anticipated type and terms of the obligations to be issued;

(p) The most recent equalized assessed valuation of the property within the development project area;

(q) An estimate as to the equalized assessed valuation after the development project area is developed in accordance with a development plan;

(r) The general land uses to apply in the development area;

(s) The total number of individuals employed in the development area, broken down by full-time, part-time, and temporary positions;

(t) The total number of full-time equivalent positions in the development area;

(u) The current gross wages, state income tax withholdings, and federal income tax withholdings for individuals employed in the development area;

(v) The total number of individuals employed in this state by the corporate parent of any business benefitting from public expenditures in the development area, and all subsidiaries thereof, as of December thirty-first of the prior fiscal year, broken down by full-time, part-time, and temporary positions;

(w) The number of new jobs to be created by any business benefitting from public expenditures in the development area, broken down by full-time, part-time, and temporary positions;

(x) The average hourly wage to be paid to all current and new employees at the project site, broken down by full-time, part-time, and temporary positions;

(y) For project sites located in a metropolitan statistical area, as defined by the federal Office of Management and Budget, the average hourly wage paid to nonmanagerial employees in this state for the industries involved at the project, as established by the United States Bureau of Labor Statistics;

(z) For project sites located outside of metropolitan statistical areas, the average weekly wage paid to nonmanagerial employees in the county for industries involved at the project, as established by the United States Department of Commerce;

(aa) A list of other community and economic benefits to result from the project;

(bb) A list of all development subsidies that any business benefitting from public expenditures in the development area has previously received for the project, and the name of any other granting body from which such subsidies are sought;

(cc) A list of all other public investments made or to be made by this state or units of local government to support infrastructure or other needs generated by the project for which the funding pursuant to this section is being sought;

(dd) A statement as to whether the development project may reduce employment at any other site, within or without the state, resulting from automation, merger, acquisition, corporate restructuring, relocation, or other business activity;

(ee) A statement as to whether or not the project involves the relocation of work from another address and if so, the number of jobs to be relocated and the address from which they are to be relocated;

(ff) A list of competing businesses in the county containing the development area and in each contiguous county;

(gg) A market study for the development area;

(hh) A certification by the chief officer of the applicant as to the accuracy of the development plan;

(2) The methodologies used in the application for determining the base year and determining the estimate of the incremental increase in the general revenue portion of the state sales tax revenues or the state income tax withheld by employers on behalf of new employees who fill new jobs created in the redevelopment area shall be approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. Upon approval of the application, the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee shall issue a certificate of approval. The department of economic development may request the appropriation following application approval;

(3) The appropriation shall be either a portion of the estimate of the incremental increase in the general revenue portion of state sales tax revenues in the redevelopment area or a portion of the estimate of the state income tax withheld by the employer on behalf of new employees who fill new jobs created in the redevelopment area as indicated in the municipality's application, approved by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee. At no time shall the annual amount of the new state revenues approved for disbursements from the Missouri supplemental tax increment financing fund exceed thirty-two million dollars;

(4) Redevelopment plans and projects receiving new state revenues shall have a duration of up to fifteen years, unless prior approval for a longer term is given by the director of the department of economic development or his or her designee and the commissioner of the office of administration or his or her designee; except that, in no case shall the duration exceed twenty-three years.

11. In addition to the areas authorized in subsection 9 of this section, the funding authorized pursuant to subsection 4 of this section shall also be available in a federally approved levee district, where construction of a levee begins after December 23, 1997, and which is contained within a county of the first classification without a charter form of government with a population between fifty thousand and one hundred thousand inhabitants which contains all or part of a city with a population in excess of four hundred thousand or more inhabitants.

12. There is hereby established within the state treasury a special fund to be known as the "Missouri Supplemental Tax Increment Financing Fund", to be administered by the department of economic development. The department shall annually distribute from the Missouri

supplemental tax increment financing fund the amount of the new state revenues as appropriated as provided in the provisions of subsections 4 and 5 of this section if and only if the conditions of subsection 10 of this section are met. The fund shall also consist of any gifts, contributions, grants or bequests received from federal, private or other sources. Moneys in the Missouri supplemental tax increment financing fund shall be disbursed per project pursuant to state appropriations.

13. Redevelopment project costs may include, at the prerogative of the state, the portion of salaries and expenses of the department of economic development and the department of revenue reasonably allocable to each redevelopment project approved for disbursements from the Missouri supplemental tax increment financing fund for the ongoing administrative functions associated with such redevelopment project. Such amounts shall be recovered from new state revenues deposited into the Missouri supplemental tax increment financing fund created under this section.

14. For redevelopment plans or projects approved by ordinance that result in net new jobs from the relocation of a national headquarters from another state to the area of the redevelopment project, the economic activity taxes and new state tax revenues shall not be based on a calculation of the incremental increase in taxes as compared to the base year or prior calendar year for such redevelopment project, rather the incremental increase shall be the amount of total taxes generated from the net new jobs brought in by the national headquarters from another state. In no event shall this subsection be construed to allow a redevelopment project to receive an appropriation in excess of up to fifty percent of the new state revenues.

137.073. DEFINITIONS — REVISION OF PRIOR LEVY, WHEN, PROCEDURE — CALCULATION OF STATE AID FOR PUBLIC SCHOOLS, TAXING AUTHORITY'S DUTIES. — 1. As used in this section, the following terms mean:

(1) "General reassessment", changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) "Tax rate", "rate", or "rate of levy", singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) "Tax rate ceiling", a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, less all adjustments required pursuant to article X, section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) "Tax revenue", when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term "tax revenue" shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67 shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505 and section 164.013

or as excess home dock city or county fees as provided in subsection 4 of section 313.820 in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term "tax revenue", as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor's books for any personal property, in the aggregate, or for any subclass of real property as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation of each subclass of real property, individually, and personal property, in the aggregate, exclusive of new construction and improvements. All political subdivisions shall immediately revise the applicable rates of levy for each purpose for each subclass of real property, individually, and personal property, in the aggregate, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year for each subclass of real property, individually, and personal property, in the aggregate, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Any political subdivision that has received approval from voters for a tax increase after August 27, 2008, may levy a rate to collect substantially the same amount of tax revenue as the amount of revenue that would have been derived by applying the voter-approved increased tax rate ceiling to the total assessed valuation of the political subdivision as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law, except that the rate shall not exceed the greater of the most recent voter-approved rate or the most recent voter-approved rate as adjusted under subdivision (2) of subsection 5 of this section. Such tax revenue shall not include any receipts from ad valorem levies on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property. Where the taxing authority is a school district for the purposes of revising the applicable rates of levy for each subclass of real property, the tax revenues from state-assessed railroad and utility property shall be apportioned and attributed to each subclass of real property based on the percentage of the total assessed valuation of the county that each subclass of real property represents in the current taxable year. As provided in section 22 of article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor for any such subclass of real property or personal property shall be limited to the actual assessment growth in such subclass or class, exclusive of new construction and improvements, and exclusive of the assessed value on any real property which was assessed by the assessor of a county or city in the current year in a different subclass of real property, but not to exceed the consumer price index or five percent, whichever is lower. Should the tax revenue of a political subdivision from the various tax rates determined in this subsection be different than the tax revenue that would have been determined from a single tax rate as calculated pursuant to the method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall revise the tax rates of those subclasses of real property, individually, and/or personal property, in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such revision shall yield an amount equal to such difference and shall be apportioned among such subclasses of real property, individually, and/or personal property, in the aggregate, based on the relative assessed valuation of the class or subclasses of property experiencing a tax rate reduction. Such revision in the tax rates of each class or subclass shall be made by computing the percentage of current year adjusted assessed valuation of each

class or subclass with a tax rate reduction to the total current year adjusted assessed valuation of the class or subclasses with a tax rate reduction, multiplying the resulting percentages by the revenue difference between the single rate calculation and the calculations pursuant to this subsection and dividing by the respective adjusted current year assessed valuation of each class or subclass to determine the adjustment to the rate to be levied upon each class or subclass of property. The adjustment computed herein shall be multiplied by one hundred, rounded to four decimals in the manner provided in this subsection, and added to the initial rate computed for each class or subclass of property. For school districts that levy separate tax rates on each subclass of real property and personal property in the aggregate, if voters approved a ballot before January 1, 2011, that presented separate stated tax rates to be applied to the different subclasses of real property and personal property in the aggregate, or increases the separate rates that may be levied on the different subclasses of real property and personal property in the aggregate by different amounts, the tax rate that shall be used for the single tax rate calculation shall be a blended rate, calculated in the manner provided under subdivision (1) of subsection 6 of this section. Notwithstanding any provision of this subsection to the contrary, no revision to the rate of levy for personal property shall cause such levy to increase over the levy for personal property from the prior year.

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling for the particular subclass of real property or for personal property, in the aggregate, in a prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate for the particular subclass of real property or for personal property, in the aggregate, after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive had the corrected or finalized assessment been available at the time of the prior calculation.

4. (1) In order to implement the provisions of this section and section 22 of article X of the Constitution of Missouri, the term improvements shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction

and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, sections 135.200 to 135.255, and section 353.110 shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. Notwithstanding any opt-out implemented pursuant to subsection 15 of section 137.115, the assessor shall certify the amount of new construction and improvements and the amount of assessed value on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property separately for each of the three subclasses of real property for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and section 22, article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest twelve-month basis available on February first of each year over the immediately preceding prior twelve-month period in order that political subdivisions shall have this information available in setting their tax rates according to law and section 22 of article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and section 22 of article X of the Missouri Constitution, the term "property" means all taxable property, including state-assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or section 22 of article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and section 22 of article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505 and section 164.013. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of section 10(c) of article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to section 22 of article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with section 22 of article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505 and section 164.013 shall be applied to the tax rate as established pursuant to this section and section 22 of article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be adjusted as provided in this section and, so adjusted, shall be the current tax rate ceiling. The increased tax rate ceiling as approved shall be adjusted such that when applied to the current total assessed valuation of the political subdivision, excluding new construction and

improvements since the date of the election approving such increase, the revenue derived from the adjusted tax rate ceiling is equal to the sum of: the amount of revenue which would have been derived by applying the voter-approved increased tax rate ceiling to total assessed valuation of the political subdivision, as most recently certified by the city or county clerk on or before the date of the election in which such increase is approved, increased by the percentage increase in the consumer price index, as provided by law. Such adjusted tax rate ceiling may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate. If a ballot question presents a phased-in tax rate increase, upon voter approval, each tax rate increase shall be adjusted in the manner prescribed in this section to yield the sum of: the amount of revenue that would be derived by applying such voter-approved increased rate to the total assessed valuation, as most recently certified by the city or county clerk on or before the date of the election in which such increase was approved, increased by the percentage increase in the consumer price index, as provided by law, from the date of the election to the time of such increase and, so adjusted, shall be the current tax rate ceiling.

(3) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may, in a nonreassessment year, increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval in the manner provided under subdivision (4) of this subsection. Nothing in this section shall be construed as prohibiting a political subdivision from voluntarily levying a tax rate lower than that which is required under the provisions of this section or from seeking voter approval of a reduction to such political subdivision's tax rate ceiling.

(4) In a year of general reassessment, a governing body whose tax rate is lower than its tax rate ceiling shall revise its tax rate pursuant to the provisions of subsection 4 of this section as if its tax rate was at the tax rate ceiling. In a year following general reassessment, if such governing body intends to increase its tax rate, the governing body shall conduct a public hearing, and in a public meeting it shall adopt an ordinance, resolution, or policy statement justifying its action prior to setting and certifying its tax rate. The provisions of this subdivision shall not apply to any political subdivision which levies a tax rate lower than its tax rate ceiling solely due to a reduction required by law resulting from sales tax collections. The provisions of this subdivision shall not apply to any political subdivision which has received voter approval for an increase to its tax rate ceiling subsequent to setting its most recent tax rate.

6. (1) For the purposes of calculating state aid for public schools pursuant to section 163.031, each taxing authority which is a school district shall determine its proposed tax rate as a blended rate of the classes or subclasses of property. Such blended rate shall be calculated by first determining the total tax revenue of the property within the jurisdiction of the taxing authority, which amount shall be equal to the sum of the products of multiplying the assessed valuation of each class and subclass of property by the corresponding tax rate for such class or subclass, then dividing the total tax revenue by the total assessed valuation of the same jurisdiction, and then multiplying the resulting quotient by a factor of one hundred. Where the taxing authority is a school district, such blended rate shall also be used by such school district for calculating revenue from state-assessed railroad and utility property as defined in chapter 151 and for apportioning the tax rate by purpose.

(2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-hundredth of a cent. If a taxing authority shall round to one/one-hundredth of a cent, it shall round up a fraction greater than or equal to five/one-thousandth of one cent to the next higher one/one-hundredth of a cent; if a taxing authority shall round to one-tenth of a cent, it shall round up a fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent. Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate

complies with Missouri law. All forms for the calculation of rates pursuant to this section shall be promulgated as a rule and shall not be incorporated by reference. The state auditor shall promulgate rules for any and all forms for the calculation of rates pursuant to this section which do not currently exist in rule form or that have been incorporated by reference. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

(3) In the event that the taxing authority incorrectly completes the forms created and promulgated under subdivision (2) of this subsection, or makes a clerical error, the taxing authority may submit amended forms with an explanation for the needed changes. If such amended forms are filed under regulations prescribed by the state auditor, the state auditor shall take into consideration such amended forms for the purposes of this subsection.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all

members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031 or otherwise contested. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

137.090. TANGIBLE PERSONAL PROPERTY TO BE ASSESSED IN COUNTY OF OWNER'S RESIDENCE — EXCEPTIONS — APPORTIONMENT OF ASSESSMENT OF TRACTORS AND TRAILERS.. — **1.** All tangible personal property of whatever nature and character situate in a county other than the one in which the owner resides shall be assessed in the county where the owner resides; except that, houseboats, cabin cruisers, floating boat docks, and manufactured homes, as defined in section 700.010, used for lodging shall be assessed in the county where they are located, and tangible personal property belonging to estates shall be assessed in the county in which the probate division of the circuit court has jurisdiction. Tangible personal property, other than motor vehicles as the term is defined in section 301.010, used exclusively in connection with farm operations of the owner and kept on the farmland, shall not be assessed by a city, town or village unless the farmland is totally within the boundaries of the city, town or village. No tangible personal property shall be simultaneously assessed in more than one county.

2. The assessed valuation of any tractor or trailer as defined in section 301.010 owned by an individual, partner, or member and used in interstate commerce must be apportioned to Missouri based on the ratio of miles traveled in this state to miles traveled in the United States in interstate commerce during the preceding tax year or on the basis of the most recent annual mileage figures available.

137.095. CORPORATE PROPERTY, WHERE TAXED — TRACTORS AND TRAILERS. — 1. The real and tangible personal property of all corporations operating in any county in the state of Missouri and in the city of St. Louis, and subject to assessment by county or township

assessors, shall be assessed and taxed in the county in which the property is situated on the first day of January of the year for which the taxes are assessed, and every general or business corporation having or owning tangible personal property on the first day of January in each year, which is situated in any other county than the one in which the corporation is located, shall make return to the assessor of the county or township where the property is situated, in the same manner as other tangible personal property is required by law to be returned, except that all motor vehicles which are the property of the corporation and which are subject to regulation under chapter 390 shall be assessed for tax purposes in the county in which the motor vehicles are based.

2. For the purposes of subsection 1 of this section, the term "based" means the place where the vehicle is most frequently dispatched, garaged, serviced, maintained, operated or otherwise controlled, except that leased passenger vehicles shall be assessed at the residence of the driver or, if the residence of the driver is unknown, at the location of the lessee.

3. The assessed valuation of any tractor or trailer as defined in section 301.010 owned by a corporation and used in interstate commerce must be apportioned to Missouri based on the ratio of miles traveled in this state to miles traveled in the United States in interstate commerce during the preceding tax year or on the basis of the most recent annual mileage figures available.

137.115. REAL AND PERSONAL PROPERTY, ASSESSMENT — MAINTENANCE PLAN — ASSESSOR MAY MAIL FORMS FOR PERSONAL PROPERTY — CLASSES OF PROPERTY, ASSESSMENT — PHYSICAL INSPECTION REQUIRED, WHEN, PROCEDURE. — 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section and section 137.078, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The true value in money of any possessory interest in real property in subclass (3), where such real property is on or lies within the ultimate airport boundary as shown by a federal airport layout plan, as defined by 14 CFR 151.5, of a commercial airport having a FAR Part 139 certification and owned by a political subdivision, shall be the otherwise applicable true value in money of any such possessory interest in real property, less the total dollar amount of costs paid by a party, other than the political subdivision, towards any new construction or improvements on such real property completed after January 1, 2008, and which are included in the above-mentioned possessory interest, regardless of the year in which such costs were incurred or whether such costs were considered in any prior year. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct statement of all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state

tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this subdivision, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percentages of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131 and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is identified by any standard industrial classification number cited in subdivision (6) of section 135.200, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

(1) For real property in subclass (1), nineteen percent;

(2) For real property in subclass (2), twelve percent; and

(3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. For purposes of this section, a manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. For purposes of this section, a manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home is real estate as defined in subsection 7 of section 442.015 and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home is real estate as defined in subsection 7 of section 442.015, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. **The assessor shall not use a value that is greater than the average trade-in value in determining the true value of the motor vehicle without performing a physical inspection of the motor vehicle. For vehicles two years old or newer from a vehicle's model year, the assessor may use a value other than average without performing a physical inspection of the motor vehicle.** In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. Before the assessor may increase the assessed valuation of any parcel of subclass (1) real property by more than fifteen percent since the last assessment, excluding increases due to new construction or improvements, the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection

11 of this section. Mere observation of the property via a drive-by inspection or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. The provisions of subsections 11 and 12 of this section shall only apply in any county with a charter form of government with more than one million inhabitants.

14. A county or city collector may accept credit cards as proper form of payment of outstanding property tax or license due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank, processor, or issuer for its service. A county or city collector may accept payment by electronic transfers of funds in payment of any tax or license and charge the person making such payment a fee equal to the fee charged the county by the bank, processor, or issuer of such electronic payment.

15. Any county or city not within a county in this state may, by an affirmative vote of the governing body of such county, opt out of the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of the general reassessment, prior to January first of any year. No county or city not within a county shall exercise this opt-out provision after implementing the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, in a year of general reassessment. For the purposes of applying the provisions of this subsection, a political subdivision contained within two or more counties where at least one of such counties has opted out and at least one of such counties has not opted out shall calculate a single tax rate as in effect prior to the enactment of house bill no. 1150 of the ninety-first general assembly, second regular session. A governing body of a city not within a county or a county that has opted out under the provisions of this subsection may choose to implement the provisions of this section and sections 137.073, 138.060, and 138.100 as enacted by house bill no. 1150 of the ninety-first general assembly, second regular session, and section 137.073 as modified by house committee substitute for senate substitute for senate committee substitute for senate bill no. 960, ninety-second general assembly, second regular session, for the next year of general reassessment, by an affirmative vote of the governing body prior to December thirty-first of any year.

16. The governing body of any city of the third classification with more than twenty-six thousand three hundred but fewer than twenty-six thousand seven hundred inhabitants located in any county that has exercised its authority to opt out under subsection 15 of this section may levy separate and differing tax rates for real and personal property only if such city bills and collects its own property taxes or satisfies the entire cost of the billing and collection of such separate and differing tax rates. Such separate and differing rates shall not exceed such city's tax rate ceiling.

4. The county shall bill any taxing authority collecting its own taxes. The county may also provide additional moneys for the fund. To be eligible for state cost-share funds provided pursuant to section 137.750, every county shall provide from the county general revenue fund an amount equal to an average of the three most recent years of the amount provided from general revenue to the assessment fund; provided, however, that capital expenditures and equipment expenses identified in a memorandum of understanding signed by the county's governing body and the county assessor prior to transfer of county general revenue funds to the assessment fund shall be deducted from a year's contribution before computing the three-year average, except that a lesser amount shall be acceptable if unanimously agreed upon by the county assessor, the county governing body, and the state tax commission. The county shall deposit the county general revenue funds in the assessment fund as agreed to in its original or amended maintenance plan, state reimbursement funds shall be withheld until the amount due is properly deposited in such fund.

If the court finds that two-thirds of the voters voting on the question voted in favor of withdrawing from the district, the court shall issue an order withdrawing the county from the district, which shall contain a proviso that the district shall remain intact for the sole purposes of paying all outstanding and lawful obligations and disposing of the district's property. No additional costs or obligations for the withdrawing county shall be created except as necessary. The withdrawal shall occur on the first day of the following January after the vote. If the court finds that two-thirds of the voters voting on the question shall not have voted favorably on the question to withdraw from the district, the court shall issue an order dismissing the petition and the district shall continue to operate.

11. The governing body of any district may seek voter approval to increase its current tax rate authorized under this section, provided such increase shall not cause the total tax to exceed thirty cents per one hundred dollars of assessed valuation. To propose such an increase, the governing body shall submit the question to the voters at the general municipal election in the county in which the district is located. The costs of submitting the question to the voters at the general municipal election shall be paid as provided in section 115.063. The question shall be submitted in substantially the following form:

"Shall the Extension District in ..... (insert name of county or counties) be authorized to increase the tax rate from ..... (insert current amount of tax) cents to ..... (insert proposed amount of tax not to exceed thirty) cents per one hundred dollars of assessed valuation for the purpose of funding the University of Missouri Extension District programs, equipment, and services in the district?" In a single-council district, if a majority of the voters in the county approve the question, then the district shall impose the tax. If a majority of the voters in a single-council district do not approve the question, then the tax shall not be imposed. In a consolidated district, if a majority of voters in the district approve the question, then the district shall impose the new tax rate. If a majority of the voters in a consolidated district do not approve the question, then the tax shall not be imposed in any county of the district. 210.482. BACKGROUND CHECKS FOR EMERGENCY PLACEMENTS, REQUIREMENTS, EXCEPTIONS — COST, PAID BY WHOM. — 1. If the emergency placement of a child in a private home is necessary due to the unexpected absence of the child's parents, legal guardian, or custodian, the juvenile court or children's division:

(1) May request that a local or state law enforcement agency or juvenile officer, subject to any required federal authorization, immediately conduct a name-based criminal history record check to include full orders of protection and outstanding warrants of each person over the age of seventeen residing in the home by using the Missouri uniform law enforcement system (MULES) and the National Crime Information Center to access the Interstate Identification Index maintained by the Federal Bureau of Investigation; and

(2) Shall determine or, in the case of the juvenile court, shall request the division to determine whether any person over the age of seventeen years residing in the home is listed on the child abuse and neglect registry. For any children less than seventeen years of age residing in the home, the children's division shall inquire of the person with whom an emergency placement of a child will be made whether any children less than seventeen years of age residing in the home have ever been certified as an adult and convicted of or pled guilty or nolo contendere to any crime.

2. If a name-based search has been conducted pursuant to subsection 1 of this section, within fifteen calendar days after the emergency placement of the child in the private home, and if the private home has not previously been approved as a foster or adoptive home, all persons over the age of seventeen residing in the home and all children less than seventeen residing in the home who the division has determined have been certified as an adult for the commission of a crime shall report to a local law enforcement agency for the purpose of providing **[**two**]** **three** sets of fingerprints each and accompanying fees, pursuant to section 43.530. One set of fingerprints shall be used by the highway patrol to search the criminal history repository **[**and the second**], one** set shall be forwarded to the Federal Bureau of Investigation for searching the federal criminal history files**, and one set shall be forwarded to and retained by the division**. Results of the checks **[**will**] shall** be provided to the juvenile court or children's division office requesting such information. Any child placed in emergency placement in a private home shall be removed immediately if any person residing in the home fails to provide fingerprints after being requested to do so, unless the person refusing to provide fingerprints ceases to reside in the private home.

3. If the placement of a child is denied as a result of a name-based criminal history check and the denial is contested, all persons over the age of seventeen residing in the home and all children less than seventeen years of age residing in the home who the division has determined have been certified as an adult for the commission of a crime shall, within fifteen calendar days, submit to the juvenile court or the children's division **[**two**] three** sets of fingerprints in the same manner described in subsection 2 of this section, accompanying fees, and written permission authorizing the juvenile court or the children's division to forward the fingerprints to the state criminal record repository for submission to the Federal Bureau of Investigation. One set of fingerprints shall be used by the highway patrol to search the criminal history repository **[**and the second**], one** set shall be forwarded to the Federal Bureau of Investigation for searching the federal criminal history files**, and one set shall be retained by the division**.

4. **No person who submits fingerprints under this section shall be required to submit additional fingerprints under this section or section 210.487 unless the original fingerprints retained by the division are lost or destroyed.**

5. Subject to appropriation, the total cost of fingerprinting required by this section may be paid by the state, including reimbursement of persons incurring fingerprinting costs under this section.

[5.**] 6.** For the purposes of this section, "emergency placement" refers to those limited instances when the juvenile court or children's division is placing a child in the home of private individuals, including neighbors, friends, or relatives, as a result of a sudden unavailability of the child's primary caretaker.

210.487. BACKGROUND CHECKS FOR FOSTER FAMILIES, REQUIREMENTS — COSTS, PAID BY WHOM — RULEMAKING AUTHORITY. — 1. When conducting investigations of persons for the purpose of foster parent licensing, the division shall:

(1) Conduct a search for all persons over the age of seventeen in the applicant's household and for any child less than seventeen years of age residing in the applicant's home who the division has determined has been certified as an adult for the commission of a crime for evidence of full orders of protection. The office of state courts administrator shall allow access to the automated court information system by the division. The clerk of each court contacted by the division shall provide the division information within ten days of a request; and

(2) Obtain **[**two**]** **three** sets of fingerprints for any person over the age of seventeen in the applicant's household and for any child less than seventeen years of age residing in the applicant's home who the division has determined has been certified as an adult for the commission of a crime in the same manner set forth in subsection 2 of section 210.482. One set of fingerprints shall be used by the highway patrol to search the criminal history repository **[**and the second**],** **one** set shall be forwarded to the Federal Bureau of Investigation for searching the federal criminal history files**, and one set shall be forwarded to and retained by the division**. The highway patrol shall assist the division and provide the criminal fingerprint background information, upon request; and

(3) Determine whether any person over the age of seventeen residing in the home and any child less than seventeen years of age residing in the applicant's home who the division has determined has been certified as an adult for the commission of a crime is listed on the child abuse and neglect registry. For any children less than seventeen years of age residing in the applicant's home, the children's division shall inquire of the applicant whether any children less than seventeen years of age residing in the home have ever been certified as an adult and been convicted of or pled guilty or nolo contendere to any crime.

2. After the initial investigation is completed under subsection 1 of this section**[**,**]:**

(1) No person who submits fingerprints under subsection 1 of this section or section 210.482 shall be required to submit additional fingerprints under this section or section 210.482 unless the original fingerprints retained by the division are lost or destroyed; and

(2) The children's division and the department of health and senior services may waive the requirement for a fingerprint background check for any subsequent recertification.

3. Subject to appropriation, the total cost of fingerprinting required by this section may be paid by the state, including reimbursement of persons incurring fingerprinting costs under this section.

4. The division may make arrangements with other executive branch agencies to obtain any investigative background information.

5. The division may promulgate rules that are necessary to implement the provisions of this section. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2004, shall be invalid and void.

452.413. MILITARY DEPLOYMENT, CHILD CUSTODY AND VISITATION, EFFECT OF — NONDEPLOYING PARENT REQUIREMENTS — PROCEDURE — FAILURE TO COMPLY, EFFECT OF. — 1. As used in this section, the following terms shall mean:

(1) "Deploying parent", a parent of a child less than eighteen years of age whose parental rights have not been terminated by a court of competent jurisdiction or a guardian of a child less than eighteen years of age who is deployed or who has received

written orders to deploy with the United States Army, Navy, Air Force, Marine Corps, Coast Guard, National Guard, or any other reserve component thereof;

(2) "Deployment", military service in compliance with military orders received by a member of the United States Army, Navy, Air Force, Marine Corps, Coast Guard, National Guard, or any other reserve component thereof to report for combat operations, contingency operations, peacekeeping operations, temporary duty (TDY), a remote tour of duty, or other service for which the deploying parent is required to report unaccompanied by any family member. Military service includes a period during which a military parent remains subject to deployment orders and remains deployed on account of sickness, wounds, leave, or other lawful cause;

(3) "Military parent", a parent of a child less than eighteen years of age whose parental rights have not been terminated by a court of competent jurisdiction or a guardian of a child less than eighteen years of age who is a service member of the United States Army, Navy, Air Force, Marine Corps, Coast Guard, National Guard, or any other reserve component thereof;

(4) "Nondeploying parent", a parent or guardian not subject to deployment.

2. If a military parent is required to be separated from a child due to deployment, a court shall not enter a final order modifying the terms establishing custody or visitation contained in an existing order until ninety days after the deployment ends unless there is a written agreement by both parties.

3. In accordance with section 452.412, deployment or the potential for future deployment shall not be the sole factor supporting a change in circumstances or grounds sufficient to support a permanent modification of the custody or visitation terms established in an existing order.

4. (1) An existing order establishing the terms of custody or visitation in place at the time a military parent is deployed may be temporarily modified to make reasonable accommodation for the parties due to the deployment.

(2) A temporary modification order issued under this section shall provide that the deploying parent shall have custody of the child or reasonable visitation, whichever is applicable under the original order, during a period of leave granted to the deploying parent, unless it is not in the best interest of the child.

(3) Any court order modifying a previously ordered custody or visitation due to deployment shall specify that the deployment is the basis for the order and shall be entered by the court as a temporary order.

(4) Any such temporary custody or visitation order shall require the nondeploying parent to provide the court and the deploying parent with written notice of the nondeploying parent's address and telephone number, and update such information within seven days of any change. However, if a valid order of protection under chapter 455 from this or another jurisdiction is in effect that requires that the address or contact information of the parent who is not deployed be kept confidential, the notification shall be made to the court only, and a copy of the order shall be included in the notification. Nothing in this subdivision shall be construed to eliminate the requirements under section 452.377.

(5) Upon motion of a deploying parent, with reasonable advance notice and for good cause shown, the court shall hold an expedited hearing in any custody or visitation matters instituted under this section when the military duties of the deploying parent have a material effect on his or her ability or anticipated ability to appear in person at a regularly scheduled hearing.

5. (1) A temporary modification of such an order automatically ends no later than thirty days after the return of the deploying parent and the original terms of the custody or visitation order in place at the time of deployment are automatically reinstated.

(2) Nothing in this section shall limit the power of the court to conduct an expedited or emergency hearing regarding custody or visitation upon return of the deploying parent, and the court shall do so within ten days of the filing of a motion alleging an immediate danger or irreparable harm to the child.

(3) The nondeploying parent shall bear the burden of showing that reentry of the custody or visitation order in effect before the deployment is no longer in the child's best interests. The court shall set any nonemergency motion by the nondeploying parent for hearing within thirty days of the filing of the motion.

6. (1) Upon motion of the deploying parent or upon motion of a family member of the deploying parent with his or her consent, the court may delegate his or her visitation rights, or a portion of such rights, to a family member with a close and substantial relationship to the minor child or children for the duration of the deployment if it is in the best interest of the child.

(2) Such delegated visitation time or access does not create an entitlement or standing to assert separate rights to parent time or access for any person other than a parent, and shall terminate by operation of law upon the end of the deployment, as set forth in this section.

(3) Such delegated visitation time shall not exceed the visitation time granted to the deploying parent under the existing order; except that, the court may take into consideration the travel time necessary to transport the child for such delegated visitation time.

(4) In addition, there is a rebuttable presumption that a deployed parent's visitation rights shall not be delegated to a family member who has a history of perpetrating domestic violence as defined under section 455.010 against another family or household member, or delegated to a family member with an individual in the family member's household who has a history of perpetrating domestic violence against another family or household member.

(5) The person or persons to whom delegated visitation time has been granted shall have full legal standing to enforce such rights.

7. Upon motion of a deploying parent and upon reasonable advance notice and for good cause shown, the court shall permit such parent to present testimony and evidence by affidavit or electronic means in support, custody, and visitation matters instituted under this section when the military duties of such parent have a material effect on his or her ability to appear in person at a regularly scheduled hearing. Electronic means includes communication by telephone, video conference, or the internet.

8. Any order entered under this section shall require that the nondeploying parent:

(1) Make the child or children reasonably available to the deploying parent when the deploying parent has leave;

(2) Facilitate opportunities for telephonic and electronic mail contact between the deploying parent and the child or children during deployment; and

(3) Receive timely information regarding the deploying parent's leave schedule.

9. (1) If there is no existing order establishing the terms of custody and visitation and it appears that deployment is imminent, upon the filing of initial pleadings and motion by either parent, the court shall expedite a hearing to establish temporary custody or visitation to ensure the deploying parent has access to the child, to ensure disclosure of information, to grant other rights and duties set forth in this section, and to provide other appropriate relief.

(2) Any initial pleading filed to establish custody or visitation for a child of a deploying parent shall be so identified at the time of filing by stating in the text of the pleading the specific facts related to deployment.

10. (1) Since military necessity may preclude court adjudication before deployment, the parties shall cooperate with each other in an effort to reach a mutually agreeable resolution of custody, visitation, and child support.

(2) A deploying parent shall provide a copy of his or her orders to the nondeploying parent promptly and without delay prior to deployment. Notification shall be made within ten days of receipt of deployment orders. If less than ten days notice is received by the deploying parent, notice shall be given immediately upon receipt of military orders. If all or part of the orders are classified or restricted as to release, the deploying parent shall provide, under the terms of this subdivision, all such nonclassified or nonrestricted information to the nondeploying parent.

11. In an action brought under this chapter, whenever the court declines to grant or extend a stay of proceedings under the Servicemembers Civil Relief Act, 50 U.S.C. Appendix Sections 521-522, and decides to proceed in the absence of the deployed parent, the court shall appoint a guardian ad litem to represent the minor child's interests.

12. Service of process on a nondeploying parent whose whereabouts are unknown may be accomplished in accordance with the provisions of section 506.160.

13. In determining whether a parent has failed to exercise visitation rights, the court shall not count any time periods during which the parent did not exercise visitation due to the material effect of such parent's military duties on visitation time.

14. Once an order for custody has been entered in Missouri, any absence of a child from this state during deployment shall be denominated a temporary absence for the purposes of application of the Uniform Child Custody Jurisdiction and Enforcement Act (UCCJEA). For the duration of the deployment, Missouri shall retain exclusive jurisdiction under the UCCJEA and deployment shall not be used as a basis to assert inconvenience of the forum under the UCCJEA.

15. In making determinations under this section, the court may award attorney's fees and costs based on the court's consideration of:

(1) The failure of either party to reasonably accommodate the other party in custody or visitation matters related to a military parent's service;

(2) Unreasonable delay caused by either party in resolving custody or visitation related to a military parent's service;

(3) Failure of either party to timely provide military orders, income, earnings, or payment information, housing or education information, or physical location of the child to the other party; and

(4) Other factors as the court may consider appropriate and as may be required by law.

CONSTITUTIONAL AMENDMENT NO. 1.— (Proposed by the 97th General Assembly, First Regular Session, HJRs 11 & 7)

Official Ballot Title:

Shall the Missouri Constitution be amended to ensure that the right of Missouri citizens to engage in agricultural production and ranching practices shall not be infringed?

The potential costs or savings to governmental entities are unknown, but likely limited unless the resolution leads to increased litigation costs and/or the loss of federal funding.

Fair Ballot Language:

A "yes" vote will amend the Missouri Constitution to guarantee the rights of Missourians to engage in farming and ranching practices, subject to any power given to local government under Article VI of the Missouri Constitution.

A "no" vote will not amend the Missouri Constitution regarding farming and ranching.

If passed, this measure will have no impact on taxes.

JOINT RESOLUTION Submitting to the qualified voters of Missouri, an amendment to article I of the Constitution of Missouri, and adopting one new section relating to the right to farm.

SECTION
A. Enacting clause.
35. Right to farm.
B. Ballot title.

Be it resolved by the House of Representatives, the Senate concurring therein:

That at the next general election to be held in the state of Missouri, on Tuesday next following the first Monday in November, 2014, or at a special election to be called by the governor for that purpose, there is hereby submitted to the qualified voters of this state, for adoption or rejection, the following amendment to article I of the Constitution of the state of Missouri:

SECTION A. ENACTING CLAUSE. — Article I, Constitution of Missouri, is amended by adding thereto one new section, to be known as section 35, to read as follows:

SECTION 35. RIGHT TO FARM. — That agriculture which provides food, energy, health benefits, and security is the foundation and stabilizing force of Missouri's economy. To protect this vital sector of Missouri's economy, the right of farmers and ranchers to engage in farming and ranching practices shall be forever guaranteed in this state, subject to duly authorized powers, if any, conferred by article VI of the Constitution of Missouri.

SECTION B. BALLOT TITLE. — Pursuant to Chapter 116, RSMo, and other applicable constitutional provisions and laws of this state allowing the general assembly to adopt ballot language for the submission of a joint resolution to the voters of this state, the official ballot title of the amendment proposed in Section A shall be as follows:

"Shall the Missouri Constitution be amended to ensure that the right of Missouri citizens to engage in agricultural production and ranching practices shall not be infringed?"

HJR 16 [SCS HJR 16]

Proposes a constitutional amendment allowing relevant evidence of prior criminal acts to be admissible in prosecutions for crimes of a sexual nature involving a victim under eighteen years of age

CONSTITUTIONAL AMENDMENT NO. 2. — (Proposed by the 97th General Assembly, First Regular Session, HJR 16)

Official Ballot Title:

Shall the Missouri Constitution be amended so that it will be permissible to allow relevant evidence of prior criminal acts to be admissible in prosecutions for crimes of a sexual nature involving a victim under eighteen years of age?

If more resources are needed to defend increased prosecutions additional costs to governmental entities could be at least $1.4 million annually, otherwise the fiscal impact is expected to be limited.

Fair Ballot Language:

A "yes" vote will amend the Missouri Constitution to allow evidence of prior criminal acts, whether charged or uncharged, to be considered by courts in prosecutions of sexual crimes that involve a victim under eighteen years of age. The amendment limits the use of such prior acts to support the victim's testimony or show that the person charged is more likely to commit the crime. Further, the judge may exclude such prior acts if the value of considering them is substantially outweighed by the possibility of unfair prejudice to the person charged with committing the crime.

A "no" vote will not amend the Missouri Constitution regarding the use of evidence of prior criminal acts to prosecute sexual crimes.

If passed, this measure will have no impact on taxes.

JOINT RESOLUTION Submitting to the qualified voters of Missouri an amendment to article I of the Constitution of Missouri, and adopting one new section relating to admissibility of evidence.

SECTION
A. Enacting clause.
18(c). Admissibility of evidence.
B. Ballot title.

Be it resolved by the House of Representatives, the Senate concurring therein:

That at the next general election to be held in the state of Missouri, on Tuesday next following the first Monday in November, 2014, or at a special election to be called by the governor for that purpose, there is hereby submitted to the qualified voters of this state, for adoption or rejection, the following amendment to article I of the Constitution of the state of Missouri:

SECTION A. ENACTING CLAUSE. — Article I, Constitution of Missouri, is amended by adding one new section, to be known as section 18(c), to read as follows:

SECTION 18(C). ADMISSIBILITY OF EVIDENCE. — Notwithstanding the provisions of sections 17 and 18(a) of this article to the contrary, in prosecutions for crimes of a sexual nature involving a victim under eighteen years of age, relevant evidence of prior criminal acts, whether charged or uncharged, is admissible for the purpose of corroborating the victim's testimony or demonstrating the defendant's propensity to commit the crime with which he or she is presently charged. The court may exclude relevant evidence of prior criminal acts if the probative value of the evidence is substantially outweighed by the danger of unfair prejudice.

SECTION B. BALLOT TITLE. — The official ballot title for section A of this act shall read as follows:

"Shall the Missouri Constitution be amended so that it will be permissible to allow relevant evidence of prior criminal acts to be admissible in prosecutions for crimes of a sexual nature involving a victim under eighteen years of age?"

HOUSE CONCURRENT RESOLUTION NO. 16 [HCR 16]

WHEREAS, women have served honorably and with courage in all of America's wars and conflicts since the American Revolution; and

WHEREAS, the United States military has evolved from a predominantly male force to a force of over 14% women who are currently serving on active duty, and nearly 17% serving in the Reserves and National Guard; and

WHEREAS, the population of women veterans is increasing exponentially from 1.1 million in 1980 to a projection of nearly 2 million by 2020, and will comprise more than 10% of the veteran population; and

WHEREAS, the projected population of male veterans is expected to continue to decline; and

WHEREAS, given that an unprecedented number of women are serving in the military and participating in Operation Enduring Freedom and Operation Iraqi Freedom, the United States Department of Veterans Affairs (VA) is working to provide consistent, comprehensive, and quality health care and benefits to women veterans of all eras; and

WHEREAS, the number of women veterans has increased over the last decade because there is an increasing number and proportion of women who are entering and leaving the military, and women are living longer than men and have a younger age distribution compared to male veterans; and

WHEREAS, even though the VA has been at the forefront of health care and lifestyle solutions affecting an aging male population, there is now a growing need to improve health care services for women veterans, ensure clinicians are properly trained to provide primary care and gender specific care to women of all ages, and identify innovative courses of treatment and solutions to obstacles that are unique to women veterans; and

HOUSE CONCURRENT RESOLUTION NO. 19 [HCR 19]

WHEREAS, the United States relies - and will continue to rely for many years - on gasoline, diesel, and jet fuel, as well as renewable and alternative sources of energy; and

WHEREAS, in order to fuel our economy, the United States will need more oil and natural gas while also requiring additional alternative energy sources; and

WHEREAS, the United States accounts for 20% of world energy consumption and is the world's largest petroleum consumer. The United States consumes more than 15 million barrels of oil each day, with forecast suggesting that this will not change for decades; and

WHEREAS, even with new technology, oil discoveries, alternative fuels, and conservation efforts, the United States will remain dependent on imported energy for decades to come. A secure supply of crude oil is not only needed for Americans to continue to heat their homes, cook their food, and drive their vehicles, but to allow the United States economy to thrive and grow free from the potential threats and disruptions of crude oil supply from less secure parts of the world; and

WHEREAS, the growing production of conflict-free oil from Canada's oil sands and the Bakken formation in Saskatchewan, Montana, North Dakota, and South Dakota can replace crude imported from countries that do not share American values, but additional pipeline capacity to refineries in the United States Midwest and Gulf Coast is required; and

WHEREAS, increasing energy imports from Canada makes sense for the United States. Canada is a trusted neighbor with a stable democratic government, strong environmental standards equal to that of the United States, and some of the most stringent human rights and worker protection laws in the world; and

WHEREAS, improvements in production technology have reduced the carbon footprint of Canadian oil sands development by 26% on a per barrel basis since 1990. Oil sands production accounts for 6.9% of Canada's greenhouse gas (GHG) emissions and 0.1% (1/100th) of global GHG emissions. Total emissions from Canada's oil sands sector was 48 megatons in 2010, equivalent to 0.5% of United States GHG emissions. Oil sands crude has similar CO2 emissions to other heavy oils and is 6% more carbon-intensive than the average crude refined in the United States on a wells-to-wheels basis; and

WHEREAS, the 57 refineries in the Gulf Coast region provide a total refining capacity of approximately 8.7 million barrels per day (bpd), or half of United States refining capacity. In 2011, these refineries imported approximately 5 million bpd of crude oil from more than 30 countries, with the top four suppliers being Mexico (22%), Saudi Arabia (17%), Venezuela (16%), and Nigeria (9%). Imports from Mexico and Venezuela are declining as production from those countries decreases and supply contracts expire. Once completed, TransCanada's Keystone XL Pipeline and Gulf Coast Expansion projects could displace roughly 40% of the oil the United States currently imports from the Persian Gulf and Venezuela; and

WHEREAS, the Keystone XL Pipeline project has been subject to the most thorough public consultation process of any proposed United States pipeline, and the subject of multiple environmental impacts statements and several United States Department of State studies which

have concluded that it poses the least impact to the environment and is much safer than other modes of transporting crude oil; and

WHEREAS, the original Keystone Pipeline, which spans across the northern part of Missouri, supplies over 500,000 barrels of North American crude oil to American refiners in the Midwest. When completed, the Keystone XL Pipeline will carry 830,000 barrels of North American crude oil to American refineries in the Gulf Coast region which will make its way back to Missouri in the form of gasoline, diesel, and jet fuel; and

WHEREAS, the Keystone XL Pipeline project will create approximately 9,000 construction jobs. The Gulf Coast Expansion project is a $2.3 billion project that has created approximately 4,000 construction jobs. Combined, these projects support yet another 7,000 manufacturing jobs. 75% of the pipe used to build the Keystone XL Pipeline in the United States will come from North American mills, including half made by United States workers. Goods for the pipeline valued at approximately $800 million have already been sourced from United States manufacturers:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-seventh General Assembly, First Regular Session, the Senate concurring therein, hereby strongly:

(1) Support continued and increased development and delivery of oil derived from North American oil reserves to United States refineries;

(2) Urge the United States Congress to support continued and increased development and delivery of oil from Canada to the United States;

(3) Urge the President of the United States to support the continued and increased importation of oil derived from the Bakken formation in Montana, North Dakota, and South Dakota, as well as Canadian oil sands;

(4) Urge the United States Secretary of State to approve the newly routed pipeline application from TransCanada to reduce dependence on unstable governments, create new jobs, improve our national security, and strengthen ties with an important ally; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the President of the United States, the President Pro Tem of the United States Senate, the Speaker of the United States House of Representatives, and each member of the Missouri Congressional delegation.

BE IT FURTHER RESOLVED that the Joint Committee shall receive the independent study and, upon receipt, review the study as well as conduct a comprehensive analysis of the taxation and governance issues facing the St. Louis MSA, and make recommendations on proposed legislation for the 2014 legislative session; and

BE IT FURTHER RESOLVED that if this Joint Committee is not in receipt of an independent study by September 1, 2013, it shall proceed on its own and perform its own investigation and analysis of the circumstances so that this Joint Committee shall be able to make its recommendation for proposed legislative changes no later than December 31, 2013; and

BE IT FURTHER RESOLVED that the Joint Committee is authorized to hold public hearings as it deems advisable and may solicit, and shall accept, any input or information necessary to fulfill its obligations, including but not limited to any agency of the state or any political subdivision of the state which the committee may find helpful; and

BE IT FURTHER RESOLVED that the Joint Committee, its members, and any staff assigned to the Joint Committee shall receive reimbursement for their actual and necessary expenses incurred in attending meetings of the Joint Committee or any subcommittee thereof; and

BE IT FURTHER RESOLVED that the Joint Committee will report its recommendations and findings to the Missouri General Assembly by December 21, 2013; and

BE IT FURTHER RESOLVED that the Joint Committee is authorized to function during the interim between the First Regular Session of the 97th General Assembly through the end of the Second Regular Session of the 97th General Assembly; and

BE IT FURTHER RESOLVED that the Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the Speaker of the House of Representatives and the President Pro Tem of the Senate.

HOUSE CONCURRENT RESOLUTION NO. 28 [HCR 28]

WHEREAS, the Army 2020 Force Structure Realignment Programmatic Environmental Assessment (PEA) includes a plan to reduce the Army's end strength and realign its forces over the coming years which will affect 21 Army installations across the country, including Fort Leonard Wood in Missouri; and

WHEREAS, these Army reductions and realignments that may occur from Fiscal Year 2013-2020 will result in significant impacts to a variety of economic measures in communities neighboring these 21 installations; and

WHEREAS, the PEA specifically references the impact of force structure reductions at Fort Leonard Wood in Missouri, including reduction in employment, income, regional population, and sales; and

WHEREAS, Fort Leonard Wood currently has a permanent workforce of approximately 9,500 soldiers and Army civilians, not including trainees, students, family members, other service members, contractors, and non-full time employees; and

WHEREAS, the Programmatic Environmental Assessment proposes a loss of up to 3,900 of these soldiers and Army civilians, which is a loss of 41% of permanent staff and an added loss of 450 direct and 504 indirect jobs across the community; and

WHEREAS, the economic impact across the three-county region, as defined in the study, would be devastating. The study shows a loss of 8% in annual sales, 6.75% in tax revenue, 11.21% in employment, and 7.5% in population; and

WHEREAS, as the study notes, only a portion of the potential loss is considered in the study. The study states that there may also be a loss of 10% of training load and an unknown percentage of other services not factored into the analysis. With this additional loss, the overall loss would be catastrophic for the region; and

WHEREAS, the majority of the impact would be felt in Pulaski County, Missouri; and

WHEREAS, the study projects a loss of almost 3,700 K-12 school students in the region, with a majority of the loss in the Waynesville School District that provides K-12 schools on Fort Leonard Wood and the immediate vicinity; and

WHEREAS, Waynesville School District has approximately 6,000 students enrolled today. Assuming 85% of the loss in that school district, the district would realize a 52% loss of its current enrollment; and

WHEREAS, to continue to provide the highest level of quality education, the Waynesville School District has recently invested in several new facilities, a high school, elementary school, and career center. These facilities are heavily dependent on continuing federal impact aid for construction bond funding. Based on the projected level of impact aid loss, the district would be placed in serious financial jeopardy; and

WHEREAS, the impact of these losses would be felt not only in the communities surrounding Fort Leonard Wood, but the entire State of Missouri. The full impact of the state if the troop reduction goes forward has yet to be determined, but it is certain it would be significant, because Fort Leonard Wood is one of the largest employers in the State of Missouri; and

WHEREAS: Fort Leonard Wood is an important asset for the Army and the Department of Defense through pioneering the concepts of multiple schools at one location, and multi-service training and education; and

WHEREAS, the Army has made a multi-billion dollar investment in new infrastructure at the installation and its operating costs are among the lowest in the country. Fort Leonard Wood should be considered for additional mission growths, not reductions; and

WHEREAS, final decisions will be made over the next several years. The projected $233 million in economic loss and 6,441 jobs affected as a result of the proposed Army reductions will have a significant impact to the State of Missouri and catastrophic to the region:

NOW, THEREFORE, BE IT RESOLVED that the members of the House of Representatives of the Ninety-seventh General Assembly, First Regular Session, the Senate concurring therein, hereby strongly urge the Department of Defense to reconsider the reduction and realignment of Army forces at Fort Leonard Wood, Missouri, and continue full operation at this installation, which has one of the lowest installation operating costs in the county; and

BE IT FURTHER RESOLVED that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for the Secretary of the United States Department of Defense, the United States Army Environment Command, and each member of the Missouri Congressional delegation.

SENATE CONCURRENT RESOLUTION NO. 1 [SCR 1]

BE IT RESOLVED by the Senate, the House of Representatives concurring therein, that the President Pro Tem of the Senate and the Speaker of the House appoint a committee of thirty-six members, one-half from the Senate and one-half from the House to cooperate in making all necessary plans and arrangements for the participation of the General Assembly in the inauguration of the executive officials of the State of Missouri on January 14, 2013; and

BE IT FURTHER RESOLVED that the joint committee be authorized to cooperate with any other committees, officials or persons planning and executing the inaugural ceremonies keeping with the traditions of the great State of Missouri.

SENATE SUBSTITUTE
SENATE CONCURRENT RESOLUTION NO. 15 [SS SCR 15]

WHEREAS, the easily extracted, high purity lead ore in Missouri was a critical reason for the early development of Missouri and has provided good jobs, a way of life, and significant economic development to Missourians for centuries; and

WHEREAS, the lead industry in Missouri is the only primary, domestic source for that strategic material in America; and

WHEREAS, new technology now makes production of primary lead metal a safe, cost effective, and valuable means of continuing to provide a strategic material for numerous uses including munitions, protective barriers for x-rays, radioactive fallout, and radioactive contamination, and batteries for numerous uses including cars, trucks, electric vehicles, renewable energy storage, and peaking power reduction; and

WHEREAS, encouraging a safe, healthy, and lucrative lead industry in Missouri will give rise to good paying jobs, significant economic development, and the resources to mitigate the legacy of environmental issues caused by lead extraction:

NOW THEREFORE BE IT RESOLVED that the members of the Missouri Senate, Ninety-seventh General Assembly, First Regular Session, the House of Representatives concurring therein, hereby create the Missouri Lead Industry Employment, Economic Development and Environmental Remediation Task Force; and

BE IT FURTHER RESOLVED that the task force be authorized to call upon any department, office, division, or agency of this state to assist in gathering information pursuant to its objective; and

BE IT FURTHER RESOLVED that the task force shall consist of all of the following members:

(1) The Governor, or his or her designee, to serve as a member of the task force; and
